

*No securities regulatory authority has expressed an opinion about these securities and it is an offence to claim otherwise.*

**PROSPECTUS DATED**

**Evolve Funds**

*Continuous Offering*

August 9, 2019

This prospectus qualifies the distribution of certain units of the following investment funds (each, an “**Evolve Fund**” and together, the “**Evolve Funds**”), each of which is established under the laws of the province of Ontario.

- Evolve Cyber Security Index Fund (“**CYBR**”)
- Evolve North American Gender Diversity Index Fund (“**HERS**”)
- Evolve Automobile Innovation Index Fund (“**CARS**”)
- Evolve US Banks Enhanced Yield Fund (“**CALL**”)
- Evolve Global Healthcare Enhanced Yield Fund (“**LIFE**”)
- Evolve Active US Core Equity Fund (“**CAPS**”)
- Evolve Active Short Duration Bond Fund (“**TIME**”)
- Evolve Active Canadian Preferred Share Fund (“**DIVS**”)
- Evolve Active Global Fixed Income Fund (“**EARN**”)

Evolve Funds Group Inc. (the “**Manager**”) is the promoter, manager, trustee and portfolio manager of the Evolve Funds and is responsible for the administration of the Evolve Funds. See “Organization and Management Details of the Evolve Funds – Manager”. Each Evolve Fund is offering the following units:

Evolve Fund	ETF Units			Mutual Fund Units			
	Unhedged ETF Units (CAD\$)	Hedged ETF Units (CAD\$)	USD Unhedged ETF Units (US\$)	Hedged Mutual Fund Units		Unhedged Mutual Fund Units	
				Hedged Class A Mutual Fund Units (CAD\$)	Hedged Class F Mutual Fund Units (CAD\$)	Unhedged Class A Mutual Fund Units (CAD\$)	Unhedged Class F Mutual Fund Units (CAD\$)
CYBR	✓	✓	✓	✓	✓		
HERS	✓	✓					
CARS	✓	✓	✓	✓	✓		
CALL	✓	✓					
LIFE	✓	✓					
CAPS	✓	✓	✓	✓	✓		
TIME	✓	✓					
DIVS	✓					✓	✓
EARN		✓		✓	✓		

Hedged Class A Mutual Fund Units and Unhedged Class A Mutual Fund Units are referred to in this prospectus as “**Class A Mutual Fund Units**”, and hedged Class F Mutual Fund Units (“**Hedged Class F Mutual Fund Units**”) and Unhedged Class F Mutual Fund Units are referred to in this prospectus as “**Class F Mutual Fund Units**”. ETF Units and Mutual Fund Units, as set out in the table above, are collectively referred to as “**Units**”.

### ***Investment Objectives***

#### *Evolve Cyber Security Index Fund*

CYBR seeks to replicate, to the extent reasonably possible and before fees and expenses, the performance of the Solactive Global Cyber Security Index Canadian Dollar Hedged, or any successor thereto. CYBR invests primarily in equity securities of companies located domestically or internationally that are involved in the cyber security industry through hardware and software development.

#### *Evolve North American Gender Diversity Index Fund*

HERS seeks to replicate, to the extent reasonably possible and before fees and expenses, the performance of the Solactive Equileap North American Gender Equality Index Canadian Dollar Hedged, or any successor thereto. HERS invests in equity securities of companies domiciled in Canada and the United States that have demonstrated commitment to gender diversity as part of their corporate social responsibility strategy.

#### *Evolve Automobile Innovation Index Fund*

CARS seeks to replicate, to the extent reasonably possible and before fees and expenses, the performance of the Solactive Future Cars Index Canadian Dollar Hedged, or any successor thereto. CARS invests primarily in equity securities of companies that are directly or indirectly involved in developing electric drivetrains, autonomous driving or network connected services for automobiles.

#### *Evolve US Banks Enhanced Yield Fund*

CALL seeks to replicate, to the extent reasonably possible before fees and expenses, the performance of the Solactive Equal Weight US Bank Index Canadian Dollar Hedged, or any successor thereto, while mitigating downside risk. CALL invests primarily in the equity constituents of the Solactive Equal Weight US Bank Index Canadian Dollar Hedged, or any successor thereto, while writing covered call options on up to 33% of the portfolio securities, at the discretion of the Manager. The level of covered call option writing may vary based on market volatility and other factors.

#### *Evolve Global Healthcare Enhanced Yield Fund*

LIFE seeks to replicate, to the extent reasonably possible before fees and expenses, the performance of the Solactive Global Healthcare 20 Index Canadian Dollar Hedged, or any successor thereto, while mitigating downside risk. LIFE invests primarily in the equity constituents of the Solactive Global Healthcare 20 Index Canadian Dollar Hedged, or any successor thereto, while writing covered call options on up to 33% of the portfolio securities, at the discretion of the Manager. The level of covered call option writing may vary based on market volatility and other factors.

#### *Evolve Active US Core Equity Fund*

The investment objective of CAPS is to seek to provide holders of Units with long-term capital appreciation by investing primarily in equity securities of U.S. listed large-capitalization companies using a selection process that combines quantitative techniques, fundamental analysis and risk management.

#### *Evolve Active Short Duration Bond Fund*

The investment objective of TIME is to seek to provide holders of Units with a high level of current income through monthly distributions. Under normal market conditions, TIME invests primarily in a diversified portfolio of below investment grade corporate debt securities rated “BB+” or lower by Standard & Poor’s Rating Services (“**S&P**”) and Fitch Ratings (“**Fitch**”) or “Ba1” or lower by Moody’s Investor Services, Inc. (“**Moody’s**”) at the time of investment. The portfolio will generally have an average duration of less than three years.

#### *Evolve Active Canadian Preferred Share Fund*

The investment objective of DIVS is to seek to provide holders of Units with stable income and long-term capital appreciation by investing primarily in a diversified mix of preferred shares of Canadian issuers, in addition to U.S. and international issuers.

*Evolve Active Global Fixed Income Fund*

The investment objective of EARN is to generate positive returns throughout the interest rate and economic cycles, firstly by allocating to different credit asset classes, and also through bottom-up individual security selection. EARN seeks to provide long term returns in excess of the 3 month U.S. dollar London Interbank Offered Rate by investing primarily in global debt securities of corporate issuers.

See “Investment Objectives” for additional information.

The Manager has retained a sub-advisor for certain of the Evolve Funds as follows:

<b>Evolve Fund</b>	<b>Current Sub-Advisor</b>
CAPS	Nuveen Asset Management, LLC
TIME	Nuveen Asset Management, LLC
DIVS	Foyston, Gordon & Payne Inc.
EARN	Allianz Global Investors U.S. LLC

**Listing of ETF Units**

The ETF Units of each Evolve Fund are currently listed and trading on the Toronto Stock Exchange (the “**TSX**”) and investors can buy or sell such ETF Units on the TSX through registered brokers and dealers in the province or territory where the investor resides.

Investors may incur customary brokerage commissions in buying or selling ETF Units. No fees are paid by investors to the Manager or any Evolve Fund in connection with buying or selling ETF Units on the TSX. Unitholders (as defined herein) may also redeem ETF Units of any Evolve Fund for cash at a redemption price per ETF Unit equal to 95% of the closing price of the applicable ETF Units on the TSX on the effective day of redemption, subject to a maximum redemption price per ETF Unit equal to the NAV per Unit (as defined herein) on the effective day of redemption, or exchange a Prescribed Number of ETF Units (as defined herein) (or an integral multiple thereof) for Baskets of Securities (as defined herein) and cash or, in certain circumstances, for cash. See “Exchange and Redemption of ETF Units – Redemption of ETF Units of an Evolve Fund for Cash” and “Exchange and Redemption of ETF Units – Exchange of ETF Units of an Evolve Fund at NAV per ETF Unit for Baskets of Securities and/or Cash” for further information.

The Evolve Funds issue ETF Units directly to the Designated Broker (as defined herein) and Dealers (as defined herein).

No designated broker or dealer has been involved in the preparation of this prospectus or has performed any review of the contents of this prospectus and as such, the Designated Broker and Dealers do not perform many of the usual underwriting activities in connection with the distribution by the Evolve Funds of their Units under this prospectus.

Registration of interests in, and transfer of, the ETF Units will be made only through CDS Clearing and Depository Services Inc. Beneficial owners will not have the right to receive physical certificates evidencing their ownership.

***Class A Mutual Fund Units***

Class A Mutual Fund Units are available to all investors through authorized dealers.

***Class F Mutual Fund Units***

Class F Mutual Fund Units are available to investors who have fee based accounts with their dealer. The Manager has designed the Class F Mutual Fund Units to offer investors an alternative means of paying their dealer for investment advice and other services. Instead of paying sales charges, investors buying Class F Mutual Fund Units pay fees to their dealer for investment advice and other services. The Manager does not pay any commissions to dealers in respect of the Class F Mutual Fund Units which allows it to charge a lower Management Fee (as defined herein).

If a Unitholder ceases to be eligible to hold Class F Mutual Fund Units, the Manager may switch a Unitholder's Class F Mutual Fund Units into Class A Mutual Fund Units of the same Evolve Fund after providing the Unitholder with 5 days' notice, unless the Unitholder notifies the Manager during the notice period and the Manager agrees that such Unitholder is once again eligible to hold Class F Mutual Fund Units. Unitholders may be charged a sales commission in connection with the switch by their dealer.

Investors can buy or redeem Mutual Fund Units through a qualified financial advisor or broker. All orders are based on the next NAV calculated after the Manager's receipt of an order. Redemption orders which are received by the Manager before 4:00 p.m. (Toronto time) or such other cut-off time as specified by the Manager on any Valuation Date (as defined herein) will be priced using that day's NAV.

For a discussion of the risks associated with an investment in the Evolve Funds, see "Risk Factors".

### **Eligibility for Investment**

Provided that an Evolve Fund qualifies as a "mutual fund trust" within the meaning of the Tax Act (as defined herein), the Units of that Evolve Fund, if issued on the date hereof, would be on such date qualified investments under the Tax Act for a trust governed by a registered retirement savings plan, a registered retirement income fund, a registered disability savings plan, a deferred profit sharing plan, a registered education savings plan or a tax-free savings account ("**Plans**"). In addition, the ETF Units will be qualified investments for a trust governed by a Plan provided such Units are listed on a "designated stock exchange" (which includes the TSX) within the meaning of the Tax Act.

### **Documents Incorporated by Reference**

Additional information about each Evolve Fund is or will be available in the most recently filed annual financial statements, any interim financial statements filed after those annual financial statements, the most recently filed annual management report of fund performance ("**MRFP**"), any interim MRFP filed after the annual MRFP for each Evolve Fund, and the most recently filed ETF Facts or Fund Facts (as applicable, as defined herein) for each Evolve Fund. These documents are incorporated by reference into, and legally form an integral part of, this prospectus. See "Documents Incorporated by Reference" for further details.

## GLOSSARY

*Unless otherwise indicated, the references to dollar amounts in this prospectus are to Canadian dollars and all references to times in this prospectus are to Toronto time.*

*ABS/MBS* – means asset-backed securities/mortgage-backed or mortgage-related securities. ABS and/or MBS may include, but are not limited to, asset-backed commercial paper, collateralised debt obligations, collateralised mortgage obligations, commercial mortgage-backed securities, credit-linked notes, real estate mortgage investment conduits, residential mortgage-backed securities and synthetic collateralised debt obligations.

*Adjustment Day* – means a Valuation Date designated by the Manager to effect a rebalancing in accordance with the Declaration of Trust.

*ADRs* - means American Depositary Receipts.

*Allianz Sub-Advisory Agreement* – has the meaning ascribed to such term under the heading “Organization and Management Details of the Evolve Funds – Sub-Advisors”.

*allowable capital loss* – has the meaning ascribed thereto under “Income Tax Considerations – Taxation of Holders”.

*Basket of Securities* – means, in relation to a particular Evolve Fund, (i) a group of some or all of the Constituent Securities held, to the extent reasonably possible, in approximately the same proportion as they are reflected in the applicable Index; (ii) a group of some or all of the Constituent Securities and other securities selected by the Manager from time to time that collectively reflect the aggregate investment characteristics of, or a representative sample of, the applicable Index; or (iii) a group of securities and/or assets determined by the Manager or the applicable Sub-Advisor from time to time representing the constituents of the portfolio of the Evolve Fund.

*Black Scholes Model* – means a widely used option pricing model developed by Fischer Black and Myron Scholes in 1973. The model can be used to calculate the theoretical value of an option based on the current price of the underlying security, the strike price and term of the option, prevailing interest rates and the volatility of the price of the underlying security.

*Canadian Securities Legislation* – means the securities legislation in force in each province and territory of Canada, all regulations, rules, orders and policies made thereunder and all multilateral and national instruments adopted by the Securities Regulatory Authorities, as the same may be amended, restated or replaced from time to time.

*Capital Gains Refund* – has the meaning ascribed thereto under “Income Tax Considerations – Taxation of the Evolve Funds”.

*CDS* – means CDS Clearing and Depository Services Inc.

*CDS Participant* – means a registered dealer or other financial institution that is a participant in CDS and that holds ETF Units on behalf of beneficial owners of ETF Units.

*Class A Mutual Fund Units* – means hedged class A mutual fund units and unhedged class A mutual fund units of the Evolve Funds, as applicable.

*Class F Mutual Fund Units* – means hedged class F mutual fund units and unhedged class F units of the Evolve Funds, as applicable.

*Constituent Issuers* – means, in relation to a particular Index, the issuers that are included from time to time in that Index as selected by the Index Provider.

*Constituent Securities* – means, in relation to a particular Index, the specific class or series of securities of the Constituent Issuers included in that Index.

*Counterparty* – has the meaning ascribed thereto under “Risk Factors – Securities Lending Risk”.

*CRA* – means the Canada Revenue Agency.

*Custodian* – means CIBC Mellon Trust Company or its successor, in its capacity as custodian of the Evolve Funds pursuant to the Custodian Agreement.

*Custodian Agreement* – means the original master custodian agreement dated July 24, 2017 between the Manager, in its capacity as manager of the Evolve Funds, and the Custodian, as may be further supplemented, amended, and/or amended and restated from time to time.

*DBRS* – means the DBRS group of companies.

*Dealer* – means a registered dealer (that may or may not be the Designated Broker) that has entered into a continuous distribution dealer agreement with the Manager, on behalf of an Evolve Fund, and that subscribes for and purchases Units from that Evolve Fund.

*Declaration of Trust* – means the amended and restated master declaration of trust establishing the Evolve Funds dated June 4, 2019, as the same may be amended, restated or replaced from time to time.

*Derivatives* – means instruments that derive their value from the market price, value or level of an underlying security, commodity, economic indicator, index or financial instrument and which may include, options, futures contracts, forward contracts, swaps or debt-like securities.

*Designated Broker* – means a registered dealer that has entered into a designated broker agreement with the Manager, on behalf of an Evolve Fund, pursuant to which the Designated Broker agrees to perform certain duties in respect of the ETF Units in relation to that Evolve Fund.

*DFA Rules* – has the meaning ascribed thereto under “Risk Factors – Taxation of the Evolve Funds”.

*Distribution Record Date* – means, in relation to a particular Evolve Fund, a date determined by the Manager as a record date for the determination of the Unitholders entitled to receive a distribution.

*DPSP* – means a deferred profit sharing plan within the meaning of the Tax Act.

*EFG* – means Evolve Funds Group Inc., the promoter, manager, trustee and portfolio manager of the Evolve Funds.

*ETF Facts* – means an ETF Facts document in respect of ETF Units prescribed by Canadian Securities Legislation in respect of an exchange traded fund, which summarizes certain features of the exchange traded fund and which is publicly available at [www.sedar.com](http://www.sedar.com) and provided or made available to registered dealers for delivery to purchasers of securities of an exchange traded fund.

*ETF Units* – means the exchange traded units of the Evolve Funds.

*Evolve Funds* – means collectively, the mutual funds listed on the cover page of this prospectus, and each, an investment trust established under the laws of Ontario pursuant to the Declaration of Trust.

*FGP Sub-Advisory Agreement* – has the meaning ascribed thereto under “Organization and Management Details of the Evolve Funds – Sub-Advisors”.

*Fitch* – has the meaning ascribed thereto on the cover page.

*Fund Administrator* – means CIBC Mellon Global Securities Services Company or its successor, in its capacity as fund administrator of the Evolve Funds pursuant to the Custodian Agreement.

*Fund Facts* – means a fund facts document in respect of the Mutual Fund Units, which summarizes certain features of the applicable class of Mutual Fund Units and which is publicly available at [www.sedar.com](http://www.sedar.com).

*GDRs* – means Global Depositary Receipts.

*GST/HST* – means taxes exigible under Part IX of the *Excise Tax Act* (Canada) and the regulations made thereunder.

*Hedged Class A Mutual Fund Units* – has the meaning set forth in the table on the cover page.

*Hedged Class F Mutual Fund Units* – has the meaning set forth in the table on the cover page.

*Hedged ETF Units* – has the meaning set forth in the table on the cover page.

*Hedged Mutual Fund Units* – has the meaning set forth in the table on the cover page.

*Hedged Unit* – means, in relation to each of the Evolve Funds, a Unit of a class or series of Hedged Mutual Fund Units or Hedged ETF Units of an Evolve Fund, as applicable, which represents an equal, undivided interest in the net assets of that class or series of that Evolve Fund.

*Mutual Fund Units* – has the meaning ascribed thereto on the cover page.

*Holder* – has the meaning ascribed thereto under “Income Tax Considerations”.

*Index* – means a benchmark or index, provided by an Index Provider, that is used by an Evolve Fund in relation to the Evolve Fund’s investment objective and includes, as required, a replacement or alternative benchmark or index that applies substantially similar criteria to those currently used by the Index Provider for the benchmark or index and/or a successor index that is generally comprised of, or would be generally comprised of, the same Constituent Securities as the benchmark or index.

*Index License Agreement* – the agreement dated July 28, 2017 pursuant to which the Manager licenses or sublicenses one or more Indexes from the Index Provider for use by the Evolve Funds.

*Index Provider* – a provider of an Index in respect of which the Manager has entered into licensing arrangements pursuant to an Index License Agreement to use the relevant Index and certain trademarks in connection with the operation of the applicable Evolve Funds.

*Interested Parties* – has the meaning ascribed thereto under “Organization and Management Details of the Evolve Funds – Conflicts of Interest”.

*International Information Exchange Legislation* – has the meaning ascribed thereto under “Unitholder Matters – International Information Reporting”.

*IRC or Independent Review Committee* – means the independent review committee of the Evolve Funds established under NI 81-107.

*Lending Agent* – means The Bank of New York Mellon, in its capacity as lending agent pursuant to the Securities Lending Agreement.

*Manager* – has the meaning ascribed thereto on the cover page.

*Management Fee* – has the meaning ascribed thereto under “Fees and Expenses – Fees and Expenses Payable by the Evolve Funds – Management Fees”.

*Management Fee Distributions* – has the meaning ascribed thereto under “Fees and Expenses – Fees and Expenses Payable by the Evolve Funds – Management Fees”.

*Minimum Distribution Requirements* – has the meaning ascribed thereto under “Income Tax Considerations – Status of the Evolve Funds”.

*Moody’s* – has the meaning ascribed thereto on the cover page.

*MRFP* – has the meaning ascribed thereto on the cover page.

*Mutual Fund Units* – means the Class A Mutual Fund Units and Class F Mutual Fund Units of the Evolve Funds offered under this prospectus.

*NAV and NAV per Unit* – means, in relation to a particular Evolve Fund, the net asset value of the Evolve Fund and the net asset value per Unit, calculated by the Fund Administrator as described under “Calculation of NAV”.

*NI 81-102* – means National Instrument 81-102 – *Investment Funds*, as the same may be amended, restated or replaced from time to time.

*NI 81-106* – means National Instrument 81-106 – *Investment Fund Continuous Disclosure*, as the same may be amended, restated or replaced from time to time.

*NI 81-107* – means National Instrument 81-107 – *Independent Review Committee for Investment Funds*, as the same may be amended, restated or replaced from time to time.

*Non-Portfolio Income* – has the meaning ascribed thereto under “Income Tax Considerations – Taxation of the Evolve Funds”.

*NP 11-203* – means National Policy 11-203 – *Process for Exemptive Relief Applications in Multiple Jurisdictions* as the same may be amended, restated or replaced from time to time.

*Nuveen Sub-Advisory Agreement* – has the meaning ascribed thereto under “Organization and Management Details of the Evolve Funds – Sub-Advisors”.

*Option Premium* – means the purchase price of an option.

*Permitted Merger* – has the meaning ascribed thereto under “Unitholder Matters – Permitted Mergers”.

*Plans* – has the meaning ascribed thereto under “Income Tax Considerations – Status of the Evolve Funds”.

*PNU or Prescribed Number of ETF Units* – means, in relation to a particular Evolve Fund, the number of ETF Units determined by the Manager from time to time for the purpose of subscription orders, exchanges, redemptions or for other purposes.

*Policy* – has the meaning ascribed thereto under “Fund Governance – Policies, procedures, practices and guidelines”.

*Proxy Voting Policy* – has the meaning ascribed thereto under “Proxy Voting Disclosure for Portfolio Securities Held”.

*Rating Agencies* – means DBRS, Fitch, Moody’s, S&P Global Ratings Canada or a successor credit rating organization of any of the foregoing.

*RDSP* – means a registered disability savings plan within the meaning of the Tax Act.

*Reference Asset* – has the meaning ascribed thereto under “Investment Strategies - Investment in other Investment Funds”.

*Registrar and Transfer Agent* – means TSX Trust Company or its successor, in its capacity as transfer agent of the Evolve Funds.

*RESP* – means a registered education savings plan within the meaning of the Tax Act.

*RRIF* – means a registered retirement income fund within the meaning of the Tax Act.

*RRSP* – means a registered retirement savings plan within the meaning of the Tax Act.

*S&P* – has the meaning ascribed thereto on the cover page.

*Securities Lending Agreement* – has the meaning ascribed thereto under “Organization and Management Details of the Evolve Funds – Lending Agent”.

*Securities Regulatory Authorities* – means the securities commission or similar regulatory authority in each province and territory of Canada that is responsible for administering the Canadian Securities Legislation in force in such province or territory.

*SIFT Rules* – has the meaning ascribed thereto under “Risk Factors – Taxation of the Evolve Funds”.

*Standard & Poor’s* – means Standard & Poor’s Rating Services.

*Sub-Advisors* – means Nuveen Asset Management, LLC, in its capacity as sub-advisor of CAPS and TIME; Foyston, Gordon & Payne Inc., in its capacity as sub-advisor of DIVS; Allianz Global Investors U.S. LLC, in its capacity as sub-advisor of EARN.

*Substituted Property* – has the meaning ascribed thereto under “Income Tax Considerations – Taxation of the Evolve Funds”.

*Tax Act* – means the *Income Tax Act* (Canada) and the regulations thereunder, as amended from time to time.

*Tax Amendment* – means a proposed amendment to the Tax Act publicly announced by the Minister of Finance (Canada) prior to the date hereof.

*Tax Treaties* – has the meaning ascribed thereto under “Risk Factors – Taxation of the Evolve Funds”.

*taxable capital gain* – has the meaning ascribed thereto under “Income Tax Considerations – Taxation of Holders”.

*TFSA* – means a tax-free savings account within the meaning of the Tax Act.

*Trading Day* – means, for each Evolve Fund, unless otherwise agreed by the Manager, a day on which: (i) a regular session of the TSX is held, (ii) the primary market or exchange for the majority of securities held by the Evolve Fund

is open for trading, and (iii) if applicable, the Index Provider calculates and publishes data relating to the applicable Index of the Evolve Fund.

*Trustee* – means EFG, in its capacity as trustee of the Evolve Funds pursuant to the Declaration of Trust, or its successor.

*TSX* – means the Toronto Stock Exchange.

*Unhedged Class A Mutual Fund Units* – has the meaning set forth in the table on the cover page.

*Unhedged Class F Mutual Fund Units* – has the meaning set forth in the table on the cover page.

*Unhedged ETF Units* – has the meaning set forth in the table on the cover page.

*Unhedged Mutual Fund Units* – has the meaning set forth in the table on the cover page.

*Unhedged Unit* – means, in relation to each of the Evolve Funds, a unit of a class or series of Unhedged ETF Units or Unhedged Mutual Fund Units of an Evolve Fund, as applicable, which represents an equal, undivided interest in the net assets of that class or series of that Evolve Fund.

*Unit* – means, in relation to a particular Evolve Fund, a unit of a class or series of that Evolve Fund, including ETF Units and Mutual Fund Units, as applicable, which represents an equal, undivided interest in the net assets of that class or series of that Evolve Fund.

*Unitholder* – means a holder of Units of an Evolve Fund.

*USD Unhedged ETF Units* – has the meaning set forth in the table on the cover page.

*Valuation Date* – means each Trading Day or any other day designated by the Manager on which the NAV and NAV per Unit of an Evolve Fund is calculated.

*Valuation Time* – means, in relation to an Evolve Fund, 4:00 p.m. (Toronto time) on a Valuation Date or such other time that the Manager deems appropriate on each Valuation Date.

## PROSPECTUS SUMMARY

Hedged Class A Mutual Fund Units and Unhedged Class A Mutual Fund Units are referred to in this prospectus as “**Class A Mutual Fund Units**”, and Hedged Class F Mutual Fund Units and Unhedged Class F Mutual Fund Units are referred to in this prospectus as “**Class F Mutual Fund Units**” (together with the Class A Mutual Fund Units, “**Mutual Fund Units**”). “**ETF Units**” and Mutual Fund Units are collectively referred to as “**Units**”.

Each Evolve Fund is a mutual fund established under the laws of the province of Ontario. Evolve Funds Group Inc. (“**EFG**”) is the promoter, manager, trustee and portfolio manager of the Evolve Funds and is responsible for the administration of the Evolve Funds. In its capacity as Manager and portfolio manager of the Evolve Funds, the Manager has retained Nuveen Asset Management, LLC to provide sub-advisory services to CAPS and TIME, Foyston, Gordon &

Payne Inc. to provide sub-advisory services to DIVS and Allianz Global Investors U.S. LLC to provide sub-advisory services to EARN.

**Continuous  
Distribution:**

***ETF Units***

The ETF Units of the Evolve Funds are currently listed and trading on the Toronto Stock Exchange (“TSX”) and investors can buy or sell such ETF Units on the TSX through registered brokers and dealers in the province or territory where the investor resides.

Investors may incur customary brokerage commissions in buying or selling Units. No fees are paid by investors to the Manager or the Evolve Funds in connection with the buying or selling of ETF Units on the TSX. Investors may trade Units in the same way as other securities listed on the TSX, including by using market orders and limit orders.

***Class A Mutual Fund Units***

Class A Mutual Fund Units are available to all investors through authorized dealers.

***Class F Mutual Fund Units***

Class F Mutual Fund Units are available to investors who have fee based accounts with their dealer. The Manager has designed the Class F Mutual Fund Units to offer investors an alternative means of paying their dealer for investment advice and other services. Instead of paying sales charges, investors buying Class F Mutual Fund Units pay fees to their dealer for investment advice and other services. The Manager does not pay any commissions to dealers in respect of the Class F Mutual Fund Units which allows it to charge a lower Management Fee.

If a Unitholder ceases to be eligible to hold Class F Mutual Fund Units, the Manager may switch a Unitholder’s Class F Mutual Fund Units into Class A Mutual Fund Units of the same Evolve Fund after providing the Unitholder with 5 days’ notice, unless the Unitholder notifies the Manager during the notice period and the Manager agrees that such Unitholder is once again eligible to hold Class F Mutual Fund Units. Unitholders may be charged a sales commission in connection with the switch by their dealer.

See “Purchases of Units – Continuous Distribution”.

**Investment  
Objectives:**

<b>Evolve Fund</b>	<b>Investment Objectives and Index</b>
CYBR	CYBR seeks to replicate, to the extent reasonably possible and before fees and expenses, the performance of the Solactive Global Cyber Security Index Canadian Dollar Hedged, or any successor thereto. CYBR invests primarily in equity securities of companies located domestically or internationally that are involved in the cyber security industry through hardware and software development.
HERS	HERS seeks to replicate, to the extent reasonably possible and before fees and expenses, the performance of the Solactive Equileap North American Gender Equality Index Canadian Dollar Hedged, or any successor thereto. HERS invests in equity securities of companies domiciled in Canada and the United States that have demonstrated commitment to gender diversity as part of their corporate social responsibility strategy.
CARS	CARS seeks to replicate, to the extent reasonably possible and before fees and expenses, the performance of the Solactive Future Cars Index Canadian Dollar Hedged, or any successor thereto. CARS invests primarily in equity securities of companies that are

directly or indirectly involved in developing electric drivetrains, autonomous driving or network connected services for automobiles.

CALL	CALL seeks to replicate, to the extent reasonably possible before fees and expenses, the performance of the Solactive Equal Weight US Bank Index Canadian Dollar Hedged, or any successor thereto, while mitigating downside risk. CALL invests primarily in the equity constituents of the Solactive Equal Weight US Bank Index Canadian Dollar Hedged, or any successor thereto, while writing covered call options on up to 33% of the portfolio securities, at the discretion of the Manager. The level of covered call option writing may vary based on market volatility and other factors.
LIFE	LIFE seeks to replicate, to the extent reasonably possible before fees and expenses, the performance of the Solactive Global Healthcare 20 Index Canadian Dollar Hedged, or any successor thereto, while mitigating downside risk. LIFE invests primarily in the equity constituents of the Solactive Global Healthcare 20 Index Canadian Dollar Hedged, or any successor thereto, while writing covered call options on up to 33% of the portfolio securities, at the discretion of the Manager. The level of covered call option writing may vary based on market volatility and other factors.
CAPS	The investment objective of CAPS is to seek to provide holders of Units with long-term capital appreciation by investing primarily in equity securities of U.S. listed large-capitalization companies using a selection process that combines quantitative techniques, fundamental analysis and risk management.
TIME	The investment objective of TIME is to seek to provide holders of Units with a high level of current income through monthly distributions. Under normal market conditions, TIME invests primarily in a diversified portfolio of below investment grade corporate debt securities rated “BB+” or lower by Standard & Poor’s Rating Services (“S&P”) and Fitch Ratings (“Fitch”) or “Ba1” or lower by Moody’s Investor Services, Inc. (“Moody’s”) at the time of investment. The portfolio will generally have an average duration of less than three years.
DIVS	The investment objective of DIVS is to seek to provide holders of Units with stable income and long-term capital appreciation by investing primarily in a diversified mix of preferred shares of primarily Canadian issuers, in addition to U.S. and international issuers.
EARN	The investment objective of EARN is to generate positive returns throughout the interest rate and economic cycles, firstly by allocating to different credit asset classes, and also through bottom-up individual security selection. EARN seeks to provide long term returns in excess of the 3 month U.S. dollar London Interbank Offered Rate by investing primarily in global debt securities of corporate issuers.

Any foreign currency exposure of the portion of the portfolio of an Evolve Fund that is attributable to Unhedged Units will not be hedged back to the currency in which the Units are denominated. All or substantially all of the exposure that the portion of the portfolio of an Evolve Fund attributable to Hedged Units may have to foreign currencies will be hedged back to the currency in which the Units are denominated. The currency hedging mandate applicable

to a particular class of Units shall not be changed by the Manager without first obtaining approval of Unitholders of the affected class of Units.

See “Investment Objectives”.

**Investment  
Strategies:**

**Index Funds: CYBR, HERS, CARS, CALL and LIFE**

In order to achieve its investment objective and to obtain direct or indirect exposure to the Constituent Securities of the applicable Index, each Evolve Fund may hold the Constituent Securities of the applicable Index in approximately the same proportion as they are reflected in that Index or may hold securities of one or more exchange traded funds that replicate the performance of the applicable Index, or a subset of such Index. Each Evolve Fund will invest in its own portfolio comprised of various securities and instruments which may include, but are not limited to, equity and equity related securities. Equity related securities held by an Evolve Fund may include, but are not limited to, convertible debt, income trust units, single issuer equity options, preferred shares and warrants. If market conditions require, in order to preserve capital, an Evolve Fund may seek to invest a substantial portion of its assets in cash and cash equivalents.

An Evolve Fund may, in certain circumstances and at the discretion of the Manager, employ a “sampling” strategy. Under a sampling strategy, such Evolve Fund may not hold all of the Constituent Securities that are included in the applicable Index, but instead will hold a portfolio of securities selected by the Manager that closely matches the aggregate investment characteristics (e.g., market capitalization, industry sector, weightings, credit quality, yield and term to maturity) of the securities included in the applicable Index. It is expected that the Manager may use this sampling methodology where it is difficult to acquire the necessary Constituent Securities of the applicable Index, where the asset levels of the Evolve Fund do not allow for the holding of all of the Constituent Securities or where it is otherwise beneficial to the Evolve Fund to do so.

*Covered Option Writing (applicable to CALL and LIFE)*

The Manager believes that option writing may have potential to add value and is an effective way to help lower the level of volatility for an investor and potentially improve returns. All other things being equal, higher volatility in the price of a security results in higher Option Premiums in respect of such security. The Manager believes that equity securities of CALL and LIFE, are suited for a covered call writing strategy. Covered call options will be written by the Manager at its discretion on not more than 33% of the equity securities of any of the CALL or LIFE portfolios, as applicable, at any given time.

**Actively Managed Funds: CAPS, TIME, DIVS and EARN**

The investment strategy of each Evolve Fund is to invest in and hold a portfolio of securities selected by the applicable Sub-Advisor in order to achieve its investment objectives. Each Evolve Fund will invest in its own actively managed portfolio comprised of various securities and instruments which may include, but are not limited to, equity and equity related securities, debt securities, futures contracts, senior secured loans and exchange traded funds. Equity related securities held by an Evolve Fund may include, but are not limited to, convertible debt, income trust units, single issuer equity options, preferred shares and warrants. If market conditions require, in order to preserve capital, an Evolve Fund may seek to invest a substantial portion of its assets in cash and cash equivalents.

*CAPS*

The Manager has retained Nuveen Asset Management, LLC as sub-advisor for CAPS. The Sub-Advisor will actively manage the portfolio in connection with the selection, purchase, and sale of primarily equity securities of U.S. listed large-capitalization companies in the portfolio. The Sub-Advisor will seek to invest in primarily equity securities of U.S. listed companies that have market capitalizations within the market capitalization range of the companies included in the Russell 1000 Index on the last business day of the month in which its most recent rebalancing was completed. Rebalancing of the Russell 1000 Index is currently completed in

June of each year. Substantially all of the equity securities in which the Sub-Advisor invests will be included in the Russell 1000 Index, at the time of purchase.

The Sub-Advisor utilizes an investment process that combines quantitative techniques, fundamental analysis and risk management. Generally, securities are added to the portfolio based both on security rankings provided by multi-factor quantitative models and on fundamental analysis of the securities. In addition, the Sub-Advisor will use risk management techniques to establish constraints on the amounts invested in individual securities and sectors. Generally, the Sub-Advisor will sell a security if its model ranking declines significantly or its research reveals a significant deterioration in the underlying company's fundamentals. Up to 100% of CAPS's assets may be invested in foreign securities.

The lead senior portfolio manager that will be principally responsible for CAPS is Bob Doll, senior portfolio manager and chief equity strategist at Nuveen Asset Management, LLC. Prior to joining Nuveen Asset Management, LLC, Bob held similar roles at other large asset management firms, including serving as chief equity strategist at Blackrock, president and chief investment officer of Merrill Lynch Investment Managers.

Nuveen Asset Management, LLC has approximately U.S. \$195 billion in assets under management as at June 30, 2019, including over U.S. \$9 billion in equities.

#### *TIME*

The Manager has retained Nuveen Asset Management, LLC as sub-advisor for TIME. The Sub-Advisor will actively manage the portfolio in connection with the selection, purchase, and sale of below investment grade corporate debt securities in the portfolio to employ a short duration strategy that is less sensitive to high yield interest rate risk than longer duration funds. The Sub-Advisor will seek to invest in below investment grade corporate debt securities commonly referred to as "high yield" securities or "junk" bonds. The Sub-Advisor may also invest in other types of securities including senior loans, convertible securities and other types of debt instruments and Derivatives that provide comparable economic exposure to the corporate debt market.

The Sub-Advisor employs a bottom-up approach that focuses on credit analysis and relative value. The Sub-Advisor seeks to identify securities across diverse sectors and industries that it believes are undervalued or mispriced. Through its overall strategy, the Sub-Advisor seeks to capitalize on the credit spread opportunity (measured by the difference between the yield of below investment grade debt and high grade debt having similar maturities) prevailing in the market. The Sub-Advisor believes that fundamental credit research and security selection offer greater opportunities to successfully capture excess income and total return from a high yield debt strategy over time, compared with investment grade and government debt strategies. Up to 100% of TIME's assets may be invested in foreign securities.

Nuveen Asset Management, LLC has approximately U.S. \$195 billion in assets under management as at June 30, 2019, including approximately U.S. \$17 billion in below investment grade corporate debt.

#### *DIVS*

The Manager has retained Foyston, Gordon & Payne Inc. as sub-advisor for DIVS. The Sub-Advisor will actively manage the portfolio in connection with the selection, purchase, and sale of preferred shares in the portfolio. The Sub-Advisor will seek to invest in a diversified mix of income generating securities. Under normal market conditions, the Sub-Advisor will generally not invest more than 30% of DIVS's portfolio in securities of non-Canadian issuers.

The Sub-Advisor utilizes a multi-strategy approach, including security selection, sector allocation and interest rate anticipation in the context of a long-term, value-oriented approach. The Sub-Advisor, supported by a research team, is responsible for security selection and portfolio construction within the Sub-Advisor's diversification and risk control guidelines.

*EARN*

To achieve EARN's investment objective, EARN will invest primarily in global debt securities of corporate issuers, and will invest a minimum of 25% of the portfolio in investment grade debt securities which at the time of acquisition have a rating of at least BBB- (Standard & Poor's and Fitch) or of at least Baa3 (Moody's) or the equivalent by another Rating Agency or, if unrated, as determined by the Sub-Advisor, in its discretion, to be of comparable quality.

Debt securities in which the Evolve Fund may invest include any security which bears interest, including, but not limited to, government bonds, money market instruments, mortgage bonds and similar foreign asset-backed securities issued by financial institutions, public-sector bonds, floating-rate notes, contingent convertible bonds, convertible debt securities, corporate bonds, ABS and MBS, as well as other collateralized bonds. Convertible debt securities include, but are not limited to, convertible bonds, bonds with warrants and/or equity warrant bonds. Debt securities in which the Evolve Fund may invest also include non-interest bearing securities such as zero coupon bonds.

Up to 75% of the Evolve Fund's portfolio may be invested in high yield instruments, provided that no more than 10% of the Evolve Fund's assets (i) may be invested in debt securities with a rating of CCC+ (Standard & Poor's) or lower (including defaulted securities), or (ii) may be invested in unrated debt securities with the consequence that a rating is to be determined by the Sub-Advisor to be of comparable quality.

For purposes of its assessment, the Sub-Advisor considers only the highest available rating as at the time of purchase. The Sub-Advisor may also invest up to 40% of the Evolve Fund's portfolio in ABS and/or MBS, including loans, leases or receivables.

The Sub-Advisor, subject to terms and conditions of exemptive relief, may also invest in futures contracts, including on bond and global equity indices (equity index futures), for both efficient portfolio management and/or hedging purposes. It is intended that the Evolve Fund will limit its exposure to non-CAD currency to 10%. Up to 100% of the Evolve Fund's assets may be invested in foreign securities.

**General  
Investment  
Strategies**

*Investment in other Investment Funds*

In accordance with applicable Canadian Securities Legislation, as part of its investment strategy and as an alternative to or in conjunction with investing in and holding securities directly, an Evolve Fund may invest in one or more other investment funds or exchange-traded funds listed on a stock exchange in Canada or the United States (a "**Reference ETF**") that provides exposure to the performance of the applicable Index, or a subset of such Index. In such case, there shall be no management fees or incentive fees that are payable by the Evolve Fund that, to a reasonable person, would duplicate a fee payable by the underlying investment fund or exchange traded fund for the same service.

*Currency Hedging*

Units of the Evolve Funds, other than the USD Unhedged ETF Units, are denominated in Canadian dollars. USD Unhedged ETF Units are denominated in U.S. dollars.

Any foreign currency exposure of the portion of the portfolio of an Evolve Fund that is attributable to Unhedged Units will not be hedged back to the currency in which the Units are denominated, as applicable. All or substantially all of the exposure that the portion of the portfolio of an Evolve Fund attributable to Hedged Units may have to foreign currencies, as applicable, will be hedged back to the currency in which the Units are denominated, as applicable. Hedging currency exposure to reduce the impact of fluctuations in exchange rates is intended to reduce the direct exposure to foreign currency risk for Unitholders of Hedged Units. Accordingly, as a result of having different currency exposure, the NAV per Unit of each class of an Evolve Fund may not be the same. The costs of any currency hedging will be borne by the applicable class of Hedged Units only.

**Income Tax Considerations:**

A Unitholder who is resident in Canada will generally be required to include, in computing income for a taxation year, the amount of income (including any net realized taxable capital gains) that is paid or becomes payable to the Unitholder by an Evolve Fund in that year (including such income that is paid in Units of the Evolve Fund or reinvested in additional Units of the Evolve Fund).

A Unitholder who disposes of a Unit of an Evolve Fund that is held as capital property, including on a redemption or otherwise, will generally realize a capital gain (or capital loss) to the extent that the proceeds of disposition (other than any amount payable by the Evolve Fund to the Unitholder which represents capital gains allocated and designated to the redeeming Unitholder), net of costs of disposition, exceed (or are less than) the adjusted cost base of that Unit.

Each investor should satisfy himself or herself as to the federal and provincial tax consequences of an investment in Units by obtaining advice from his or her tax advisor.

See “Income Tax Considerations”.

**Exchanges and Redemptions of ETF Units:**

In addition to the ability to sell ETF Units on the TSX, Unitholders may also (i) redeem ETF Units for cash at a redemption price per ETF Unit equal to 95% of the closing price of the ETF Units on the TSX on the effective day of redemption, subject to a maximum redemption price per Unit equal to the NAV per ETF Unit on the effective day of redemption, less any applicable administrative fee determined by the Manager, in its sole discretion, from time to time, or (ii)

exchange a PNU (or an integral multiple thereof) for Baskets of Securities and cash or, in certain circumstances, for cash.

See “Exchange and Redemption of ETF Units – Redemption of ETF Units of an Evolve Fund for Cash” and “Exchange and Redemption of ETF Units – Exchange of ETF Units of an Evolve Fund at Net Asset Value per ETF Unit for Baskets of Securities and/or Cash” for further information.

**Purchases,  
Switches and  
Redemptions of  
Mutual Fund  
Units:**

Unitholders or their investment professional are responsible for determining which class of Mutual Fund Units of the Evolve Fund is appropriate for purchase. All orders are based on the next NAV calculated after the Manager’s receipt of an order. Different classes or series may have different minimum investment levels and may require investors to pay different fees. There is no limit on the number of Mutual Fund Units an investor can buy.

*Class A Mutual Fund Units*

Class A Mutual Fund Units are available to all investors through authorized dealers.

*Class F Mutual Fund Units*

Class F Mutual Fund Units are available to investors who have fee based accounts with their dealer. The Manager has designed the Class F Mutual Fund Units to offer investors an alternative means of paying their dealer for investment advice and other services. Instead of paying sales charges, investors buying Class F Mutual Fund Units pay fees to their dealer for investment advice and other services. The Manager does not pay any commissions to dealers in respect of the Class F Mutual Fund Units which allows it to charge a lower Management Fee.

If a Unitholder ceases to be eligible to hold Class F Mutual Fund Units, the Manager may switch a Unitholder’s Class F Mutual Fund Units into Class A Mutual Fund Units of the same Evolve Fund after providing the Unitholder with 5 days’ notice, unless the Unitholder notifies the Manager during the notice period and the Manager agrees that such Unitholder is once again eligible to hold Class F Mutual Fund Units. Unitholders may be charged a sales commission in connection with the switch by their dealer.

See “Purchases of Units – Purchases of Mutual Fund Units” and “Switches and Redemptions of Mutual Fund Units” for further information.

**Distributions:**

Cash distributions of income, if any, on ETF Units will be payable periodically as set out in the table below, by each of the Evolve Funds:

<b>Evolve Fund</b>	<b>Frequency of Distributions, if any</b>
<b>CYBR</b>	Monthly
<b>HERS</b>	Monthly
<b>CARS</b>	Monthly
<b>CALL</b>	Monthly
<b>LIFE</b>	Monthly
<b>CAPS</b>	Monthly
<b>TIME</b>	Monthly
<b>DIVS</b>	Monthly
<b>EARN</b>	Monthly

Distributions payable on Mutual Fund Units, if any, will be payable periodically as set out above and will be automatically reinvested in additional Mutual Fund Units of the same class or series, as the case may be. Holders of Mutual Fund Units who wish to receive cash as of a

particular dividend/distribution record date should speak with their broker, dealer or investment advisor for details.

The Evolve Funds will not have a fixed distribution amount. The amount and frequency of distributions, if any, will be based on the Manager's assessment of anticipated cash flow and anticipated expenses of the Evolve Funds from time to time. The date of any cash distribution of each Evolve Fund will be announced in advance by issuance of a press release. The Manager may, in its complete discretion, change the frequency of these distributions and any such change will be announced by issuance of a press release. Distributions on the U.S. dollar denominated Units will be paid in U.S. dollars.

Depending on the underlying investments of an Evolve Fund, distributions on Units may consist of ordinary income, including foreign source income and taxable dividends from taxable Canadian corporations, sourced from dividends, distributions or interest received by the Evolve Fund but may also include net realized capital gains, in any case, less the expenses of that Evolve Fund and may include returns of capital. To the extent that the expenses of an Evolve Fund exceed the income generated by such Evolve Fund in any applicable distribution period, it is not expected that a distribution for that period will be paid.

In addition, an Evolve Fund may from time to time pay additional distributions on its Units, including without restriction in connection with returns of capital.

The tax treatment to Unitholders of distributions is discussed under the heading "Income Tax Considerations".

See "Distribution Policy".

**Distribution  
Reinvestment  
Plan:**

The Evolve Funds may provide Unitholders with the opportunity to reinvest cash distributions in additional Units through participation in a distribution reinvestment plan.

See "Distribution Policy – Distribution Reinvestment Plan".

**Termination:**

The Evolve Funds do not have a fixed termination date but may be terminated at the discretion of the Manager in accordance with the terms of the Declaration of Trust. See "Termination of the Evolve Funds".

**Eligibility for  
Investment:**

Provided that an Evolve Fund qualifies as a "mutual fund trust" within the meaning of the Tax Act, Units of that Evolve Fund, if issued on the date hereof, would be on such date qualified investments under the Tax Act for a trust governed by an RRSP, a RRIF, an RDSP, a DPSP, an RESP or a TFSA ("Plans"). In addition, the ETF Units will be qualified investments for a trust governed by a Plan provided such Units are listed on a "designated stock exchange" (which includes the TSX) within the meaning of the Tax Act.

See "Income Tax Considerations – Taxation of Registered Plans".

**Documents  
Incorporated  
by Reference:**

Additional information about each Evolve Fund is or will be available in the most recently filed annual financial statements, any interim financial statements filed after those annual financial statements, the most recently filed annual management report of fund performance ("MRFP"), any interim MRFP filed after the annual MRFP for each Evolve Fund, and the most recently filed ETF Facts or Fund Facts (as applicable) for each Evolve Fund. These documents are incorporated by reference into, and legally form an integral part of, this prospectus. These documents are publicly available on the Manager's website at [www.evolvefunds.com](http://www.evolvefunds.com) and may be obtained upon request, at no cost, by calling (416)-214-4884 or toll-free at 1-844-370-4884, by sending an email request to [info@evolvefunds.com](mailto:info@evolvefunds.com) or by contacting a registered dealer. These documents and other information about the Evolve Funds are also publicly available at [www.sedar.com](http://www.sedar.com).

See "Documents Incorporated by Reference".

***Organization and Management of the Evolve Funds***

**Manager, Trustee and Portfolio Manager:** In its capacity as manager, EFG is responsible for the administration and operations of the Evolve Funds. In its capacity as trustee, EFG holds title to the assets of each Evolve Fund in trust for the Unitholders. In its capacity as portfolio manager, EFG is responsible for the oversight and provision of investment advisory services to the Evolve Funds.

The principal office of the Evolve Funds and EFG is located at 161 Bay Street, Suite 2700, Toronto, ON M5J 2S1.

See “Organization and Management Details of the Evolve Funds – Manager” and “Organization and Management Details of the Evolve Funds – Trustee”.

**Sub-Advisors:** The Manager has retained Nuveen Asset Management, LLC to provide sub-advisory services to CAPS and TIME; Foyston, Gordon & Payne Inc. to provide sub-advisory services to DIVS; and Allianz Global Investors U.S. LLC to provide sub-advisory services to the Evolve Fund.

See “Organization and Management Details of the Evolve Funds – Sub-Advisors”.

**Promoter:** EFG has taken the initiative of founding and organizing the Evolve Funds and is, accordingly, the promoter of the Evolve Funds within the meaning of securities legislation of certain provinces and territories of Canada.

See “Organization and Management Details of the Evolve Funds – Promoter”.

**Custodian:** CIBC Mellon Trust Company, at its principal office in Toronto, Ontario, is the Custodian of the assets of the Evolve Funds and holds those assets in safekeeping. The Custodian is entitled to receive fees from the Manager as described under “Fees and Expenses” and to be reimbursed for all expenses and liabilities that are properly incurred by the Custodian in connection with the activities of the Evolve Funds.

See “Organization and Management Details of the Evolve Funds – Custodian”.

**Fund Administrator:** CIBC Mellon Global Securities Services Company, at its principal office in Toronto, Ontario, is the Fund Administrator. The Fund Administrator is responsible for certain aspects of the day-to-day administration of the Evolve Funds, including NAV calculations, calculating net income and net realized capital gains of the Evolve Funds and maintaining books and records with respect to each Evolve Fund.

See “Organization and Management Details of the Evolve Funds – Fund Administrator”.

**Registrar and Transfer Agent:** TSX Trust Company, at its principal office in Toronto, Ontario, is the registrar and transfer agent for the Units of the Evolve Funds and maintains the register of registered Unitholders. The register of the Evolve Funds is kept in Toronto, Ontario.

See “Organization and Management Details of the Evolve Funds – Registrar and Transfer Agent”.

**Lending Agent:** The Bank of New York Mellon, at its principal office in Toronto, Ontario, may act as the securities lending agent for the Evolve Funds pursuant to a securities lending authorization agreement.

See “Organization and Management Details of the Evolve Funds – Lending Agent”.

**Auditors:** Ernst & Young LLP, at its principal offices in Toronto, Ontario, are the auditors of the Evolve Funds. The auditors will audit each Evolve Fund’s annual financial statements and provide an opinion as to whether they present fairly the Evolve Fund’s financial position, financial performance and cash flows in accordance with International Financial Reporting Standards. The auditors are independent with respect to the Evolve Funds within the meaning of the Rules of the Professional Conduct of the Chartered Professional Accountants of Ontario.

See “Organization and Management Details of the Evolve Funds – Auditors”.

**Summary of Fees and Expenses**

The following table lists the fees and expenses that an investor may have to pay if the investor invests in the Evolve Funds. An investor may have to pay some of these fees and expenses directly. The Evolve Funds may have to pay some of these fees and expenses, which will therefore reduce the value of an investment in the Evolve Funds. See “Fees and Expenses”.

*Fees and Expenses Payable by the Evolve Funds*

Type of Fee	Amount and Description
<b>Management Fee:</b>	Each Evolve Fund pays an annual management fee (the “ <b>Management Fee</b> ”) to the Manager for acting as trustee, manager and portfolio manager of the Evolve Fund equal to a percentage of the NAV of the Evolve Fund, calculated daily and payable monthly in arrears, plus applicable taxes, as follows:

Evolve Funds	Class of Units	Management Fee
CYBR	Hedged ETF Units	0.40%
	Unhedged ETF Units	0.40%
	USD Unhedged ETF Units	0.40%
	Class A Mutual Fund Units	1.40%
	Class F Mutual Fund Units	0.40%
HERS	Hedged ETF Units	0.40%
	Unhedged ETF Units	0.40%
CARS	Hedged ETF Units	0.40%
	Unhedged ETF Units	0.40%
	USD Unhedged ETF Units	0.40%
	Class A Mutual Fund Units	1.40%
	Class F Mutual Fund Units	0.40%
CALL	Hedged ETF Units	0.45%
	Unhedged ETF Units	0.45%
LIFE	Hedged ETF Units	0.45%
	Unhedged ETF Units	0.45%
CAPS	Hedged ETF Units	0.70%
	Unhedged ETF Units	0.70%
	USD Unhedged ETF Units	0.70%
	Hedged Class A Mutual Fund Units	1.70%
	Hedged Class F Mutual Fund Units	0.70%
TIME	Hedged ETF Units	0.70%
	Unhedged ETF Units	0.70%

DIVS	Unhedged ETF Units	0.65%
	Unhedged Class A Mutual Fund Units	1.40%
	Unhedged Class F Mutual Fund Units	0.65%
EARN	Hedged ETF Units	0.65%
	Hedged Class A Mutual Fund Units	1.40%
	Hedged Class F Mutual Fund Units	0.65%

The Manager may, at its discretion, agree to charge a reduced Management Fee as compared to the Management Fee that it otherwise would be entitled to receive from the Evolve Fund, provided that the difference between the fee otherwise chargeable and the reduced fee is distributed periodically by the Evolve Fund to the applicable Unitholders as a management fee distribution (the “**Management Fee Distributions**”). Any reduction will depend on a number of factors, including the amount invested, the NAV of the Evolve Fund and the expected amount of account activity. Management Fee Distributions will be paid first out of net income of the Evolve Fund then out of capital gains of the Evolve Fund and thereafter out of capital. See “Fees and Expenses”.

**Certain Operating Expenses:**

Other than Fund Costs (as defined below), in consideration for the payment by the Evolve Funds of a fixed administration fee (the “**Administration Fee**”) to the Manager with respect to each class, and subject to compliance with NI 81-102, the Manager pays for the following operating expenses of each Evolve Fund (“**Operating Expenses**”), including but not limited to: mailing and printing expenses for periodic reports to Unitholders; fees payable to the Index Provider (if applicable), Registrar and Transfer Agent and Custodian; any reasonable out of pocket expenses incurred by the Manager or its agents in connection with their ongoing obligations to the Evolve Funds; IRC committee member fees and expenses in connection with the IRC; expenses related to compliance with NI 81-107; fees and expenses relating to voting of proxies by a third party; insurance coverage for the members of the IRC; fees payable to the auditors and legal advisors of the Evolve Funds; regulatory filing, stock exchange and licensing fees and CDS fees; Fundserv fees; banking and interest with respect to any borrowing (if applicable); website maintenance costs; costs and expenses of complying with all applicable laws, regulations and policies, including expenses and costs incurred in connection with the continuous public filing requirements such as permitted prospectus preparation and filing expenses; and legal, accounting and audit fees and fees and expenses of the Trustee, Custodian and Manager which are incurred in respect of matters not in the normal course of the Evolve Funds’ activities. The Administration Fee paid to the Manager by an Evolve Fund in respect of a class may, in any particular period, be less than or exceed the Operating Expenses that the Manager incurs for that class. The Manager is not obligated to pay any other expense, cost or fee, including those arising from new government or regulatory requirements relating to the foregoing expenses, costs and fees.

The Administration Fee is equal to 0.15% of the NAV of each Evolve Fund, calculated and paid in the same manner as the Management Fees for the Evolve Fund.

**ETF Costs:**

The fund costs (“**Fund Costs**”) which are payable by the Evolve Funds include any taxes payable by the Evolve Funds to which the Evolve Funds may be subject, including income taxes, sales taxes (including GST/HST) and/or withholding taxes; expenditures incurred upon termination of the Evolve Funds; extraordinary expenses that the Evolve Funds may incur and all amounts paid on account of any indebtedness (if applicable); any expenses of insurance and costs of all suits or legal proceedings in connection with the Evolve Funds or the assets of the Evolve Funds or to protect the Unitholders, the

Trustee, the Manager, any of the Sub-Advisors and the directors, officers, employees or agents of any of them; any expenses of indemnification of the Trustee, the Unitholders, the Manager, any of the Sub-Advisors and the directors, officers, employees or agents of any of them to the extent permitted under the Declaration of Trust; and expenses relating to the preparation, printing and mailing of information to Unitholders in connection with meetings of Unitholders. The Evolve Funds are also responsible for all commissions and other costs of portfolio transactions and any extraordinary expenses of the Evolve Funds which may be incurred from time to time.

Each class of an Evolve Fund is responsible for its proportionate share of common Fund Costs of an Evolve Fund, in addition to the expenses it incurs alone (including, in the case of Hedged Units, the costs relating to currency hedging).

**Investments in Other Investment Funds:**

In the event an Evolve Fund invests in one or more other investment funds listed on a stock exchange in Canada or the United States, there shall be no management fees or incentive fees that are payable by the Evolve Fund that, to a reasonable person, would duplicate a fee payable by the underlying investment fund for the same service.

*Fees and Expenses Payable Directly by Unitholders*

Type of Fee	Amount and Description
<b>Class A Mutual Fund Units Sales Charges:</b>	An investor's dealer, investment advisor or financial advisor may charge a sales charge of up to 5% of the purchase price of the Class A Mutual Fund Units at the time of purchase. The Manager deducts the sales charge from the amount invested and pays it on behalf of the Unitholder to the applicable dealer, investment advisor or financial advisor dealer as a commission.
<b>Short-term Trading Fees:</b>	<p>At the present time, the Manager is of the view that it is not necessary to impose any short-term trading restrictions on the ETF Units.</p> <p>If a Unitholder redeems Mutual Fund Units within 30 days of purchasing such Mutual Fund Units, the Manager may charge a short-term trading fee on behalf of an Evolve Fund of up to 2% of the value of such Mutual Fund Units in circumstances where the Manager determines that the trading activity represents market timing or excessive short-term trading. No short-term trading fees are charged on redemptions that may occur when a Unitholder fails to meet the minimum investment amount for an Evolve Fund.</p> <p>See "Fees and Expenses – Fees and Expenses Payable Directly by the Unitholders – Short-term Trading Fees".</p>
<b>Other ETF Unit Charges:</b>	<p>An amount as may be agreed to between the Manager and the Designated Broker or a Dealer may be charged to offset certain transaction costs associated with an issue, exchange or redemption of ETF Units. This charge does not apply to Unitholders who buy and sell their ETF Units through the facilities of the TSX.</p> <p>See "Fees and Expenses – Fees and Expenses Payable Directly by the Unitholders – Other ETF Unit Charges" and "Exchange and Redemption of Units – Other ETF Unit Charges".</p>

## OVERVIEW OF THE LEGAL STRUCTURE OF THE EVOLVE FUNDS

The Evolve Funds are mutual funds established under the laws of the province of Ontario, pursuant to the terms of the Declaration of Trust. Each Evolve Fund is a mutual fund under Canadian Securities Legislation.

EFG is the promoter, trustee, manager and portfolio manager of the Evolve Funds, and in its capacity as manager, is responsible for the administration of the Evolve Funds. The principal office of the Evolve Funds and EFG is located at 161 Bay Street, Suite 2700, Toronto, ON M5J 2S1.

The ETF Units are currently listed and trading on the Toronto Stock Exchange (“TSX”) and investors can buy or sell such ETF Units on the TSX through registered brokers and dealers in the province or territory where the investor resides.

Effective April 3, 2019, Evolve Cyber Security Index ETF, Evolve North American Gender Diversity Index ETF, Evolve Automobile Innovation Index ETF, Evolve US Banks Enhanced Yield ETF, Evolve Global Healthcare Enhanced Yield ETF, Evolve Active US Core Equity ETF, Evolve Active Short Duration Bond ETF, Evolve Active Canadian Preferred Share ETF and Evolve Active Global Fixed Income ETF were renamed Evolve Cyber Security Index Fund, Evolve North American Gender Diversity Index Fund, Evolve Automobile Innovation Index Fund, Evolve US Banks Enhanced Yield Fund, Evolve Global Healthcare Enhanced Yield Fund, Evolve Active US Core Equity Fund, Evolve Active Short Duration Bond Fund, Evolve Active Canadian Preferred Share Fund and Evolve Active Global Fixed Income Fund, respectively.

## INVESTMENT OBJECTIVES

### *Evolve Cyber Security Index Fund*

CYBR seeks to replicate, to the extent reasonably possible and before fees and expenses, the performance of the Solactive Global Cyber Security Index Canadian Dollar Hedged, or any successor thereto. CYBR invests primarily in equity securities of companies located domestically or internationally that are involved in the cyber security industry through hardware and software development.

### *Evolve North American Gender Diversity Index Fund*

HERS seeks to replicate, to the extent reasonably possible and before fees and expenses, the performance of the Solactive Equileap North American Gender Equality Index Canadian Dollar Hedged, or any successor thereto. HERS invests in equity securities of companies domiciled in Canada and the United States that have demonstrated commitment to gender diversity as part of their corporate social responsibility strategy.

### *Evolve Automobile Innovation Index Fund*

CARS seeks to replicate, to the extent reasonably possible and before fees and expenses, the performance of the Solactive Future Cars Index Canadian Dollar Hedged, or any successor thereto. CARS invests primarily in equity securities of companies that are directly or indirectly involved in developing electric drivetrains, autonomous driving or network connected services for automobiles.

### *Evolve US Banks Enhanced Yield Fund*

CALL seeks to replicate, to the extent reasonably possible before fees and expenses, the performance of the Solactive Equal Weight US Bank Index Canadian Dollar Hedged, or any successor thereto, while mitigating downside risk. CALL invests primarily in the equity constituents of the Solactive Equal Weight US Bank Index Canadian Dollar Hedged, or any successor thereto, while writing covered call options on up to 33% of the portfolio securities, at the discretion of the Manager. The level of covered call option writing may vary based on market volatility and other factors.

### *Evolve Global Healthcare Enhanced Yield Fund*

LIFE seeks to replicate, to the extent reasonably possible before fees and expenses, the performance of the Solactive Global Healthcare 20 Index Canadian Dollar Hedged, or any successor thereto, while mitigating downside risk. LIFE invests primarily in the equity constituents of the Solactive Global Healthcare 20 Index Canadian Dollar Hedged, or any successor thereto, while writing covered call options on up to 33% of the portfolio securities, at the discretion of the Manager. The level of covered call option writing may vary based on market volatility and other factors.

*Evolve Active US Core Equity Fund*

The investment objective of CAPS is to seek to provide holders of Units with long-term capital appreciation by investing primarily in equity securities of U.S. listed large-capitalization companies using a selection process that combines quantitative techniques, fundamental analysis and risk management.

*Evolve Active Short Duration Bond Fund*

The investment objective of TIME is to seek to provide holders of Units with a high level of current income through monthly distributions. Under normal market conditions, TIME invests primarily in a diversified portfolio of below investment grade corporate debt securities rated “BB+” or lower by Standard & Poor’s Rating Services (“**S&P**”) and Fitch Ratings (“**Fitch**”) or “Ba1” or lower by Moody’s Investor Services, Inc. (“**Moody’s**”) at the time of investment. The portfolio will generally have an average duration of less than three years.

*Evolve Active Canadian Preferred Share Fund*

The investment objective of DIVS is to seek to provide holders of Units with stable income and long-term capital appreciation by investing primarily in a diversified mix of preferred shares of Canadian issuers, in addition to U.S. and international issuers.

*Evolve Active Global Fixed Income Fund*

The investment objective of EARN is to generate positive returns throughout the interest rate and economic cycles, firstly by allocating to different credit asset classes, and also through bottom-up individual security selection. EARN seeks to provide long term returns in excess of the 3 month U.S. dollar London Interbank Offered Rate by investing primarily in global debt securities of corporate issuers.

The investment objectives of each Evolve Fund may not be changed except with the approval of its Unitholders. See “Unitholder Matters” for additional descriptions of the process for calling a meeting of Unitholders and the requirements of Unitholder approval.

**DESCRIPTION OF THE INDEXES**

<b>Evolve Fund</b>	<b>Index</b>	<b>Description of the Index</b>
CYBR	Solactive Global Cyber Security Index Canadian Dollar Hedged	<p>The Solactive Global Cyber Security Index Canadian Dollar Hedged measures the performance of equity securities (including ADRs or GDRs) of companies that are located in developed markets, and hedges foreign currency exposure back to Canadian Dollars.</p> <p>The initial composition of the Index as well as any ongoing adjustments upon rebalancing are based on certain criteria, including:</p> <ul style="list-style-type: none"> <li>(i) Constituent Issuers must be classified under any of the following FactSet Revere Business Industry Classification System sub-industries: Carrier Edge Network Management Equipment, Customer Premises Network Security Equipment, Colocation and Data Center Services, Government IT Services, Network Security Access Policy Software and Network Security Software;</li> <li>(ii) Constituent Issuers must have a minimum market capitalization of CAD \$100 million; and</li> <li>(iii) Constituent Issuers must have a minimum average daily value traded of CAD \$2 million over the preceding 3 months.</li> </ul> <p>Exposure to each Constituent Issuer is capped at 7.5% as of each Adjustment Day, and any excess weighting shall be redistributed among all other Constituent Issuers until no Constituent Issuer has a weighting greater than 7.5%.</p>

		<p>The composition of the Index is ordinarily reviewed quarterly in January, April, July and October of each year and is adjusted on the Adjustment Day. The Index is published in Canadian dollars.</p>
HERS	Solactive Equileap North American Gender Equality Index Canadian Dollar Hedged	<p>The Solactive Equileap North American Gender Equality Index Canadian Dollar Hedged measures the performance of equity securities of companies domiciled in Canada and the United States that have demonstrated a commitment to gender diversity as part of their corporate responsibility strategy, and hedges foreign currency exposure back to Canadian Dollars.</p> <p>The initial composition of the Index as well as any ongoing adjustments upon rebalancing are based on certain criteria, including:</p> <ul style="list-style-type: none"> <li>(i) Constituent Issuers will be selected from the Equileap Database which includes information on over 1000 public companies domiciled in Canada and the United States and a market capitalization above USD \$2 billion.</li> <li>(ii) Constituent Issuers with a 3-month average daily trading volume below USD \$5 million are removed;</li> <li>(iii) All remaining Constituent Issuers are then ranked according to an Equileap Gender Diversity Scorecard that is used to assess a company’s commitment to gender equality using criteria that are divided into four categories: <ul style="list-style-type: none"> <li>a) Gender balance in leadership and workforce;</li> <li>b) Equal compensation and work life balance;</li> <li>c) Policies promoting gender equality;</li> <li>d) Commitment to transparency and accountability; and</li> </ul> </li> <li>(iv) Only the remaining top 150 Constituent Issuers will be selected, and are equally weighted. If more than 150 securities are eligible for index inclusion based on their Equileap Gender Diversity Scorecard then the largest companies are selected until 150 Constituent Issuers have been included.</li> </ul> <p>The composition of the Index is published in September and is ordinarily reviewed quarterly and is adjusted on the Adjustment Day. Each Constituent Security is weighted equally on each Adjustment Day. The Index is published in Canadian dollars.</p>
CARS	Solactive Future Cars Index Canadian Dollar Hedged	<p>The Solactive Future Cars Index Canadian Dollar Hedged measures the performance of equity securities (including ADRs or GDRs) of companies working towards developing electric drivetrains, autonomous driving or network connected services for automobiles, whether directly through the development of the vehicles themselves or as part of the ecosystem supporting these initiatives, and hedges foreign currency exposure back to Canadian Dollars.</p> <p>The initial composition of the Index as well as any ongoing adjustments upon rebalancing are based on certain criteria, including:</p> <ul style="list-style-type: none"> <li>(i) Constituent Issuers must be classified under any of the following FactSet Revere Business Industry Classification System sub-industries: Car Manufacturers, Auto Interior Comfort/Safety/Electronics Products, Fuel Cell Equipment and Technology Providers, Heavy-Duty and High-End</li> </ul>

		<p>Batteries Manufacturing, Video Multimedia Semiconductors, General Analog and Mixed Signal Semiconductors;</p> <ul style="list-style-type: none"> <li>(ii) Constituent Issuers must be traded on a stock exchange located primarily in developed markets; and</li> <li>(iii) Constituent Issuers must have a minimum market capitalization of at least CAD \$500 million; and</li> <li>(iv) Constituent Issuers must have a minimum average daily value traded of CAD \$5 million over the preceding 3 months; and</li> <li>(v) The remaining constituent issuers are weighted equally.</li> </ul> <p>The composition of the Index is ordinarily reviewed quarterly in January, April, July and October of each year. Each Index Component is equally weighted on each Adjustment Day. The Index is published in Canadian dollars.</p>
CALL	Solactive Equal Weight US Bank Index Canadian Dollar Hedged	<p>The Solactive Equal Weight US Bank Index Canadian Dollar Hedged measures the performance of the largest United States banks on an equal-weighted basis, and hedges foreign currency exposure back to Canadian Dollars.</p> <p>The initial composition of the Index as well as any ongoing adjustments upon rebalancing are based on certain criteria, including:</p> <ul style="list-style-type: none"> <li>(i) Constituents Issuers must be classified under any of the following FactSet Revere Business Industry Classification System sub-industries: Finance, US Banks, US Commercial Banks, US Commercial Savings Institutions;</li> <li>(ii) Newly added Constituent Issuers must have a minimum market capitalization of at least USD\$10 billion and current Constituent Issuers must have a minimum market capitalization of at least USD\$7.5 billion; and</li> <li>(iii) Constituent Issuers must have a minimum average daily value traded of USD\$10 million over the preceding 3 months.</li> </ul> <p>The composition of the Index is ordinarily reviewed two times a year on the second Friday in March and September and is adjusted on the Adjustment Day. Each Index Component is equally weighted on each Adjustment Day. The Index is published in Canadian dollars.</p>
LIFE	Solactive Global Healthcare 20 Index Canadian Dollar Hedged	<p>The Solactive Global Healthcare 20 Index Canadian Dollar Hedged measures the performance of equity securities of the largest global healthcare companies on an equally-weighted basis, and hedges foreign currency exposure back to Canadian Dollars.</p> <p>The initial composition of the Index as well as any ongoing adjustments upon rebalancing are based on certain criteria, including:</p> <ul style="list-style-type: none"> <li>(i) Only the top 20 Constituent Issuers with the largest market capitalization that have been classified under the following FactSet Sector: Health Technology; and</li> <li>(ii) Constituent Issuers must be traded on a regulated stock exchange (other than Shanghai, Shenzhen, US OTC and</li> </ul>

		Norwegian OTC Market), primarily in developed market economies.  The composition of the Index is ordinarily reviewed quarterly in January, April, July and October of each year and is adjusted on the Adjustment Day. Each Index Component is equally weighted on each Adjustment Day. The Index is published in Canadian dollars.
--	--	---

Each of the Indexes described above is an Index of Solactive AG and is calculated and distributed by Solactive AG. Additional information regarding each of the Indexes is available at [www.Solactive.com](http://www.Solactive.com).

#### **Change in an Index**

The Manager may, subject to any required Unitholder approval, change the Index tracked by an Evolve Fund to another widely-recognized index in order to provide investors with substantially the same exposure to the asset class to that which the Evolve Fund is currently exposed. If the Manager changes the Index, or any index replacing such Index, the Manager will issue a press release identifying the new Index, describing its constituent securities and specifying the reasons for the change in the Index.

#### **Termination of an Index**

If an Index Provider ceases to calculate an Index or the Index License Agreement in respect of an Index is terminated, the Manager may: (i) terminate the applicable Evolve Fund on not less than 60 days' notice to Unitholders; (ii) change the investment objective of the applicable Evolve Fund or seek to replicate an alternative index (subject to any Unitholder approval in accordance with Canadian Securities Legislation); or (iii) make such other arrangements as the Manager considers appropriate and in the best interests of Unitholders of the Evolve Fund in the circumstances.

#### **Use of the Indexes**

The Manager and each Evolve Fund are permitted to use the applicable Index pursuant to the applicable Index License Agreement described under "Material Contracts". The Manager and the Evolve Funds do not accept responsibility for, or guarantee the accuracy and/or completeness of, the Indexes or any data included in the Indexes.

#### **Rebalancing Events**

Whenever an Index Provider rebalances or adjusts an Index, including by adding securities to or subtracting securities from that Index, or whenever the Manager determines that there should be a change to the representative sample of the Index, an Evolve Fund may acquire and/or dispose of the appropriate number of securities, either through the Designated Broker or Dealers in the open market.

If the rebalancing is done through the Designated Broker and if the value of all securities purchased by an Evolve Fund exceeds the value of all securities disposed of by that Evolve Fund as part of the rebalancing process, the Evolve Fund may issue to the Designated Broker ETF Units with an aggregate NAV per ETF Unit equal to the excess value or, in the alternative, may pay a cash amount equal to such excess amount. Conversely, if the value of all securities disposed of by the Evolve Fund exceeds the value of all securities acquired by that Evolve Fund, the Evolve Fund may receive the excess value in cash and will manage this cash as described below under "Investment Strategies – General Investment Strategies of the Evolve Funds – Cash Management".

#### **Actions Affecting Constituent Issuers**

From time to time, certain corporate or other actions may be taken or proposed by a Constituent Issuer or by a third party that could affect a Constituent Issuer of an Index. An example of such an action would be if a takeover bid or an issuer bid is made for a Constituent Security. In each such case, the Manager will determine, in its discretion, what steps, if any, the Evolve Fund will take to address the action. In exercising such discretion, the Manager will generally take those steps necessary to ensure that the Evolve Fund continues to seek to replicate, to the extent reasonably possible and before fees and expenses, the applicable Index.

### **INVESTMENT STRATEGIES**

***Index Funds: CYBR, HERS, CARS, CALL and LIFE***

In order to achieve its investment objective and to obtain direct or indirect exposure to the Constituent Securities of the applicable Index, each Evolve Fund may hold the Constituent Securities of the applicable Index in approximately the same proportion as they are reflected in that Index or may hold securities of one or more exchange traded funds that replicate the performance of the applicable Index, or a subset of such Index. Each Evolve Fund will invest in its own portfolio comprised of various securities and instruments which may include, but are not limited to, equity and equity related securities. Equity related securities held by an Evolve Fund may include, but are not limited to, ADRs, GDRs, convertible debt, income trust units, single issuer equity options, preferred shares and warrants. If market conditions require, in order to preserve capital, an Evolve Fund may seek to invest a substantial portion of its assets in cash and cash equivalents.

An Evolve Fund may, in certain circumstances and at the discretion of the Manager, employ a “sampling” strategy. Under a sampling strategy, such Evolve Fund may not hold all of the Constituent Securities that are included in the applicable Index, but instead will hold a portfolio of securities selected by the Manager that closely matches the aggregate investment characteristics (e.g., market capitalization, industry sector, weightings, credit quality, yield and term to maturity) of the securities included in the applicable Index. It is expected that the Manager may use this sampling methodology where it is difficult to acquire the necessary Constituent Securities of the applicable Index, where the asset levels of the Evolve Fund do not allow for the holding of all of the Constituent Securities or where it is otherwise beneficial to the Evolve Fund to do so.

*Covered Option Writing (applicable to CALL and LIFE)*

The Manager believes that option writing may have potential to add value and is an effective way to help lower the level of volatility for an investor and potentially improve returns. All other things being equal, higher volatility in the price of a security results in higher Option Premiums in respect of such security. The Manager believes equity securities of CALL and LIFE are suited for a covered call writing strategy. Covered call options will be written by the Manager at its discretion on not more than 33% of the equity securities of any of the CALL or LIFE portfolios, as applicable, at any given time. Such options will generally be at a strike price that is out-of-the-money. The proportion of the equity securities of each Constituent Issuer in respect of which the Manager may write options may differ. The extent to which any of the individual equity securities in an Evolve Fund’s portfolio are subject to option writing and the terms of such options will vary from time to time based on the Manager’s assessment of the market.

The holder of a call option purchased from an Evolve Fund will have the option, exercisable during a specific time period or at expiry, to purchase the securities underlying the option from the Evolve Fund at the strike price per security. By selling call options, an Evolve Fund will receive Option Premiums, which are generally paid within one business day of the writing of the option. If at any time during the term of a call option or at expiry the market price of the underlying securities is above the strike price, the holder of the option may exercise the option and the Evolve Fund will be obligated to sell the securities to the holder at the strike price per security. Alternatively an Evolve Fund may repurchase a call option it has written that is “in-the-money” by paying the market value of the call option. If, however, the option is “out-of-the-money” at expiration of the call option, the holder of the option will likely not exercise the option, the option will expire and the Evolve Fund will retain the underlying security. In each case, the Evolve Fund will retain the Option Premium.

The amount of Option Premium depends upon, among other factors, the volatility of the price of the underlying security: generally, the higher the volatility, the higher the Option Premium. In addition, the amount of the Option Premium will depend upon the difference between the strike price of the option and the market price of the underlying security at the time the option is written. The smaller the positive difference (or the larger the negative difference), the more likely it is that the option will become “in-the-money” during the term and, accordingly, the greater the Option Premium.

When a call option is written on a security in an Evolve Fund’s portfolio, the amounts that the Evolve Fund will be able to realize on the security if it is called on termination of the call option will be limited to the dividends received prior to the exercise of the call option during such period plus an amount equal to the sum of the strike price and the premium received from writing the option. In essence, the Evolve Fund will forego potential returns resulting from any price appreciation of the security underlying the option above the strike price in favour of the certainty of receiving the Option Premium. See “Risk Factors – Use of Options and Other Derivative Instruments”.

## **Call Option Pricing**

Many investors and financial market professionals price call options based on the Black Scholes Model. In practice, however, actual Option Premiums are determined in the marketplace and there can be no assurance that the values generated by the Black Scholes Model can be attained in the market.

### ***Actively Managed Funds: CAPS, TIME, DIVS and EARN***

The investment strategy of each Evolve Fund is to invest in and hold a portfolio of securities selected by the applicable Sub-Advisor in order to achieve its investment objectives. Each Evolve Fund will invest in its own actively managed portfolio comprised of various securities and instruments which may include, but are not limited to, equity and equity related securities, debt securities, futures contracts, senior secured loans and exchange traded funds. Equity related securities held by an Evolve Fund may include, but are not limited to, convertible debt, income trust units, single issuer equity options, preferred shares and warrants. If market conditions require, in order to preserve capital, an Evolve Fund may seek to invest a substantial portion of its assets in cash and cash equivalents.

#### ***Evolve Active US Core Equity Fund***

The Manager has retained Nuveen Asset Management, LLC as sub-advisor for CAPS. The Sub-Advisor will actively manage the portfolio in connection with the selection, purchase, and sale of equity securities of U.S. listed large-capitalization companies in the portfolio. The Sub-Advisor will seek to invest, directly or indirectly, in equity securities of U.S. listed companies that have market capitalizations within the market capitalization range of the companies included in the Russell 1000 Index on the last business day of the month in which its most recent rebalancing was completed. Rebalancing of the Russell 1000 Index is currently completed in June of each year. Substantially all of the equity securities in which the Sub-Advisor invests will be included in the Russell 1000 Index, at the time of purchase.

The Sub-Advisor utilizes an investment process that combines quantitative techniques, fundamental analysis and risk management. Securities generally are added to the portfolio based both on security rankings provided by multi-factor quantitative models and on fundamental analysis of the securities. In addition, the Sub-Advisor will use risk management techniques to establish constraints on the amounts invested in individual securities and sectors. Generally, the Sub-Advisor will sell a security if its model ranking declines significantly or its research reveals a significant deterioration in the company's fundamentals. Up to 100% of CAPS's assets may be invested in foreign securities.

The lead senior portfolio manager that will be principally responsible for CAPS is Bob Doll, a chief equity strategist at Nuveen Asset Management, LLC. Prior to joining Nuveen Asset Management, LLC, Bob held similar roles at other large asset management firms, including serving as chief equity strategist at Blackrock, president and chief investment officer of Merrill Lynch Investment Managers.

#### ***Evolve Active Short Duration Bond Fund***

The Manager has retained Nuveen Asset Management, LLC as sub-advisor for TIME. The Sub-Advisor will actively manage the portfolio in connection with the selection, purchase, and sale of below investment grade corporate debt securities in the portfolio to employ a short duration strategy that is less sensitive to high yield interest rate risk than longer duration funds. The Sub-Advisor will seek to invest, directly or indirectly, in below investment grade corporate debt securities commonly referred to as "high yield" securities or "junk" bonds. The Sub-Advisor may also invest in other types of securities including senior loans, convertible securities and other types of debt instruments and Derivatives that provide comparable economic exposure to the corporate debt market.

Corporate debt securities are bonds, notes and preferred securities issued by corporations or other business entities. Below investment grade securities are generally securities rated "BB+" or lower by S&P and Fitch or "Ba1" or lower by Moody's at the time of investment. The portfolio will generally have an average duration of less than three years. The Sub-Advisor determines a security's rating using the middle rating of Moody's, S&P and Fitch if all three rating organizations rate the security. If ratings are provided by only two of Moody's, S&P and Fitch, the lower rating is used to determine the rating. If only one of Moody's, S&P or Fitch provides a rating, that rating is used. If a security is unrated by Moody's, S&P and Fitch, the rating determined to be of comparable quality by the Sub-Advisor is used.

The Sub-Advisor employs a bottom-up approach that focuses on credit analysis and relative value. The Sub-Advisor seeks to identify securities across diverse sectors and industries that it believes are undervalued or mispriced. Through its overall strategy, the Sub-Advisor seeks to capitalize on the credit spread opportunity (measured by the difference

between the yield of below investment grade debt and high grade debt having similar maturities) prevailing in the market. The Sub-Advisor believes that fundamental credit research and security selection offer greater opportunities to successfully capture excess income and total return from a high yield bond strategy over time, compared with investment grade and government bond strategies. Up to 100% of TIME's assets may be invested in foreign securities.

#### *Evolve Active Canadian Preferred Share Fund*

The Manager has retained Foyston, Gordon & Payne Inc. as sub-advisor for DIVS. The Sub-Advisor will actively manage the portfolio in connection with the selection, purchase, and sale of preferred shares in the portfolio. The Sub-Advisor will seek to invest, directly or indirectly, in a diversified mix of income generating securities. Under normal market conditions, the Sub-Advisor will generally not invest more than 30% of DIVS's portfolio in securities of non-Canadian issuers.

The Sub-Advisor utilizes a multi-strategy approach, including security selection, sector allocation and interest rate anticipation in the context of a long-term, value-oriented approach. The Sub-Advisor, supported by a research team, is responsible for security selection and portfolio construction within the Sub-Advisor's diversification and risk control guidelines.

Securities in the portfolio will include publically-listed preferred shares, including securities convertible into preferred or common shares. The Sub-Advisor will typically invest in 20 to 75 securities, and the individual weighting for each investment will vary based on the Sub-Advisor's assessment of quality.

#### *Evolve Active Global Fixed Income Fund*

To achieve EARN's investment objective, EARN will invest primarily in global debt securities of corporate issuers, and will invest a minimum of 25% of the portfolio in investment grade debt securities which at the time of acquisition have a rating of at least BBB- (Standard & Poor's and Fitch) or of at least Baa3 (Moody's) or the equivalent by another Rating Agency or, if unrated, as determined by the Sub-Advisor, in its discretion, to be of comparable quality.

Debt securities in which the Evolve Fund may invest include any security which bears interest, including, but not limited to, government bonds, money market instruments, mortgage bonds and similar foreign asset-backed securities issued by financial institutions, public-sector bonds, floating-rate notes, contingent convertible bonds, convertible debt securities, corporate bonds, ABS and MBS, as well as other collateralized bonds. Convertible debt securities include, but are not limited to, convertible bonds, bonds with warrants and/or equity warrant bonds. Debt securities in which the Evolve Fund may invest also include non-interest bearing securities such as zero coupon bonds.

The Sub-Advisor's investment process begins by identifying issuers that it believes have the potential to provide superior long-term total returns. The Sub-Advisor's investment process takes into account four fundamental criteria:

- Relative value analysis: Proprietary research on global growth and credit conditions lead us to define a total risk budget and asset allocation.
- Portfolio structure: The Sub-Advisor's investment team creates a portfolio structure reflecting asset allocation views to arrive at high level portfolio targets in terms of geography, rating, etc.
- Security selection: Diligent micro-level analysis is conducted on each issuer with in-depth fundamental research as well as proprietary quantitative models.
- Implementation: Positions are sized according to perceived risk and return and passed to a dedicated trade execution desk for implementation.

Up to 75% of the Evolve Fund's portfolio may be invested in high yield instruments, provided that no more than 10% of the Evolve Fund's assets (i) may be invested in debt securities with a rating of CCC+ (Standard & Poor's) or lower (including defaulted securities), or (ii) may be invested in unrated debt securities with the consequence that a rating is to be determined by the Sub-Advisor to be of comparable quality.

For purposes of its assessment, the Sub-Advisor considers only the highest available rating as at the time of purchase. The Sub-Advisor may also invest up to 40% of the Evolve Fund's portfolio in ABS and/or MBS, including loans, leases or receivables.

The Sub-Advisor, subject to terms and conditions of exemptive relief, may also invest in futures contracts, including on bond and global equity indices (equity index futures), for both efficient portfolio management and/or hedging

purposes. It is intended that the Evolve Fund will limit its exposure to non-CAD currency to 10%. Up to 100% of the Evolve Fund's assets may be invested in foreign securities.

### ***General Investment Strategies of the Evolve Funds***

#### **Investment in other Investment Funds**

In accordance with applicable Canadian Securities Legislation, as part of its investment strategy and as an alternative to or in conjunction with investing in and holding securities directly, an Evolve Fund may invest in one or more other investment funds or exchange-traded funds listed on a stock exchange in Canada or the United States (a “**Reference ETF**”) that provides exposure to the performance of the applicable Index, or a subset of such Index. In such case, there shall be no management fees or incentive fees that are payable by the Evolve Fund that, to a reasonable person, would duplicate a fee payable by the underlying investment fund or exchange traded fund for the same service. An Evolve Fund's allocation to investments in other investment funds or exchange traded funds, if any, will vary from time to time depending on the relative size and liquidity of the investment fund or exchange traded fund, and the ability of the Manager to identify appropriate investment funds or exchange traded funds that are consistent with the Evolve Fund's investment objectives and strategies. Securities Regulatory Authorities may allow certain exchange traded funds, such as the Evolve Funds, to exceed the normal investment concentration limits if required to allow such exchange traded funds to track the relevant index. In accordance with the regulatory requirements, each Evolve Fund may track the applicable Index in this manner.

#### **Currency Hedging**

Units of the Evolve Funds, other than the USD Unhedged ETF Units, are denominated in Canadian dollars. USD Unhedged ETF Units are denominated in U.S. dollars.

Any foreign currency exposure of the portion of the portfolio of an Evolve Fund that is attributable to Unhedged Units will not be hedged back to the currency in which the Units are denominated, as applicable. All or substantially all of the exposure that the portion of the portfolio of an Evolve Fund attributable to Hedged Units may have to foreign currencies, as applicable, will be hedged back to the currency in which the Units are denominated, as applicable. Hedging currency exposure to reduce the impact of fluctuations in exchange rates is intended to reduce the direct exposure to foreign currency risk for Unitholders of hedged Units. Accordingly, as a result of having different currency exposure, the NAV per Unit of each class of an Evolve Fund may not be the same. The costs of any currency hedging will be borne by the applicable class of Hedged Units only.

Currency forward agreements, if any, will be entered into in compliance with NI 81-102 with financial institutions that have a “designated rating” as defined in NI 81-102.

#### **Use of Derivatives**

An Evolve Fund may use Derivatives from time to time for hedging or investment purposes. Any use of Derivatives by an Evolve Fund must be in compliance with NI 81-102 and other applicable derivatives legislation and must be consistent with the investment objective and investment strategies of the Evolve Fund.

#### **Securities Lending**

An Evolve Fund may, in compliance with NI 81-102, lend securities to securities borrowers that are acceptable to it pursuant to the terms of the Securities Lending Agreement under which: (i) the borrower will pay to the Evolve Fund a negotiated securities lending fee and will make compensation payments to the Evolve Fund equal to any distributions received by the borrower on the securities borrowed; (ii) the securities loans must qualify as “securities lending arrangements” for the purposes of the Tax Act; and (iii) the Evolve Fund will receive collateral. The Lending Agent is responsible for the ongoing administration of the securities loans, including the obligation to mark-to-market the loaned securities and collateral on a daily basis, and ensuring that the collateral at least equals the required margin percentage as set out in the Securities Lending Agreement. Any securities lending revenues, net of Lending Agent fees, taxes and, if applicable, rebate payments to borrowers for cash collateral, will be credited to the account of the Evolve Fund from which the securities were borrowed.

#### **Cash Management**

From time to time, an Evolve Fund may hold cash or cash equivalents. The Evolve Fund may hold this cash or invest it in money market instruments or securities of money market funds.

## OVERVIEW OF THE SECTORS THAT THE EVOLVE FUNDS INVEST IN

### **Evolve Cyber Security Index Fund**

CYBR invests primarily in equity securities of companies located domestically or internationally that are involved in the cyber security industry through hardware and software development.

### **Evolve North American Gender Diversity Index Fund**

HERS invests in equity securities of companies domiciled in Canada and the United States that have demonstrated commitment to gender diversity as part of their corporate social responsibility strategy.

### **Evolve Automobile Innovation Index Fund**

CARS invests primarily in equity securities of companies that are directly or indirectly involved in developing electric drivetrains, autonomous driving or network connected services for automobiles.

### **Evolve US Banks Enhanced Yield Fund**

CALL invests primarily in equity securities of the largest United States banks.

### **Evolve Global Healthcare Enhanced Yield Fund**

LIFE invests primarily in equity securities of the largest global healthcare companies.

### **Evolve Active US Core Equity Fund**

CAPS primarily invests in equity securities of U.S. listed large-capitalization companies.

### **Evolve Active Short Duration Bond Fund**

TIME primarily invests in below investment grade corporate debt securities rated “BB+” or lower by S&P and Fitch or “Ba1” or lower by Moody’s at the time of investment. The portfolio will generally have an average duration of less than three years.

### **Evolve Active Canadian Preferred Share Fund**

DIVS primarily invests in preferred shares of Canadian, U.S. and international issuers.

### **Evolve Active Global Fixed Income Fund**

EARN will invest primarily in global debt securities of corporate issuers.

Please see “Investment Objectives” and “Investment Strategies” for additional information on the sectors applicable to each Evolve Fund.

## INVESTMENT RESTRICTIONS

The Evolve Funds are subject to certain investment restrictions and practices contained in securities legislation, including NI 81-102, which are designed in part to ensure that the investments of the Evolve Funds are diversified and relatively liquid and to ensure their proper administration. A change to the fundamental investment objective of an Evolve Fund would require the approval of the Unitholders of that Evolve Fund. Please see “Unitholder Matters – Matters Requiring Unitholder Approval”.

Subject to the following, and any exemptive relief that has been or will be obtained, the Evolve Funds are managed in accordance with the investment restrictions and practices set out in the applicable securities legislation, including NI 81-102. See “Exemptions and Approvals”.

### **Tax Related Investment Restrictions**

An Evolve Fund will not make an investment or conduct any activity that would result in the Evolve Fund failing to qualify as a “unit trust” or “mutual fund trust” within the meaning of the Tax Act.

**FEES AND EXPENSES**

This section details the fees and expenses that an investor may have to pay if the investor invests in the Evolve Funds. An investor may have to pay some of these fees and expenses directly. The Evolve Funds may have to pay some of these fees and expenses, which will therefore reduce the value of an investment in the Evolve Funds.

**Fees and Expenses Payable by the Evolve Funds**

*Management Fees*

Each Evolve Fund pays an annual management fee (the “**Management Fee**”) to the Manager for acting as trustee, manager and portfolio manager of the Evolve Fund equal to a percentage of the NAV of the Evolve Fund, calculated daily and payable monthly in arrears, plus applicable taxes, as follows:

<b>Evolve Funds</b>	<b>Class of Units</b>	<b>Management Fee</b>
CYBR	Hedged ETF Units	0.40%
	Unhedged ETF Units	0.40%
	USD Unhedged ETF Units	0.40%
	Class A Mutual Fund Units	1.40%
	Class F Mutual Fund Units	0.40%
HERS	Hedged ETF Units	0.40%
	Unhedged ETF Units	0.40%
CARS	Hedged ETF Units	0.40%
	Unhedged ETF Units	0.40%
	USD Unhedged ETF Units	0.40%
	Class A Mutual Fund Units	1.40%
	Class F Mutual Fund Units	0.40%
CALL	Hedged ETF Units	0.45%
	Unhedged ETF Units	0.45%
LIFE	Hedged ETF Units	0.45%
	Unhedged ETF Units	0.45%
CAPS	Hedged ETF Units	0.70%
	Unhedged ETF Units	0.70%
	USD Unhedged ETF Units	0.70%
	Hedged Class A Mutual Fund Units	1.70%
	Hedged Class F Mutual Fund Units	0.70%
TIME	Hedged ETF Units	0.70%
	Unhedged ETF Units	0.70%

DIVS	Unhedged ETF Units	0.65%
	Unhedged Class A Mutual Fund Units	1.40%
	Unhedged Class F Mutual Fund Units	0.65%
EARN	Hedged ETF Units	0.65%
	Hedged Class A Mutual Fund Units	1.40%
	Hedged Class F Mutual Fund Units	0.65%

See “Organization and Management Details of the Evolve Funds – Manager – Duties and Services to be Provided by the Manager” for a description of the services provided by the Manager.

To encourage very large investments in an Evolve Fund by a particular Unitholder, the Manager may, at its discretion, agree to charge a reduced Management Fee as compared to the Management Fee that it otherwise would be entitled to receive from the Evolve Fund, provided that the difference between the fee otherwise chargeable and the reduced fee is distributed periodically by the Evolve Fund to the applicable Unitholders as a management fee distribution (the “**Management Fee Distributions**”). Any reduction will depend on a number of factors, including the amount invested, the NAV of the Evolve Fund and the expected amount of account activity. Management Fee Distributions will be paid first out of net income of the Evolve Fund then out of capital gains of the Evolve Fund and thereafter out of capital. The tax consequences of a Management Fee Distribution will generally be borne by the Unitholder who receives the distribution. See “Income Tax Considerations – Taxation of Holders”.

#### *Certain Operating Expenses*

Other than Fund Costs (as defined below), in consideration for the payment by the Evolve Funds of a fixed administration fee (the “**Administration Fee**”) to the Manager with respect to each class, and subject to compliance with NI 81-102, the Manager pays for the following operating expenses of each Evolve Fund (“**Operating Expenses**”), including but not limited to: mailing and printing expenses for periodic reports to Unitholders; fees payable to the Index Provider (if applicable), Registrar and Transfer Agent and Custodian; any reasonable out of pocket expenses incurred by the Manager or its agents in connection with their ongoing obligations to the Evolve Funds; IRC committee member fees and expenses in connection with the IRC; expenses related to compliance with NI 81-107; fees and expenses relating to voting of proxies by a third party; insurance coverage for the members of the IRC; fees payable to the auditors and legal advisors of the Evolve Funds; regulatory filing, stock exchange and licensing fees and CDS fees; Fundserv fees; banking and interest with respect to any borrowing (if applicable); website maintenance costs; costs and expenses of complying with all applicable laws, regulations and policies, including expenses and costs incurred in connection with the continuous public filing requirements such as permitted prospectus preparation and filing expenses; and legal, accounting and audit fees and fees and expenses of the Trustee, Custodian and Manager which are incurred in respect of matters not in the normal course of the Evolve Funds’ activities. The Administration Fee paid to the Manager by an Evolve Fund in respect of a class may, in any particular period, be less than or exceed the Operating Expenses that the Manager incurs for that class. The Manager is not obligated to pay any other expense, cost or fee, including those arising from new government or regulatory requirements relating to the foregoing expenses, costs and fees.

The Administration Fee is equal to 0.15% of the NAV of each Evolve Fund, calculated and paid in the same manner as the Management Fees for the Evolve Fund.

#### *Fund Costs*

The fund costs (“**Fund Costs**”) which are payable by the Evolve Funds include any taxes payable by the Evolve Funds to which the Evolve Funds may be subject, including income taxes, sales taxes (including GST/HST) and/or withholding taxes; expenditures incurred upon termination of the Evolve Funds; extraordinary expenses that the Evolve Funds may incur and all amounts paid on account of any indebtedness (if applicable); any expenses of insurance and costs of all suits or legal proceedings in connection with the Evolve Funds or the assets of the Evolve Funds or to protect the Unitholders, the Trustee, the Manager, any of the Sub-Advisors and the directors, officers, employees or agents of any of them; any expenses of indemnification of the Trustee, the Unitholders, the Manager, any of the Sub-Advisors and the directors, officers, employees or agents of any of them to the extent permitted under

the Declaration of Trust; and expenses relating to the preparation, printing and mailing of information to Unitholders in connection with meetings of Unitholders. The Evolve Funds are also responsible for all commissions and other costs of portfolio transactions and any extraordinary expenses of the Evolve Funds which may be incurred from time to time.

Each class of an Evolve Fund is responsible for its proportionate share of common Fund Costs of an Evolve Fund, in addition to the expenses it incurs alone (including, in the case of Hedged Units, the costs relating to currency hedging).

*Investments in Other Investment Funds*

In the event an Evolve Fund invests in one or more other investment funds listed on a stock exchange in Canada or the United States, there shall be no management fees or incentive fees that are payable by the Evolve Fund that, to a reasonable person, would duplicate a fee payable by the underlying investment fund for the same service.

**Fees and Expenses Payable Directly by the Unitholders**

*Class A Mutual Fund Units Sales Charges*

An investor’s dealer, investment advisor or financial advisor may charge a sales charge of up to 5% of the purchase price of the Class A Mutual Fund Units at the time of purchase. The Manager deducts the sales charge from the amount invested and pays it on behalf of the Unitholder to the applicable dealer, investment advisor or financial advisor dealer as a commission.

*Short-term Trading Fees*

At the present time, the Manager is of the view that it is not necessary to impose any short-term trading restrictions on the ETF Units.

If a Unitholder redeems Mutual Fund Units within 30 days of purchasing such Mutual Fund Units, the Manager may charge a short-term trading fee on behalf of an Evolve Fund of up to 2% of the value of such Mutual Fund Units in circumstances where the Manager determines that the trading activity represents market timing or excessive short-term trading. No short-term trading fees are charged on redemptions that may occur when a Unitholder fails to meet the minimum investment amount for an Evolve Fund.

*Other ETF Unit Charges*

An amount as may be agreed to between the Manager and the Designated Broker or a Dealer may be charged to offset certain transaction costs associated with an issue, exchange or redemption of ETF Units. This charge does not apply to Unitholders who buy and sell their ETF Units through the facilities of the TSX. See “Exchange and Redemption of ETF Units – Other ETF Unit Charges”.

**Impact of Sales Charges**

The following table shows the fees that a Unitholder would pay if:

- (a) the Unitholder invested \$1,000 in Mutual Fund Units or ETF Units; and
- (b) the Unitholder held that investment for one, three, five or 10 years and redeemed the entire investment immediately before the end of that period.

	Fee at time of purchase	Redemption fee before end of:			
		1 year	3 years	5 years	10 years
ETF Units	Nil	Nil	Nil	Nil	Nil
Class A Mutual Fund Units	\$50 <sup>1</sup>	Nil	Nil	Nil	Nil
Class F Mutual Fund Units	Nil	Nil	Nil	Nil	Nil

**Note:**

<sup>(1)</sup> Assumes the maximum initial sales charge of 5%. The actual amount of the initial sales charge will be negotiated by the Unitholder and his or her dealer. The Manager does not receive a sales charge or commission when an investor buys, redeems or switches Mutual Fund Units or ETF Units.

## **RISK FACTORS**

A mutual fund is a pool of investments made on behalf of people with a similar investment objective. When a Unitholder invests in a mutual fund, the Unitholder's money is working together with that of many other investors. Investors share a mutual fund's income, expenses, gains and losses in proportion to their interest in the mutual fund. Mutual funds can give individuals the advantages of a simpler, more accessible, less expensive and less time-consuming method of investing in a portfolio of securities.

Mutual funds own different types of investments, depending upon their investment objectives. The value of these investments will change from day to day, reflecting changes in interest rates, economic conditions and market and company news. As a result, the value of a mutual fund's units may go up and down, and the value of a Unitholder's investment in a mutual fund may be more or less at the time of redemption or sale as compared to the value of the Units at the time of purchase.

In addition to the considerations set out elsewhere in this prospectus, the following are certain considerations relating to an investment in Units that prospective investors should consider before purchasing such Units:

### **General Risks Relating to an Investment in the Evolve Funds**

#### *General Risks of Investments*

The value of the underlying securities of an Evolve Fund, whether held directly or indirectly, may fluctuate in accordance with changes in the financial condition of the issuers of those underlying securities (particularly those that are more heavily weighted in a particular Index), the condition of equity and currency markets generally and other factors. The identity and weighting of the Constituent Issuers and Constituent Securities in the applicable Index also change from time to time.

The risks inherent in investments in equity or debt securities, whether held directly or indirectly, include the risk that the financial condition of the issuers of the securities may become impaired or that the general condition of the stock market may deteriorate (either of which may cause a decrease in the value of the Indexes and, as a result, a decrease in the value of the Units of the Evolve Funds). Equity and debt securities are susceptible to general stock market fluctuations and the financial condition of the issuer. These investor perceptions are based on various and unpredictable factors, including expectations regarding government, economic, monetary and fiscal policies, inflation and interest rates, economic expansion or contraction and global or regional political, economic and banking crises.

#### *Asset Class Risk*

The Constituent Securities may underperform the returns of other securities that track other countries, regions, industries, asset classes or sectors. Various asset classes tend to experience cycles of outperformance and underperformance in comparison to the general securities markets.

#### *Issuer Risk*

Performance of the Evolve Funds depends on the performance of the individual securities to which the Evolve Funds have exposure. Changes in the financial condition or credit rating of an issuer of those securities may cause the value of such securities to decline.

#### *Illiquid Securities*

If an Evolve Fund is unable to dispose of some or all of the securities held by it, that Evolve Fund may experience a delay in the receipt of the proceeds of disposition until such time as it is able to dispose of such securities. Likewise, if certain Constituent Securities of the applicable Index are particularly illiquid, the Evolve Funds may be unable to acquire the number of securities necessary to replicate the weighting of such Constituent Securities in the Index at a price acceptable to the Manager on a timely basis. In accordance with Canadian Securities Legislation, there are restrictions on the amount of illiquid securities that an Evolve Fund is permitted to hold.

### *Reliance on Key Personnel*

Unitholders will be dependent on the abilities of the Manager to effectively manage the Evolve Funds in a manner consistent with their investment objectives, investment strategies and investment restrictions. There is no certainty that the individuals who are principally responsible for providing administration and portfolio management services to the Evolve Funds will continue to be employed by the Manager.

### *Trading Price of ETF Units*

ETF Units may trade in the market at a premium or a discount to the NAV per Unit. There can be no assurance that ETF Units will trade at prices that reflect their NAV per Unit. The trading price of the ETF Units will fluctuate in accordance with changes in the Evolve Fund's NAV, as well as market supply and demand on the TSX.

### *Fluctuations in NAV and NAV per Unit*

The NAV and NAV per Unit of an Evolve Fund will vary according to, among other things, the value of the securities held by the Evolve Fund. The Manager and the Evolve Funds have no control over the factors that affect the value of the securities held by the Evolve Fund, including factors that affect the equity markets generally, such as general economic and political conditions, fluctuations in interest rates and factors unique to each issuer included in the applicable Index, such as changes in management, changes in strategic direction, achievement of strategic goals, mergers, acquisitions and divestitures, changes in distribution and dividend policies and other events.

### *Cease Trading of Securities Risk*

If the securities of an issuer included in the portfolio of an Evolve Fund are cease-traded by order of the relevant Securities Regulatory Authority or are halted from trading by the relevant stock exchange, the applicable Evolve Fund may halt trading in its ETF Units or temporarily suspend redemptions. Accordingly, securities of an Evolve Fund bear the risk of cease trading orders against all issuers whose securities are included in its portfolio, not just one. If portfolio securities of the Evolve Funds are cease-traded by order of a Securities Regulatory Authority, if normal trading of such securities is suspended on the relevant exchange, or if for any reason it is likely there will be no closing bid price for such securities, the Evolve Funds may suspend the right to redeem Units, subject to any required prior regulatory approval. If the right to redeem securities for cash is suspended, the Evolve Funds may return redemption requests to Unitholders who have submitted them. In respect of the ETF Units, if securities are cease-traded, they may not be delivered on an exchange of a PNU for a Basket of Securities until such time as the cease-trade order is lifted.

### *Concentration Risk*

An Evolve Fund may, in following its investment objective of seeking to replicate the performance of its specified Index, have more of its net assets invested in one or more Constituent Issuers than is usually permitted for many investment funds. In these circumstances, the Evolve Fund may be affected more by the performance of individual issuers in its portfolio, with the result that the NAV of the Evolve Fund may be more volatile and may fluctuate more over short periods of time than the NAV of a more broadly diversified investment fund. In addition, this may increase the liquidity risk of these Evolve Funds which may, in turn, have an effect on the Evolve Funds' ability to satisfy redemption requests. This concentration risk will be greater for Evolve Funds that seek to replicate the performance of an Index that is more concentrated, and includes a smaller number of Constituent Issuers than an Evolve Fund that seeks to replicate the performance of a broader Index that includes a larger number of Constituent Issuers.

### *Securities Lending Risk*

The Evolve Funds are authorized to enter into securities lending, repurchase and reverse repurchase transactions in accordance with NI 81-102. In a securities lending transaction, an Evolve Fund lends its portfolio securities through an authorized agent to another party (often called a "**Counterparty**") and receives a negotiated fee and a required percentage of acceptable collateral (equal to or greater than 102%). The following are some examples of the risks associated with securities lending transactions:

- when entering into securities lending transactions, an Evolve Fund is subject to the credit risk that the Counterparty may default under the agreement and the Evolve Fund would be forced to make a claim in order to recover its security, or its equivalent value;
- when recovering its security on default, an Evolve Fund could incur a loss if the value of the portfolio securities loaned (in a securities lending transaction) or sold (in a repurchase transaction) has increased in value relative to the value of the collateral held by the Evolve Fund; and

- similarly, an Evolve Fund could incur a loss if the value of the portfolio securities it has purchased (in a reverse repurchase transaction) decreases below the amount of cash paid by the Evolve Fund to the Counterparty.

The Evolve Funds may engage in securities lending from time to time. When engaging in securities lending, an Evolve Fund will receive collateral in excess of the value of the securities loaned, and although such collateral is marked to market, the Evolve Fund may be exposed to the risk of loss should a borrower default on its obligations to return the borrowed securities and the collateral is insufficient to reconstitute the portfolio of loaned securities.

#### *Use of Derivative Instruments*

Each Evolve Fund may use Derivatives from time to time in accordance with NI 81-102 as described under “Investment Strategies”. The use of Derivatives involves risks different from, and possibly greater than, the risks associated with investing directly in securities and other traditional investments. Risks associated with the use of Derivatives include: (i) there is no guarantee that hedging to reduce risk will not result in a loss or that there will be a gain; (ii) there is no guarantee that a market will exist when the Evolve Fund wants to complete the derivative contract, which could prevent the Evolve Fund from reducing a loss or realizing a gain; (iii) securities exchanges may impose trading limits on options and futures contracts, and these limits may prevent the Evolve Fund from completing the derivative contract; (iv) the Evolve Fund could experience a loss if the other party to the derivative contract is unable to fulfill its obligations; (v) if the Evolve Fund has an open position in an option, a futures contract or a forward contract or a swap with a Dealer or Counterparty who goes bankrupt, the Evolve Fund could experience a loss and, for an open futures or forward contract or a swap, a loss of margin deposits with that Dealer or Counterparty; and (vi) if a Derivative is based on a stock market index and trading is halted on a substantial number of stocks in the index or there is a change in the composition of the index, there could be an adverse effect on the Derivative.

#### *Changes in Legislation*

There can be no assurance that income tax, securities and other laws will not be changed in a manner that adversely affects the Evolve Funds or the Unitholders. There can be no assurance that Canadian federal income tax laws and the administrative policies and assessing practices of the CRA respecting the treatment of mutual fund trusts, SIFT trusts or an investment in a non-resident trust will not be changed in a manner that adversely affects the Evolve Funds or the Unitholders.

#### *Taxation of the Evolve Funds*

If an Evolve Fund does not qualify as a mutual fund trust or were to cease to so qualify, the income tax considerations as described under “Income Tax Considerations” would in some respects be materially different. For an Evolve Fund to qualify as a “mutual fund trust”, it must comply on a continuous basis with certain requirements relating to the qualification of its Units for distribution to the public, the number of Unitholders of the Evolve Fund and the dispersal of ownership of a particular class of its Units.

A trust will be deemed not to be a mutual fund trust if it is established or maintained primarily for the benefit of non-residents of Canada unless, at that time, all or substantially all of its property is property other than property that would be “taxable Canadian property” (if the definition of such term in the Tax Act were read without reference to paragraph (b) thereof). The law does not provide any means of rectifying a loss of mutual fund trust status if this requirement is not met. The Evolve Funds contain a restriction on the number of permitted non-resident Unitholders.

Each of CYBR, HERS, CARS, CALL, DIVS and EARN currently meets all of the requirements to qualify as a “mutual fund trust” for the purposes of the Tax Act. Each of LIFE and TIME does not currently meet all of the requirements to qualify as a mutual fund trust for the purposes of the Tax Act.

The tax treatment of gains and losses realized by each Evolve Fund will depend on whether such gains or losses are treated as being on income or capital account, as described in this paragraph, subject to the discussion below pertaining to an Evolve Fund that is a “financial institution” for purposes of the “mark-to-market property” rules in the Tax Act. In determining its income for tax purposes, each Evolve Fund will treat gains or losses realized on the disposition of portfolio securities held by it as capital gains and losses (unless, generally, in the case of an Evolve Fund that is a financial institution, such securities are mark-to-market property). In general, gains and losses realized by an Evolve Fund from Derivative transactions will be on income account except where such Derivatives are used to hedge portfolio securities held on capital account provided the Evolve Fund is not a financial institution and there is sufficient linkage, subject to the DFA Rules discussed below. Gains or losses in respect of foreign currency hedges entered into in respect of amounts invested in its portfolio will constitute capital gains and capital losses to the Evolve Fund if the portfolio securities are capital property to the Evolve Fund, the Evolve Fund is not a financial institution and there is

sufficient linkage. CALL will also treat option premiums received on the writing of covered call options and any gains or losses sustained on closing out such options as capital gains and capital losses in accordance with the CRA's published administrative policies. Designations with respect to each Evolve Fund's income and capital gains will be made and reported to Unitholders on the foregoing basis. The CRA's practice is not to grant advance income tax rulings on the characterization of items as capital gains or income and no advance income tax ruling has been requested or obtained. If these foregoing dispositions or transactions of an Evolve Fund are determined not to be on capital account (whether because of the DFA Rules or an Evolve Fund being considered to be a financial institution, both of which are discussed below, or otherwise), the net income of the Evolve Fund for tax purposes and the taxable component of distributions to its Unitholders could increase. Any such redetermination by the CRA may result in an Evolve Fund being liable for unremitted withholding taxes on prior distributions made to its Unitholders who were not resident in Canada for purposes of the Tax Act at the time of the distribution. Such potential liability may reduce the NAV and NAV per Unit of that Evolve Fund.

The Tax Act contains rules (the "**DFA Rules**") that target certain financial arrangements (described in the DFA Rules as "derivative forward agreements") that seek to deliver a return based on an "underlying interest" (other than certain excluded underlying interests) for purposes of the DFA Rules. The DFA Rules are broad in scope and could apply to other agreements or transactions (including certain option contracts). If the DFA Rules were to apply in respect of any Derivatives utilized by an Evolve Fund, gains realized in respect of the property underlying such Derivatives could be treated as ordinary income rather than capital gains. Provided a covered call option is written by an Evolve Fund in the manner described under "Investment Strategies – Covered Option Writing (applicable to CALL and LIFE)", the writing of such call option will not be subject to the DFA Rules.

Pursuant to rules in the Tax Act, an Evolve Fund that experiences a "loss restriction event" (i) will be deemed to have a year-end for tax purposes (which would result in an unscheduled distribution of the Evolve Fund's net income and net realized capital gains, if any, at such time to Unitholders so that the Evolve Fund is not liable for income tax on such amounts under Part I of the Tax Act), and (ii) will become subject to the loss restriction rules generally applicable to a corporation that experiences an acquisition of control, including a deemed realization of any unrealized capital losses and restrictions on its ability to carry forward losses. Generally, an Evolve Fund will be subject to a loss restriction event if a Unitholder becomes a "majority-interest beneficiary", or a group of persons becomes a "majority-interest group of beneficiaries", of the Evolve Fund, as those terms are defined in the affiliated persons rules contained in the Tax Act, with certain modifications. Generally, a majority-interest beneficiary of an Evolve Fund is a beneficiary in the income or capital, as the case may be, of the Evolve Fund whose beneficial interests, together with the beneficial interests of persons and partnerships with whom the beneficiary is affiliated, have a fair market value that is greater than 50% of the fair market value of all the interests in the income or capital, as the case may be, of the Evolve Fund. Please see "Income Tax Considerations – Taxation of Holders" for the tax consequences of an unscheduled or other distribution to Unitholders. Trusts that qualify as "investment funds" as defined in the rules in the Tax Act relating to loss restriction events are generally excepted from the application of such rules. An "investment fund" for this purpose includes a trust that meets certain conditions, including satisfying certain of the conditions necessary to qualify as a "mutual fund trust" for purposes of the Tax Act, not holding any property that it uses in the course of carrying on a business and complying with certain asset diversification requirements. If an Evolve Fund were not to qualify as an "investment fund", it could potentially have a loss restriction event and thereby become subject to the related tax consequences described above.

The Tax Act contains rules (the "**SIFT Rules**") concerning the taxation of publicly traded Canadian trusts and partnerships that own certain types of property defined as "non-portfolio property". A trust that is subject to these rules is subject to trust level taxation, at rates comparable to those that apply to corporations, on the trust's income earned from "non-portfolio property" to the extent that such income is distributed to its unitholders. If an Evolve Fund is subject to tax under the SIFT Rules, the after-tax return to its Unitholders could be reduced, particularly in the case of a Unitholder who is exempt from tax under the Tax Act or is a non-resident of Canada.

Certain of the Evolve Funds will invest in global debt and equity securities. Many foreign countries preserve their right under domestic tax laws and applicable tax conventions with respect to taxes on income and on capital ("**Tax Treaties**") to impose tax on interest, dividends or distributions paid or credited to persons who are not resident in such countries. While the Evolve Funds intend to make investments in such a manner as to minimize the amount of foreign taxes incurred under foreign tax laws and subject to any applicable Tax Treaties, investments in global debt and equity securities may subject the Evolve Funds to foreign taxes on interest, dividends or distributions paid or credited to them or any gains realized on the disposition of such securities. Any foreign taxes incurred by an Evolve Fund will generally reduce the value of its portfolio. To the extent that such foreign tax paid by an Evolve Fund exceeds 15% of the amount

*ABS/MBS and Mortgage-Related Securities Risks*

Mortgage-related securities include mortgage pass-through securities, collateralized mortgage obligations (“**CMOs**”), commercial mortgage-backed securities, mortgage dollar rolls, CMO residuals, stripped mortgage-backed securities (“**SMBSs**”) and other securities that directly or indirectly represent a participation in, or are secured by and payable from, mortgage loans on real property. Collateralized debt obligations include collateralized bond obligations (“**CBOs**”), collateralized loan obligations (“**CLOs**”) and other similarly structured securities. CBOs and CLOs are types of asset-backed securities. A CBO is a trust which is backed by a diversified pool of high risk, below investment grade fixed income securities. A CLO is a trust typically collateralized by a pool of loans, which may include, among

others, domestic and foreign senior secured loans, senior unsecured loans, and subordinate corporate loans, including loans that may be rated below investment grade or equivalent unrated loans.

Mortgage-related and other asset-backed securities often involve risks that are different from or more acute than risks associated with other types of debt instruments. Generally, rising interest rates tend to extend the duration of fixed rate mortgage-related securities, making them more sensitive to changes in interest rates. As a result, in a period of rising interest rates, if an Evolve Fund holds mortgage-related securities, it may exhibit additional volatility. This is known as extension risk. In addition, adjustable and fixed rate mortgage-related securities are subject to prepayment risk. When interest rates decline, borrowers may pay off their mortgages sooner than expected. This can reduce the returns of an Evolve Fund because the Evolve Fund may have to reinvest that money at the lower prevailing interest rates. An Evolve Fund's investments in other asset-backed securities are subject to risks similar to those associated with mortgage-related securities, as well as additional risks associated with the nature of the assets and the servicing of those assets.

The value of some ABS/MBS and mortgage-related securities may be particularly sensitive to changes in prevailing interest rates. Early repayment of principal on some mortgage-related securities may expose an Evolve Fund to a lower rate of return upon reinvestment of principal. When interest rates rise, the value of a mortgage-related security generally will decline; however, when interest rates are declining, the value of mortgage-related securities with prepayment features may not increase as much as other fixed income securities. The rate of prepayments on underlying mortgages will affect the price and volatility of a mortgage-related security, and may shorten or extend the effective maturity of the security beyond what was anticipated at the time of purchase. If unanticipated rates of prepayment on underlying mortgages increase the effective maturity of a mortgage-related security, the volatility of the security can be expected to increase. The value of these securities may fluctuate in response to the market's perception of the creditworthiness of the issuers. Additionally, although mortgages and mortgage-related securities are generally supported by some form of government or private guarantee and/or insurance, there is no assurance that private guarantors or insurers will meet their obligations.

One type of SMBS has one class receiving all of the interest from the mortgage assets (the interest-only, or "IO" class), while the other class will receive all of the principal (the principal-only, or "PO" class). The yield to maturity on an IO class is extremely sensitive to the rate of principal payments (including prepayments) on the underlying mortgage assets, and a rapid rate of principal payments may have a material adverse effect on the Evolve Fund's yield to maturity from these securities.

#### *Banking Risk*

Commercial banks (including "money centre" regional and community banks), savings and loan associations and holding companies of the foregoing are especially subject to adverse effects of volatile interest rates, concentrations of loans in particular industries (such as real estate or energy) and significant competition. The profitability of these businesses is to a significant degree dependent upon the availability and cost of capital funds. Economic conditions in the real estate market may have a particularly strong effect on certain banks and savings associations. Commercial banks and savings associations are subject to extensive federal and, in many instances, state regulation. Neither such extensive regulation nor the federal insurance of deposits ensures the solvency or profitability of companies in this industry, and there is no assurance against losses in securities issued by such companies.

#### Calculation and Termination of the Index Risk

The Index Providers calculate, determine and maintain the respective Indexes. The Indexes were not created by the Index Provider(s) for the purpose of the Evolve Funds. The Index Provider(s) have the right to make adjustments to, or to cease to calculate, the applicable Index without regard to the particular interests of the Manager, the Evolve Funds or the Unitholders.

If the computer or other facilities of an Index Provider or the TSX malfunction for any reason, calculation of value of one or more Indexes and the determination by the Manager of the Prescribed Number of Units and Baskets of Securities for the applicable Evolve Fund may be delayed, and trading in Units may be suspended, for a period of time.

With respect to an Evolve Fund, if the Index Provider ceases to calculate the applicable Index or the Index License Agreement in respect of the applicable Index is terminated, the Manager may: (i) terminate the applicable Evolve Fund on not less than 60 days' notice to Unitholders; (ii) change the investment objective of the applicable Evolve Fund or seek to replicate generally an alternative index (subject to any Unitholder approval in accordance with

Canadian Securities Legislation); or (iii) make such other arrangements as the Manager considers appropriate and in the best interests of Unitholders of the Evolve Fund in the circumstances.

#### *Call Risk*

An Evolve Fund may invest in securities that are subject to call risk. Debt and preferred instruments may be redeemed at the option of the issuer, or “called,” before their stated maturity or redemption date. In general, an issuer will call its debt or preferred instruments if they can be refinanced by issuing new instruments which bear a lower interest or dividend rate. An Evolve Fund is subject to the possibility that during periods of falling interest rates, an issuer will call its high yielding debt or preferred instruments. The Evolve Fund would then be forced to invest the unanticipated proceeds at lower interest or dividend rates, resulting in a decline in the Evolve Fund’s income.

#### *Country Risk*

An Evolve Fund that invests primarily in a specific region or country may be more volatile than a more geographically diversified fund, and will be strongly affected by the overall economic performance of that specific region or country. The Evolve Fund must continue to follow its investment objectives regardless of the economic performance of a specific region or country.

#### *Credit Rating and High Yield Debt Related Risk*

Securities held by an Evolve Fund that are considered below investment grade may be subject to greater levels of credit or default risk than higher-rated securities. High yield debt securities involve greater risks than investment grade debt securities, including risks of default in the payment of interest and principal, lower recovery rates on a bond that is in default and greater price fluctuations due to factors such as general economic conditions and the issuer’s creditworthiness. Such securities can be regarded as predominantly speculative and involve certain risk exposure to adverse conditions, and may be subject to substantial price volatility, especially during times of economic change. Issuers of lower grade securities may be highly leveraged and may not have available to them more traditional methods of financing. The prices of these lower grade securities are typically more sensitive to negative developments, such as a decline in the issuer’s revenues or a general economic downturn. Lower-rated debt securities may be less liquid than investment grade securities. During periods of thin trading, the spread between bid and ask prices is likely to increase significantly and the Sub-Advisor may have difficulty selling such securities. There are no formal exchanges on which such high yield debt securities trade; accordingly, there may be limited liquidity for holders of such securities.

The investments of an Evolve Fund in senior secured loans and below investment grade debt securities will expose the Evolve Fund to the credit risk of the underlying issuer, including the risk of default by the issuer on the interest and principal amounts owing on the debt. Although the senior secured loans in the portfolio of an Evolve Fund will generally be secured by specific collateral, there can be no assurance that the liquidation of such collateral would satisfy an issuer’s obligation in the event of issuer default or that such collateral could be readily liquidated under such circumstances. In the event of bankruptcy of an issuer, delays or limitations could be experienced with respect to the ability to realize the benefits of any collateral securing a senior secured loan. If a below investment grade security goes into default, or enters bankruptcy, it may be difficult to sell that security in a timely manner at any reasonable price.

Loans may, in certain circumstances, require substantial “workout” negotiations or restructuring that may entail, among other things, a substantial reduction in the interest rate and a substantial writedown of principal. In addition, when an Evolve Fund holds a participation interest in a loan, it may not have voting rights with respect to any waiver of enforcement of any restrictive covenant breached by a borrower. Selling institutions commonly reserve the right to administer the participations sold by them as they see fit (unless their actions constitute gross negligence or willful misconduct) and to amend the documentation evidencing these obligations in all respects.

#### *Currency Fluctuations Risk (Unhedged Units Only)*

As a portion of the portfolio of an Evolve Fund attributable to Unhedged ETF Units, including USD Unhedged ETF Units in the case of CYBR and CARS, may be invested in securities traded in currencies other than the currency in which the Units are denominated, the NAV of such Evolve Fund, when measured in the currency in which the Units are denominated, will, to the extent this has not been hedged against, be affected by changes in the value of the relevant currency relative to the currency of the Units.

#### *Currency Hedging Risk (Hedged Units Only)*

An Evolve Fund may hedge all or substantially all of its direct foreign currency exposure by entering into currency forward contracts with financial institutions that have a “designated rating” as defined in NI 81-102. For regulatory and operational reasons, such Evolve Funds may not be able to fully hedge such foreign exposure at all times. Although there is no assurance that these currency forward contracts will be effective, the Manager expects these currency forward contracts to be substantially effective. However, some deviations from the returns of the applicable Index are expected to occur as a result of the costs, risks or other performance impacts of this currency hedging strategy.

The effectiveness of an Evolve Funds’ currency hedging strategy will, in general, be affected by the volatility of the applicable Evolve Fund and the volatility of the Canadian dollar relative to the foreign currency. Increased volatility will generally reduce the effectiveness of the currency hedging strategy. The effectiveness of this currency hedging strategy may also be affected by any significant difference between the Canadian dollar and foreign currencies’ interest rates.

#### *Defaulted and Distressed Securities Risk*

An Evolve Fund may not invest in any securities of an issuer that is in default or that is in bankruptcy or insolvency proceedings (such securities are commonly referred to as “defaulted securities”). However, an Evolve Fund may hold investments that at the time of purchase are not in default or involved in bankruptcy or insolvency proceedings, but may later become so. Moreover, an Evolve Fund may invest in securities either rated CCC+/Caa1 or lower, or unrated but judged by the Sub-Advisor to be of comparable quality. Some or many of these low-rated securities, although not in default, may be “distressed,” meaning that the issuer is experiencing financial difficulties or distress at the time of acquisition. Such securities would present a substantial risk of future default which may cause an Evolve Fund to incur losses, including additional expenses, to the extent it is required to seek recovery upon a default in the payment of principal or interest on those securities. In any reorganization or liquidation proceeding relating to a portfolio security, an Evolve Fund may lose its entire investment or may be required to accept cash or securities with a value less than its original investment. Defaulted or distressed securities may be subject to restrictions on resale.

#### *Depositary Receipts Risk*

The Evolve Funds may invest in depositary receipts. Investment in ADRs and GDRs may be less liquid than the underlying shares in their primary trading market and GDRs, many of which are issued by companies in emerging markets, may be more volatile and less liquid than depositary receipts issued by companies in more developed markets.

#### *Duration Risk*

Duration is the sensitivity, expressed in years, of the price of a fixed-income security to changes in the general level of interest rates (or yields). Securities with longer durations tend to be more sensitive to interest rate (or yield) changes than securities with shorter durations. Duration differs from maturity in that it considers potential changes to interest rates, and a security’s coupon payments, yield, price and par value and call features, in addition to the amount of time until the security matures. The duration of a security will be expected to change over time with changes in market factors and time to maturity.

#### *Emerging Markets Risk*

The Evolve Fund may be subject to a number of risks specific to having exposure to issuers in emerging markets. Investments in the securities of issuers in emerging markets involve risks not associated with investments in the securities of issuers in developed markets. Emerging markets can be substantially more volatile and substantially less liquid than more developed markets, such as Canada or the United States. Emerging markets are subject to greater political and economic instability, uncertainty regarding the existence of trading markets and more governmental limitations on foreign investment than more developed markets.

There may be less information publicly available with regard to emerging market issuers and such issuers are not subject to the uniform accounting, auditing and financial reporting standards applicable to Canadian issuers. There may be no single centralized securities exchange on which securities are traded in emerging markets and the systems of corporate governance to which companies in emerging markets are subject may be less advanced than that to which Canadian issuers are subject. As a result, investors in such companies may not receive many of the protections available to investors in Canada.

Securities laws in many emerging markets are relatively new and unsettled. Laws regarding foreign investment in emerging market securities, securities regulation, title to securities and shareholder rights may change quickly and unpredictably. Further, the enforcement of systems of taxation at federal, regional and local levels in emerging markets may be inconsistent and subject to sudden change.

#### *Extension Risk*

During periods of rising interest rates, an issuer may exercise its right to pay principal on an obligation later than expected. Under these circumstances, the value of the obligation will decrease and the Evolve Fund's performance may suffer from its inability to invest in higher yielding securities.

#### *Foreign Market Risk*

Participation in transactions by an Evolve Fund may involve the execution and clearing of trades on or subject to the rules of a foreign market. None of the Securities Regulatory Authorities or Canadian exchanges regulates activities of any foreign markets, including the execution, delivery and clearing of transactions, or has the power to compel enforcement of any rule of a foreign market or any applicable foreign law. Generally, any foreign transaction will be governed by applicable foreign laws. This is true even if the foreign market is formally linked to a Canadian market so that a position taken on a market may be liquidated by a transaction on another market. Moreover, such laws or regulations will vary depending on the foreign country in which the transaction occurs. For these reasons, entities such as the Evolve Funds may not be afforded certain of the protective measures provided by Canadian legislation or Canadian exchanges. In particular, funds received from investors for transactions by an Evolve Fund on foreign exchanges may not be provided the same protection as funds received in respect of transactions by an Evolve Fund on Canadian exchanges.

#### *General Risks of Debt Instruments*

The value of the underlying debt securities of an Evolve Fund will be affected by changes in the general level of interest rates. Generally, debt securities will decrease in value when interest rates rise and will increase in value when interest rates decline. Securities with longer durations tend to be more interest rate sensitive, which may make them more volatile than securities with shorter durations. The NAV of an Evolve Fund will fluctuate with interest rate changes and the corresponding changes in the value of the securities held by the Evolve Fund. The value of the bonds held by the Evolve Funds may be affected by price changes due to a change in general economic conditions.

#### *General Risks of Equity Investments*

Holders of equity securities of an issuer incur more risk than holders of debt obligations of such issuer because shareholders, as owners of such issuer, have generally inferior rights to receive payments from such issuer in comparison with the rights of creditors of, or holders of debt obligations issued by, such issuer. Further, unlike debt securities, which typically have a stated principal amount payable at maturity (whose value, however, will be subject to market fluctuations prior thereto), equity securities have neither a fixed principal amount nor a maturity.

Distributions on the Units will generally depend upon the declaration of dividends or distributions on the Constituent Securities. The declaration of such dividends or distributions generally depends upon various factors, including the financial condition of the Constituent Issuers and general economic conditions. Therefore, there can be no assurance that the Constituent Issuers will pay dividends or distributions on Constituent Securities.

#### *General Risks of Foreign Investments*

The Evolve Funds may invest, directly or indirectly, in foreign equity securities. In addition to the general risks associated with equity investments, investments in foreign securities may involve unique risks not typically associated with investing in Canada. Foreign exchanges may be open on days when an Evolve Fund or a Reference ETF does not price their securities and, therefore, the value of the securities traded on such exchanges may change on days when investors are not able to purchase or sell Units. Information about corporations not subject to Canadian reporting requirements may not be complete, may not reflect the extensive accounting or auditing standards required in Canada and may not be subject to the same level of government supervision or regulation as would be the case in Canada.

Some foreign securities markets may be volatile or lack liquidity and some foreign markets may have higher transaction and custody costs and delays in attendant settlement procedures. In some countries, there may be difficulties in enforcing contractual obligations and investments could be affected by political instability, social instability, expropriation or confiscatory taxation.

In the case of an Evolve Fund holding foreign securities, whether directly or indirectly, dividends or distributions on those foreign securities may be subject to withholding taxes.

#### *General Risks of Preferred Shares*

There is a chance that the issuer of any of the preferred shares included in the portfolio of an Evolve Fund will have its ability to pay dividends deteriorate or will default (fail to make scheduled dividend payments on the preferred shares or scheduled interest payments on other obligations of the issuer not included in the portfolio of that Evolve Fund), which would negatively affect the value of any such security.

Unlike interest payments on debt securities, dividend payments on preferred shares typically must be declared by the issuer's board of directors. An issuer's board of directors is generally not under any obligation to pay dividends (even if such dividends have accrued), and may suspend payment of dividends on preferred shares at any time. In the event that an issuer of preferred shares experiences economic difficulties, the issuer's preferred shares may lose substantial value due to the reduced likelihood that the issuer's board of directors will declare a dividend and the fact that the preferred shares may be subordinated to other securities of the issuer. In addition, the ability of a board of directors of a preferred share issuer to declare dividends (even if such dividends have accrued) may be constrained by restrictions imposed by such issuer's lenders.

Because many preferred shares allow holders to convert preferred shares into common shares of the issuer, their market price can be sensitive to changes in the value of the issuer's common shares. To the extent that the portfolio of an Evolve Fund includes convertible preferred shares, declining common share values may also cause the value of the portfolio of that Evolve Fund's investments to decline.

A preferred share may include a call or redemption provision that permits the issuer of such security to "call" or repurchase its securities. The existence of such provisions will, if exercised, require such a security to be removed from the portfolio and replaced. These actions may have implicit costs to an Evolve Fund.

At any time that the portfolio of an Evolve Fund is reinvested as a result of a redemption or call provision in the terms of a preferred share, the distributions available to Unitholders may be affected as, among other things, the securities included in the portfolio upon any such reinvestment may not provide the same rate of return as the preferred shares replaced. In addition, if the call or redemption price of a preferred share is less than the volume weighted average trading price traded upon its inclusion in the portfolio of an Evolve Fund, and that preferred share is redeemed, the NAV of that Evolve Fund will be negatively impacted.

#### *Global Financial Developments*

Global financial markets have experienced a sharp increase in volatility in the last several years. This has been, in part, the result of the revaluation of assets on the balance sheets of international financial institutions and related securities. This has contributed to a reduction in liquidity among financial institutions and has reduced the availability of credit to those institutions and to the issuers who borrow from them. While central banks as well as global governments have worked to restore much needed liquidity to the global economies, no assurance can be given that the combined impact of the significant revaluations and constraints on the availability of credit will not continue to materially and adversely affect economies around the world. No assurance can be given that this stimulus will continue or that, if it continues, it will be successful or these economies will not be adversely affected by the inflationary pressures resulting from such stimulus or central banks' efforts to slow inflation. Further, continued market concerns about the European sovereign debt crisis, developments in the Middle East and the Ukraine, matters related to the U.S. government debt limits and the inflationary effects of quantitative easing may adversely impact global equity markets. Some of these economies have experienced significantly diminished growth and some are experiencing or have experienced a recession. These market conditions and further volatility or illiquidity in capital markets may also adversely affect the prospects of CALL and the value of the Constituent Securities. A substantial drop in the markets in which CALL invests could be expected to have a negative effect on CALL.

#### *Healthcare Issuers Risk*

The portfolio of LIFE may be susceptible to factors affecting the healthcare and technology related industries and to greater risk and market fluctuations than an investment in a broader range of portfolio securities covering different economic sectors. Healthcare, technology, and technology related industries may also be subject to greater government regulation than many other industries. Accordingly, changes in government policies and the need for regulatory approvals may have a materially adverse effect on these industries. Additionally, these companies may be subject to risks of developing technologies, competitive pressures, as well as a relatively high risk of obsolescence caused by

scientific and technological advances and are dependent upon consumer and business acceptance as new technologies evolves. The development of these industry-specific investments may differ from the general stock exchange trends.

#### *Healthcare Sector Regulatory Risk*

The healthcare sector is highly regulated and may receive government funding. Investments in the healthcare sector by LIFE may be substantially affected by changes in government policy, such as increased regulation, ownership restrictions, deregulation or reduced government funding. There can be no assurance that future changes in government regulation of healthcare will not have a material adverse effect on the healthcare sector, which could in turn have an adverse effect on the investments of LIFE.

In addition, the formulation, manufacturing, packaging, labelling, handling, distribution, importation, exportation, licensing, sale and storage of the produce of global healthcare issuers are generally subject to extensive laws, governmental regulations, administrative determinations, court decisions and similar constraints. Such laws, regulations and other constraints or new laws, regulations or constraints could lead to the imposition of significant penalties or claims and could negatively impact the business of global healthcare issuers. Further, the adoption of new laws, regulations or other constraints or changes in the interpretations of such requirements may result in significant compliance costs or lead certain global healthcare issuers to discontinue offering certain products and/or services, thereby impacting the business, financial condition, results of operations and cash flows of such global healthcare issuers, which could in turn impact the funds available for dividends or distributions and could cause the market value of the securities of such global healthcare issuers to decline.

#### *Index Replication Risk*

Each Evolve Fund will not replicate exactly the performance of the applicable Index because the total return generated by the Units will be reduced by the management fee paid or payable by the Evolve Fund, the brokerage and commission costs incurred in acquiring and rebalancing the portfolio of securities held by the Evolve Fund and the other expenses paid or payable by the Evolve Fund, including withholding taxes and costs associated with currency hedging. These fees and expenses are not included in the calculation of the performance of the applicable Index. In respect of LIFE and CALL, see “Use of Options and Other Derivative Instruments”.

Deviations in the tracking of the applicable Index by an Evolve Fund could occur for a variety of other reasons. For example, where an Evolve Fund tenders securities under a successful takeover bid for less than all securities of a Constituent Issuer and the Constituent Issuer is not removed from the applicable Index, the Evolve Fund may be required to buy replacement securities at a purchase price that may be more than the takeover bid price due to timing variances.

It is also possible that an Evolve Fund may not fully replicate the performance of the applicable Index due to the temporary unavailability of certain Constituent Securities in the secondary market, the investment strategies and investment restrictions applicable to the Evolve Fund, including the use of a sampling methodology or covered call strategy, or due to other extraordinary circumstances.

#### *Large-Capitalization Issuer Risk*

An Evolve Fund may invest a relatively large percentage of their assets in the securities of large-capitalization companies. As a result, the performance of such Evolve Fund may be adversely affected if securities of large-capitalization companies underperform securities of smaller-capitalization companies or the market as a whole. The securities of large-capitalization companies may be relatively mature compared to smaller companies and therefore subject to slower growth during times of economic expansion.

#### *Mid and Small-Capitalization Issuer Risk*

Investing in securities of small or mid-capitalization companies involves greater risk than is customarily associated with investing in more established companies. Such issuers may have limited operational history and securities issued by such companies’ stocks may be more volatile and less liquid than those of more established companies. These securities may have returns that vary, sometimes significantly, from the overall market.

#### *Passive Investment Strategies*

The value of the applicable Index of an Evolve Fund may fluctuate in accordance with the financial condition of the Constituent Issuers that are represented in such Index (particularly those that are more heavily weighted), the value of the securities generally and other factors.

In the case of an Evolve Fund that is based on an Index concentrated on one stock exchange, if that stock exchange is not open, the Evolve Fund will be unable to determine the NAV per Unit and may be unable to satisfy redemption requests.

Because the investment objective of each Evolve Fund is to replicate the performance of the applicable Index, the Evolve Funds are not actively managed by traditional methods and the Manager will not attempt to take defensive positions in declining markets. Therefore, the adverse financial condition of a Constituent Issuer represented in an Index will not necessarily result in the elimination of exposure to its securities, whether direct or indirect, by an Evolve Fund unless the Constituent Securities are removed from the applicable Index.

#### *Rebalancing and Subscription Risk*

Adjustments to Baskets of Securities held by an Evolve Fund to reflect rebalancing events, including adjustments to the applicable Index or as otherwise determined by the Manager, will depend on the ability of the Manager and the Designated Broker to perform their respective obligations under the designated broker agreement. If the Designated Broker fails to perform, the Evolve Fund may be required to sell or purchase, as the case may be, Constituent Securities of the applicable Index in the market. If this happens, the Evolve Fund would incur additional transaction costs, which would cause the performance of the Evolve Fund to deviate more significantly from the performance of the applicable Index than would otherwise be expected.

Adjustments to the Basket of Securities necessitated by a rebalancing event could affect the underlying market for the Constituent Securities of the applicable Index, which in turn would affect the value of that Index. Similarly, subscriptions for Units by the applicable Designated Broker and Dealers may impact the market for the Constituent Securities of the Index, as the Designated Broker or the Dealer seeks to buy or to borrow the Constituent Securities to constitute the Baskets of Securities to be delivered to the Evolve Fund as payment for the Units to be issued.

#### *Sampling Risk*

The Evolve Funds may employ a sampling methodology or may hold an exchange traded fund that employs a sampling methodology. A sampling methodology involves seeking to replicate the performance of the applicable Index by holding a subset of the Constituent Securities or a portfolio of some or all of the Constituent Securities and other securities selected by the Manager such that the aggregate investment characteristics of the portfolio are reflective of the aggregate investment characteristics of, or a representative sample of, the applicable Index. It is possible that the use of a sampling methodology may result in a greater deviation in performance relative to the applicable Index than a replication strategy in which only the Constituent Securities are held in the portfolio in approximately the same proportions as they are represented in the applicable Index.

#### *Sector Risk*

Because the Constituent Securities of certain Evolve Funds are heavily concentrated in one or more specific sectors or industries of the economy, the trading price of each of these Evolve Funds is expected to be more volatile than that of a fund with a more broadly diversified portfolio. The specific asset class risks applicable to these Evolve Funds are as follows:

- (i) CYBR has a heavy concentration in Constituent Issuers from the cyber security sector. Companies in the cyber security sector, including companies in the infrastructure providers and service providers sectors, face intense competition, both domestically and internationally, which may have an adverse effect on profit margins. Cyber security companies may have limited product lines, markets, financial resources or personnel. The products of cyber security companies may face obsolescence due to rapid technological developments and frequent new product introduction, and such companies may face unpredictable changes in growth rates, competition for the services of qualified personnel and competition from foreign competitors with lower production costs. Companies in the cyber security field are heavily dependent on patent and intellectual property rights. The loss or impairment of these rights may adversely affect the profitability of these companies.
- (ii) CARS has a heavy concentration in Constituent Issuers from the automotive sectors. The automotive industry can be highly cyclical and companies in the industry may suffer periodic operating losses. Companies in the automotive industry face intense competition, both domestically and internationally, which may have an adverse effect on their profitability. CARS is also subject to the risk that the securities of issuers in the automotive industry will underperform the market as a whole due to legislative or regulatory changes, adverse market conditions and/or increased competition affecting the industrial

sector. The prices of the securities of industrial companies may fluctuate due to the level and volatility of commodity prices, the exchange value of the dollar, import controls, worldwide competition, liability for environmental damage, depletion of resources, and mandated expenditures for safety and pollution control devices.

- (iii) CALL has a heavy concentration in Constituent Issuers from the United States banking sector. As previously noted, Constituent Issuers in the banking sector may be affected by adverse effects of volatile interest rates, concentrations of loans in particular industries and significant competition. The profitability of these businesses is to a significant degree dependent upon the availability and cost of capital funds.
- (iv) LIFE has a heavy concentration in Constituent Issuers from the health care sector. As previously noted, Constituent Issuers in the health care sector may be affected by government regulations and government health care programs, changes in the cost of medical products and services, and product liability claims among other factors. Pharmaceutical and biotechnology firms face intense competition, the potential for product obsolescence, and may be adversely affected by the loss or impairment of intellectual property rights.

#### *Senior Secured Loans Risk*

Senior secured loans are non-investment grade assets and may be regarded as predominantly speculative with respect to the particular issuer's continuing ability to meet principal and interest payments. They may be more susceptible to real or perceived adverse economic and competitive industry conditions than higher-rated securities. During periods of thin trading in these markets, the spread between bid and ask prices is likely to increase significantly and an Evolve Fund may have difficulty in accurately valuing or selling such securities. The yields and prices of lower rated senior secured loans may tend to fluctuate more than those for investment grade rated securities. In addition, adverse publicity and investor perceptions about non-investment grade securities, whether or not based on fundamental analysis, may be a contributing factor in a decrease in the value and liquidity of such securities.

Loans may, in certain circumstances, require substantial workout negotiations or restructuring that may entail, among other things, a substantial reduction in the interest rate and a substantial write-down of principal.

An Evolve Fund may hold investments in senior secured loans. These obligations are subject to unique risks, including, without limitation: (i) the possible invalidation of an investment transaction as a fraudulent conveyance under relevant creditors' rights laws; (ii) so called lender-liability claims by the issuer of the obligations; (iii) environmental liabilities that may arise with respect to collateral securing the obligations; and (iv) limitations on the ability of an Evolve Fund to directly enforce its rights with respect to participations. In analyzing each bank loan or participation, the applicable Sub-Advisor compares the relative significance of the risks against the expected benefits of the investment. Successful claims by third parties arising from these and other risks will be borne by the Evolve Fund. Investments in loan participations may also subject an Evolve Fund to the risk of counterparty default.

An Evolve Fund's success in the area of loan investing will depend, in part, on its ability to purchase loans on terms that it deems attractive. In purchasing loans, an Evolve Fund will compete with a broad spectrum of investors and institutions. Increased competition for, or a diminution in the available supply of, qualifying loans could result in lower yields on such loans, which could reduce returns to investors.

There can be no assurance that future levels of supply and demand in loan trading will provide an adequate degree of liquidity or that the current level of liquidity will continue. Because of the provision to holders of such loans of confidential information relating to the borrower, the unique and customized nature of the loan agreement, and the private syndication of the loan, loans are not as easily purchased or sold as a publicly traded security.

Debt obligations in the form of loans are generally subject to additional liquidity risks. Loans are not generally traded in organized markets but are traded by banks and other institutional investors engaged in syndications and loan participations, respectively. Consequently, there can be no assurance that there will be any market for any loan if the issuer is required to sell or otherwise dispose of such loan. Depending on the terms of the underlying loan documentation, consent of the borrower may be required for an assignment, and a purported assignee may not have any direct right to enforce compliance by the obligor with the terms of the loan agreement in the absence of this consent.

### *Sensitivity to Interest Rate Fluctuations*

It is anticipated that the market price for Units and the value of the Constituent Securities of an Evolve Fund at any given time will be affected by the level of interest rates prevailing at such time. A rise in interest rates may have a negative effect on the market price of the Units of the applicable Evolve Funds. Unitholders who wish to redeem or sell their Units may, therefore, be exposed to the risk that the redemption price or sale price of the Units will be negatively affected by interest rate fluctuations.

### *State/Region Risk*

To the extent that CALL invests heavily in regional banks from any given state or region, its performance could be disproportionately affected by factors particular to that state or region. These may include economic or policy changes, erosion of the tax base, and state legislative changes (especially those regarding budgeting and taxes) and other matters that affect local economies.

### *Underlying Fund Risk*

The securities of underlying funds in which certain Evolve Funds invest, whether directly or indirectly, may trade below, at or above their respective NAVs per security. The NAV per security will fluctuate with changes in the market value of that investment fund's holdings. The trading prices of the securities of those investment funds will fluctuate in accordance with changes in the applicable fund's NAV per security, as well as market supply and demand on the stock exchanges on which those funds are listed.

If an Evolve Fund purchases a security of an underlying investment fund at a time when the market price of that security is at a premium to the NAV per security or sells a security at a time when the market price of that security is at a discount to the NAV per security, the Evolve Fund may sustain a loss.

### *Use of Options and Other Derivative Instruments*

Deviations from the returns of the applicable Index are expected to occur as a result of the costs, risks, and performance impacts of employing a covered call strategy. CALL and LIFE are subject to the full risk of their investment position in the securities comprising their portfolio, including those securities that are subject to outstanding call options, should the market price of such securities decline. In addition, the Evolve Funds, as applicable, will not participate in any gain on securities that are subject to outstanding call options above the strike price of such options.

The use of derivative instruments involves risks different from and possibly greater than the risks associated with investing directly in such securities and other traditional investments. Derivatives are subject to a number of risks, such as liquidity risk, interest rate risk, market risk, credit risk, leveraging risk, counterparty risk and trading execution risk. Derivatives also involve the risk of mispricing or improper valuation and the risk that changes in the value of a derivative may not correlate perfectly with the underlying asset, rate or index.

There is no assurance that a liquid exchange will exist to permit the Evolve Funds, as applicable, to write covered call options on desired terms or to close out option positions should the Manager desire to do so. The ability of the applicable Evolve Funds to close out their positions may also be affected by exchange imposed daily trading limits on options. If the applicable Evolve Funds are unable to repurchase a call option which is "in-the-money", they will be unable to realize their profits or limit their losses until such time as the option becomes exercisable or expires.

In purchasing call options or entering into forward contracts, as applicable, the Evolve Funds are subject to the credit risk that their counterparty (a clearing corporation, in the case of exchange traded instruments) may be unable to meet their obligations. In addition, there is risk of loss by the Evolve Funds of margin deposits in the event of the bankruptcy of the dealer with whom an Evolve Fund has an open position in an option. The ability of the Evolve Funds to close out their positions may also be affected by exchange imposed daily trading limits on options and futures contracts. If the applicable Evolve Funds are unable to close out a position, they will be unable to realize their profit or limit their losses until such time as the option becomes exercisable or expires. The inability to close out options, futures and forward positions could also have an adverse impact on an Evolve Fund's ability to use derivatives instruments to effectively hedge their portfolio or implement their investment strategies.

The use of options may have the effect of limiting or reducing the total returns of the applicable Evolve Funds. In addition, the income associated with writing covered call options may be outweighed by the foregone opportunity of remaining invested directly in the securities comprising the portfolio. In such an event, an Evolve Fund would have to increase the percentage of its portfolio that is subject to covered call options in order to meet their targeted distributions.

### **Suitability**

This section describes the type of investment portfolio or investor each Evolve Fund may be suitable for. This is meant as a general guide only. For advice about individual circumstances, Unitholders and investors are encouraged to consult their financial advisor.

CYBR is for investors:

- seeking to invest in companies involved in the cyber security industry through hardware and software development;
- seeking capital appreciation through exposure to equity securities of companies located in developed markets; and
- willing to take the risk associated with equity investments.

HERS is for investors:

- seeking to invest in companies that have demonstrated commitment to gender diversity as part of their corporate social responsibility strategy;
- seeking capital appreciation through exposure to equity securities of companies domiciled in Canada and the United States; and
- willing to take the risk associated with equity investments.

CARS is for investors:

- seeking to invest in companies that are directly or indirectly involved in developing electric drivetrains, autonomous driving or network connected services for automobiles;
- seeking capital appreciation through exposure to equity securities of companies located primarily in developed markets; and
- willing to take the risk associated with equity investments.

CALL is for investors:

- seeking capital appreciation through exposure to equity securities of the largest United States banks;
- willing to take the risk associated with equity investments; and
- seeking increased yield from a covered call strategy.

LIFE is for investors:

- seeking capital appreciation through exposure to equity securities of global healthcare companies;
- willing to take the risk associated with equity investments; and
- seeking increased yield from a covered call strategy.

CAPS is for investors:

- seeking capital appreciation through having exposure to U.S. equities;
- that are willing to accept the risks associated with equity investments; and

- seeking active management.

TIME is for investors:

- seeking capital appreciation through having exposure to U.S. high yield bonds;
- that are willing to take the risks associated with high yield bonds; and
- Seeking to reduce duration in a fixed income portfolio.

DIVS is for investors:

- Seeking exposure to preferred shares;
- That are willing to take the risks associated with preferred shares; and
- Seeking yield from preferred shares.

EARN is for investors:

- seeking exposure to an actively managed portfolio of global fixed income securities of corporate issuers;
- that are willing to accept the degree of risks associated with global fixed income securities and investment grade debt securities; and
- seeking income and long-term capital appreciation from their investment in a diversified mix of global fixed income securities.

### **Risk Ratings of the Evolve Funds**

The investment risk level of each Evolve Fund is required to be determined in accordance with a standardized risk classification methodology that is based on the historical volatility of an Evolve Fund, as measured by the 10-year standard deviation of the returns of the Evolve Fund. As the Evolve Funds do not have at least 10 years of performance history, the Manager calculates the investment risk level of each Evolve Fund using a reference index that reasonably approximates the standard deviation of the Evolve Fund for the remainder of the 10-year period. Once the Evolve Funds have 10 years of performance history, the methodology will calculate the standard deviation of each Evolve Fund using the return history of the Evolve Fund rather than that of the reference index. The Evolve Funds are assigned an investment risk rating in one of the following categories: low, low to medium, medium, medium to high or high risk. There may be times when the classification methodology produces a result that the Manager believes is inappropriate in which case the Manager may re-classify an Evolve Fund to a higher risk level, if appropriate.

The following chart sets out a description of the reference index used for each Evolve Fund:

<b>Evolve Fund</b>	<b>Reference Index</b>
<b>CYBR</b>	Solactive Global Cyber Security Index (for the period between November 1, 2013 and September 29, 2017); S&P Global 1200 Information Tech Index (for the period between March 1, 2009 and October 31, 2013)
<b>HERS</b>	Solactive Equileap North American Gender Equality Index (for the period between October 1, 2011 and September 29, 2017); S&P 500 Index (for the period between March 1, 2009 and September 30, 2011)
<b>CARS</b>	Solactive Future Cars Index (for the period between November 1, 2013 and September 29, 2017); MSCI World Auto & Components Index (for the period between March 1, 2009 and January 31, 2011)

<b>CALL</b>	Solactive Equal Weights US Bank Index (for the period between April 1, 2010 and September 29, 2017); Financial Select Sector Total Return Index (for the period between March 1, 2009 and March 31, 2010)
<b>LIFE</b>	Solactive Global Healthcare 20 Index (for the period between February 1, 2011 and October 31, 2017); S&P Global 1200 Health Care Sector Index (for the period between March 1, 2009 and January 31, 2011)
<b>CAPS</b>	Russell 1000 Index
<b>TIME</b>	Markit iBoxx USD Liquid High Yield Index (50%) and Bloomberg Barclays High Yield Very Liquid Index (50%)
<b>DIVS</b>	S&P/TSX Preferred Share Index
<b>EARN</b>	ICE BofAML 1-5 year Global Corporate Index (100% CAD hedged)

Unitholders should know that other types of risks, both measurable and non-measurable, exist. Also, just as historical performance may not be indicative of future returns, historical volatility may not be indicative of future volatility. The risk ratings of the Evolve Funds are reviewed annually and any time they are no longer reasonable in the circumstances. A more detailed explanation of the risk classification methodology used to identify the risk ratings of the Evolve Funds is available on request, at no cost, by calling toll-free 1-844-370-4884 or by writing to Evolve Funds Group Inc., 161 Bay Street, Suite 2700, Toronto, ON M5J 2S1.

#### **DISTRIBUTION POLICY**

Cash distributions of income, if any, on ETF Units will be payable periodically as set out in the table below, by each of the Evolve Funds:

<b>Evolve Fund</b>	<b>Frequency of Distributions, if any</b>
<b>CYBR</b>	Monthly
<b>HERS</b>	Monthly
<b>CARS</b>	Monthly
<b>CALL</b>	Monthly
<b>LIFE</b>	Monthly
<b>CAPS</b>	Monthly
<b>TIME</b>	Monthly
<b>DIVS</b>	Monthly
<b>EARN</b>	Monthly

Distributions payable on Mutual Fund Units, if any, will be payable periodically as set out in the table above and will be automatically reinvested in additional Mutual Fund Units of the same class or series, as the case may be. Holders of Mutual Fund Units who wish to receive cash as of a particular dividend/distribution record date should speak with their broker, dealer or investment advisor for details.

The Evolve Funds will not have a fixed distribution amount. The amount and frequency of distributions, if any, will be based on the Manager's assessment of anticipated cash flow and anticipated expenses of the Evolve Funds from time to time. The date of any cash distribution of each Evolve Fund will be announced in advance by issuance of a press release. The Manager may, in its complete discretion, change the frequency of these distributions and any such change will be announced by issuance of a press release. Distributions on the U.S. dollar denominated Units will be paid in U.S. dollars.

Depending on the underlying investments of an Evolve Fund, distributions on Units may consist of ordinary income, including foreign source income and taxable dividends from taxable Canadian corporations, sourced from dividends, distributions or interest received by the Evolve Fund but may also include net realized capital gains, in any case, less the expenses of that Evolve Fund and may include returns of capital. To the extent that the expenses of an Evolve Fund exceed the income generated by such Evolve Fund in any applicable distribution period, it is not expected that a distribution for that period will be paid. Management Fee Distributions, if any, will be paid first out of the net income, then out of capital gains of an Evolve Fund and thereafter out of capital. The tax consequences of a Management Fee Distribution will generally be borne by the Unitholder who receives the distribution.

If, for any taxation year, after the ordinary distributions, if any, there would remain in an Evolve Fund additional net income or net realized capital gains, the Evolve Fund will, after December 15 but on or before December 31 of that calendar year, be required to pay or make payable such net income and net realized capital gains as one or more special year-end distributions to Unitholders as is necessary to ensure that the Evolve Fund will not be liable for income tax on such amounts under Part I of the Tax Act (after taking into account all available deductions, credits and refunds). Such special distributions may be paid in the form of Units of the applicable class of the Evolve Fund and/or cash. Any special distributions payable in Units of a class of an Evolve Fund will increase the aggregate adjusted cost base of a Unitholder's Units of such class. Immediately following payment of such a special distribution in Units of a class, the number of Units of such class held by a Unitholder will be automatically consolidated such that the number of Units of such class held by the Unitholder after such distribution will be equal to the number of Units of such class held by such Unitholder immediately prior to such distribution, except in the case of a non-resident Unitholder to the extent tax is required to be withheld in respect of the distribution.

The tax treatment to Unitholders of distributions is discussed under the heading "Income Tax Considerations".

#### **Optional Distribution Reinvestment Plan for ETF Units**

The Manager may adopt a distribution reinvestment plan in respect of the Evolve Funds under which cash distributions are used to purchase additional ETF Units and are credited to the participating Unitholder in accordance with the terms of such plan (a copy of which would be available through the Unitholder's broker or dealer). The following are the key terms of such a distribution reinvestment plan:

- Participation in a distribution reinvestment plan will be restricted to Unitholders who are residents of Canada for the purposes of the Tax Act or "Canadian partnerships" as defined in the Tax Act. Immediately upon becoming a non-resident of Canada or ceasing to be a Canadian partnership, a participating Unitholder will be required to notify his, her or its CDS Participant and terminate participation in the distribution reinvestment plan.
- A Unitholder who wishes to enrol in the distribution reinvestment plan as of a particular Distribution Record Date should notify his, her or its CDS Participant sufficiently in advance of that Distribution Record Date to allow the CDS Participant to notify CDS by 4:00 p.m. (Toronto time) on that Distribution Record Date.
- Distributions that participating Unitholders are due to receive will be used to purchase ETF Units on behalf of such Unitholder in the market.
- No fractional ETF Units will be delivered under a distribution reinvestment plan. Payment in cash for any remaining uninvested funds may be made in lieu of delivering fractional ETF Units by the plan agent to CDS or a CDS Participant, on a monthly or quarterly basis, as the case may be. Where applicable, CDS will, in turn, credit the participating Unitholder, via the applicable CDS Participant.

The automatic reinvestment of distributions under the distribution reinvestment plan does not relieve participating Unitholders of any income tax applicable to the distributions.

The tax treatment to Unitholders of reinvested distributions is discussed under the heading "Income Tax Considerations".

Participating Unitholders will be able to terminate their participation in the distribution reinvestment plan as of a particular Distribution Record Date by notifying their CDS Participant by the prescribed cut-off time prior to the applicable Distribution Record Date. Beginning on the first distribution payment date after such notice is delivered, distributions to such Unitholders will be in cash. The form of termination notice will be available from CDS Participants and any expenses associated with the preparation and delivery of such termination notice will be for the account of the participating Unitholder exercising its rights to terminate participation in the distribution reinvestment

plan. The Manager will be permitted to terminate the distribution reinvestment plan, in its sole discretion, upon not less than 30 days' notice to participating Unitholders and the plan agent, subject to any required regulatory approval.

The Manager is permitted to amend, modify or suspend the distribution reinvestment plan, or add additional features including authorizing pre-authorized cash contributions or systematic withdrawals, at any time, in its sole discretion, provided that it complies with certain requirements, and gives notice of such amendment, modification or suspension to the participating Unitholders and the plan agent, subject to any required regulatory approval, which notice may be given by issuing a press release containing a summary description of the amendment or in any other manner that the Manager determines to be appropriate.

The Manager may from time to time adopt rules and regulations to facilitate the administration of the distribution reinvestment plan. The Manager reserves the right to regulate and interpret the distribution reinvestment plan as it deems necessary or desirable to ensure the efficient and equitable operation of the distribution reinvestment plan.

### **Optional Pre-Authorized Cash Contributions for Mutual Fund Units**

Unitholders who want to invest in Mutual Fund Units on a regular basis can use a pre-authorized purchase plan so that money is automatically withdrawn from the Unitholder's bank account at regular intervals and invested in the applicable class or series of Mutual Fund Units. The plan is designed to allow Unitholders to take advantage of dollar-cost averaging.

Provided the minimum initial investment and the minimum additional investments required for each class or series of Mutual Fund Units is met, and a Unitholder has at least \$5,000 in their account to set up a pre-authorized cash contribution for an Evolve Fund, Unitholders may be provided with the option to invest weekly, bi-weekly, semi-monthly, monthly, quarterly, semi-annually or annually, depending on the type of account. For more information, Unitholders are encouraged to contact their dealer.

As part of a pre-authorized cash-contribution plan, a Unitholder's dealer will automatically transfer money from the Unitholder's bank account to purchase the applicable class or series of Mutual Fund Units. A Unitholder's participation in the plan may be cancelled if payment is returned due to insufficient funds.

The pre-authorized cash contribution option may be selected upon first buying Mutual Fund Units or at any time afterwards. Unitholder's must set up the pre-authorized purchase plan through their advisor, and the Manager must receive at least five business days' notice to set up a pre-authorized purchase plan.

No fee is charged for setting up a pre-authorized purchase plan. However, the initial investment must meet the minimum initial investment and the minimum additional investments required for each series or class, as the case may be. Unitholders may change their pre-authorized purchase plan instructions or cancel such plan at any time as long as at least two business days' notice is received by the Manager. If a Unitholder redeems all of their Mutual Fund Units of a class or series of an Evolve Fund in their account, the Manager will generally terminate the pre-authorized purchase plan unless instructed otherwise.

Purchases under a pre-authorized purchase plan providing for automatic withdrawal from a bank account may be in minimum amounts of \$50. Pre-authorized cash contributions may also be available under a U.S. dollar purchase option.

## **PURCHASES OF UNITS**

### **Initial Investment in the Evolve Funds**

In compliance with NI 81-102, Units were not issued to the public until subscriptions aggregating not less than \$500,000 had been received and accepted by each Evolve Fund from investors other than persons or companies related to the Manager or its affiliates.

### **Continuous Distribution**

Units are being issued and sold on a continuous basis and there is no maximum number of Units that may be issued.

Unitholders or their investment professional are responsible for determining which class of Mutual Fund Units of an Evolve Fund is appropriate for purchase. Different classes or series may have different minimum investment levels and may require investors to pay different fees. There is no limit on the number of Mutual Fund Units an investor can buy.

### **Designated Broker for ETF Units**

All orders to purchase ETF Units directly from an Evolve Fund must be placed by the Designated Broker or Dealers. Each Evolve Fund reserves the absolute right to reject any subscription order placed by the Designated Broker and/or a Dealer. No fees will be payable by an Evolve Fund to the Designated Broker or a Dealer in connection with the issuance of ETF Units. On the issuance of ETF Units, the Manager may, at its discretion, charge an administrative fee to a Dealer or the Designated Broker to offset any expenses (including any applicable TSX additional listing fees) incurred in issuing the ETF Units.

On any Trading Day, the Designated Broker or a Dealer may place a subscription order for the PNU or integral multiple PNU of an Evolve Fund. If a subscription order is received by an Evolve Fund at or before the applicable cut-off time, or such other time prior to the Valuation Time on such Trading Day as the Manager may permit, and is accepted by the Manager, the Evolve Fund will generally issue to the Dealer or Designated Broker the PNU (or an integral multiple thereof) within two Trading Days (or such later date as may be permitted) from the effective date of the subscription order. The Evolve Fund must receive payment for the ETF Units subscribed for within two Trading Days (or such later date as may be permitted) from the effective date of the subscription order. The effective date of a subscription order is the Trading Day on which the Valuation Time that applies to such subscription order takes place.

Unless the Manager shall otherwise agree or the Declaration of Trust shall otherwise provide, as payment for a PNU of an Evolve Fund, a Dealer or the Designated Broker must deliver subscription proceeds consisting of a Basket of Securities and cash in an amount sufficient so that the value of the Basket of Securities and cash delivered is equal to the NAV of the applicable PNU of the Evolve Fund determined at the Valuation Time on the effective date of the subscription order. The Manager may, in its complete discretion, instead accept subscription proceeds consisting of (i) cash only in an amount equal to the NAV of the applicable PNU of the Evolve Fund determined at the Valuation Time on the effective date of the subscription order, plus (ii) if applicable, associated costs and expenses that the Evolve Funds incur or expect to incur in purchasing securities on the market with such cash proceeds.

The Manager may from time to time and, in any event not more than once quarterly, require the Designated Broker to subscribe for ETF Units of an Evolve Fund for cash in a dollar amount not to exceed 0.30% of the NAV of the Evolve Fund, or such other amount as may be agreed to by the Manager and the Designated Broker. The number of ETF Units issued will be the subscription amount divided by the NAV per ETF Unit next determined following the delivery by the Manager of a subscription notice to the Designated Broker. Payment for the ETF Units must be made by the Designated Broker by no later than the second Trading Day after the subscription notice has been delivered.

The Manager will, except when circumstances prevent it from doing so, disclose the number of ETF Units comprising a PNU for a particular Evolve Fund to applicable investors, the Designated Broker and Dealers following the close of business on each Trading Day. The Manager may, at its discretion, increase or decrease the applicable PNU from time to time.

### **Purchases of Mutual Fund Units**

Investors can buy or sell Mutual Fund Units through a qualified financial advisor or broker. All orders are based on the next NAV calculated after the Manager's receipt of an order. Unitholders can switch Mutual Fund Units of an Evolve Fund for another class of Mutual Fund Units of the same Evolve Fund through a registered broker or dealer. Unitholders cannot transfer or switch Mutual Fund Units of an Evolve Fund for ETF Units or ETF Units of an Evolve Fund for a class of Mutual Fund Units.

#### **Class A Mutual Fund Units**

Class A Mutual Fund Units are available to all investors through authorized dealers.

#### **Class F Mutual Fund Units**

Class F Mutual Fund Units are available to investors who have fee based accounts with their dealer. The Manager has designed the Class F Mutual Fund Units to offer investors an alternative means of paying their dealer for investment advice and other services. Instead of paying sales charges, investors buying Class F Mutual Fund Units pay fees to their dealer for investment advice and other services. The Manager does not pay any commissions to dealers in respect of the Class F Mutual Fund Units, which allows it to charge a lower Management Fee.

If a Unitholder ceases to be eligible to hold Class F Mutual Fund Units, the Manager may switch a Unitholder's Class F Mutual Fund Units into Class A Mutual Fund Units of the same Evolve Fund after providing the Unitholder with 5 days' notice, unless the Unitholder notifies the Manager during the notice period and the Manager agrees that such

Unitholder is once again eligible to hold Class F Mutual Fund Units. Unitholders may be charged a sales commission in connection with the switch by their dealer.

***Minimum Balance***

An investment in Mutual Fund Units requires Unitholders to invest and maintain a minimum balance. The table below outlines the minimums along with the minimum requirements for additional investments of Class A Mutual Fund Units and Class F Mutual Fund Units.

<b>Class</b>	<b>Minimum Balance</b>	<b>Minimum Additional Investments<sup>(1)(2)</sup></b>
Class A Mutual Fund Units	\$500	N/A
Class F Mutual Fund Units	\$500	N/A

**Notes:**

<sup>(1)</sup> Investors purchasing through dealers may be subject to higher minimum initial or additional investment amounts.

<sup>(2)</sup> Minimums are per transaction in Canadian dollars.

If a Unitholder’s balance falls below the minimum required balance for a particular class or series of Mutual Fund Units, as the case may be, or the Unitholder otherwise becomes ineligible to hold a particular class or series of Mutual Fund Units, the Manager may redeem or switch the Unitholder’s Mutual Fund Units. Units may also be redeemed by the Manager in circumstances described under “Plan of Distribution – Non-Resident Unitholders”. The Manager may redeem a Unitholder’s Mutual Fund Units if permitted or required to do so, including in connection with the termination of the Evolve Fund, in accordance with applicable law. If the Manager redeems or switches a Unitholder’s Mutual Fund Units, the result will be the same as if the Unitholder initiated the transaction. For redemptions in non-registered accounts, the Manager may transfer the proceeds to the Unitholder, and for redemptions in Plans, the Manager may transfer the proceeds to a registered savings deposit within the Plan. The Manager will not give Unitholders or their dealer notice prior to taking any action.

For the Manager to act on an order to buy, redeem or switch Mutual Fund Units, as the case may be, the branch, telephone salesperson or dealer must send the order to the Manager on the same day it is received before 4:00 p.m. (Toronto time) or such other time as indicated on the website for the Evolve Fund (the “**order cut-off time**”) and assume all associated costs.

When an order is placed through a financial advisor on behalf of a Unitholder, the financial advisor sends it to the Manager. If the Manager receives an order before the order cut-off time, the order will be processed using that day’s NAV. A separate NAV is calculated for each class or series of Mutual Fund Units. If the Manager receives an order after the order cut-off time, the order will be processed using the next business day’s NAV. If the Manager determines that the NAV will be calculated at a time other than after the usual closing time of the designated exchange, the NAV paid or received will be determined relative to that time. All orders are processed within two business days (or such longer time as may be permitted). A dealer may establish earlier order cut-off times. Unitholders are encouraged to contact their dealer for details.

All Unitholders must pay for Mutual Fund Units at the time of purchase. If the Manager does not receive payment in full, the Manager will cancel the order and redeem the Mutual Fund Units including any Mutual Fund Units bought through a switch. If the Manager redeems the Mutual Fund Units for more than the value for which they were issued, the difference will go to the Evolve Fund. If the Manager redeems the Mutual Fund Units for less than the value for which they were issued, the Manager will pay the difference to the Evolve Fund and collect this amount, plus the cost of doing so, from the applicable dealer. Accordingly, dealers may require Unitholders to reimburse them for the amount paid if they suffer a loss as a result.

**The Manager has the right to refuse any order to buy or switch Mutual Fund Units within one business day from the time of receiving the order. If the Manager refuses an order to buy or switch, the Manager will immediately return any monies received with the order.**

The Manager may limit or “cap” the size of an Evolve Fund by restricting new purchases of Mutual Fund Units. The Manager will continue redemptions and the calculation of an Evolve Fund’s NAV for each class of Mutual Fund Units. The Manager may subsequently decide to start accepting new purchases of Units of or switches within an Evolve Fund at any time.

***To Unitholders of an Evolve Fund as Distributions Paid in Units***

In addition to the issuance of Units as described above, distributions may be made by way of the issuance of Units. See “Distribution Policy”.

***Buying and Selling Units of an Evolve Fund***

The ETF Units are currently listed on the TSX. Investors are able to buy or sell ETF Units on the TSX through registered brokers and dealers in the province or territory where the investor resides. Investors may incur customary brokerage commissions in buying or selling ETF Units. No fees are paid by investors to the Manager or any Evolve Fund in connection with buying or selling of ETF Units on the TSX.

***Special Considerations for Unitholders***

The provisions of the so-called “early warning” requirements set out in Canadian Securities Legislation do not apply in connection with the acquisition of ETF Units. In addition, the Evolve Funds have obtained exemptive relief from the Securities Regulatory Authorities to permit Unitholders to acquire more than 20% of the ETF Units of any Evolve Fund through purchases on the TSX without regard to the take-over bid requirements of Canadian Securities Legislation.

***Special Circumstances***

ETF Units may also be issued by an Evolve Fund to the Designated Broker in a number of special circumstances, including the following: (i) when the Manager has determined that the Evolve Fund should acquire Constituent Securities or other securities in connection with a rebalancing event as described under “Investment Strategies – Rebalancing Events”; and (ii) when cash redemptions of ETF Units occur as described below under “Exchange and Redemption of ETF Units – Redemption of ETF Units of an Evolve Fund for Cash”, or the Evolve Fund otherwise has cash that the Manager wants to invest.

**SWITCHES AND REDEMPTIONS OF MUTUAL FUND UNITS**

**Switches**

Holders of Mutual Fund Units may switch Mutual Fund Units of any class into Mutual Fund Units of any other class of the same Evolve Fund. However, Unitholders cannot transfer or switch Mutual Fund Units of an Evolve Fund for ETF Units of the Evolve Fund or ETF Units of the Evolve Fund for a class of Mutual Fund Units of the Evolve Fund. In addition, Unitholders cannot switch Units of an Evolve Fund for units of any other funds.

**Redemptions**

Unitholders can sell some or all of their Mutual Fund Units at any time. This is called a redemption. A Unitholder’s dealer must send the redemption request on the same day it is received. The dealer must assume all associated costs. Redemption requests for an Evolve Fund are processed in the order in which they are received. The Manager will not process redemption requests specifying a forward date or specific price.

Redemption orders which are received by the Manager before 4:00 p.m. (Toronto time) or such other order cut-off time as specified by the Manager on any Valuation Date will be priced using that day’s NAV. Redemption orders which are received by the Manager after 4:00 p.m. (Toronto time) or such other order cut-off time as specified by the Manager on a Valuation Date will be priced on the next Valuation Date. If the Manager decides to calculate NAV at a time other than after the usual closing time of the TSX, the NAV received will be determined relative to that time. Note that a Unitholder’s dealer may establish an earlier order cut-off time.

If a Unitholder’s balance falls below the minimum required balance for a particular class or series of Mutual Fund Units, or the Unitholder otherwise becomes ineligible to hold a particular class or series of an Evolve Fund, the Manager may redeem or switch the Unitholder’s Mutual Fund Units.

Within two business days following each Valuation Date (or such later time as may be permitted), the Manager will pay to each Unitholder who has requested a redemption the value of the Mutual Fund Units determined on the Valuation Date. Payments will be considered made upon deposit of the redemption proceeds in the Unitholder’s bank account or the mailing of a cheque in a postage prepaid envelope addressed to the Unitholder unless the cheque is not honoured for payment.

A Unitholder's redemption (or switch) transaction will not be processed until his or her dealer has received all documentation. The dealer will inform the Unitholder of the documentation it requires. The dealer must provide all required documents within 10 business days of the date the redemption order is processed. If not, the Manager will repurchase the Mutual Fund Units. If the cost of repurchasing the Mutual Fund Units is less than the redemption proceeds, the applicable Evolve Fund will keep the difference. If the cost of repurchasing the Mutual Fund Units is more than the redemption proceeds, the applicable dealer must pay the difference and any related costs. Accordingly, the dealer may require the Unitholder to reimburse the amount paid if the dealer has suffered a loss as a result.

If a Unitholder redeems Mutual Fund Units, the Unitholder can tell the Manager to mail him or her a cheque or transfer the proceeds to a particular bank account with any financial institution. **For non-registered accounts, the Unitholder is responsible for tracking and reporting to the CRA any capital gains or losses that the Unitholder realizes from redeeming or switching Units.** If a Unitholder holds their Units in a Plan, tax may apply upon the withdrawal of money from the Plan.

### **Suspension of Redemptions**

The Manager may suspend the redemption of Mutual Fund Units or payment of redemption proceeds of an Evolve Fund: (i) during any period when or on any day on which normal trading is suspended on a stock exchange or other market on which securities owned by the Evolve Fund are listed and traded, if these securities represent more than 50% by value or underlying market exposure of the total assets of the Evolve Fund, without allowance for liabilities, and if these securities are not traded on any other exchange that represents a reasonably practical alternative for the Evolve Fund; or (ii) with the prior permission of the Securities Regulatory Authorities where required, for any period not exceeding 30 days during which the Manager determines that conditions exist which render impractical the sale of assets of the Evolve Fund or which impair the ability of the Custodian to determine the value of the assets of the Evolve Fund. The suspension may apply to all requests for redemption received prior to the suspension but as to which payment has not been made, as well as to all requests received while the suspension is in effect. All Unitholders making such requests shall be advised by the Manager of the suspension and that the redemption will be effected at a price determined on the first Valuation Date following the termination of the suspension. All such Unitholders shall have and shall be advised that they have the right to withdraw their requests for redemption. The suspension shall terminate in any event on the first day on which the condition giving rise to the suspension has ceased to exist, provided that no other condition under which a suspension is authorized then exists. To the extent not inconsistent with official rules and regulations promulgated by any government body having jurisdiction over an Evolve Fund, any declaration of suspension made by the Manager shall be conclusive.

### **Allocations of Capital Gains to Redeeming Unitholders**

Pursuant to the Declaration of Trust, an Evolve Fund may allocate and designate as payable any capital gains realized by the Evolve Fund as a result of any disposition of property of the Evolve Fund undertaken to permit or facilitate the redemption of Mutual Fund Units to a Unitholder whose Mutual Fund Units are being redeemed. In addition, each Evolve Fund has the authority to distribute, allocate and designate any capital gains of the Evolve Fund to a Unitholder who has redeemed Mutual Fund Units of the Evolve Fund during a year in an amount equal to the Unitholder's share, at the time of redemption, of the Evolve Fund's capital gains for the year. Any such allocations and designations will reduce the redemption price otherwise payable to the redeeming Unitholder. Provided that certain Tax Amendments are enacted as proposed, commencing in an Evolve Fund's first taxation year beginning after March 20, 2020, an amount so allocated and designated to a redeeming Unitholder will only be deductible to the applicable Evolve Fund to the extent of the gain that would otherwise be realized by the Unitholder on the redemption of Units.

### **Short-term Trading**

Most mutual funds are considered long-term investments, so the Manager discourages investors from buying, redeeming or switching units frequently.

Some investors may seek to trade fund Mutual Fund Units frequently in an effort to benefit from differences between the value of an Evolve Fund's Mutual Fund Units and the value of the underlying securities ("market timing"). Frequent trading or switching in order to time the market or otherwise can negatively impact the value of an Evolve Fund to the detriment of other Unitholders. Excessive short-term trading can also reduce an Evolve Fund's return because the Evolve Fund may be forced to hold additional cash to pay redemption proceeds or, alternatively, to sell portfolio holdings, thereby incurring additional trading costs.

Depending on the particular circumstances, the Manager will employ a combination of preventative and detective measures to discourage and identify excessive short-term trading in the funds, including:

- (a) imposition of short-term trading fees; and
- (b) monitoring of trading activity and refusal of trades.

The Manager regularly monitor transactions in all of the Evolve funds. The Manager has established criteria for each Evolve fund that is applied fairly and consistently in an effort to eliminate trading activity that the Manager deems potentially detrimental to long-term Unitholders. The Manager reserves the right to restrict or reject any purchase or switch order without any prior notice, including transactions accepted by a Unitholder's dealer. Generally speaking, trading may be considered excessive if a Unitholder sells or switches their Mutual Fund Units within 30 days of buying them on more than one occasion.

The Manager retains the right to consider trading activity in multiple accounts under common ownership, control or influence as trading in a single account when exercising its right to reject a purchase or switch. **Whether trading is considered excessive will be determined by the Manager in its sole discretion.**

## EXCHANGE AND REDEMPTION OF ETF UNITS

### Exchange of ETF Units of an Evolve Fund at NAV per ETF Unit for Baskets of Securities and/or Cash

Unitholders may exchange the applicable PNU (or an integral multiple thereof) of the Evolve Fund on any Trading Day for Baskets of Securities and cash, subject to the requirement that a minimum PNU be exchanged. To effect an exchange of ETF Units, a Unitholder must submit an exchange request in the form and at the location prescribed by the Evolve Fund from time to time at or before the applicable cut-off time on a Trading Day, or such other time prior to the Valuation Time on such Trading Day as the Manager may permit. The exchange price will be equal to the NAV of each PNU tendered for exchange determined at the Valuation Time on the effective date of the exchange request, payable by delivery of a Basket of Securities (constituted as most recently published prior to the effective date of the exchange request) and cash. The ETF Units will be redeemed in the exchange. The Manager will also make available to Dealers and the Designated Broker the applicable PNU to redeem ETF Units on each Trading Day. The effective date of an exchange request is the Trading Day on which the Valuation Time that applies to such redemption request takes place.

Upon the request of a Unitholder, the Manager may, in its complete discretion, satisfy an exchange request by delivering cash only in an amount equal to the NAV of each PNU tendered for exchange determined at the Valuation Time on the effective date of the exchange request, provided that the Unitholder agrees to pay the costs and expenses that the Evolve Funds incur or expect to incur in selling securities on the market to obtain the necessary cash for exchange.

If an exchange request is not received by the applicable cut-off time, the exchange order will be effective only on the next Trading Day. Settlement of exchanges for Baskets of Securities and/or cash will generally be made by the second Trading Day after the effective day of the exchange request.

If any securities in which an Evolve Fund has invested are cease-traded at any time by order of a Securities Regulatory Authority or other relevant regulator or stock exchange, the delivery of Baskets of Securities to a Unitholder, Dealer or the Designated Broker on an exchange in the PNU may be postponed until such time as the transfer of the Baskets of Securities is permitted by law.

As described under "Book-Entry Only System", registration of interests in, and transfers of, ETF Units will be made only through the book-entry only system of CDS. The redemption rights described below must be exercised through the CDS Participant through which the owner holds ETF Units. Beneficial owners of ETF Units should ensure that they provide redemption instructions to the CDS Participant through which they hold such ETF Units sufficiently in advance of the cut-off times described below to allow such CDS Participant to notify CDS and for CDS to notify the Manager prior to the relevant cut-off time.

### Redemption of ETF Units of an Evolve Fund for Cash

On any Trading Day, Unitholders of an Evolve Fund may redeem (i) ETF Units for cash at a redemption price per ETF Unit equal to 95% of the closing price of the ETF Units on the TSX on the effective day of the redemption, subject to a maximum redemption price per ETF Unit equal to the NAV per ETF Unit on the effective day of

redemption, less any applicable administrative fee determined by the Manager, in its sole discretion, from time to time, or (ii) a PNU of an Evolve Fund or a multiple PNU of an Evolve Fund for cash equal to the NAV of that number of ETF Units, less any applicable administrative fee determined by the Manager, in its sole discretion from time to time. Because Unitholders will generally be able to sell ETF Units at the market price on the TSX through a registered broker or dealer subject only to customary brokerage commissions, Unitholders are advised to consult their brokers, dealers or investment advisors before redeeming such ETF Units for cash. No fees or expenses are paid by Unitholders to the Manager or any Evolve Fund in connection with selling ETF Units on the TSX.

In order for a cash redemption to be effective on a Trading Day, a cash redemption request with respect to the applicable Evolve Fund must be delivered to the Manager in the form and at the location prescribed by the Manager from time to time at or before the applicable cut-off time on such Trading Day. Any cash redemption request received after such time will be effective only on the next Trading Day. Where possible, payment of the redemption price will be made by no later than the second Trading Day after the effective day of the redemption.

Unitholders that have delivered a redemption request prior to the Distribution Record Date for any distribution will not be entitled to receive that distribution.

In connection with the redemption of ETF Units of an Evolve Fund, the Evolve Fund will generally dispose of securities or other financial instruments.

### **Suspension of Exchanges and Redemptions**

The Manager may suspend the exchange or redemption of ETF Units or payment of redemption proceeds of an Evolve Fund: (i) during any period when normal trading is suspended on a stock exchange or other market on which securities owned by the Evolve Fund are listed and traded, if these securities represent more than 50% by value or underlying market exposure of the total assets of the Evolve Fund, without allowance for liabilities, and if these securities are not traded on any other exchange that represents a reasonably practical alternative for the Evolve Fund; or (ii) with the prior permission of the Securities Regulatory Authorities where required, for any period not exceeding 30 days during which the Manager determines that conditions exist which render impractical the sale of assets of the Evolve Fund or which impair the ability of the Custodian to determine the value of the assets of the Evolve Fund. The suspension may apply to all requests for exchange or redemption received prior to the suspension but as to which payment has not been made, as well as to all requests received while the suspension is in effect. All Unitholders making such requests shall be advised by the Manager of the suspension and that the exchange or redemption will be effected at a price determined on the first Valuation Date following the termination of the suspension. All such Unitholders shall have and shall be advised that they have the right to withdraw their requests for exchange or redemption. The suspension shall terminate in any event on the first day on which the condition giving rise to the suspension has ceased to exist, provided that no other condition under which a suspension is authorized then exists. To the extent not inconsistent with official rules and regulations promulgated by any government body having jurisdiction over an Evolve Fund, any declaration of suspension made by the Manager shall be conclusive.

### **Other ETF Unit Charges**

An amount as may be agreed to between the Manager and the Designated Broker or a Dealer of ETF Units may be charged to offset certain transaction costs associated with an issue, exchange or redemption of ETF Units. This charge does not apply to Unitholders who buy and sell their ETF Units through the facilities of the TSX.

### **Allocations of Capital Gains to Redeeming or Exchanging Unitholders**

Pursuant to the Declaration of Trust, an Evolve Fund may allocate and designate as payable any capital gains realized by the Evolve Fund as a result of any disposition of property of the Evolve Fund undertaken to permit or facilitate the redemption or exchange of ETF Units to a Unitholder whose ETF Units are being redeemed or exchanged. In addition, each Evolve Fund has the authority to distribute, allocate and designate any capital gains of the Evolve Fund to a Unitholder who has redeemed or exchanged ETF Units of the Evolve Fund during a year in an amount equal to the Unitholder's share, at the time of redemption or exchange, of the Evolve Fund's capital gains for the year. Any such allocations and designations will reduce the redemption price otherwise payable to the redeeming or exchanging Unitholder. Provided that certain Tax Amendments are enacted as proposed, commencing in an Evolve Fund's first taxation year beginning after March 20, 2020, an amount so allocated and designated to a redeeming or exchanging Unitholder will only be deductible to the applicable Evolve Fund to the extent of the gain that would otherwise be realized by the Unitholder on the redemption or exchange of Units.

### Book-Entry Only System

Registration of interests in, and transfers of, ETF Units will be made only through the book-entry only system of CDS. ETF Units must be purchased, transferred and surrendered for redemption only through a CDS Participant. All rights of an owner of ETF Units must be exercised through, and all payments or other property to which such owner is entitled will be made or delivered by, CDS or the CDS Participant through which the owner holds such ETF Units. Upon buying ETF Units, the owner will receive only the customary confirmation. References in this prospectus to a holder of ETF Units means, unless the context otherwise requires, the owner of the beneficial interest of such ETF Units.

Neither an Evolve Fund nor the Manager will have any liability for: (i) records maintained by CDS relating to the beneficial interests in ETF Units or the book entry accounts maintained by CDS; (ii) maintaining, supervising or reviewing any records relating to such beneficial ownership interests; or (iii) any advice or representation made or given by CDS and made or given with respect to the rules and regulations of CDS or any action taken by CDS or at the direction of the CDS Participants.

The ability of a beneficial owner of ETF Units to pledge such ETF Units or otherwise take action with respect to such owner's interest in such ETF Units (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

An Evolve Fund has the option to terminate registration of ETF Units through the book-entry only system in which case certificates for ETF Units in fully registered form will be issued to beneficial owners of such ETF Units or to their nominees.

### Short-term Trading

Unlike the Mutual Fund Units, in which short-term trading by investors may cause an Evolve Fund to incur additional unnecessary trading costs in connection with the purchase of additional portfolio securities and the sale of portfolio securities to fund Unitholder redemptions, the Manager does not believe that it is necessary to impose any short-term trading restrictions on the ETF Units at this time as: (i) the ETF Units are generally traded by investors on an exchange in the secondary market in the same way as listed securities; and (ii) the few transactions involving ETF Units that do not occur on the secondary market involve the Designated Broker and/or Dealers, who can only purchase or redeem ETF Units in a PNU and on whom the Manager may impose an administrative fee. The administrative fee is intended to compensate an Evolve Fund for any costs and expenses incurred by the Evolve Fund in order to fund the redemption of ETF Units.

## PRIOR SALES

### Trading Price and Volume

The following charts set out the price ranges and volume of ETF Units of each of the Evolve Funds traded on the TSX for each month, or if applicable, partial month of the 12-month period before the date of this prospectus:

**INCOME TAX CONSIDERATIONS**

The following is, as of the date hereof, a summary of the principal Canadian federal income tax considerations under the Tax Act generally applicable to the acquisition, holding and disposition of Units of an Evolve Fund by a Unitholder of the Evolve Fund who acquires Units of the Evolve Fund pursuant to this prospectus. This summary only applies to a prospective Unitholder of an Evolve Fund who is an individual (other than a trust) resident in Canada for purposes of the Tax Act who deals at arm's length with the Evolve Fund, the Designated Broker and the Dealers and is not

affiliated with the Evolve Fund, the Designated Broker or any Dealer and who holds Units of the Evolve Fund as capital property (a “Holder”).

Generally, Units of an Evolve Fund will be considered to be capital property to a Holder provided that the Holder does not hold such Units in the course of carrying on a business of buying and selling securities and has not acquired them in one or more transactions considered to be an adventure or concern in the nature of trade. Provided that an Evolve Fund qualifies as a “mutual fund trust” for purposes of the Tax Act, certain Holders who might not otherwise be considered to hold Units of the Evolve Fund as capital property may, in certain circumstances, be entitled to have such Units and all other “Canadian securities” owned or subsequently acquired by them treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act. This summary does not apply to a Holder who has entered or will enter into a “derivative forward agreement” as that term is defined in the Tax Act with respect to the Units or any Basket of Securities disposed of in exchange for Units.

This summary is based on the assumptions that (i) none of the Evolve Funds will be subject to the tax for “SIFT trusts” for purposes of the Tax Act, (ii) none of the issuers of the securities in the portfolio of an Evolve Fund will be foreign affiliates of the Evolve Fund or of any Holder, (iii) none of the securities in the portfolio of an Evolve Fund will be a “tax shelter investment” within the meaning of section 143.2 of the Tax Act, (iv) none of the Evolve Funds will enter into any arrangement where the result is a dividend rental arrangement for purposes of the Tax Act, and (v) none of the securities in the portfolio of an Evolve Fund will be an offshore investment fund property (or an interest in a partnership that holds such property) that would require the Evolve Fund (or the partnership) to include significant amounts in the Evolve Fund’s (or the partnership’s) income pursuant to section 94.1 of the Tax Act, or an interest in a trust (or a partnership which holds such an interest) which would require the Evolve Fund (or the partnership) to report significant amounts of income in connection with such interest pursuant to the rules in section 94.2 of the Tax Act, or an interest in a non-resident trust other than an “exempt foreign trust” (or a partnership which holds such interest).

This summary also assumes that each Evolve Fund will comply with its investment restriction and no Evolve Fund will earn any “designated income” as defined for the purpose of Part XII.2 of the Tax Act.

This summary is based on the facts described herein, the current provisions of the Tax Act, and an understanding of the current publicly available administrative policies and assessing practices of the CRA published in writing prior to the date hereof. This summary takes into account the Tax Amendments. This description is not exhaustive of all Canadian federal income tax consequences and does not take into account or anticipate changes in the law or in administrative policy or assessing practice, whether by legislative, governmental or judicial action other than the Tax Amendments in their present form, nor does it take into account provincial, territorial or foreign tax considerations which may differ significantly from those discussed herein. There can be no assurance that the Tax Amendments will be enacted in the form publicly announced, or at all.

**This summary is not exhaustive of all possible Canadian federal income tax considerations applicable to an investment in Units. This summary does not address the deductibility of interest on any funds borrowed by a Holder to purchase Units. The income and other tax consequences of investing in Units will vary depending on an investor’s particular circumstances including the province or territory in which the investor resides or carries on business. Accordingly, this summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any holder of Units. Prospective investors should consult their own tax advisors with respect to the income tax consequences to them of an acquisition of Units based on their particular circumstances.**

A Holder will be required to compute all amounts, including the adjusted cost base of USD Unhedged ETF Units and proceeds of disposition, in Canadian dollars in accordance with the detailed rules in the Tax Act.

### **Status of the Evolve Funds**

This summary assumes that (i) each Evolve Fund currently qualifies and will continue to qualify at all times as a “unit trust” within the meaning of the Tax Act; (ii) each Evolve Fund (other than LIFE and TIME) has qualified as a “mutual fund trust” within the meaning of the Tax Act at all times throughout the Evolve Fund’s current taxation year and will continue to qualify as a mutual fund trust at all times; and (iii) each of LIFE and TIME does not currently qualify as a mutual fund trust.

To qualify as a mutual fund trust (i) an Evolve Fund must be a Canadian resident “unit trust” for purposes of the Tax Act, (ii) the only undertaking of the Evolve Fund must be (a) the investing of its funds in property (other than real

property or interests in real property or an immovable or a real right in an immovable), (b) the acquiring, holding, maintaining, improving, leasing or managing of any real property (or interest in real property) or of any immovable (or real right in immovables) that is capital property of the Evolve Fund, or (c) any combination of the activities described in (a) and (b), and (iii) the Evolve Fund must comply with certain minimum requirements respecting the ownership and dispersal of a particular class of Units (the “**Minimum Distribution Requirements**”). In addition, in order to qualify as a mutual fund trust, an Evolve Fund cannot at any time reasonably be considered to have been established and/or maintained primarily for the benefit of non-residents unless, at that time, substantially all of its property consists of property other than property that would be “taxable Canadian property” within the meaning of the Tax Act (if the definition of such term were read without reference to paragraph (b) of that definition).

If an Evolve Fund were not to qualify or be deemed to qualify as a mutual fund trust at all times, the income tax considerations described below would, in some respects, be materially and adversely different in respect of that Evolve Fund, than would be the case if it were a mutual fund trust.

If an Evolve Fund does not qualify as a mutual fund trust under the Tax Act and more than 50% of the fair market value of all interests in the Evolve Fund are held by holders that are “financial institutions”, as such term is defined in the Tax Act, the Evolve Fund will be a “financial institution” within the meaning of the Tax Act. In that event, gains and losses of such Evolve Fund on property that is “mark-to-market property” for purposes of these rules will be fully included in/deducted from income on an annual mark-to-market basis.

An Evolve Fund that becomes or ceases to be a financial institution for the above purposes will be deemed to have a year-end for tax purposes at such time, and will be deemed to have disposed of certain properties at their fair market value and to have reacquired them immediately thereafter. A deemed taxation year-end would result in an unscheduled distribution of the Evolve Fund’s net income and net realized capital gains, if any, at such time to Unitholders so that the Evolve Fund is not liable for income tax on such amounts under Part I of the Tax Act.

As of the date hereof, TIME is a financial institution for purposes of the Tax Act.

Provided that an Evolve Fund qualifies as a “mutual fund trust” within the meaning of the Tax Act, Units of that Evolve Fund will be qualified investments under the Tax Act for a trust governed by an RRSP, a RRIF, a DPSP, an RDSP, an RESP or a TFSA (“**Plans**”). In addition, the ETF Units will be qualified investments under the Tax Act for a trust governed by a Plan provided such Units are listed on a “designated stock exchange” (which currently includes the TSX) within the meaning of the Tax Act. See “Income Tax Considerations – Taxation of Registered Plans” for the consequences of holding Units in Plans.

### **Taxation of the Evolve Funds**

Each of CYBR, HERS, CARS, CALL, CAPS, DIVS and EARN has elected to have a taxation year that ends on December 15 of each calendar year. Each of LIFE and TIME will elect to have a taxation year that ends on December 15 of each calendar year if and when this election becomes available. This election will only be available to LIFE or TIME when such Evolve Fund qualifies as a mutual fund trust at the time the election is required to be made. Prior to making such election, each of LIFE and TIME will have a taxation year that ends on December 31 of each calendar year. An Evolve Fund must pay tax on its net income (including net realized taxable capital gains) for a taxation year, less the portion thereof that it deducts in respect of the amount paid or payable to its Unitholders for the year. If an Evolve Fund has elected to have a taxation year that ends on December 15, such amounts may be paid or payable to Unitholders in the calendar year in which the taxation year ends. An amount will be considered to be payable to a Unitholder of an Evolve Fund in a calendar year if it is paid to the Unitholder in that year by the Evolve Fund or if the Unitholder is entitled in that year to enforce payment of the amount. In accordance with the Declaration of Trust, the Manager intends that sufficient amounts be paid or made payable each year so that no Evolve Fund is liable for any non-refundable income tax under Part I of the Tax Act.

An Evolve Fund will be required to include in its income for each taxation year any dividends received (or deemed to be received) by it in such year on a security held in its portfolio.

With respect to indebtedness, an Evolve Fund will be required to include in its income for a taxation year all interest thereon that accrues (or is deemed to accrue) to it to the end of that year (or until the disposition of the indebtedness in that year, including on a conversion, redemption or repayment on maturity) or that has become receivable or is received by the Evolve Fund before the end of that year except to the extent that such interest was included in computing the Evolve Fund’s income for a preceding year and excluding any interest that accrued prior to the time of the acquisition of the indebtedness by the Evolve Fund.

To the extent an Evolve Fund holds trust units issued by a trust resident in Canada that is not at any time in the relevant taxation year a “SIFT trust” and held as capital property for purposes of the Tax Act, the Evolve Fund will be required to include in the calculation of its income for a taxation year the net income, including net taxable capital gains, paid or payable to the Evolve Fund by such trust in the calendar year in which that taxation year ends, notwithstanding that certain of such amounts may be reinvested in additional units of the trust. Provided that appropriate designations are made by such trust, net taxable capital gains realized by the trust, foreign source income of the trust and taxable dividends from taxable Canadian corporations received by the trust that are paid or payable by the trust to the Evolve Fund will effectively retain their character in the hands of the Evolve Fund. The Evolve Fund will be required to reduce the adjusted cost base of units of such trust by any amount paid or payable by the trust to the Evolve Fund except to the extent that the amount was included in calculating the income of the Evolve Fund or was the Evolve Fund’s share of the non-taxable portion of capital gains of the trust, the taxable portion of which was designated in respect of the Evolve Fund. If the adjusted cost base to the Evolve Fund of such units becomes a negative amount at any time in a taxation year of the Evolve Fund, that negative amount will be deemed to be a capital gain realized by the Evolve Fund in that taxation year and the Evolve Fund’s adjusted cost base of such units will be increased by the amount of such deemed capital gain to zero.

Each issuer in an Evolve Fund’s portfolio that is a “SIFT trust” (which will generally include Canadian resident income trusts, other than certain real estate investment trusts, the units of which are listed or traded on a stock exchange or other public market) will be subject to a special tax in respect of (i) income from business carried on in Canada, and (ii) certain income and capital gains in respect of “non-portfolio properties” (collectively, “**Non-Portfolio Income**”). Non-Portfolio Income that is distributed by a SIFT trust to its unitholders will be taxed at a rate that is equivalent to the federal general corporate tax rate plus a prescribed amount on account of provincial tax. Non-Portfolio Income that becomes payable by an issuer that is a SIFT trust will generally be taxed as though it were a taxable dividend from a taxable Canadian corporation and will be deemed to be an “eligible dividend” eligible for the enhanced gross-up and tax credit rules.

At any time that an Evolve Fund is a financial institution for purposes of the “mark-to-market property” rules contained in the Tax Act, gains and losses on the disposition of “mark-to-market property” will be on income account and will be brought into income annually on a mark-to-market basis. In respect of securities in the portfolio of an Evolve Fund that are not “mark-to-market property”, or provided the Evolve Fund is not a financial institution, in general, an Evolve Fund will realize a capital gain (or capital loss) upon the actual or deemed disposition of a security included in its portfolio to the extent the proceeds of disposition net of any amounts included as interest on the disposition of the security and any reasonable costs of disposition exceed (or are less than) the adjusted cost base of such security unless the Evolve Fund were considered to be trading or dealing in securities or otherwise carrying on a business of buying and selling securities or the Evolve Fund has acquired the security in a transaction or transactions considered to be an adventure or concern in the nature of trade. Each Evolve Fund purchases the securities in its portfolio with the objective of receiving dividends, interest and other distributions thereon, as applicable, and takes the position that gains and losses realized on the disposition of its securities are capital gains and capital losses, provided such gains and losses are (i) in respect of property that is not “mark-to-market property” where the Evolve Fund is a financial institution for purposes of the “mark-to-market property” rules, or (ii) in respect of any securities in the portfolio of an Evolve Fund where the Evolve Fund is not such a financial institution. Each Evolve Fund has made an election under subsection 39(4) of the Tax Act, if applicable, so that all securities held by the Evolve Fund that are “Canadian securities” (as defined in the Tax Act) are deemed to be capital property to the Evolve Fund. Such election will affect a disposition of securities if, at the time of such disposition, the Evolve Fund is a mutual fund trust for purposes of the Tax Act or is not (i) a financial institution for purposes of the “mark-to-market property” rules in the Tax Act, or (ii) a trader or dealer in securities.

Each Evolve Fund will be entitled for each taxation year throughout which it is a mutual fund trust for purposes of the Tax Act to reduce (or receive a refund in respect of) its liability, if any, for tax on its net realized capital gains by an amount determined under the Tax Act based on the redemptions of Units during the year (the “**Capital Gains Refund**”). The Capital Gains Refund in a particular taxation year may not completely offset the tax liability of an Evolve Fund for such taxation year which may arise upon the sale or other disposition of securities included in the portfolio in connection with the redemption of Units. Each of LIFE and TIME is not currently a mutual fund trust and, as such, cannot make use of the Capital Gains Refund mechanism.

In general, gains and losses realized by an Evolve Fund from Derivative transactions will be on income account except where such Derivatives are used to hedge portfolio securities held on capital account provided the Evolve Fund is not

a financial institution and there is sufficient linkage, subject to the DFA Rules discussed below, and such gains and losses will be recognized for tax purposes at the time they are realized by the Evolve Fund.

A loss realized by an Evolve Fund on a disposition of capital property will be a suspended loss for purposes of the Tax Act if the Evolve Fund, or a person affiliated with the Evolve Fund, acquires a property (a “**Substituted Property**”) that is the same as or identical to the property disposed of, within 30 days before and 30 days after the disposition and the Evolve Fund, or a person affiliated with the Evolve Fund, owns the Substituted Property 30 days after the original disposition. If a loss is suspended, an Evolve Fund cannot deduct the loss from the Evolve Fund’s capital gains until the Substituted Property is disposed of and is not reacquired by the Evolve Fund, or a person affiliated with the Evolve Fund, within 30 days before and after the disposition.

Premiums received on covered call options written by CALL or LIFE, which are not exercised prior to the end of the taxation year will constitute capital gains of the Evolve Fund in the taxation year received, unless such premiums are received by the Evolve Fund as income from a business or the Evolve Fund has engaged in a transaction or transactions considered to be an adventure or concern in the nature of trade. Each such Evolve Fund purchases the securities in its portfolio with the objective of receiving dividends and distributions thereon over the life of the Evolve Fund and writes covered call options with the objective of increasing the yield on the portfolio beyond the dividends and distributions received. Having regard to the foregoing, and in accordance with the CRA’s published administrative policies, transactions undertaken by an Evolve Fund in respect of options on the securities in its portfolio written as described under “Investment Strategies – Covered Option Writing (applicable to CALL and LIFE)” will be on capital account. Each Evolve Fund reports such transactions on capital account.

Premiums received by CALL or LIFE on covered call options which are subsequently exercised are added in computing the proceeds of disposition to the Evolve Fund of the securities disposed of by the Evolve Fund upon the exercise of such call options. In addition, where a covered call option is exercised after the end of the taxation year in which it was granted and where this results in CALL or LIFE disposing of securities, the Evolve Fund’s capital gain in the previous taxation year in respect of the receipt of the option premium will be reversed.

An Evolve Fund may enter into transactions denominated in currencies other than the Canadian dollar including the acquisition of securities in its portfolio. The cost and proceeds of disposition of securities, dividends, interest, distributions and all other amounts will be determined for the purposes of the Tax Act in Canadian dollars using the appropriate exchange rates determined in accordance with the detailed rules in the Tax Act in that regard. The amount of income, gains and losses realized by an Evolve Fund may be affected by fluctuations in the value of other currencies relative to the Canadian dollar. Gains or losses in respect of currency hedges entered into in respect of amounts invested in the portfolio of an Evolve Fund will constitute capital gains and capital losses to the Evolve Fund if the securities in the Evolve Fund’s portfolio are capital property to the Evolve Fund and provided the Evolve Fund is not a financial institution and there is sufficient linkage.

The DFA Rules target certain financial arrangements (described in the DFA Rules as “derivative forward agreements”) that seek to deliver a return based on an “underlying interest” (other than certain excluded underlying interests) for purposes of the DFA Rules. The DFA Rules are broad in scope and could apply to other agreements or transactions (including certain option contracts). If the DFA Rules were to apply in respect of any Derivatives utilized by an Evolve Fund, gains realized in respect of the property underlying such Derivatives could be treated as ordinary income rather than capital gains. Provided a covered call option is written by an Evolve Fund in the manner described under “Investment Strategies – Covered Option Writing (applicable to CALL and LIFE)”, the writing of such call option will not be subject to the DFA Rules.

An Evolve Fund may derive income or gains from investments in countries other than Canada, and as a result, may be liable to pay income or profits tax to such countries. To the extent that such foreign tax paid by an Evolve Fund exceeds 15% of the amount included in the Evolve Fund’s income from such investments, such excess may generally be deducted by the Evolve Fund in computing its net income for the purposes of the Tax Act. To the extent that such foreign tax paid does not exceed 15% of the amount included in the Evolve Fund’s income from such investments and has not been deducted in computing the Evolve Fund’s income, the Evolve Fund may designate in respect of a Holder a portion of its foreign source income that can reasonably be considered to be part of the Evolve Fund’s income distributed to such Holder so that such income and a portion of the foreign tax paid by the Evolve Fund may be regarded as foreign source income of, and foreign tax paid by, the Holder for the purposes of the foreign tax credit provisions of the Tax Act.

An Evolve Fund will be entitled to deduct an amount equal to the reasonable expenses that it incurs in the course of issuing Units. Such issue expenses paid by an Evolve Fund and not reimbursed will be deductible by the Evolve Fund ratably over a five-year period subject to reduction in any taxation year which is less than 365 days. In computing its income under the Tax Act, an Evolve Fund may deduct reasonable administrative and other expenses incurred to earn income.

Losses incurred by an Evolve Fund in a taxation year cannot be allocated to Holders, but may be deducted by the Evolve Fund in future years in accordance with the Tax Act.

The Tax Act provides for a special tax on the designated income of certain trusts (other than a trust that was throughout the taxation year a mutual fund trust) that have designated beneficiaries. The Manager intends to monitor the activities of any Evolve Fund that is not a mutual fund trust so as to ensure that such Evolve Fund does not earn any designated income for purposes of the Tax Act. On this basis, it is anticipated that the Evolve Funds will not have any material liability with respect to this special tax.

If an Evolve Fund does not qualify as a mutual fund trust under the Tax Act throughout a taxation year, among other things, (a) the Evolve Fund may be liable to pay an alternative minimum tax under the Tax Act, and (b) it may be subject to the “anti-straddle” rules which would defer the ability to claim certain losses.

### **Taxation of Holders**

A Holder will generally be required to include in computing income for a particular taxation year of the Holder such portion of the net income of an Evolve Fund, including the taxable portion of any net realized capital gains, as is paid or becomes payable to the Holder in that particular taxation year (whether in cash, in Units of the applicable class or reinvested in additional Units or whether as a Management Fee Distribution). In the case of an Evolve Fund that has validly elected to have a December 15 taxation year end, amounts paid or payable by the Evolve Fund to a Holder after December 15 and before the end of the calendar year are deemed to have been paid or become payable to the Holder on December 15.

Under the Tax Act, an Evolve Fund is permitted to deduct in computing its income for a taxation year an amount that is less than the amount of its distributions of income for the calendar year to the extent necessary to enable the Evolve Fund to use, in that taxation year, losses from prior years without affecting the ability of the Evolve Fund to distribute its income annually. In such circumstances, the amount distributed to a Holder of an Evolve Fund but not deducted by the Evolve Fund will not be included in the Holder’s income. However, the adjusted cost base of the Holder’s Units of the Evolve Fund will be reduced by such amount. The non-taxable portion of an Evolve Fund’s net realized capital gains for a taxation year, the taxable portion of which was designated in respect of a Holder for the taxation year, that is paid or becomes payable to the Holder for the year will not be included in computing the Holder’s income for the year. Any other amount in excess of a Holder’s share of the net income of an Evolve Fund for a taxation year that is paid or becomes payable to the Holder for the year (i.e. returns of capital) will not generally be included in the Holder’s income for the year, but will reduce the adjusted cost base of the Holder’s Units of the Evolve Fund. To the extent that the adjusted cost base of a Unit to a Holder would otherwise be a negative amount, the negative amount will be deemed to be a capital gain and the adjusted cost base of the Unit to the Holder will be increased by the amount of such deemed capital gain to zero.

Provided that appropriate designations are made by an Evolve Fund, such portion of the net realized taxable capital gains of the Evolve Fund, the taxable dividends received or deemed to be received by the Evolve Fund on shares of taxable Canadian corporations and foreign source income of the Evolve Fund as is paid or becomes payable to a Holder will effectively retain its character and be treated as such in the hands of the Holder for purposes of the Tax Act. To the extent that amounts are designated as taxable dividends from taxable Canadian corporations, the gross-up and dividend tax credit rules will apply. Where an Evolve Fund makes designations in respect of its foreign source income, for the purpose of computing any foreign tax credit that may be available to a Holder, the Holder will generally be deemed to have paid as tax to the government of a foreign country that portion of taxes paid by the Evolve Fund to that country that is equal to the Holder’s share of the Evolve Fund’s income from sources in that country.

Any loss of an Evolve Fund for purposes of the Tax Act cannot be allocated to, and cannot be treated as a loss of, a Holder.

On the disposition or deemed disposition of a Unit of an Evolve Fund, including on a redemption, a Holder will realize a capital gain (or capital loss) to the extent that the Holder’s proceeds of disposition (other than any amount payable by the Evolve Fund which represents capital gains allocated and designated to the redeeming Holder), net of any

reasonable costs of disposition, exceed (or are less than) the adjusted cost base of the Unit. For the purpose of determining the adjusted cost base of a Holder's Units of a particular class of an Evolve Fund, when additional Units of that class of the Evolve Fund are acquired by the Holder (as a result of a distribution by an Evolve Fund in the form of Units, a reinvestment in Units of an Evolve Fund pursuant to the distribution reinvestment plan or otherwise), the cost of the newly acquired Units of that class of the Evolve Fund will be averaged with the adjusted cost base of all Units of the same class of the Evolve Fund owned by the Holder as capital property immediately before that time. For this purpose, the cost of Units that have been issued on a distribution will generally be equal to the amount of the distribution. A consolidation of Units of an Evolve Fund following a distribution paid in the form of additional Units of the Evolve Fund as described under "Distribution Policy" will not be regarded as a disposition of Units of the Evolve Fund and will not affect the aggregate adjusted cost base to a Holder. Any additional Units acquired by a Holder on the reinvestment of distributions will generally have a cost equal to the amount reinvested.

In the case of an exchange of ETF Units of an Evolve Fund for a Basket of Securities, a Holder's proceeds of disposition of ETF Units of the Evolve Fund would generally be equal to the aggregate of the fair market value of the distributed property and the amount of any cash received, less any capital gain realized by the Evolve Fund on the disposition of such distributed property. The cost to a Holder of any property received from the Evolve Fund upon the exchange will generally be equal to the fair market value of such property at the time of the distribution. In the case of an exchange of ETF Units for a Basket of Securities, the investor may receive securities that may or may not be qualified investments under the Tax Act for Plans. If such securities are not qualified investments for Plans, such Plans (and, in the case of certain Plans, the annuitants, beneficiaries or subscribers thereunder or holders thereof) may be subject to adverse tax consequences. Investors should consult their own tax counsel for advice on whether or not such securities would be qualified investments for Plans.

Pursuant to the Declaration of Trust, an Evolve Fund may allocate and designate as payable any capital gains realized by the Evolve Fund as a result of any disposition of property of the Evolve Fund undertaken to permit or facilitate the redemption or exchange of Units of the Evolve Fund to a Holder whose Units are being redeemed or exchanged. In addition, an Evolve Fund has the authority to distribute, allocate and designate any capital gains of the Evolve Fund to a Holder of the Evolve Fund who has redeemed or exchanged Units of the Evolve Fund during a year in an amount equal to the Holder's share, at the time of redemption or exchange, of the Evolve Fund's capital gains for the year. Any such allocations and designations will reduce the redemption price otherwise payable to the Holder and therefore the Holder's proceeds of disposition. Provided that certain Tax Amendments are enacted as proposed, commencing in an Evolve Fund's first taxation year beginning after March 20, 2020, an amount so allocated and designated to a redeeming or exchanging Holder will only be deductible to the applicable Evolve Fund to the extent of the gain that would otherwise be realized by the Holder on the redemption or exchange of Units.

In general, one-half of any capital gain (a "**taxable capital gain**") realized by a Holder on the disposition of Units of an Evolve Fund or a taxable capital gain designated by the Evolve Fund in respect of the Holder for a taxation year of the Holder will be included in computing the Holder's income for that year and one-half of any capital loss (an "**allowable capital loss**") realized by the Holder in a taxation year of the Holder generally must be deducted from taxable capital gains realized by the Holder in the taxation year or designated by the Evolve Fund in respect of the Holder for the taxation year in accordance with the detailed provisions of the Tax Act. Allowable capital losses for a taxation year in excess of taxable capital gains for that taxation year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against taxable capital gains in accordance with the provisions of the Tax Act.

Based in part on the current published administrative policies and assessing practices of the CRA, a switch of one class of Hedged Mutual Fund Units of an Evolve Fund into another class of Hedged Mutual Fund Units of the same Evolve Fund or a switch of one class of Unhedged Mutual Fund Units of an Evolve Fund into another class of Unhedged Mutual Fund Units of the same Evolve Fund will not constitute a disposition of the Mutual Fund Units so switched for the purposes of the Tax Act.

Each Holder who delivers subscription proceeds consisting of a Basket of Securities will be disposing of securities in exchange for ETF Units of an Evolve Fund. Assuming that such securities are held by the Holder as capital property for purposes of the Tax Act, the Holder will generally realize a capital gain (or a capital loss) in the taxation year of the Holder in which the disposition of such securities takes place to the extent that the proceeds of disposition for such securities, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of such securities to the Holder. For this purpose, the proceeds of disposition to the Holder of securities disposed of will equal the aggregate of the fair market value of the ETF Units of the Evolve Fund received for the securities. The cost to a

Holder of ETF Units of an Evolve Fund acquired in exchange for a Basket of Securities and cash (if any) will be equal to the aggregate of the cash paid (if any) to the Evolve Fund plus the fair market value of the securities disposed of in exchange for ETF Units at the time of disposition, which sum would generally be equal to or would approximate the fair market value of the ETF Units received as consideration in exchange for a Basket of Securities and cash (if any).

Amounts designated by an Evolve Fund to a Holder of the Evolve Fund as taxable capital gains or dividends from taxable Canadian corporations, and taxable capital gains realized on the disposition of Units of the Evolve Fund may increase the Holder's liability, if any, for alternative minimum tax.

### **Taxation of Registered Plans**

Distributions received by Plans on Units and capital gains realized by Plans on the disposition of Units are generally not taxable under Part I of the Tax Act provided the Units are "qualified investments" for the Plan for purposes of the Tax Act.

Holders should consult with their own advisors regarding the tax implications of establishing, amending, terminating or withdrawing amounts from a Plan.

Notwithstanding the foregoing, the holder of a TFSA or RDSP, the annuitant of an RRSP or RRIF or the subscriber of an RESP will be subject to a penalty tax in respect of Units held by such TFSA, RDSP, RRSP, RRIF or RESP, as the case may be, if such Units are a "prohibited investment" for such Plan for the purposes of the Tax Act. The Units of an Evolve Fund will not be a "prohibited investment" for a trust governed by a TFSA, RDSP, RRSP, RRIF or RESP unless the holder of the TFSA or RDSP, the annuitant of the RRSP or RRIF or the subscriber of the RESP, as applicable, (i) does not deal at arm's length with the Evolve Fund for purposes of the Tax Act, or (ii) has a "significant interest" as defined in the Tax Act in the Evolve Fund. Generally, a holder, annuitant or subscriber, as the case may be, will not have a significant interest in an Evolve Fund unless the holder, annuitant or subscriber, as the case may be, owns interests as a beneficiary under the Evolve Fund that have a fair market value of 10% or more of the fair market value of the interests of all beneficiaries under the Evolve Fund, either alone or together with persons and partnerships with which the holder, annuitant or subscriber, as the case may be, does not deal at arm's length. In addition, the Units will not be a prohibited investment if such Units are "excluded property" as defined in the Tax Act for a trust governed by a TFSA, RDSP, RRSP, RRIF or RESP.

Holders, annuitants or subscribers should consult their own tax advisors with respect to whether Units of an Evolve Fund would be prohibited investments, including with respect to whether such Units would be excluded property.

### **Tax Implications of the Evolve Funds' Distribution Policy**

The NAV per Unit of an Evolve Fund will, in part, reflect any income and gains of the Evolve Fund that have accrued or have been realized, but have not been made payable at the time Units of the Evolve Fund were acquired. Accordingly, a Holder of an Evolve Fund who acquires Units, including on a distribution of Units or on a reinvestment in Units, may become taxable on the Holder's share of such income and gains of the Evolve Fund. In particular, an investor who acquires Units at any time in the year but prior to a distribution being paid or made payable will have to pay tax on the entire distribution (to the extent it is a taxable distribution) notwithstanding that such amounts may have been reflected in the price paid by the Holder for the Units. Further, if an Evolve Fund has validly elected to have a taxation year that ends on December 15 of a calendar year and a Holder acquires Units of such Evolve Fund after December 15 of such year, such Holder may become taxable on income earned or capital gains realized in the taxation year ending on December 15 of such calendar year but that had not been made payable before the Units were acquired.

## **ORGANIZATION AND MANAGEMENT DETAILS OF THE EVOLVE FUNDS**

### **Manager**

EFG is the trustee, manager, promoter and portfolio manager of the Evolve Funds and is responsible for the administration of the Evolve Funds. In its capacity as portfolio manager, EFG is responsible for the oversight and provision of investment advisory services to the Evolve Funds by the Sub-Advisors. In addition, except with respect to EARN, any decisions relating to currency hedging of the Hedged Units, as applicable, shall remain the responsibility of the Manager. The Manager is registered as an investment fund manager and portfolio manager with the applicable Securities Regulatory Authorities in Canada. The registered office of the Evolve Funds and the Manager is located at 161 Bay Street, Suite 2700, Toronto, ON M5J 2S1.

The Manager performs or arranges for the performance of management services for the Evolve Funds, is responsible for the administration of the Evolve Funds and provides investment advisory and portfolio management services to the Evolve Funds with respect to their respective portfolios, including retaining the services of a sub-advisor, as applicable. The Manager is entitled to fees for its services as manager under the Declaration of Trust as described under “Fees and Expenses” and will be reimbursed for all reasonable costs and expenses incurred by the Manager on behalf of the Evolve Funds.

***Duties and Services to be provided by the Manager***

Pursuant to the Declaration of Trust, the Manager has full authority and responsibility to manage and direct the business and affairs of the Evolve Funds, to make all decisions regarding the business of the Evolve Funds and to bind the Evolve Funds. The Manager may delegate certain of its powers to third parties where, in the discretion of the Manager, it would be in the best interests of the Evolve Funds to do so.

The Manager is responsible for providing, or causing to be provided, management, administrative and portfolio advisory and investment management services to the Evolve Funds. The Manager’s duties include, without limitation:

- (i) negotiating contracts with certain third-party service providers, including but not limited to investment managers, sub-advisors, custodians, registrars, transfer agents, auditors and printers;
- (ii) authorizing the payment of operating expenses incurred on behalf of the Evolve Funds;
- (iii) maintaining accounting records;
- (iv) preparing the reports to Unitholders and to the applicable Securities Regulatory Authorities;
- (v) calculating the amount and determining the frequency of distributions by the Evolve Funds;
- (vi) preparing financial statements, income tax returns and financial and accounting information as required;
- (vii) ensuring that Unitholders are provided with financial statements and other reports as are required from time to time by applicable law;
- (viii) ensuring that the Evolve Funds comply with all other regulatory requirements including continuous disclosure obligations under applicable securities laws;
- (ix) administering purchases, redemptions and other transactions in Units;
- (x) arranging for any payments required upon termination of the Evolve Funds;
- (xi) dealing and communicating with Unitholders;
- (xii) providing office facilities and personnel to carry out these services, if not otherwise furnished by any other service provider to the Evolve Funds;
- (xiii) monitoring the investment strategy of each Evolve Fund to ensure that each Evolve Fund complies with its investment objective, investment strategies and investment restrictions and practices; and
- (xiv) facilitating the execution of orders and investment recommendation provided by sub-advisors where required.

The Manager is required to exercise its powers and discharge its duties honestly, in good faith and in the best interests of the Unitholders of the Evolve Funds, and to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. The Declaration of Trust provides that the Manager will not be liable to an Evolve Fund or to any Unitholder or any other person for any loss or damage relating to any matter regarding that Evolve Fund, including any loss or diminution of value of the assets of the Evolve Fund if it has satisfied its standard of care set forth above.

The administration and management services of the Manager under the Declaration of Trust are not exclusive and nothing in the Declaration of Trust prevents the Manager from providing similar administrative and management services to other investment funds and other clients (whether or not their investment objectives and policies are similar to those of the Evolve Funds) or from engaging in other activities.

The Manager and each of its directors, officers, employees and agents may be indemnified out of the assets of the applicable Evolve Fund from and against all claims whatsoever, including costs, charges and expenses in connection

therewith, brought, commenced or prosecuted against it for or in respect of any act, deed, matter or thing whatsoever made, done or omitted in or in relation to the execution of its duties to the applicable Evolve Fund as long as the person acted honestly and in good faith with a view to the best interests of the Evolve Fund.

The Manager may resign upon 90 days' prior written notice to the Trustee or upon such lesser notice period as the Trustee may accept. The Manager may also be removed by the Trustee on at least 90 days' written notice to the Manager. The Manager is deemed to have resigned if the Manager ceases to (i) be resident in Canada for the purposes of the Tax Act; or (ii) carry out its functions of managing the Evolve Funds in Canada. The Trustee shall make every effort to select and appoint a successor manager prior to the effective date of the Manager's resignation.

### **Officers and Directors of the Manager**

The name and municipality of residence of each of the directors and executive officers of the Manager and their principal occupations are as follows:

#### **Name and Municipality of Residence**

#### **Position with the Manager and Principal Occupation**

RAJ LALA  
Toronto, Ontario

#### **President, Chief Executive Officer and Director, EFG**

Prior to founding EFG, Raj Lala served as Head of WisdomTree Canada – a division of WisdomTree Investments Inc., one of the world's largest ETF issuers. Prior to this, Mr. Lala was Executive Vice President and Head of Retail Markets for Fiera Capital Corporation, a prominent Canadian investment management firm with over \$100 billion in assets under management. Mr. Lala co-founded and served as President and CEO of Propel Capital Corporation (which was acquired by Fiera Capital Corporation in September 2014). Propel raised approximately \$1 billion in structured products in its five years of operation. Prior to Propel, Mr. Lala worked with Jovian Capital. Mr. Lala held several roles at Jovian including President of JovFunds Inc., an asset management division of Jovian Capital. Mr. Lala holds a Bachelor's degree in Economics from the University of Toronto (1994).

MICHAEL SIMONETTA  
Toronto, Ontario

#### **Chairman, Chief Financial Officer and Director, EFG**

Mr. Simonetta has a broad background in management, investment and capital markets. Mr. Simonetta was one of the founding partners of First Asset Management Inc. ("FAMI"), and served as President and CEO of FAMI from 1997 to 2006. At the time FAMI was sold in 2005, FAMI managed in excess of \$30 billion in assets and was one of Canada's top ten largest companies in the pension and high net worth asset management business. FAMI's affiliates have included: Beutel, Goodman & Company Ltd.; Foyston Gordon & Payne, Inc.; Deans Knight Capital Management Ltd., Montrusco Bolton Investments Inc.; Covington Capital Corporation; First Asset Funds Inc. (formerly Triax Capital Corporation); and Northwest Mutual Funds Inc. FAMI was sold in 2005 to Affiliated Managers Group, Inc. (NYSE: AMG), a publicly listed investment management company based in Boston. Mr. Simonetta is a member of the Institute of Chartered Accountants of Ontario, obtaining his C.A. designation in 1984 while achieving Top 20 Honour Roll standing, and holds a Bachelor of Arts from the University of Waterloo (1983 – Gold Medal).

ELLIOT JOHNSON  
Toronto, Ontario

Chief Investment Officer, Chief Operating Officer, Chief Compliance Officer, Corporate Secretary and Director, EFG

Prior to joining EFG, Mr. Johnson was Senior Vice President, Retail Markets at Fiera Capital Corporation, a prominent Canadian investment management firm. Prior to this role, Mr. Johnson served as Chief Operating Officer of

**Name and Municipality of Residence**

**Position with the Manager and Principal Occupation**

KEITH CRONE  
Toronto, Ontario

Fiera Quantum Limited Partnership, an alternative investment manager. From 2010 to 2012, Mr. Johnson led technology management for a number of business lines at National Bank of Canada. Prior to 2012 he spent 13 years at GMP Capital Corp. in a variety of management roles across institutional brokerage, wealth management and asset management businesses. Mr. Johnson holds the Canadian Investment Manager (CIM) designation, the Derivatives Markets Specialist (DMS) designation and is a Fellow of the Canadian Securities Institute (FCSI). Mr. Johnson serves as a trustee on the boards of the Upper Canada College Foundation, and Trinity College at the University of Toronto where he is Chair of the Committee on Investments.

**Executive Vice President, Head of Marketing and Director, EFG**

Prior to joining EFG, Mr. Crone served as Vice President, Retail Markets at Fiera Capital Corporation, a prominent Canadian investment management firm with over \$100 billion in assets under management. Mr. Crone served as Vice President and Partner of Propel Capital Corporation (which was acquired by Fiera Capital Corporation in September 2014). Propel raised approximately \$1 billion in structured products in its five years of operation. Prior to Propel, Mr. Crone served as Senior Vice President, Sales within JovFunds Inc., the specialty investment arm of Jovian Capital Corporation. Prior to 2005, Mr. Crone served in various sales and marketing capacities at Dynamic Funds, which is now a wholly-owned subsidiary of Scotiabank.

In its capacity as portfolio manager, EFG is responsible for the oversight and provision of investment advisory services to the Evolve Funds, and all decisions are reviewed in a team-oriented manner. The portfolios of the Evolve Funds are primarily managed by Elliot Johnson, Chief Investment Officer, Chief Operating Officer, Chief Compliance Officer, Corporate Secretary and Director of the Manager. Investment decisions made by the portfolio manager are not subject to the oversight, approval or ratification of a committee.

**Sub-Advisors**

**Nuveen Asset Management, LLC (CAPS and TIME)**

Pursuant to a portfolio management sub-advisory agreement (the “**Nuveen Sub-Advisory Agreement**”) between the Manager and Nuveen Asset Management, LLC, the Manager appointed Nuveen Asset Management, LLC as an investment sub-advisor for CAPS and TIME, except with respect to currency hedging of the Hedged Units.

Nuveen Asset Management, LLC has approximately U.S. \$195 billion in assets under management as of June 30, 2019. The Sub-Advisor will principally provide its services to CAPS and TIME in Minneapolis, Minnesota, U.S.A. and Princeton, New Jersey, U.S.A.

The following are the officers of Nuveen Asset Management, LLC who are principally responsible for the portfolio management of CAPS:

<b><u>Name and Municipality of Residence</u></b>	<b><u>Position with Nuveen Asset Management, LLC</u></b>	<b><u>Principal Occupation</u></b>
BOB C. DOLL, CFA PRINCETON, NEW JERSEY	Senior Portfolio Manager, Chief Equity Strategist	Portfolio Manager
SCOTT M. TONNESON, CFA MINNEAPOLIS, MINNESOTA	Vice President, Portfolio Manager	Portfolio Manager

**Name and Municipality of Residence**   **Position with Nuveen Asset Management, LLC**   **Principal Occupation**

Bob Doll is a senior portfolio manager and chief equity strategist at Nuveen Asset Management. Bob manages the Large Cap Equity Series, which includes traditional large cap equities, specialty categories and alternative strategies. He is a highly respected authority on the equities markets among investors, advisors, and the media. As the author of widely-followed weekly commentaries and annual market predictions, Bob provides ongoing, timely market perspectives. Prior to joining Nuveen Asset Management, Bob held similar roles at other large asset management firms, including serving as chief equity strategist at Blackrock, president and chief investment officer of Merrill Lynch Investment Managers and chief investment officer of Oppenheimer Funds, Inc. He has 36 years of portfolio management experience, received a B.S. in accounting and a B.A. in economics from Lehigh University and an M.B.A. from the Wharton School of the University of Pennsylvania. He is a Certified Public Accountant and holds the Chartered Financial Analyst designation from the CFA Institute. Bob appears regularly on CNBC, Bloomberg TV and Fox Business News discussing the economy and markets. He has also been quoted in major business publications such as The Wall Street Journal, Barron's and Financial Times.

Scott Tonneson is a portfolio manager for the Nuveen Asset Management Large Cap Equity Series, which includes traditional large cap equities, specialty categories and alternative strategies. Scott began working in the financial services industry in 1994 and joined the firm in 2007. Prior to his current role, Scott served as the lead fundamental research analyst for the Large Cap Equity Series and was a senior quantitative research analyst responsible for building models to deliver relevant quantitative data to the equity portfolio teams. Previously, he worked at Ameriprise Financial as a quantitative equity analyst, business analyst, and account analyst. Scott received a B.A. in accounting from the University of St. Thomas and an M.B.A. from the University of Minnesota's Carlson School of Management. He also holds the Chartered Financial Analyst designation and is a member of the CFA Institute and the Chicago Quantitative Alliance.

The investment decisions made by these individuals (relating to CAPS portfolio securities) are not subject to oversight, approval or ratification.

The following are the officers of Nuveen Asset Management, LLC who are principally responsible for the portfolio management of TIME:

**Name and Municipality of Residence**   **Position with Nuveen Asset Management, LLC**   **Principal Occupation**

JOHN T. FRUIT, CFA MINNEAPOLIS, MINNESOTA	Senior Vice President, Portfolio Manager	Portfolio Manager
JEFFREY T. SCHMITZ, CFA MINNEAPOLIS, MINNESOTA	Senior Vice President, Portfolio Manager	Portfolio Manager
JACOB J. FITZPATRICK MINNEAPOLIS, MINNESOTA	Assistant Vice President, Portfolio Manager and Trader	Assistant Portfolio Manager, Trader

John Fruit is the head of the High-Yield Credit Sector Team and a member of the Fixed Income Strategy Committee, which establishes investment policy for all taxable fixed income products. As a senior fixed income portfolio manager, he leads the High Yield Bond Strategy and related institutional portfolios. He is also a member of the Emerging Markets Sector Team. John began working in the financial industry in 1988 and joined Nuveen Asset Management in 2001 to serve as a senior fixed income research analyst. Prior to that, he was a senior analyst for Thrivent Financial for Lutherans. Previously, he worked in fixed income sales and trading for Firststar Bank Milwaukee and as an institutional trader for Arbor Research and Trading. John received a B.S. in economics and international business from the University of Wisconsin-Madison. In addition, he is a member of the CFA Institute and holds the Chartered Financial Analyst designation.

Jeff Schmitz is the co-manager of the High Yield Bond and Real Asset Income Strategies and related institutional portfolios. He has co-managed High Yield Bond since 2008 and Real Asset Income since its inception in 2011. He is also a member of the High-Yield Credit and the Emerging Markets Sector Teams. Prior to his current role, he was a senior research analyst with the group focusing on the energy, healthcare and pharmaceuticals, technology, and emerging market corporates sectors. He began working in the financial industry in 1987 and joined Nuveen Asset Management in 2006. Previously, Jeff worked as a senior credit research analyst at Deephaven Capital Management and as a trading risk manager at Cargill Financial Services. He also held various risk oversight roles with the Office of the Comptroller of the Currency. Jeff received a B.A. in finance from the University of St. Thomas and an M.B.A. in finance from the University of Minnesota's Carlson School of Management. He holds the Chartered Financial Analyst designation and is a member of the CFA Institute and the CFA Society of Minnesota.

Jake Fitzpatrick is an assistant portfolio manager and trader for the Taxable Fixed Income Team, responsible for making investment decisions and trading high-yield corporate bonds across multiple investment strategies. He is also a member of the High-Yield Credit Sector Team. Jake began working in the financial services industry in 2006 and joined Nuveen Asset Management in 2015. Previously, he worked as a co-manager of structured product portfolios at Allianz Investment Management. In that role, he was responsible for the investment strategy and allocation of insurance product premiums within the core capital markets. He began his career at U.S. Bancorp Asset Management, where he most recently was a corporate and municipal bond trader for the firm's mutual funds and wealth management group. Jake graduated from the University of Minnesota's Carlson School of Management with a B.S. degree in finance. He is currently pursuing his master's degree in financial mathematics at the University of Minnesota's College of Science and Engineering.

The investment decisions made by these individuals (relating to TIME portfolio securities) are not subject to oversight, approval or ratification.

#### Nuveen Sub-Advisory Agreement

Under the Nuveen Sub-Advisory Agreement, the Sub-Advisor is required to act at all times on a basis which is fair and reasonable to CAPS and TIME, to act honestly and in good faith with a view to the best interests of CAPS and TIME, and, in connection therewith, to exercise the degree of care, diligence and skill that a reasonably prudent portfolio manager would exercise in comparable circumstances. The Nuveen Sub-Advisory Agreement provides that the Sub-Advisor, any of its affiliates or any of its or their officers, directors, members equity holders or employees will not be liable in any way to the parties indemnified under the Nuveen Sub-Advisory Agreement for any default, failure or defect in any of the securities comprising the CAPS or TIME portfolios unless it has failed to satisfy the standard of care, diligence and skill set forth above.

The Nuveen Sub-Advisory Agreement further provides that the Sub-Advisor will not be liable for any losses in the NAV of CAPS or TIME, as applicable, unless it fails to satisfy the standard of care, diligence and skill set forth above. Pursuant to the Nuveen Sub-Advisory Agreement, the Sub-Advisor, any of its affiliates or any of its or their officers, directors members, equity holders and employees shall be indemnified from the assets of CAPS or TIME, as applicable, against all losses (other than loss of profits), expenses and liabilities incurred by any of them in connection with any matter relating to their respective duties under the Nuveen Sub-Advisory Agreement, unless caused by a material breach or default of such person's obligations under the Nuveen Sub-Advisory Agreement or an act or omission involving wilful misconduct, bad faith, actual fraud, gross negligence or reckless disregard of such person's duties under the Nuveen Sub-Advisory Agreement.

The Sub-Advisor is not currently registered as an adviser with the Ontario Securities Commission or any other provincial or territorial regulatory authority in Canada. The Sub-Advisor provides portfolio management services to CAPS and TIME pursuant to the "international sub-advisor" exemption provided by section 8.26.1 of National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations*. To the extent applicable, there may be difficulty in enforcing legal rights against the Sub-Advisor because it is not a resident of Canada and all or a substantial portion of its assets are located outside of Canada.

The Sub-Advisor may terminate the Nuveen Sub-Advisory Agreement, without payment of any penalty in accordance with the Nuveen Sub-Advisory Agreement, including in the following circumstances: (i) subject to a minimum term of one year, upon 120 days' written notice to the Manager; (ii) in the event that the Manager is in material breach of the Nuveen Sub-Advisory Agreement and the material breach has not been cured within 20 Business Days' (as defined in the Nuveen Sub-Advisory Agreement) notice thereof to the Manager; (iii) if there is a material change in the investment objectives, investment strategies and/or investment restrictions of CAPS to which the Sub-Advisor has not

previously agreed; (iv) if there is a dissolution and commencement of winding-up of CAPS or TIME, as applicable; (v) if CAPS or TIME, as applicable, becomes bankrupt or insolvent or makes a general assignment for the benefit of its creditors or a receiver is appointed in respect of CAPS or TIME, as applicable, or a substantial portion of its assets; or (vi) if the assets of CAPS or TIME, as applicable, become subject to seizure or confiscation by any public or governmental organization.

The Manager may terminate the Nuveen Sub-Advisory Agreement, without payment of any penalty in accordance with the Nuveen Sub-Advisory Agreement, including in the following circumstances: (i) subject to a minimum term of one year, upon 120 days' written notice to the Sub-Advisor; (ii) subject to a minimum term of one year, upon 60 days' written notice to the Sub-Advisor, provided that the Manager assumes the portfolio management services required by CAPS or TIME, as applicable; (iii) in the event that the Sub-Advisor is in material breach of the Nuveen Sub-Advisory Agreement and the material breach has not been cured within 20 Business Days' notice thereof to the Sub-Advisor; (iv) if there is a dissolution and commencement of winding-up of the Sub-Advisor (except a voluntary dissolution or voluntary liquidation as the case may be for the purposes of reconstruction or amalgamation upon terms previously approved in writing by the parties); (v) if the Sub-Advisor becomes bankrupt or insolvent or makes a general assignment for the benefit of the creditors or a receiver is appointed in respect of the Sub-Advisor or a substantial portion of the assets of the Sub-Advisor; (vi) if the assets of the Sub-Advisor become subject to seizure or confiscation by any public or governmental organization; (vii) if the Sub-Advisor has lost any registration, license or other authorization or cannot rely on an exemption therefrom required by the Sub-Advisor for it to perform the services delegated to it thereunder; or (viii) if the Sub-Advisor acted with wilful misconduct, fraud or gross negligence.

The Nuveen Sub-Advisory Agreement will not be subject to termination under clause (iii) in the preceding paragraph if a material breach by the Sub-Advisor cannot be cured within 20 Business Days' notice thereof but the Sub-Advisor commences the cure within the 20 Business Day period and completes the cure within 30 days of such notice. In addition, if the Sub-Advisor purchases a security for the portfolio of CAPS or TIME or takes any other action with respect to the assets of the portfolio of CAPS or TIME that through inadvertence violates any investment strategy or restriction set forth in the Nuveen Sub-Advisory Agreement and the violation has or will have a material adverse effect on the portfolio of CAPS or TIME, then it will not be considered a material breach for purposes of the termination right in clause (iii) in the preceding paragraph if the Sub-Advisor takes action that returns the portfolio of CAPS or TIME to compliance with such investment strategy or restriction within the cure period described above, as the same may be extended by agreement in writing by all the parties to the Nuveen Sub-Advisory Agreement.

The Manager is responsible for payment of the investment management fees of the Sub-Advisor out of the Management Fee.

Foyston, Gordon & Payne Inc. (DIVS)

Pursuant to a portfolio management sub-advisory agreement (the "FGP Sub-Advisory Agreement") between the Manager and Foyston, Gordon & Payne Inc., the Manager appointed Foyston, Gordon & Payne Inc. as an investment sub-advisor for DIVS. Foyston, Gordon & Payne Inc. is currently registered in the category of adviser as a portfolio manager with the Ontario Securities Commission and with each of the other provincial and territorial regulatory authorities in Canada.

The Sub-Advisor will principally provide its services to DIVS in Toronto, Ontario, Canada. The Sub-Advisor carries out its advisory activities from 1 Adelaide Street East, Suite 2600, P.O. Box 200, Toronto, Ontario M5C 2V9.

The following are the officers of Foyston, Gordon & Payne Inc. who are principally responsible for the portfolio management of DIVS:

Name and Municipality of Residence    Position with Foyston, Gordon & Payne Inc.    Principal Occupation

RYAN DOMSY CFA, MECON,                      Vice President & Portfolio Manager -    Portfolio Manager  
FRM    Fixed Income

TORONTO, ONTARIO

Ryan Domsy is Vice President and Portfolio Manager, responsible for managing the Foyston, Gordon & Payne Preferred Share Fund and the Enhanced Yield Fixed Income mandates, and co-managing the Foyston, Gordon &

Payne Corporate Bond mandates. Ryan started his career at DBRS, where he was a senior financial analyst covering public finance and infrastructure credits. Ryan is a graduate of Queen's University (Master of Economics), holds the Financial Risk Manager designation and holds the Chartered Financial Analyst designation. He is a member of Foyston, Gordon & Payne's Investment Committee.

The investment decisions made by these individuals (relating to DIVS portfolio securities) are not subject to oversight, approval or ratification.

FGP Sub-Advisory Agreement

Under the FGP Sub-Advisory Agreement, the Sub-Advisor is required to act at all times on a basis which is fair and reasonable to DIVS, to act honestly and in good faith with a view to the best interests of DIVS, and, in connection therewith, to exercise the degree of care, diligence and skill that a reasonably prudent portfolio manager would exercise in comparable circumstances. The FGP Sub-Advisory Agreement provides that the Sub-Advisor, any of its affiliates or any of its or their officers, directors, members, equity holders or employees will not be liable in any way to the parties indemnified under the FGP Sub-Advisory Agreement for any default, failure or defect in any of the securities comprising the DIVS portfolio unless it fails to satisfy the standard of care, diligence and skill set forth above.

The FGP Sub-Advisory Agreement further provides that the Sub-Advisor will not be liable for any losses in the NAV of DIVS unless it fails to satisfy the standard of care, diligence and skill set forth above. Pursuant to the FGP Sub-Advisory Agreement, the Sub-Advisor any of its affiliates or any of its or their officers, directors, members, equity holders and employees shall be indemnified from the assets of DIVS against all losses (other than loss of profits), expenses and liabilities incurred by any of them in connection with any matter relating to their respective duties under the FGP Sub-Advisory Agreement, unless caused by a material breach or misconduct of such person's obligations under the FGP Sub-Advisory Agreement or an act or omission involving wilful misconduct, bad faith, actual fraud, gross negligence or reckless disregard of such person's duties under the FGP Sub-Advisory Agreement.

The Sub-Advisor may terminate the FGP Sub-Advisory Agreement, without payment of any penalty in accordance with the FGP Sub-Advisory Agreement, including in the following circumstances: (i) subject to a minimum term of one year, upon 120 days' written notice to the Manager; (ii) in the event that the Manager is in material breach of the FGP Sub-Advisory Agreement and the material breach has not been cured within 20 Business Days' (as defined in the FGP Sub-Advisory Agreement) notice thereof to the Manager; (iii) if there is a material change in the investment objectives, investment strategies and/or investment restrictions of DIVS to which the Sub-Advisor has not previously agreed; (iv) if there is a dissolution and commencement of winding-up of DIVS; (v) if DIVS becomes bankrupt or insolvent or makes a general assignment for the benefit of its creditors or a receiver is appointed in respect of DIVS or a substantial portion of its assets; or (vi) if the assets of DIVS become subject to seizure or confiscation by any public or governmental organization.

The Manager may terminate the FGP Sub-Advisory Agreement, without payment of any penalty in accordance with the FGP Sub-Advisory Agreement, including in the following circumstances: (i) subject to a minimum term of one year, upon 120 days' written notice to the Sub-Advisor; (ii) subject to a minimum term of one year, upon 60 days' written notice to the Sub-Advisor, provided that the Manager assumes the portfolio management services required by DIVS; (iii) in the event that the Sub-Advisor is in material breach of the FGP Sub-Advisory Agreement and the material breach has not been cured within 20 Business Days' notice thereof to the Sub-Advisor; (iv) if there is a dissolution and commencement of winding-up of the Sub-Advisor (except a voluntary dissolution or voluntary liquidation as the case may be for the purposes of reconstruction or amalgamation upon terms previously approved in writing by the parties); (v) if the Sub-Advisor becomes bankrupt or insolvent or makes a general assignment for the benefit of the creditors or a receiver is appointed in respect of the Sub-Advisor or a substantial portion of the assets of the Sub-Advisor; (vi) if the assets of the Sub-Advisor become subject to seizure or confiscation by any public or governmental organization; (vii) if the Sub-Advisor has lost any registration, license or other authorization or cannot rely on an exemption therefrom required by the Sub-Advisor for it to perform the services delegated to it thereunder; or (viii) if the Sub-Advisor acted with wilful misconduct, fraud or gross negligence.

The FGP Sub-Advisory Agreement will not be subject to termination under clause (iii) in the preceding paragraph if a material breach by the Sub-Advisor cannot be cured within 20 Business Days' notice thereof but the Sub-Advisor commences the cure within the 20 Business Day period and completes the cure within 30 days of such notice. In addition, if the Sub-Advisor purchases a security for the portfolio of DIVS or takes any other action with respect to the assets of DIVS that through inadvertence violates any investment strategy or restriction set forth in the FGP Sub-Advisory Agreement and the violation has or will have a material adverse effect on the portfolio of DIVS, then it will

not be considered a material breach for purposes of the termination right in clause (iii) in the preceding paragraph if the Sub-Advisor takes action that returns the portfolio of DIVS to compliance with such investment strategy or restriction within the cure period described above, as the same may be extended by agreement in writing by all the parties to the FGP Sub-Advisory Agreement.

The Manager is responsible for payment of the investment management fees of the Sub-Advisor out of the Management Fee.

Allianz Global Investors U.S. LLC (EARN)

Pursuant to a portfolio management sub-advisory agreement (the “**Allianz Sub-Advisory Agreement**”) between the Manager and Allianz Global Investors U.S. LLC, the Manager has appointed Allianz Global Investors U.S. LLC as an investment sub-advisor for EARN.

Allianz Global Investors U.S. LLC, a Delaware limited liability company, is a registered investment adviser with principal offices in New York, New York, Boston, Massachusetts, Dallas, Texas, San Diego, California and San Francisco, California. Allianz Global Investors U.S. LLC is a direct, wholly-owned subsidiary of Allianz Global Investors U.S. Holdings LLC, which in turn is owned indirectly by Allianz SE, a diversified global financial institution. Allianz SE was founded in 1890 and as of December 31, 2017 is a market leader in insurance and has one of the world’s largest asset management businesses, with third party assets of \$2.2 trillion serving 88 million customers in more than 70 countries.

Allianz Global Investors is a global asset manager that provides a wide range of actively managed investment strategies and solutions across the risk/return spectrum.

The Sub-Advisor’s principal office and place of business is 1633 Broadway, 43rd Floor, New York, NY 10019.

The following officers of Allianz Global Investors U.S. LLC are principally responsible for the portfolio management of EARN:

<u><i>Name and Municipality of Residence</i></u>	<u><i>Position</i></u>	<u><i>Principal Occupation</i></u>
MALIE CONWAY LONDON, ENGLAND	Chief Investment Officer	Same
DAVID NEWMAN LONDON, ENGLAND	Head of Global High Yield	Same
RAJ JADAV NEW YORK, NEW YORK	Director, Senior Product Specialist	Same

Malie Conway is the Chief Investment Officer of Global Fixed Income at Allianz Global Investors. Previously Malie was the Chief Investment Officer at Rogge Global Partners (RGP), the London-based global fixed income specialist acquired by AllianzGI in June 2016. Malie joined Rogge Global Partners in 1998 and established the global credit franchise, which has since grown to over USD18bn in assets across all portfolios. She chairs the Investment Committee, and was appointed Co-CIO in January 2015, becoming sole CIO in May 2016. Malie has 30 years’ experience in the global bond markets. Prior to joining Rogge, Malie was a senior portfolio management team member at Rothschild Asset Management, directly responsible for global, US and short term mandates. Malie was also Assistant Vice President/Portfolio Manager at JP Morgan responsible for global, US and short term mandates. Malie holds a BA (Hons) in Finance & Marketing from Southbank University, London

David Newman manages Global High Yield and co-manages the Multi Asset Credit strategies at Allianz Global Investors and has been responsible for their track records since inception. David has 30 years’ experience across the credit markets and joined Rogge Global Partners (acquired by Allianz Global Investors in June 2016) in January 2009. David’s last role was Managing Director and Co-head of European Credit Trading Sales and Research at

Citi. He has received numerous number one rankings for high yield research and strategy from Euromoney and Credit magazines. David has an MBA from CASS Business School, London and a BA (Hons) from University College London.

Mr. Jadav is a senior product specialist and a director with Allianz Global Investors; which he joined in 2016. He is responsible for covering and supporting sales and distribution of Global Fixed Income team's offerings in the US. He has 21 years of investment-industry experience. He was previously a portfolio manager at AllianceBernstein where he managed US multi-sector, US TIPS, stable value, global multi-sector and municipal money market portfolios. Before that, Mr. Jadav was a fund accountant at Bankers Trust. He has a B.S. in business management and economics from SUNY at Stony Brook and an M.A. in economics from New York University. Mr. Jadav is a CFA charterholder.

The investment decisions made by these individuals are not subject to oversight, approval or ratification of a committee. Each individual listed above holds the office noted opposite his or her name or has held a similar office in a predecessor company or an affiliate during the five years preceding the date of hereof.

#### Allianz Sub-Advisory Agreement

Under the Allianz Sub-Advisory Agreement, the Sub-Advisor is required to act honestly and in good faith with a view to the best interests of EARN, and, in connection therewith, to exercise the degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. The Allianz Sub-Advisory Agreement provides that the Sub-Advisor, any of its affiliates or any of its or their officers, directors, members equity holders or employees will not be liable in any way for any default, failure or defect in any of the securities comprising EARN' portfolio unless it has failed to satisfy the standard of care, diligence and skill set forth above.

Pursuant to the Allianz Sub-Advisory Agreement, the Sub-Advisor, any of its affiliates or any of its or their officers, directors members, equity holders and employees shall be indemnified from the assets of EARN or the Manager, as applicable, against all losses (other than loss of profits), expenses and liabilities incurred by any of them in connection with any matter relating to their respective duties under the Allianz Sub-Advisory Agreement, unless caused by a failure to satisfy the standard of care, diligence and skill set forth above.

In addition, in compliance with terms and conditions of exemptive relief, the Sub-Advisor may invest in futures contracts, including on bond and global equity indices (equity index futures), for both efficient portfolio management and/or hedging purposes. The Manager is responsible for any loss that arises out of the failure of the Sub-Advisor to meet the fiduciary duty and standard of care set forth above. The Sub-Advisor provides portfolio management services to EARN pursuant to the "international sub-advisor" exemption provided by section 8.26.1 of National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. To the extent applicable, there may be difficulty in enforcing legal rights against the Sub-Advisor because it is not a resident of Canada and all or a substantial portion of its assets are located outside of Canada.

The Sub-Advisor may terminate the Allianz Sub-Advisory Agreement, without payment of any penalty in accordance with the Allianz Sub-Advisory Agreement, including in the following circumstances: (i) subject to a minimum term of one year, upon 120 days' written notice to the Manager; (ii) in the event that the Manager is in material breach of the Allianz Sub-Advisory Agreement and the material breach has not been cured within 20 Business Days' (as defined in the Allianz Sub-Advisory Agreement) notice thereof to the Manager; (iii) if there is a material change in the investment objectives, investment strategies and/or investment restrictions of EARN to which the Sub-Advisor has not previously agreed; (iv) if there is a dissolution and commencement of winding-up of EARN; (v) if EARN becomes bankrupt or insolvent or makes a general assignment for the benefit of its creditors or a receiver is appointed in respect of EARN, or a substantial portion of its assets; or (vi) if the assets of EARN becomes subject to seizure or confiscation by any public or governmental organization.

The Manager may terminate the Allianz Sub-Advisory Agreement, without payment of any penalty in accordance with the Allianz Sub-Advisory Agreement, including in the following circumstances: (i) subject to a minimum term of one year, upon 120 days' written notice to the Sub-Advisor; (ii) subject to a minimum term of one year, upon 60 days' written notice to the Sub-Advisor, provided that the Manager assumes the portfolio management services required by EARN; (iii) in the event that the Sub-Advisor is in material breach of the Allianz Sub-Advisory Agreement and the material breach has not been cured within 20 Business Days' notice thereof to the Sub-Advisor; (iv) if there is a dissolution and commencement of winding-up of the Sub-Advisor (except a voluntary dissolution or voluntary liquidation as the case may be for the purposes of reconstruction or amalgamation upon terms previously approved in writing by the parties); (v) if the Sub-Advisor becomes bankrupt or insolvent or makes a general assignment for the

benefit of the creditors or a receiver is appointed in respect of the Sub-Advisor or a substantial portion of the assets of the Sub-Advisor; (vi) if the assets of the Sub-Advisor become subject to seizure or confiscation by any public or governmental organization; or (vii) if the Sub-Advisor has lost any registration, license or other authorization or cannot rely on an exemption therefrom required by the Sub-Advisor for it to perform the services delegated to it thereunder.

The Allianz Sub-Advisory Agreement will not be subject to termination under clause (iii) in the preceding paragraph if a material breach by the Sub-Advisor cannot be cured within 20 Business Days' notice thereof but the Sub-Advisor commences the cure within the 20 Business Day period and completes the cure within 30 days of such notice. In addition, if the Sub-Advisor purchases a security for the portfolio of EARN or takes any other action with respect to the assets of the portfolio of EARN that through inadvertence violates any investment strategy or restriction set forth in the Allianz Sub-Advisory Agreement and the violation has or will have a material adverse effect on the portfolio of EARN, then it will not be considered a material breach for purposes of the termination right in clause (iii) in the preceding paragraph if the Sub-Advisor takes action that returns the portfolio of EARN to compliance with such investment strategy or restriction within the cure period described above, as the same may be extended by agreement in writing by all the parties to the Allianz Sub-Advisory Agreement.

The Manager is responsible for payment of the investment management fees of the Sub-Advisor out of the Management Fee.

### **Brokerage Arrangements**

The Manager may utilize various brokers to effect securities transactions on behalf of the Evolve Funds. These brokers may directly provide the Manager with research and related services, in addition to executing transactions. Although each Evolve Fund may not benefit equally from each research and related service received from a broker, the Manager will endeavour to ensure that all of the Evolve Funds receive an equitable benefit over time. The Manager will monitor and evaluate the execution performance of its brokers with a view to determining whether steps should be taken to improve the quality of trade execution. When determining whether a broker should be added to the Manager's list of approved brokers, there are numerous factors that are considered including transaction cost, value of research, type and size of an order, speed and certainty of execution, responsiveness and trade matching quality.

Approved brokers will be monitored on a regular basis to ensure that the value of the goods and services, as outlined above, provides a reasonable benefit as compared to the amount of brokerage commissions paid for the goods and services.

### **Conflicts of Interest**

The administration, management and investment advisory services of the Manager and Sub-Advisors are not exclusive and nothing in the Declaration of Trust or the Sub-Advisory Agreements prevents the Manager or the Sub-Advisors from providing similar services to other investment funds and other clients (whether or not their investment objectives and policies are similar to those of the Evolve Funds) or from engaging in other activities.

Investments in securities purchased by the Manager or the Sub-Advisors on behalf of an Evolve Fund and other investment funds managed by the Manager or Sub-Advisors will be allocated to the Evolve Fund and such other investment funds on a fair and equitable basis according to the size of the order and the applicable investment restrictions and policies of the Evolve Funds and the other investment funds.

When it is determined that it would be appropriate for the Evolve Funds and one or more other investment accounts managed by the Manager or the Sub-Advisors or its affiliates to participate in an investment opportunity, the Manager and the Sub-Advisors will seek to make such investments for all of the participating investment accounts, including the Evolve Funds, on an equitable basis, taking into account such factors as the relative amounts of capital available for new investments and the investment programs and portfolio positions of the Evolve Funds and the affiliated entities for which participation is appropriate. Orders may be combined for all such accounts, and if any order is not filled at the same price, they may be allocated on an average price basis. Similarly, if an investment for the account of more than one account cannot be fully executed under prevailing market conditions, investments may be allocated among the different accounts on a basis which the Manager or the Sub-Advisors or its affiliates consider equitable. The Manager and the Sub-Advisors may recommend that the Evolve Funds sell a security, while not recommending such sale for other accounts in order to enable the Evolve Funds to have sufficient liquidity to honor Unitholders' repurchase requests.

The Declaration of Trust acknowledges that the Manager may provide services to the Evolve Funds in other capacities, provided that the terms of any such arrangement are no less favourable to the Evolve Funds than those that would be obtained from parties that are at arm's length for comparable services.

The Manager and the Sub-Advisors may at times have interests that differ from the interests of the Unitholders. Where the Manager, the Sub-Advisors or their respective affiliates otherwise perceive in the course of business, that they are or may be in a material conflict of interest position, the matter will be referred to the IRC. The IRC will consider all matters referred to it and provide its recommendations to the Manager as soon as possible. In evaluating these conflicts of interest, potential investors should be aware that the Manager and the Sub-Advisors have a responsibility to the Unitholders to exercise good faith and fairness in all dealings affecting the Evolve Funds. In the event that a Unitholder believes that the Manager or the Sub-Advisors has violated its duty to such Unitholder, the Unitholder may seek relief for itself or on behalf of the Evolve Fund to recover damages from or to require an accounting by the Manager. Unitholders should be aware that the performance by the Manager and Sub-Advisors of its responsibilities to an Evolve Fund will be measured in accordance with (i) the provisions of the agreement by which the Manager and the Sub-Advisors have been appointed to its position with the Evolve Fund; and (ii) applicable laws.

No Designated Broker or Dealer has been involved in the preparation of this prospectus or has performed any review of the contents of this prospectus and, as such, the Designated Broker and the Dealers do not perform many of the usual underwriting activities in connection with the distribution by the Evolve Funds of their Units under this prospectus. Units of an Evolve Fund do not represent an interest or an obligation of the Designated Broker, any Dealer or any affiliate thereof and a Unitholder does not have any recourse against any such parties in respect of amounts payable by an Evolve Fund to the Designated Broker or applicable Dealers.

A registered dealer acts as the Designated Broker and one or more registered dealers may act as a Dealer and/or a market maker. These relationships may create actual or perceived conflicts of interest that investors should consider in relation to an investment in an Evolve Fund. In particular, by virtue of these relationships, these registered dealers may profit from the sale and trading of Units. The Designated Broker, as market maker of the Evolve Funds in the secondary market, may therefore have economic interests that differ from, and may be adverse to, those of Unitholders. Any such registered dealer and its affiliates may, at present or in the future, engage in business with an Evolve Fund, with the issuers of securities making up the investment portfolio of an Evolve Fund or with the Manager or any funds sponsored by the Manager or its affiliates, including by making loans, entering into Derivative transactions or providing advisory or agency services to the Manager or its affiliates. In addition, the relationship between any such registered dealer and its affiliates and the Manager and its affiliates may extend to other activities, such as being part of a distribution syndicate for other funds sponsored by the Manager or its affiliates.

See also "Other Material Facts".

### **Independent Review Committee**

As required by NI 81-107, the Manager has established an IRC to review all conflicts of interest matters identified and referred to the IRC by the Manager relating to the Evolve Funds managed by the Manager. The IRC reviews and gives its approval or recommendations as to the conflict of interests matters referred to it. A conflict of interest matter is a situation where a reasonable person would consider the Manager or an entity related to the Manager to have an interest that conflicts with the Manager's ability to act in good faith and in the best interest of the Evolve Funds. The IRC is also required to approve certain reorganizations involving the Evolve Funds and any change of the auditors of the Evolve Funds.

The IRC is made up of members who are independent. The Manager considers that an individual is independent if the individual is not a director, officer or employee of any of the Manager or an affiliate of the Manager for at least 5 years. In addition, the individual must be independent of management and free from any interest and any business or other relationship that could, or could reasonably be perceived to, materially interfere with the individual's ability to act with the view to the best interest of the Evolve Funds.

The members of the IRC are Kevin Drynan (Chair), Rod McIsaac and Mark Leung.

The IRC has a written charter that sets out its powers, duties and responsibilities. Additionally, pursuant to NI 81-107, the IRC assesses, at least annually, the adequacy and effectiveness of the following: the Manager's policies and procedures regarding conflict of interest matters; any standing instructions that the IRC gave to the Manager for conflict of interest matters related to the Evolve Funds; the compliance of the Manager and each Evolve Fund with any conditions imposed by the IRC on a recommendation or approval it has provided to the Manager; the independence

and compensation of its members; the IRC's effectiveness as a committee; and the contribution of each member to the IRC.

The IRC prepares a report for Unitholders, at least annually, of its activities. Such report is made available on the Manager's website at [www.evolvefunds.com](http://www.evolvefunds.com) or, at the request of a Unitholder and at no cost, by calling the Manager at (416)-214-4884 or toll-free at 1-844-370-4884 or by sending an email request to [info@evolvefunds.com](mailto:info@evolvefunds.com).

The members of the IRC are paid an annual fee for serving on the IRC of the investment funds in the Evolve Funds. Each investment fund, including the Evolve Funds, is responsible for a portion of that fee, which is allocated by the Manager among the various funds. Currently, annual fees are payable to the following members of the IRC as follows: Kevin Drynan (Chair, \$3,000), Rod McIsaac (\$2,250) and Mark Leung (\$2,250). In addition to the annual fee, each IRC member will receive an additional \$2,000 for each additional meeting held after the first two meetings in any year.

The investment funds in the EFG family of funds all share the same IRC. Fees and expenses of the IRC are borne and shared by all of the investment funds in the EFG family of funds.

### **Trustee**

Pursuant to the Declaration of Trust, the Manager is also the trustee of the Evolve Funds. The Trustee may resign upon 90 days' notice to Unitholders and the Manager. The Trustee must be removed if the Trustee ceases to (i) be resident in Canada for purposes of the Tax Act; (ii) carry out its function of managing the Evolve Funds in Canada; or (iii) exercise the main powers and discretions of the Trustee in respect of the Evolve Funds in Canada. If the Trustee resigns or if it becomes incapable of acting as trustee, the Trustee may appoint a successor trustee prior to its resignation, and its resignation shall become effective upon the acceptance of such appointment by its successor. If no successor has been appointed within 90 days after the Trustee has provided the Manager with 90 days' notice of its intention to resign, the Evolve Funds will be terminated, and the property of the Evolve Fund shall be distributed in accordance with the terms of the Declaration of Trust.

The Declaration of Trust provides that the Trustee shall act honestly, in good faith and in the best interests of each Evolve Fund and shall perform its duties to the standard of care that a reasonably prudent person would exercise in the circumstances. In addition, the Declaration of Trust contains other customary provisions limiting the liability of the Trustee and indemnifying the Trustee in respect of certain liabilities incurred by it in carrying out the Trustee's duties.

At any time during which the Manager is the trustee, the Manager will receive no fee in respect of the provision of services as trustee.

### **Custodian**

CIBC Mellon Trust Company, at its principal office in Toronto, Ontario, is custodian of the assets of the Evolve Funds pursuant to the Custodian Agreement. The Custodian has appointed qualified foreign sub-custodians in each jurisdiction in which the Evolve Funds have securities. The Manager or the Custodian may terminate the Custodian Agreement at any time upon ninety (90) days' written notice.

The Custodian is entitled to receive fees from the Manager as described under "Fees and Expenses" and to be reimbursed for all expenses and liabilities that are properly incurred by the Custodian in connection with the activities of the Evolve Funds.

### **Auditors**

The auditors of the Evolve Funds are Ernst & Young LLP located at its principal offices in Toronto, Ontario. The auditors of the Evolve Funds may not be changed unless the IRC has approved the change and Unitholders have received at least 60 days' notice before the effective date of the change, or as otherwise required by Canadian Securities Legislation.

### **Registrar and Transfer Agent**

TSX Trust Company, at its principal offices in Toronto, Ontario, is the Registrar and Transfer Agent for each Evolve Fund pursuant to registrar and transfer agency agreements entered into as of the date of the initial issuance of ETF Units of each Evolve Fund.

### **Fund Administrator**

CIBC Mellon Global Securities Services Company, at its principal offices in Toronto, Ontario, is the Fund Administrator. The Fund Administrator is responsible for certain aspects of the day-to-day administration of the Evolve Funds, including NAV calculations, accounting for net income and net realized capital gains of the Evolve Funds and maintaining books and records with respect to each Evolve Fund.

### **Lending Agent**

The Bank of New York Mellon may act as the securities lending agent for the Evolve Funds pursuant to a securities lending authorization agreement (a “**Securities Lending Agreement**”) to be entered into between the Lending Agent, EFG, in its capacity as manager of each of the Evolve Funds, and The Bank of New York Mellon. The Lending Agent is not affiliates or associates of the Manager. The Manager or the Lending Agent may terminate the Securities Lending Agreement upon thirty (30) days’ written notice to the other parties at any time.

Under the Securities Lending Agreement, the collateral posted by a securities borrower to the Evolve Funds will be required to have an aggregate value of not less than 102% of the market value of the loaned securities. In addition to the collateral held by the Evolve Funds, the Evolve Funds will also benefit from a borrower default indemnity provided by the Lending Agent. The Lending Agent’s indemnity will provide for the replacement of a number of securities equal to the number of unreturned loaned securities.

### **Promoter**

The Manager has taken the initiative in founding and organizing the Evolve Funds and is, accordingly, the promoter of the Evolve Funds within the meaning of securities legislation of certain provinces and territories of Canada. The Manager, in its capacity as manager of the Evolve Funds, receives compensation from the Evolve Funds. See “Fees and Expenses”.

## **FUND GOVERNANCE**

The Manager, in its capacity as trustee of the Evolve Funds, has overall responsibility for the management of the Evolve Funds.

### **Policies, procedures, practices and guidelines**

As manager of the Evolve Funds, the Manager is responsible for the day-to-day management, administration and operation of the Evolve Funds.

The Manager has established appropriate policies, procedures, practices and guidelines to ensure the proper management of the Evolve Funds, including as required by NI 81-107, policies and procedures relating to conflicts of interest. The systems used by the Manager in relation to the Evolve Funds monitor and manage the business and sales practices, risk and internal conflicts of interest relating to the Evolve Funds, while ensuring compliance with applicable regulatory, compliance and corporate requirements. The Manager’s personnel responsible for compliance, together with management of the Evolve Funds, ensure that these policies, procedures, practices and guidelines are communicated from time to time to all relevant persons and are updated as necessary (including the systems referred to above) to reflect changing circumstances. The Manager also monitors the application of all such policies, procedures, practices and guidelines to ensure their continuing effectiveness.

Compliance with the investment practices and investment restrictions mandated by securities legislation is monitored by the Manager on a regular basis.

The Manager has also developed a personal trading policy for employees (the “**Policy**”) which is designed to prevent potential, perceived or actual conflicts between the interests of the Manager and its staff and the interests of clients and the Evolve Funds. Under the policy, certain of the Manager’s personnel are required to pre-clear certain personal securities transactions in order to ensure that those trades do not conflict with the best interests of the Evolve Funds and have not been offered to the person because of the position they hold with the Manager. The Manager has also adopted the basic principles set out in the Code of Ethics on Personal Investing established by The Investment Funds Institute of Canada.

## CALCULATION OF NAV

The NAV and NAV per Unit of a class of Units of an Evolve Fund are calculated by the Fund Administrator as of the Valuation Time on each Valuation Date. The NAV of a class of Units of an Evolve Fund on a particular date is equal to the aggregate value of the assets of the Evolve Fund attributable to that class less the aggregate value of the liabilities of Evolve Fund attributable to that class, including any accrued management fees and any income, net realized capital gains or other amounts payable to Unitholders on or before such date, expressed in Canadian dollars. The NAV per Unit of a class of Units on any day is obtained by dividing the NAV of an Evolve Fund attributable to that class on such day by the applicable number of Units of that class of the Evolve Fund then outstanding.

The issue and redemption price of Mutual Fund Units is based on the applicable Evolve Fund's NAV next determined after the receipt of a purchase order and a redemption order.

### Valuation Policies and Procedures of the Evolve Funds

In determining the NAV of each Evolve Fund at any time, the Fund Administrator uses the following valuation principles:

- a) cash on hand or on deposit, bills, demand notes, accounts receivable, prepaid expenses, cash dividends received or receivable and interest accrued and not yet received, shall be deemed to be the face value thereof unless the Manager has determined that any such deposit, bill, demand note, account receivable, prepaid expense, cash dividend received or receivable or interest is not worth the full face value, in which event the value thereof shall be deemed to be such value as the Manager determines to be reasonable;
- b) bonds, debentures, notes, money market instruments and other obligations shall be valued by taking the average of the most recently available bid and asked quotations at the Valuation Time on the Valuation Date;
- c) loans, including senior secured loans, shall be valued at the Valuation Time on the Valuation Date in the following manner:
  - (i) the bid-side quote determined by any of Loan Pricing Corporation, MarkIt Partners or any other nationally recognized loan pricing service selected by the Sub-Advisor or Manager, as applicable; or
  - (ii) if such quote described in clause (i) above is not available, the average of the bid-side quotes determined by the Sub-Advisor or Manager, as applicable, from three independent broker-dealers active in the trading of such asset; or (A) if only two such bids can be obtained, the average of the bid-side quotes of such two bids; or (B) if only one such bid can be obtained, such bid; or
  - (iii) if such quote or bid described in clauses (i) and (ii) above are not available, the value of such loan (expressed as a percentage of par) shall be the value assigned by the Sub-Advisor based on its best estimate of fair value, taking into consideration all relevant factors, including, but not limited to, the earnings and cash flow of the applicable obligor, comparable loans and/or obligors in the market, credit ratings and/or market credit spreads, interest rate levels, liquidity levels and position concentration levels;
- d) any security which is listed or dealt in upon a stock exchange shall be valued at its current market value;
- e) any security which is not listed or dealt in upon a stock exchange shall be valued at the most recently available sale price on the Valuation Date, or if such sale price is unavailable, the average of the bid and asked quotations immediately prior to the Valuation Time on the Valuation Date shall be used;
- f) restricted securities shall be valued at the lesser of:
  - (i) the value thereof based on reported quotations in common use; and
  - (ii) that percentage of the market value of securities of the same class, the trading of which is not restricted or limited by reason of any representation, undertaking or agreement or by law, equal to the percentage that the Evolve Fund's acquisition cost was of the market value of such securities at the time of acquisition, as applicable, provided that a gradual taking into account of

the actual value of the securities may be made where the date on which the restrictions will be lifted is known;

- g) purchased or written clearing corporation options, options on futures, over-the-counter options, debt-like securities and listed warrants shall be valued at the current market value thereof;
- h) where a covered clearing corporation option, option on futures or over-the-counter option is written, the premium received by the Evolve Fund shall be reflected as a deferred credit which shall be valued at an amount equal to the current market value of the clearing corporation option, option on futures or over-the-counter option that would have the effect of closing the position. Any difference resulting from revaluation shall be treated as an unrealized gain or loss on investment. The deferred credit shall be deducted in arriving at the NAV. The securities, if any, which are the subject of a written clearing corporation option or over-the-counter option shall be valued at their current market value;
- i) the value of a futures contract, forward contract or other Derivatives, such as swap contracts or options on financial futures, shall be the gain or loss with respect thereto that would be realized if, at the Valuation Time, the position in the futures contract, or the forward contract, as the case may be, were to be closed out in accordance with its terms, unless "daily limits" are in effect, in which case fair value shall be based on the current market value of the underlying interest;
- j) margin paid or deposited in respect of futures contracts and forward contracts shall be reflected as an account receivable and margin consisting of assets other than cash shall be noted as held as margin;
- k) translating amounts in a foreign currency to Canadian currency shall be based on the rate of exchange in effect on the applicable Valuation Date, as quoted by a recognized source, at the Manager's sole discretion;
- l) if any Valuation Date is not a business day in any jurisdiction which is relevant for the purposes of valuing investments of the Evolve Funds, the prices or quotations as of the preceding business day in such jurisdiction shall be used for the purposes of such valuation;
- m) any security purchased, the purchase price of which has not been paid, shall be included for valuation purposes as a security held, and the purchase price, including brokers' commissions and other expenses, shall be treated as a liability of the Evolve Fund;
- n) any security sold, but not delivered, pending receipt of the proceeds, shall be excluded for valuation purposes as a security held, and the selling price, net of brokers' commissions and other expenses, shall be treated as an asset of the Evolve Fund; and
- o) if any investment cannot be valued under the foregoing rules or if the foregoing rules are at any time considered by the Manager to be inappropriate under the circumstances, then notwithstanding the foregoing rules, the Manager shall make such valuation as it considers fair and reasonable.

Unless otherwise indicated, for purposes hereof, "current market value" means the most recently available sale price applicable to the relevant security on the principal exchange on which it is traded immediately preceding the Valuation Time on the Valuation Date, provided that, if no sale has taken place on a Valuation Date, the average of the bid and asked quotations immediately prior to the Valuation Time on the Valuation Date shall be used.

For the purposes of the foregoing valuation policies, quotations may be obtained from any report in common use, or from a reputable broker or other financial institutions, provided always that the Manager shall retain sole discretion to use such information and methods as it deems to be necessary or desirable for valuing the assets of the Evolve Funds, including the use of a formula computation.

If any investment cannot be valued under the foregoing rules or if the foregoing rules are at any time considered by the Manager to be inappropriate under the circumstances, then notwithstanding the foregoing rules, the Manager shall make such valuation as it considers fair and reasonable under the circumstances and, if there is an industry practice, in a manner consistent with such industry practice for valuing such investment.

Pursuant to NI 81-106, investment funds calculate their NAV using fair value for purposes of securityholder transactions. The Manager considers the policies above to result in fair valuation of the securities held by the Evolve Funds in accordance with NI 81-106 and such policies have been approved by the Board of Directors of the Manager. Net assets of the Evolve Funds will continue to be calculated in accordance with the rules and policies of the Canadian Securities Administrators or any exemption therefrom that the Evolve Funds may obtain.

Although the purchases and redemptions of Units are recorded on a class basis, the assets attributable to all of the classes or series of the Evolve Fund are pooled to create one fund for investment purposes. Each class or series pays its proportionate share of Fund Costs in addition to its Management Fee and Administration Fee. The difference in Fund Costs, Management Fees and Administration Fees between each class means that each class has a different NAV per Unit.

### Reporting of NAV

The Manager will publish the NAV and NAV per Unit for each Evolve Fund following the Valuation Time on the Valuation Date on its website at [www.evolvefunds.com](http://www.evolvefunds.com). This information will be available at no cost to the public.

## ATTRIBUTES OF THE SECURITIES

### Description of the Securities Distributed

Each Evolve Fund is divided into multiple classes of Units and each class of Units is divided into Units of participation of equal value. Each Evolve Fund is offering the following Units:

Evolve Fund	ETF Units			Mutual Fund Units			
	Unhedged ETF Units (CAD\$)	Hedged ETF Units (CAD\$)	USD Unhedged ETF Units (US\$)	Hedged Mutual Fund Units		Unhedged Mutual Fund Units	
Hedged Class A (CAD\$)				Hedged Class F (CAD\$)	Unhedged Class A (CAD\$)	Unhedged Class F (CAD\$)	
CYBR	✓	✓	✓	✓	✓		
HERS	✓	✓					
CARS	✓	✓	✓	✓	✓		
CALL	✓	✓					
LIFE	✓	✓					
CAPS	✓	✓	✓	✓	✓		
TIME	✓	✓					
DIVS	✓					✓	✓
EARN		✓		✓	✓		

Class A Mutual Fund Units are available to all investors. Class F Mutual Fund Units have lower fees than Class A Mutual Fund Units and are available for sale to investors who have accounts with dealers who have signed a fee-based agreement with them. These investors pay their dealers a fee directly for investment advice or other services. The Evolve Funds are authorized to issue an unlimited number of Units of each class. All Units of each class of an Evolve Fund have equal rights and privileges. The interest of each Unitholder in an Evolve Fund is shown by how many Units are registered in the name of such Unitholder. There is no fixed issue price. No Unit of a class of an Evolve Fund has any preference or priority over another Unit of the same class of that Evolve Fund.

On December 16, 2004, the *Trust Beneficiaries' Liability Act, 2004* (Ontario) came into force. This statute provides that holders of units of a trust are not, as beneficiaries, liable for any default, obligation or liability of the trust if, when the default occurs or the liability arises: (i) the trust is a reporting issuer under the *Securities Act* (Ontario); and (ii) the trust is governed by the laws of the province of Ontario. Each Evolve Fund is a reporting issuer under the *Securities Act* (Ontario) and each Evolve Fund is governed by the laws of Ontario by virtue of the provisions of the Declaration of Trust.

### ***Certain Provisions of the Units***

Each Unit entitles the holder thereof to one vote at meetings of Unitholders and to participate equally with all other Units of the same class of the Evolve Fund with respect to all payments made to Unitholders, other than Management Fee Distributions, including distributions of net income and net realized capital gains and, on liquidation, to participate equally in the net assets of the Evolve Fund remaining after satisfaction of any outstanding liabilities that are attributable to Units of that class of the Evolve Fund. Notwithstanding the foregoing, an Evolve Fund may allocate and designate as payable certain capital gains to a Unitholder whose Units are being redeemed or exchanged as described under “Exchange and Redemption of ETF Units – Allocations of Capital Gains to Redeeming or Exchanging Unitholders” and “Switches and Redemptions of Mutual Fund Units – Allocations of Capital Gains to Redeeming Unitholders”. All Units will be fully paid, with no liability for future assessments, when issued and will not be transferable except by operation of law. Unitholders are entitled to require an Evolve Fund to redeem their Units of such Evolve Fund as outlined under “Exchange and Redemption of ETF Units – Redemption of ETF Units of an Evolve Fund for Cash” and “Switches and Redemptions of Mutual Fund Units – Redemptions”.

### ***Exchange of ETF Units for Baskets of Securities***

As set out under “Exchange and Redemption of ETF Units – Exchange of ETF Units of an Evolve Fund at NAV per ETF Unit for Baskets of Securities and/or Cash”, Unitholders may exchange the applicable PNU (or an integral multiple thereof) of an Evolve Fund on any Trading Day for Baskets of Securities and/or cash, subject to the requirement that a minimum PNU be exchanged.

### ***Redemptions of ETF Units for Cash***

On any Trading Day, Unitholders may redeem ETF Units of any Evolve Fund for cash at a redemption price per ETF Unit equal to 95% of the closing price of the applicable Units on the TSX on the effective day of redemption, subject to a maximum redemption price per ETF Unit equal to the NAV per ETF Unit on the effective day of redemption, less any applicable administrative fee determined by the Manager, in its sole discretion, from time to time. Because Unitholders will generally be able to sell ETF Units at the market price on the TSX through a registered broker or dealer subject only to customary brokerage commissions, Unitholders are advised to consult their brokers, dealers or investment advisers before redeeming their ETF Units for cash.

### ***Modification of Terms***

All rights attached to the Units may only be modified, amended or varied in accordance with the terms of the Declaration of Trust. See “Unitholder Matters – Amendments to the Declaration of Trust”.

The Manager may amend the Declaration of Trust from time to time to redesignate the name of an Evolve Fund or to create a new class or series of units of an Evolve Fund without notice to existing Unitholders of the Evolve Funds.

### ***Voting Rights in the Portfolio Securities***

Holders of Units will not have any voting rights in respect of the securities in an Evolve Fund’s portfolio.

## **UNITHOLDER MATTERS**

### **Meetings of Unitholders**

Meetings of Unitholders of an Evolve Fund will be held if called by the Manager or upon the written request to the Manager of Unitholders of the Evolve Fund holding not less than 25% of the then outstanding Units of the Evolve Fund.

### **Matters Requiring Unitholder Approval**

NI 81-102 requires a meeting of Unitholders of an Evolve Fund to be called to approve certain changes as follows:

- (i) the basis of the calculation of a fee or expense that is charged to the Evolve Fund or its Unitholders is changed in a way that could result in an increase in charges to the Evolve Fund or to its Unitholders, except where (a) the Evolve Fund is at arm’s length with the person or company charging the fee; and (b) the Unitholders have received at least 60 days’ notice before the effective date of the change;

- (ii) a fee or expense, to be charged to an Evolve Fund or directly to its Unitholders by the Evolve Fund or the Manager in connection with the holding of Units of the Evolve Fund that could result in an increase in charges to the Evolve Fund or its Unitholders, is introduced;
- (iii) the Manager is changed, unless the new manager of the Evolve Fund is an affiliate of the Manager;
- (iv) the fundamental investment objective of the Evolve Fund is changed;
- (v) the Evolve Fund decreases the frequency of the calculation of its NAV per Unit;
- (vi) other than a Permitted Merger (as defined below) for which Unitholder approval is not required, the Evolve Fund undertakes a reorganization with, or transfers its assets to, another mutual fund, if the Evolve Fund ceases to continue after the reorganization or transfer of assets and the transaction results in the Unitholders of the Evolve Fund becoming securityholders in the other mutual fund;
- (vii) the Evolve Fund undertakes a reorganization with, or acquires assets from, another mutual fund, if the Evolve Fund continues after the reorganization or acquisition of assets, the transaction results in the securityholders of the other mutual fund becoming Unitholders, and the transaction would be a material change to the Evolve Fund; or
- (viii) any matter which is required by the constitutive documents of the Evolve Fund, by the laws applicable to the Evolve Fund or by any agreement to be submitted to a vote of the Unitholders.

In addition, the auditors of an Evolve Fund may not be changed unless the IRC of the Evolve Fund has approved the change and Unitholders have received at least 60 days' notice before the effective date of the change.

Approval of Unitholders of an Evolve Fund of any such matter will be given if a majority of the votes cast at a meeting of Unitholders of the Evolve Fund duly called and held for the purpose of considering the same approve the related resolution.

#### **Amendments to the Declaration of Trust**

The Trustee may amend the Declaration of Trust from time to time but may not, without the approval of a majority of the votes of Unitholders of the Evolve Fund voting at a meeting of Unitholders duly called for such purpose, make any amendment relating to any matter in respect of which NI 81-102 requires a meeting, as set out above, or any amendment that will adversely affect the voting rights of Unitholders. All Unitholders of an Evolve Fund shall be bound by an amendment affecting the Evolve Fund from the effective date of the amendment.

#### **Permitted Mergers**

An Evolve Fund may, without Unitholder approval, enter into a merger or other similar transaction (a "**Permitted Merger**") that has the effect of combining that Evolve Fund with any other investment fund or funds that have investment objectives, valuation procedures and fee structures that are similar to the Evolve Fund, subject to:

- (i) approval of the merger by the IRC;
- (ii) compliance with certain merger pre-approval conditions set out in NI 81-102; and
- (iii) written notice being sent to Unitholders at least 60 days before the effective date of the merger.

In connection with a Permitted Merger, the merging funds will be valued at their respective NAVs and Unitholders of the Evolve Fund will be offered the right to redeem their Units for cash at the applicable NAV per Unit.

#### **Accounting and Reporting to Unitholders**

The fiscal year-end of the Evolve Funds is December 31. The Evolve Funds will deliver or make available to Unitholders: (i) audited annual financial statements; (ii) unaudited interim financial statements; and (iii) annual and interim management reports of fund performance. Such documents are, or will be, incorporated by reference into, and form an integral part of, this prospectus. See "Documents Incorporated by Reference".

Each Unitholder will also be mailed annually, by his, her or its broker, as and when required under applicable law, information necessary to enable such Unitholder to complete an income tax return with respect to amounts paid or payable by each Evolve Fund owned by such Unitholder in respect of the preceding taxation year of such Evolve Fund. Neither the Manager nor the Registrar and Transfer Agent are responsible for tracking the adjusted cost base of a Unitholder's Units. Unitholders should consult with their tax or investment adviser in respect of how to compute the

adjusted cost base of their Units and in particular how distributions made by the Evolve Fund to a Unitholder affect the Unitholder's tax position. See "Income Tax Considerations".

The Manager will ensure that each Evolve Fund complies with all applicable reporting and administrative requirements. The Manager will also ensure that adequate books and records are kept reflecting the activities of each Evolve Fund. A Unitholder or his, her or its duly authorized representative has the right to examine the books and records of the applicable Evolve Fund during normal business hours at the offices of the Fund Administrator. Notwithstanding the foregoing, a Unitholder shall not have access to any information that, in the opinion of the Manager, should be kept confidential in the interests of the Evolve Funds.

### **International Information Reporting**

The Tax Act includes provisions which implement the Organization for Economic Co-operation and Development Common Reporting Standard and the Canada-United States Enhanced Tax Information Exchange Agreement (the "**International Information Exchange Legislation**"). Pursuant to the International Information Exchange Legislation, certain "Canadian financial institutions" (as defined in the International Information Exchange Legislation) are required to have procedures in place, in general terms, to identify accounts held by residents of foreign countries or by certain entities organized in, or the "controlling persons" of which are resident in, a foreign country (or, in the case of the U.S., of which the holder or any such controlling person is a citizen or resident, including U.S. persons not residing in the U.S.) and to report required information to the CRA. Under the International Information Exchange Legislation, unitholders may be required to provide certain information including citizenship, tax residence and tax identification numbers, which information may be required to be reported to the CRA unless the investment is held within a Registered Plan (as defined in the section entitled "Income Tax Considerations For Investors"). Such information is exchanged by the CRA on a reciprocal, bilateral basis with the countries in which the account holder or any such controlling person is resident (or of which such holder or person is a citizen or resident, where applicable), where such countries (including the U.S.) have agreed to a bilateral information exchange with Canada to which the International Information Exchange Legislation applies.

## **TERMINATION OF THE EVOLVE FUNDS**

An Evolve Fund may be terminated by the Manager on at least sixty (60) days' notice to Unitholders of such termination and the Manager will issue a press release in advance thereof. The Manager may also terminate an Evolve Fund if the Trustee resigns or becomes incapable of acting and is not replaced or if the Index Provider ceases to calculate the applicable Index or the License Agreement in respect of the applicable Index is terminated. The rights of Unitholders to exchange and redeem Units described under "Switches and Redemptions of Mutual Fund Units" and "Exchange and Redemption of ETF Units" will cease as and from the date of termination of that Evolve Fund.

The Trustee shall be entitled to retain out of any assets of an Evolve Fund, at the date of termination of the Evolve Fund, full provision for all costs, charges, expenses, claims and demands incurred or believed by the Trustee to be due or to become due in connection with or arising out of the termination of the Evolve Fund and the distribution of its assets to the Unitholders of the Evolve Fund. Out of the moneys so retained, the Trustee is entitled to be indemnified and saved harmless against all costs, charges, expenses, claims and demands. Upon such termination, the Constituent Securities, cash and other assets based on NAV remaining after paying or providing for all liabilities and obligations of the Evolve Fund shall be distributed pro rata among the Unitholders of the Evolve Fund.

## **PLAN OF DISTRIBUTION**

Units are being offered for sale on a continuous basis by this prospectus and there is no maximum number of Units that may be issued. The Units shall be offered for sale at a price equal to the NAV of such class of Units determined at the Valuation Time on the effective date of the subscription order.

### **Non-Resident Unitholders**

At no time may (i) non-residents of Canada, (ii) partnerships that are not Canadian partnerships or (iii) a combination of non-residents of Canada and such partnerships (all as defined in the Tax Act) be the beneficial owners of a majority of the Units of an Evolve Fund (on either a number of Units or fair market value basis) and the Manager shall inform the Registrar and Transfer Agent of the Evolve Fund of this restriction. The Manager may require declarations as to the jurisdictions in which a beneficial owner of Units is resident and, if a partnership, its status as a Canadian partnership. If the Manager becomes aware, as a result of requiring such declarations as to beneficial ownership or

otherwise, that the beneficial owners of 40% of the Units of an Evolve Fund then outstanding (on either a number of Units or fair market value basis) are, or may be, non-residents and/or partnerships that are not Canadian partnerships, or that such a situation is imminent, the Manager may make a public announcement thereof. If the Manager determines that more than 40% of the Units of an Evolve Fund (on either a number of Units or fair market value basis) are beneficially held by non-residents and/or partnerships that are not Canadian partnerships, the Manager may send a notice to such non-residents and/or partnerships, chosen in inverse order to the order of acquisition or in such manner as the Manager may consider equitable and practicable, requiring them to sell their Units or a portion thereof within a specified period of not less than 30 days. If the Unitholders receiving such notice have not sold the specified number of Units or provided the Manager with satisfactory evidence that they are not non-residents or partnerships other than Canadian partnerships within such period, the Manager may on behalf of such Unitholders sell such Units and, in the interim, shall suspend the voting and distribution rights attached to such Units. Upon such sale, the affected holders shall cease to be beneficial holders of Units and their rights shall be limited to receiving the net proceeds of sale of such Units.

Notwithstanding the foregoing, the Manager may determine not to take any of the actions described above if the Manager has been advised by legal counsel that the failure to take any of such actions would not adversely impact the status of an Evolve Fund as a mutual fund trust for purposes of the Tax Act or, alternatively, may take such other action or actions as may be necessary to maintain the status of the Evolve Fund as a mutual fund trust for purposes of the Tax Act.

## **DEALER COMPENSATION**

### **How an investment professional and dealer are paid**

An investment professional is usually the person through whom an investor purchases Units of an Evolve Fund. An investment professional could be a broker, financial planner or advisor who is registered to sell mutual funds. A dealer is the firm for which the investment professional works.

#### ***Class A Mutual Fund Units***

If an investor buys Class A Mutual Fund Units, the negotiated commission (up to 5% of the purchase amount) is deducted from the purchase amount and paid by the Unitholder, through the Manager, to the dealer. In addition, the Manager pays the dealer a service fee when holding Class A Mutual Fund Units. An Evolve Fund may also charge a short-term trading fee if the Manager redeems a Unitholder's Class A Mutual Fund Units within 30 days of purchase.

#### ***Trailing Commission***

The Manager pays a service fee known as a "trailing commission" to a Unitholder's dealer, either monthly or quarterly for ongoing services that the dealer provides to purchasers on the Class A Mutual Fund Units. The service fee is a percentage of the value of the Class A Mutual Fund Units held. The Manager pays the dealer the service fee out of the Management Fee payable to the Manager for as long as the Class A Mutual Fund Units are held. The Manager may change the terms of the service fee, including the manner and frequency with which it is paid at any time. The Manager may do this without informing Unitholders. Dealers typically pay a portion of the service fee they receive to their investment professionals for the services they provide to their clients.

Trailing commissions are not paid on ETF Units or Class F Mutual Fund Units.

#### ***Class F Mutual Fund Units***

The Manager does not pay dealers a commission if an investor buys Class F Mutual Fund Units. Investors who buy Class F Mutual Fund Units pay a negotiated fee to their dealer for investment advice and other services. An Evolve Fund may also charge a short-term trading fee if a Unitholder redeems their units within 30 days of buying them.

#### ***ETF Units***

The Manager does not pay any dealer a commission for the purchase of ETF Units. At the present time, the Manager is of the view that it is not necessary to impose any short-term trading restrictions on the ETF Units. See "Exchange and Redemption of ETF Units – Short-term Trading".

### **Other forms of dealer support**

The Manager may participate in co-operative advertising programs with dealers to help them market an Evolve Fund. The Manager may use part of the Management Fee to pay up to 50% of the cost of these advertising programs in accordance with rules set out in National Instrument 81-105 – *Mutual Fund Sales Practices*.

### **RELATIONSHIP BETWEEN THE EVOLVE FUNDS AND THE DEALERS**

The Manager, on behalf of an Evolve Fund, may enter into various agreements with registered dealers (that may or may not be the Designated Broker) pursuant to which the Dealers may subscribe for ETF Units of the Evolve Fund as described under “Purchases of Units”.

No Designated Broker or Dealer has been involved in the preparation of this prospectus or has performed any review of the contents of this prospectus and, as such, the Designated Broker and the Dealers do not perform many of the usual underwriting activities in connection with the distribution by the Evolve Funds of their Units under this prospectus. ETF Units of an Evolve Fund do not represent an interest or an obligation of the applicable Designated Broker, any Dealer or any affiliate thereof and a Unitholder does not have any recourse against any such parties in respect of amounts payable by an Evolve Fund to the applicable Designated Broker or applicable Dealers. See “Organization and Management Details of the Evolve Funds – Conflicts of Interest”.

### **PRINCIPAL HOLDERS OF UNITS**

As of the date hereof, no person or company owns of record or, to the knowledge of the Evolve Funds or the Manager, beneficially, directly or indirectly, more than 10% of the outstanding Class A Mutual Fund Units or Class F Mutual Fund Units of the Evolve Funds.

CDS & Co., the nominee of CDS, is the registered owner of the Units of the Evolve Funds, which it holds for various brokers and other persons on behalf of their clients and others. From time to time, a Designated Broker, Dealer, Evolve Fund or another investment fund managed by the Manager or an affiliate thereof, may beneficially own, directly or indirectly, more than 10% of the Units of an Evolve Fund.

### **PROXY VOTING DISCLOSURE FOR PORTFOLIO SECURITIES HELD**

The Manager has established policies and procedures with respect to the voting of proxies received from issuers of securities held in an Evolve Fund’s portfolio (the “**Proxy Voting Policy**”). Unless a Sub-Advisors proxy voting policies have been adopted, the Manager’s Proxy Voting Policy provides that the Manager will vote (or refrain from voting) proxies for each Evolve Fund for which it has voting power in the best economic interests of the Evolve Fund. The Proxy Voting Policy is not exhaustive and due to the variety of proxy voting issues that the Manager may be required to consider, are intended only to provide guidance and are not intended to dictate how proxies are to be voted in each instance. The Manager may depart from the Proxy Voting Policy in order to avoid voting decisions that may be contrary to the best interests of the Evolve Funds.

The Manager will publish these records on an annual basis on the Evolve Funds’ website at [www.evolvefunds.com](http://www.evolvefunds.com). Each Evolve Fund’s proxy voting record for the annual period from July 1 to June 30 is available at any time after August 31 following the end of that annual period, to any Unitholder on request, at no cost, and is also available at [www.evolvefunds.com](http://www.evolvefunds.com).

The Manager has delegated the right and obligation to vote proxies relating to the portfolio securities of the following Sub-Advisors as part of their respective portfolio management responsibilities.

#### **Proxy Policies for Nuveen Asset Management, LLC**

In respect of Evolve Funds for which Nuveen Asset Management, LLC has been appointed as sub-advisor, pursuant to the terms of the Nuveen Sub-Advisory Agreement, Nuveen Asset Management, LLC is authorized to exercise all rights and privileges incidental to ownership of the securities comprising the portfolio of the applicable Evolve Funds in accordance with Nuveen Asset Management, LLC’s proxy voting policy, which has been or will be adopted for the voting of proxies in compliance with applicable legislation. Nuveen Asset Management, LLC has adopted a proxy voting policy to ensure that proxies are voted in the best interest of its clients. In determining how to vote proxies, Nuveen Asset Management, LLC follows the proxy voting policies of an independent third party, Institutional Shareholder Services, Inc. Certain conflicts of interest or specific situations may call for a vote that does not follow

the third party's proxy voting policy. Such conflicts of interest or specific situations are addressed by Nuveen Asset Management, LLC's management with ultimate oversight by Nuveen Asset Management, LLC's proxy voting committee.

**Proxy Policies for Foyston, Gordon & Payne Inc.**

In respect of Evolve Funds for which Foyston, Gordon & Payne Inc. has been appointed as sub-advisor, pursuant to the terms of the FGP Sub-Advisory Agreement, Foyston, Gordon & Payne Inc. is authorized to exercise all rights and privileges incidental to ownership of the securities comprising the portfolio of the applicable Evolve Funds in accordance with Foyston, Gordon & Payne Inc.'s proxy voting policy, which has been or will be adopted for the voting of proxies in compliance with applicable legislation. Foyston, Gordon & Payne Inc. has adopted a proxy voting policy to ensure that proxies are voted in the best interest of its clients.

**Proxy Voting Policies for Allianz Global Investors U.S. LLC**

In respect of the Evolve Fund for which Allianz Global Investors U.S. LLC has been appointed as sub-advisor, pursuant to the terms of the Allianz Sub-Advisory Agreement, Allianz Global Investors U.S. LLC is authorized to exercise all rights and privileges incidental to ownership of the securities comprising the portfolio of the Evolve Fund in accordance with Allianz Global Investors U.S. LLC's proxy voting policy, which has been or will be adopted for the voting of proxies in compliance with applicable legislation. Allianz Global Investors U.S. LLC has adopted a proxy voting policy to ensure that proxies are voted in the best interest of its clients.

**MATERIAL CONTRACTS**

The only contracts material to the Evolve Funds are the Declaration of Trust, Custodian Agreement, Sub-Advisory Agreements and Index License Agreements.

Copies of these agreements may be examined at the head office of the Manager at 161 Bay Street, Suite 2700, Toronto, ON M5J 2S1.

**LEGAL AND ADMINISTRATIVE PROCEEDINGS**

The Evolve Funds are not involved in any legal proceedings, nor is the Manager aware of existing or pending legal or arbitration proceedings involving the Evolve Funds.

**EXPERTS**

The auditors of the Evolve Funds, Ernst & Young LLP, Chartered Professional Accountants, Licensed Public Accountants, have consented to the use of their report dated March 22, 2019 to the Unitholders of the Evolve Funds. Ernst & Young LLP has advised that it is independent with respect to the Evolve Funds within the meaning of the Rules of Professional Conduct of the Chartered Professional Accountants of Ontario.

**EXEMPTIONS AND APPROVALS**

The Manager, on behalf of the Evolve Funds, has obtained exemptive relief from the Securities Regulatory Authorities:

- (a) to permit a Unitholder to acquire more than 20% of the Units of an Evolve Fund through purchases on the TSX without regard to the takeover bid requirements of applicable Canadian Securities Legislation. See Purchases of Units – Special Considerations for Unitholders”;
- (b) to relieve the Evolve Funds from the requirement that a prospectus contain a certificate of the underwriters;
- (c) to permit the Evolve Funds to invest in other underlying exchange traded funds that do not qualify as index participation units;
- (d) to relieve the Evolve Funds from the requirement to prepare and file a simplified prospectus and annual information form in accordance with National Instrument 81-101 – *Mutual Fund Prospectus*

*Disclosure* for the Mutual Fund Units in the form prescribed by Form 81-101F1 – *Contents of Simplified Prospectus* and Form 81-101F2 – *Contents of Annual Information Form*, provided that the Evolve Funds file a long form prospectus for the Mutual Fund Units in accordance with the provisions of National Instrument 41-101 – *Distribution Requirements*;

- (e) to treat the ETF Units and Mutual Fund Units of each Evolve Fund as if such securities were separate funds in connection with their compliance with the provisions of Parts 9, 10 and 14 of NI 81-102; and
- (f) to permit Allianz Global Investors U.S. LLC to act as sub-advisor in respect of portfolio management services regarding commodity futures contracts and commodity futures options.

## **OTHER MATERIAL FACTS**

### **Index Provider Disclaimer**

The Evolve Funds are not sponsored, promoted, sold or supported in any other manner by Solactive AG nor does Solactive AG offer any express or implicit guarantee or assurance either with regard to the results of using the applicable Index and/or Index trade mark or the Index price at any time or in any other respect. The Indexes are calculated and published by Solactive AG. Solactive AG uses its best efforts to ensure that the Indexes are calculated correctly. Irrespective of its obligations towards the Manager or the applicable Evolve Funds, Solactive AG has no obligation to point out errors in the Indexes to third parties including but not limited to investors and/or financial intermediaries of the Evolve Funds. Neither publication of the Indexes by Solactive AG nor the licensing of such Indexes or applicable Index trade mark for the purpose of use in connection with the Evolve Funds constitutes a recommendation by Solactive AG to invest capital in said financial instruments nor does it in any way represent an assurance or opinion of Solactive AG with regard to any investment in these Evolve Funds.

## **PURCHASERS' STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION**

### *Mutual Fund Units*

Securities legislation in some provinces gives Unitholders the right to withdraw from an agreement to buy mutual funds within two business days of receiving the prospectus or fund facts, or to cancel their purchase within 48 hours of receiving confirmation of the order.

Securities legislation in some provinces and territories also allows Unitholders to cancel an agreement to buy units and get their money back or to make a claim for damages, if the prospectus, fund facts or financial statements misrepresent any facts about the fund. These rights must usually be exercised within certain time limits.

The purchaser should refer to the applicable provisions of the securities legislation of the province or territory for the particulars of these rights or should consult with a legal adviser.

### *ETF Units*

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase exchange traded mutual fund securities within 48 hours after the receipt of a confirmation of a purchase of such securities. In several of the provinces and territories of Canada, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation, or for non-delivery of the ETF Facts, provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory.

The purchaser should refer to the applicable provisions of the securities legislation of the province or territory for the particulars of these rights or should consult with a legal adviser.

## **DOCUMENTS INCORPORATED BY REFERENCE**

Additional information about each of the Evolve Funds is, or will be, available in the following documents:

- (i) the most recently filed ETF Facts or Fund Facts (as applicable) of the Evolve Funds;

- (ii) the most recently filed comparative annual financial statements of the Evolve Funds, together with the accompanying report of the auditors;
- (iii) any unaudited interim financial statements of the Evolve Funds of the Evolve Funds filed after the most recently filed comparative annual financial statements of the Evolve Funds;
- (iv) the most recently filed annual MRFP of the Evolve Funds; and
- (v) any interim MRFP of the Evolve Funds filed after that most recently filed annual MRFP of the Evolve Funds.

These documents are or will be incorporated by reference into this prospectus, which means that they legally form part of this document just as if they were printed as part of this document.

These documents are available on the Manager's website at [www.evolvefunds.com](http://www.evolvefunds.com) or by contacting the Manager at (416)-214-4884 or toll-free at 1-844-370-4884 or by email at [info@evolvefunds.com](mailto:info@evolvefunds.com). These documents and other information about the Evolve Funds are available on the Internet at [www.sedar.com](http://www.sedar.com).

In addition to the documents listed above, any documents of the type described above that are filed on behalf of the Evolve Funds after the date of this prospectus and before the termination of the distribution of the Evolve Funds are deemed to be incorporated by reference into this prospectus.

**CERTIFICATE OF THE EVOLVE FUNDS, THE MANAGER AND PROMOTER**

Dated: August 9, 2019

This prospectus, together with the documents incorporated herein by reference, constitutes full, true and plain disclosure of all material facts relating to the securities offered by this prospectus as required by the securities legislation of each of the provinces and territories of Canada.
