\$28 trillion (or 26%) could be added to global annual GDP by 2025 if full gender equality is achieved in the workforce.¹

INVESTMENT OBJECTIVE

HERS seeks to replicate, to the extent reasonably possible and before fees and expenses, the performance of the Solactive Equileap North American Gender Equality Index Canadian Dollar Hedged, or any successor thereto. HERS invests in equity securities of companies domiciled in Canada and the United States that have demonstrated commitment to gender diversity as part of their corporate social responsibility strategy.

⁴For the period ending February 28, 2020. The indicated rates of return are the historical annual compounded total returns including changes in per unit value and reinvestment of all dividends or distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. The rates of return shown in the table are not intended to reflect future values of the ETF or returns on investment in the ETF. ETFs are not guaranteed, their values change frequently and past performance may not be repeated.

⁵ Performance since inception on September 20, 2017, as at February 28, 2020.

ABOUT EQUILEAP (www.equileap.org)

Equileap is an organization aiming to accelerate progress towards gender equality in the workplace, using the power of investments, grants and knowledge. Headquartered in Amsterdam and London, the organization is led by Diana van Maasdijk, Co-Founder & Executive Director and Jo Andrews, Co-Founder & Director of Social Impact.

DISCLAIMER

Commissions, management fees and expenses all may be associated with exchange traded mutual funds (ETFs). Please read the prospectus before investing. ETFs are not guaranteed, their values change frequently and past performance may not be repeated. There are risks involved with investing in ETFs. Please read the prospectus for a complete description of risks relevant to the ETF. Investors may incur customary brokerage commissions in buying or selling ETF units.

Investors should monitor their holdings, as frequently as daily, to ensure that they remain consistent with their investment strategies.
