³ For the period ending February 28, 2020. The indicated rates of return are the historical annual compounded total returns including changes in per unit value and reinvestment of all dividends or distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. The rates of return shown in the table are not intended to reflect future values of the ETF or returns on investment in the ETF. ETFs are not guaranteed, their values change frequently and past performance may not be repeated.

⁴ Performance since inception on September 29, 2017, as at February 28, 2020.

⁵ The S&P/TSX Preferred Share Index (TXPRAR Index) is designed to track to the performance of the Canadian preferred stock market.

ABOUT FOYSTON, GORDON & PAYNE INC. (www.foyston.com)

Foyston, Gordon & Payne Inc. ("FGP") is a value-style investment management firm founded in 1980 to provide portfolio management services to organizations and high net worth individuals. FGP manages approximately \$13 billion in Canadian equities, foreign equities, and Canadian bonds. FGP believes that high quality, sustainable earnings should contribute to producing excellent longer-term value-added results. The firm's portfolio managers and analysts use a strict discipline to ensure they do not overpay for earnings. Quality and value are the primary determinants of the excellent long term results provided to FGP's clients.

DISCLAIMER

Commissions, management fees and expenses all may be associated with exchange traded funds (ETFs) and mutual funds (funds). Please read the prospectus before investing. ETFs and mutual funds are not guaranteed, their values change frequently and past performance may not be repeated. There are risks involved with investing in ETFs and mutual funds. Please read the prospectus for a complete description of risks relevant to ETFs and mutual funds. Investors may incur customary brokerage commissions in buying or selling ETF and mutual fund units.

Investors should monitor their holdings, as frequently as daily, to ensure that they remain consistent with their investment strategies.
