Investment Objective

CYBR seeks to replicate, to the extent reasonably possible and before fees and expenses, the performance of the Solactive Global Cyber Security Index Canadian Dollar Hedged, or any successor thereto. CYBR invests primarily in equity securities of companies located domestically or internationally that are involved in the cyber security industry through hardware and software development.

Who Should Consider this ETF?

INVESTORS WHO ARE:

- Interested in companies involved in the cyber security industry through hardware and software development
- Seeking capital appreciation through having exposure to international equities in developed markets
- Willing to take the risk associated with equity investments
- Technology executives and tech business owners
- Interested in Socially Responsible Investments (SRI) and Environment Social Governance (ESG) mandates

The indicated rates of return are the historical annual compound total returns net of fees (except for figures of one year or less, which are simple total returns) including changes in per unit value and reinvestment of all dividends or distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. The rates of return shown in the table are not intended to reflect future values of the ETF and mutual fund or returns on investment in the ETF and mutual fund. ETFs and mutual funds are not guaranteed, their values change frequently, and past performance may not be repeated.

Commissions, trailing commissions, management fees and expenses all may be associated with exchange-traded funds (ETFs) and mutual funds. Please read the prospectus before investing. There are risks involved with investing in ETFs and mutual funds. Please read the prospectus for a complete description of risks relevant to the ETF and mutual fund. Investors may incur customary brokerage commissions in buying or selling ETF and mutual fund units. Investors should monitor their holdings, as frequently as daily, to ensure that they remain consistent with their investment strategies.

Investors should monitor their holdings, as frequently as daily, to ensure that they remain consistent with their investment strategies.
