A TIAA Company

A short duration, fixed income solution.

INVESTMENT OBJECTIVE

TIME seeks to provide a high level of current income through monthly distributions. Under normal market conditions, TIME invests primarily in a diversified portfolio of below investment grade corporate debt securities rated “BB+” or lower by Standard & Poor’s Rating Services (“S&P”) and Fitch Ratings (“Fitch”) or “Ba1” or lower by Moody’s Investor Services, Inc. (“Moody’s”) at the time of investment. The portfolio will generally have an average duration of less than three years.

³ For the period ending December 31, 2018. The indicated rates of return are the historical annual compounded total returns including changes in per unit value and reinvestment of all dividends or distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. The rates of return shown in the table are not intended to reflect future values of the ETF or returns on investment in the ETF. ETFs are not guaranteed, their values change frequently and past performance may not be repeated.

⁴ Performance since inception on October 16, 2017, as at December 31, 2018.
