PROSPECTUS

Initial Public Offering and Continuous Offering

April 28, 2021

Evolve S&P/TSX 60 CleanBeta™ Fund (“SIXT”)
Evolve S&P 500 CleanBeta™ Fund (“FIVE”)
 (Collectively, the “**Evolve Funds**” and each, an “**Evolve Fund**”)

This prospectus qualifies the distribution of units (“**Units**”) of the Evolve Funds, each of which is established under the laws of the province of Ontario. See “Organization and Management Details of the Evolve Funds – Manager”. Each Evolve Fund is offering the following Units:

Evolve Fund	ETF Units		
	Unhedged ETF Units (CAD\$)	USD Unhedged ETF Units (US\$)	Hedged ETF Units (CAD\$)
SIXT	✓		
FIVE	✓	✓	✓

Unhedged ETF Units (CAD\$) and USD Unhedged ETF Units are referred to in this prospectus as “**Unhedged ETF Units**”, and Unhedged ETF Units and Hedged ETF Units are referred to in this prospectus as “**Units**”.

Investment Objectives

Evolve S&P/TSX 60 CleanBeta™ Fund

SIXT seeks to provide long-term capital growth by replicating, net of fees and expenses, the performance of the S&P/TSX 60 Index while striving to offset the carbon footprint of the constituent securities in the portfolio.

Evolve S&P 500 CleanBeta™ Fund

FIVE seeks to provide long-term capital growth by replicating, net of fees and expenses, the performance of the S&P 500 Index while striving to offset the carbon footprint of the constituent securities in the portfolio.

See “Investment Objectives”.

Evolve Funds Group Inc. (the “**Manager**”), a registered investment fund manager and portfolio manager, will act as promoter, manager, trustee and portfolio manager of the Evolve Funds and is responsible for the administration of the Evolve Funds. See “Organization and Management Details of the Evolve Funds – Manager”.

Listing of ETF Units

The Evolve Funds issue Units on a continuous basis and there is no maximum number of Units that may be issued. The ETF Units of the Evolve Funds have been conditionally approved for listing on the Toronto Stock Exchange (the

“Designated Exchange”). Subject to satisfying the Designated Exchange’s original listing requirements on or before April 28, 2022, the ETF Units will be listed on the Designated Exchange and investors will be able to buy or sell such Units on the Designated Exchange through registered brokers and dealers in the province or territory where the investor resides.

Investors may incur customary brokerage commissions in buying or selling ETF Units. No fees are paid by investors to the Manager or the Evolve Funds in connection with buying or selling ETF Units on the applicable Designated Exchange. Unitholders (as defined herein) may also redeem ETF Units of any Evolve Fund for cash at a redemption price per ETF Unit equal to 95% of the closing price of the applicable ETF Units on the applicable Designated Exchange, on the effective day of redemption, subject to a maximum redemption price per ETF Unit equal to the NAV per ETF Unit (as defined herein) on the effective day of redemption, or exchange a Prescribed Number of ETF Units (as defined herein) (or an integral multiple thereof) for Baskets of Securities (as defined herein) and cash or, in certain circumstances, for cash. See “Exchange and Redemption of ETF Units – Redemption of ETF Units of the Evolve Funds for Cash” and “Exchange and Redemption of ETF Units – Exchange of ETF Units of the Evolve Funds at NAV per ETF Unit for Baskets of Securities and/or Cash” for further information.

The Evolve Funds issue ETF Units directly to the Designated Broker (as defined herein) and Dealers (as defined herein).

No designated broker or dealer has been involved in the preparation of this prospectus or has performed any review of the contents of this prospectus and as such, the Designated Broker and Dealers do not perform many of the usual underwriting activities in connection with the distribution by the Evolve Funds of their Units under this prospectus.

Registration of interests in, and transfer of, the ETF Units will be made only through CDS Clearing and Depository Services Inc (“**CDS**”). Beneficial owners will not have the right to receive physical certificates evidencing their ownership.

For a discussion of the risks associated with an investment in Units of the Evolve Funds, see “Risk Factors”.

Eligibility for Investment

Provided that the Units are listed on a “designated stock exchange” within the meaning of the Tax Act (as defined herein)(which includes the Designated Exchange), the Units, if issued on the date hereof, would be on such date qualified investments under the Tax Act for a trust governed by a registered retirement savings plan, a registered retirement income fund, a registered disability savings plan, a deferred profit sharing plan, a registered education savings plan or a tax-free savings account (collectively, “**Plans**”).

Documents Incorporated by Reference

Additional information about each Evolve Fund is or will be available in the most recently filed annual financial statements, any interim financial statements filed after those annual financial statements, the most recently filed annual management report of fund performance (“**MRFP**”), any interim MRFP filed after the annual MRFP for each Evolve Fund and the most recently filed ETF Facts (as defined herein) for each Evolve Fund. These documents are incorporated by reference into, and legally form an integral part of, this prospectus. See “Documents Incorporated by Reference” for further details.

PROSPECTUS SUMMARY

The following is a summary of the principal features of this distribution and should be read together with the more detailed information, financial data and financial statements contained elsewhere in this prospectus or incorporated by reference in this prospectus.

Issuers: Evolve S&P/TSX 60 CleanBeta™ Fund (“**SIXT**”)
Evolve S&P 500 CleanBeta™ Fund (“**FIVE**”)
(Collectively, the “**Evolve Funds**” and each, an “**Evolve Fund**”)

Each Evolve Fund is offering the following Units:

Evolve Fund	ETF Units		
	Unhedged ETF Units (CAD\$)	USD Unhedged ETF Units (US\$)	Hedged ETF Units (CAD\$)
SIXT	✓		
FIVE	✓	✓	✓

Unhedged ETF Units (CAD\$) and USD Unhedged ETF Units are referred to in this prospectus as “**Unhedged ETF Units**”, and Unhedged ETF Units and Hedged ETF Units are referred to in this prospectus as “**Units**”.

Each Evolve Fund is a mutual fund established under the laws of the Province of Ontario. Evolve Funds Group Inc. (“**EFG**”) is the promoter, manager, trustee and portfolio manager of the Evolve Funds and is responsible for the administration of the Evolve Funds.

**Continuous
Distribution:**

ETF Units

The Evolve Funds issue Units on a continuous basis and there is no maximum number of Units that may be issued. The ETF Units of the Evolve Funds have been conditionally approved for listing on the Designated Exchange. Subject to satisfying the Designated Exchange’s original listing requirements, the ETF Units will be listed on the Designated Exchange and investors will be able to buy or sell such Units on the Designated Exchange through registered brokers and dealers in the province or territory where the investor resides.

Investors may incur customary brokerage commissions in buying or selling ETF Units. No fees are paid by investors to the Manager or the Evolve Funds in connection with the buying or selling of ETF Units on the applicable Designated Exchange, as applicable. Investors may trade ETF Units in the same way as other securities listed on the applicable Designated Exchange, including by using market orders and limit orders.

See “Purchases of Units – Continuous Distribution”.

**Investment
Objectives:**

Evolve Fund	Investment Objectives
SIXT	SIXT seeks to provide long-term capital growth by replicating, net of fees and expenses, the performance of the S&P/TSX 60 Index while striving to offset the carbon footprint of the constituent securities in the portfolio.
FIVE	FIVE seeks to provide long-term capital growth by replicating, net of fees and expenses, the performance of the S&P 500 Index

while striving to offset the carbon footprint of the constituent securities in the portfolio.

See “Investment Objectives”.

**Investment
Strategies:**

In order to achieve their investment objective and to obtain direct or indirect exposure to the Constituent Securities of the applicable Index, each Evolve Fund may hold the Constituent Securities of the applicable Index in approximately the same proportion as they are reflected in the Index or may hold securities of one or more exchange traded funds that replicate the performance of the Index, or a subset of such Index. Each Evolve Fund will invest in its own portfolio comprised of various securities and instruments which may include, but are not limited to, equity and equity related securities. Equity related securities held by the Evolve Fund may include, but are not limited to, convertible debt, income trust units, single issuer equity options, preferred shares and warrants. If market conditions require, in order to preserve capital, an Evolve Fund may seek to invest a substantial portion of its assets in cash and cash equivalents.

Each Evolve Fund may, in certain circumstances and at the discretion of the Manager, employ a “sampling” strategy. Under a sampling strategy, an Evolve Fund may not hold all of the Constituent Securities that are included in the Index, but instead will hold a portfolio of securities selected by the Manager that closely matches the aggregate investment characteristics (e.g., market capitalization, industry sector, or weightings, etc.) of the securities included in the Index. It is expected that the Manager may use this sampling methodology where it is difficult to acquire the necessary Constituent Securities of the Index, where the asset levels of the Evolve Fund do not allow for the holding of all of the Constituent Securities or where it is otherwise beneficial to the Evolve Fund to do so, including in circumstances determined by the Manager where it would be beneficial to do so in order to reduce the carbon footprint of the portfolio.

A CleanBeta™ Strategy

As part of each Evolve Fund’s socially responsible investing strategy, based on the carbon footprint determined by the Trucost (“**Trucost**”) Data Methodology Guide (Corporate Environmental Performance), available at www.trucost.com, the Manager on behalf of the Evolve Funds may employ a variety of strategies, including screening or purchasing and retiring carbon credits, as a means to neutralize the full carbon footprint of the Evolve Funds. Trucost calculates the carbon footprint of the Constituent Issuers of the applicable Index, at least annually. Trucost is a division of S&P Global.

At least initially, the Manager will strive to directly or indirectly purchase and concurrently retire a corresponding amount of carbon credits through registries acceptable to the Manager or directly from offset generators. The Manager, on behalf of the Evolve Funds, will purchase carbon credits that it believes satisfies the verification standards of widely recognized voluntary offset programs including the Gold Standard, the American Carbon Registry, the Climate Action Reserve, Verified Carbon Standard (Verra), the Plan Vivo System, CSA Group Registries or other such programs as the Manager may deem appropriate from time to time.

Carbon credits paid for by the Evolve Fund will not become assets of the Evolve Fund, but will be retired immediately upon purchase. As each Evolve Fund will bear the full cost required to retire an amount of carbon credits determined by the Manager to be reasonable or necessary to achieve a carbon neutral portfolio, the performance returns of each Evolve Fund will necessarily be reduced by the actual costs incurred by the Evolve Fund in purchasing and retiring carbon credits. The size of the carbon footprint of the Constituent Issuers in the portfolio (and therefore the amount of carbon credits determined to be purchased by the Manager), as well as the actual prices available to the Evolve Funds in purchasing and retiring carbon credits, are expected to vary depending on the actual level of greenhouse gas emissions produced by Constituent Issuers from time to time in the portfolio, supply and demand of the carbon credits available in the market, and may also increase or decrease depending on a variety of others factors, including but not limited to, regulatory developments affecting the price or availability of carbon credits, an increase in greenhouse gas emissions emitted by Constituent Issuers included in the

applicable Index (including as a result of an Index rebalancing), and other factors beyond the Manager's control.

Special Considerations for Purchasers:

The provisions of the so-called "early warning" requirements set out in Canadian Securities Legislation do not apply in connection with the acquisition of Units. In addition, the Evolve Funds have obtained exemptive relief from the Securities Regulatory Authorities to permit Unitholders to acquire more than 20% of the ETF Units through purchases on the applicable Designated Exchange, without regard to the takeover bid requirements of applicable Canadian Securities Legislation.

See "Attributes of the Securities – Description of the Securities Distributed".

Risk Factors:

There are certain risk factors inherent in an investment in the Evolve Funds. See "Risk Factors".

Income Tax Considerations:

A Unitholder who is resident in Canada will generally be required to include, in computing income for a taxation year, the amount of income (including any net realized taxable capital gains) that is paid or becomes payable to the Unitholder by an Evolve Fund in that year (including such income that is paid in Units of the Evolve Fund or reinvested in additional Units of the Evolve Fund).

A Unitholder who disposes of a Unit of an Evolve Fund that is held as capital property, including on a redemption or otherwise, will generally realize a capital gain (or capital loss) to the extent that the proceeds of disposition (other than any amount payable by the Evolve Fund to the Unitholder which represents capital gains allocated and designated to the redeeming Unitholder), net of costs of disposition, exceed (or are less than) the adjusted cost base of that Unit.

Each investor should satisfy himself or herself as to the federal and provincial tax consequences of an investment in Units by obtaining advice from his or her tax advisor.

See "Income Tax Considerations".

Exchange and Redemption of ETF Units:

In addition to the ability to sell ETF Units on the applicable Designated Exchange, Unitholders may also (i) redeem ETF Units for cash at a redemption price per ETF Unit equal to 95% of the closing price of the ETF Units on the applicable Designated Exchange, on the effective day of redemption, subject to a maximum redemption price per Unit equal to the NAV per ETF Unit on the effective day of redemption, less any applicable administrative fee determined by the Manager, in its sole discretion, from time to time, or (ii) exchange a PNU (or an integral multiple thereof) for Baskets of Securities and cash or, in certain circumstances, for cash.

See "Exchange and Redemption of ETF Units – Redemption of ETF Units of an Evolve Fund for Cash" and "Exchange and Redemption of ETF Units – Exchange of ETF Units of an Evolve Fund at NAV per ETF Unit for Baskets of Securities and/or Cash" for further information.

Distributions:

Cash distributions of income, if any, on ETF Units will be payable periodically as set out in the table below by each of the Evolve Funds:

Evolve Fund	Frequency of Distributions, if any
Evolve S&P/TSX 60 CleanBeta™ Fund	Quarterly
Evolve S&P 500 CleanBeta™ Fund	Quarterly

The Evolve Funds will not have a fixed distribution amount. The amount and frequency of distributions, if any, will be based on the Manager's assessment of anticipated cash flow and anticipated expenses of the Evolve Funds from time to time. The date of any cash distribution of each Evolve Fund will be announced in advance by issuance of a press release. The Manager

may, in its complete discretion, change the frequency of these distributions and any such change will be announced by issuance of a press release.

Depending on the underlying investments of an Evolve Fund, distributions on Units may consist of ordinary income, including foreign source income, sourced from foreign dividends, distributions received by the Evolve Fund and dividends from taxable Canadian corporations but may also include net realized capital gains, in any case, less the expenses of the Evolve Fund and may include returns of capital. To the extent that the expenses of an Evolve Fund exceed the income generated by such Evolve Fund in any applicable distribution period, it is not expected that a distribution for that period will be paid.

In addition, an Evolve Fund may from time to time pay additional distributions on its Units, including without restriction in connection with returns of capital.

The tax treatment to Unitholders of distributions is discussed under the heading “Income Tax Considerations”. See “Distribution Policy”.

**Distribution
Reinvestment
Plan:**

The Evolve Funds may provide Unitholders with the opportunity to reinvest cash distributions in additional Units through participation in a distribution reinvestment plan.

See “Distribution Policy – Distribution Reinvestment Plan”.

Termination:

The Evolve Funds do not have a fixed termination date but may be terminated at the discretion of the Manager in accordance with the terms of the Declaration of Trust. See “Termination of the Evolve Funds”.

**Eligibility for
Investment:**

Provided that the Units are listed on a “designated stock exchange” within the meaning of the Tax Act (which includes the Designated Exchange), the Units, if issued on the date hereof, would be on such date qualified investments under the Tax Act for a trust governed by a registered retirement savings plan, a registered retirement income fund, a registered disability savings plan, a deferred profit sharing plan, a registered education savings plan or a tax-free savings account (collectively, “Plans”).

See “Income Tax Considerations – Taxation of Registered Plans”.

See “Documents Incorporated by Reference”.

Organization and Management of the Evolve Funds

Manager, Trustee and Portfolio Manager: In its capacity as manager, EFG is responsible for the administration and operations of the Evolve Funds. In its capacity as trustee, EFG will hold title to the assets of each Evolve Fund in trust for the Unitholders. In its capacity as portfolio manager, EFG will be responsible for the oversight and provision of investment advisory services to the Evolve Funds.

The principal office of the Evolve Funds and EFG is located at Scotia Plaza, 40 King Street West, Suite 3404, Toronto, ON M5H 3Y2.

See “Organization and Management Details of the Evolve Funds – Manager” and “Organization and Management Details of the Evolve Funds – Trustee”.

Promoter: EFG has taken the initiative of founding and organizing the Evolve Funds and is, accordingly, the promoter of the Evolve Funds within the meaning of securities legislation of certain provinces and territories of Canada.

See “Organization and Management Details of the Evolve Funds – Promoter”.

Custodian: CIBC Mellon Trust Company, at its principal office in Toronto, Ontario, is the Custodian of the assets of the Evolve Funds and holds those assets in safekeeping. The Custodian is entitled to receive fees from the Manager as described under “Fees and Expenses” and to be reimbursed for all expenses and liabilities that are properly incurred by the Custodian in connection with the activities of the Evolve Funds.

See “Organization and Management Details of the Evolve Funds – Custodian”.

Fund Administrator: CIBC Mellon Global Securities Services Company, at its principal office in Toronto, Ontario, is the Fund Administrator. The Fund Administrator is responsible for certain aspects of the day-to-day administration of the Evolve Funds, including NAV calculations, calculating net income and net realized capital gains of the Evolve Funds and maintaining books and records with respect to the Evolve Funds.

See “Organization and Management Details of the Evolve Funds – Fund Administrator”.

Registrar and Transfer Agent: TSX Trust Company, at its principal office in Toronto, Ontario, is the registrar and transfer agent for the Units and maintains the register of registered Unitholders. The register of the Evolve Funds is kept in Toronto, Ontario.

See “Organization and Management Details of the Evolve Funds – Registrar and Transfer Agent”.

Lending Agents: The Bank of New York Mellon, at its principal office in Toronto, Ontario, may act as the securities lending agent for the Evolve Funds pursuant to a securities lending authorization agreement.

See “Organization and Management Details of the Evolve Funds – Lending Agents”.

Auditors: Ernst & Young LLP, at its principal office in Toronto, Ontario, are the auditors of the Evolve Funds. The auditors will audit each Evolve Fund’s annual financial statements and provide an opinion as to whether they present fairly the Evolve Fund’s financial position, financial performance and cash flows in accordance with International Financial Reporting Standards. The auditors are independent with respect to the Evolve Funds within the meaning of the Rules of Professional Conduct of the Chartered Professional Accountants of Ontario.

See “Organization and Management Details of the Evolve Funds – Auditors”.

Summary of Fees and Expenses

The following table lists the fees and expenses that an investor may have to pay if the investor invests in the Evolve Funds. An investor may have to pay some of these fees and expenses directly. The Evolve Funds may have to pay some of these fees and expenses, which will therefore reduce the value of an investment in the Evolve Funds. See “Fees and Expenses”.

Fees and Expenses Payable by the Evolve Funds

Type of Fee	Amount and Description
Management Fee:	Each Evolve Fund pays an annual management fee (the “ Management Fee ”) to the Manager for acting as trustee, manager and portfolio manager of the Evolve Fund equal to a percentage of the NAV of the Evolve Fund, calculated daily and payable monthly in arrears, plus applicable taxes, as follows:

Evolve Fund	Class of Units	Management Fee
SIXT	Unhedged ETF Units	0.20%
FIVE	Unhedged ETF Units	0.20%
	USD Unhedged ETF Units	0.20%
	Hedged ETF Units	0.20%

The Manager may, at its discretion, agree to charge a reduced Management Fee for some Unitholders as compared to the Management Fee that the Manager would otherwise be entitled to receive from an Evolve Fund, provided that the difference between the fee otherwise chargeable and the reduced fee is distributed periodically by the Evolve Fund to the applicable Unitholders as a management fee distribution (the “**Management Fee Distributions**”). Any reduction will depend on a number of factors, including the amount invested, the NAV of the Evolve Fund and the expected amount of account activity. Management Fee Distributions will be paid first out of net income of the Evolve Fund, then out of capital gains of the Evolve Fund and thereafter out of capital. See “Fees and Expenses”.

Certain Operating Expenses:

Other than Fund Costs (as defined below), in consideration for the payment by the Evolve Funds of a fixed administration fee (the “**Administration Fee**”) to the Manager with respect to each class, and subject to compliance with NI 81-102, the Manager pays for the following operating expenses of the Evolve Funds (“**Operating Expenses**”), including but not limited to: mailing and printing expenses for periodic reports to Unitholders; fees payable to the relevant Index Provider (if applicable), Registrar and Transfer Agent and Custodian; any reasonable out of pocket expenses incurred by the Manager or its agents in connection with their ongoing obligations to the Evolve Funds; IRC committee member fees and expenses in connection with the IRC; expenses related to compliance with NI 81-107; fees and expenses relating to voting of proxies by a third party; insurance coverage for the members of the IRC; fees payable to the auditors and legal advisors of the Evolve Funds; regulatory filing, stock exchange and licensing fees (if applicable) and CDS fees; banking costs and interest with respect to any borrowing (if applicable); website maintenance costs; costs and expenses of complying with all applicable laws, regulations and policies, including expenses and costs incurred in connection with the continuous public filing requirements such as permitted prospectus preparation and filing expenses; and legal, accounting and audit fees and fees and expenses of the Trustee, Custodian and Manager which are incurred in respect of matters not in the normal course of the Evolve Funds’ activities. The Administration Fee paid to

the Manager by an Evolve Fund in respect of a class may, in any particular period, be less than or exceed the Operating Expenses that the Manager incurs for that class. The Manager is not obligated to pay any other expense, cost or fee, including those arising from new government or regulatory requirements relating to the foregoing expenses, costs and fees.

The Administration Fee is equal to a specified percentage of the NAV of each class of an Evolve Fund, calculated and paid in the same manner as the Management Fee for the Evolve Fund. The rate of the annual Administration Fee for each Evolve Fund is set out below.

Evolve Fund	Administration Fee
SIXT	0.15%
FIVE	0.15%

Fund Costs:

The fund costs (“**Fund Costs**”) which are payable by the Evolve Funds include any taxes payable by the Evolve Funds to which the Evolve Funds may be subject, including income taxes, sales taxes (including GST/HST) and/or withholding taxes; expenditures incurred upon termination of the Evolve Funds; extraordinary expenses that the Evolve Funds may incur and all amounts paid on account of any indebtedness (if applicable); any expenses of insurance and costs of all suits or legal proceedings in connection with the Evolve Funds or the assets of the Evolve Funds or to protect the Unitholders, the Trustee, the Manager, and the directors, officers, employees or agents of any of them; any expenses of indemnification of the Trustee, the Unitholders, the Manager, and the directors, officers, employees or agents of any of them to the extent permitted under the Declaration of Trust; and expenses relating to the preparation, printing and mailing of information to Unitholders in connection with meetings of Unitholders. The Evolve Funds are also responsible for all commissions and other costs of portfolio transactions (including the costs of purchasing and retiring carbon credits considered necessary or desirable by the Manager in order to seek to achieve each Evolve Funds’ investment objectives) and any extraordinary expenses of the Evolve Funds which may be incurred from time to time.

Each class of an Evolve Fund is responsible for its proportionate share of common Fund Costs of an Evolve Fund, in addition to the expenses it incurs alone (including, in the case of Hedged Units, the costs relating to currency hedging).

The Manager anticipates that, (i) based on the carbon footprint of the S&P TSX60 Index calculated by Trucost as at March 31, 2021, the costs that would have been incurred by SIXT to purchase and retire a sufficient amount of carbon credits would have been approximately 0.17% of NAV (based on an estimated 85.57 metric tons of CO₂e per \$1 million and an average price per carbon credit of US\$20 per ton of carbon), and (ii) based on the carbon footprint of the S&P 500 Index calculated by Trucost as at March 31, 2021, the costs that would have been incurred by FIVE to purchase and retire a sufficient amount of carbon credits would have been approximately 0.11% of NAV (based on an estimated 54.25 metric tons of CO₂e per \$1 million and an average price per carbon credit of US\$20 per ton of carbon), in each case, to fully neutralize the carbon footprint of the Constituent Issuers in the respective Indexes. The above is based on the Manager’s estimate only, and actual costs to purchase and retire carbon credits in the future may be lower or higher than these estimates. The size of the carbon footprint of the Constituent Issuers in the portfolio (and therefore the amount of carbon credits determined to be purchased by the Manager), as well as the actual prices available to the Evolve Funds in purchasing and retiring carbon credits, are expected to vary depending on the actual level of greenhouse gas emissions produced by Constituent Issuers from time to time in the portfolio, supply and demand of the carbon credits available in the market, and may also increase or decrease depending on a variety of others factors,

including but not limited to, regulatory developments affecting the price or availability of carbon credits, an increase in greenhouse gas emissions emitted by Constituent Issuers included in the applicable Index (including as a result of an Index rebalancing), and other factors beyond the Manager's control. If the purchase price of carbon credits increases, the management expense ratio of the affected Evolve Fund is expected to increase by a corresponding amount.

Investments in Other Investment Funds:

In the event that an Evolve Fund invests in one or more other investment funds listed on a stock exchange in Canada or the United States, there shall be no management fees or incentive fees that are payable by the Evolve Fund that, to a reasonable person, would duplicate a fee payable by the underlying investment fund for the same service.

Fees and Expenses Payable Directly by Unitholders

Type of Fee	Amount and Description
Short-term Trading Fees:	At the present time, the Manager is of the view that it is not necessary to impose any short-term trading restrictions on the ETF Units. See "Fees and Expenses – Fees and Expenses Payable Directly by the Unitholders – Short-term Trading Fees".
Other ETF Unit Charges:	An amount as may be agreed to between the Manager and the Designated Broker or a Dealer may be charged to offset certain transaction costs associated with an issue, exchange or redemption of ETF Units. This charge does not apply to Unitholders who buy and sell their ETF Units through the facilities of the applicable Designated Exchange. See "Fees and Expenses – Fees and Expenses Payable Directly by the Unitholders – Other ETF Unit Charges" and "Exchange and Redemption of Units – Other ETF Unit Charges".

OVERVIEW OF THE LEGAL STRUCTURE OF THE EVOLVE FUNDS

The Evolve Funds are mutual funds established under the laws of the Province of Ontario, pursuant to the terms of the Declaration of Trust. Each Evolve Fund is a mutual fund under Canadian Securities Legislation.

EFG, a registered investment fund manager and portfolio manager, is the trustee, manager and portfolio manager of the Evolve Funds, is the promoter of the Evolve Funds, and in its capacity as manager, will be responsible for the administration of the Evolve Funds. The principal office of the Evolve Funds and EFG is located at Scotia Plaza, 40 King Street West, Suite 3404, Toronto, ON M5H 3Y2.

The Evolve Funds issue Units on a continuous basis and there is no maximum number of Units that may be issued. The ETF Units of the Evolve Funds have been conditionally approved for listing on the Toronto Stock Exchange (the “**Designated Exchange**”). Subject to satisfying the Designated Exchange’s original listing requirements, the ETF Units will be listed on the Designated Exchange and investors will be able to buy or sell such Units on the Designated Exchange through registered brokers and dealers in the province or territory where the investor resides.

The following chart sets out the full legal name as well as the ticker symbol for the ETF Units for each of the Evolve Funds:

Evolve Fund	Ticker Symbol		
	Hedged ETF Units	Unhedged ETF Units (CAD\$)	USD Unhedged ETF Units
Evolve S&P/TSX 60 CleanBeta™ Fund	-	SIXT	-
Evolve S&P 500 CleanBeta™ Fund	FIVE	FIVE.B	FIVE.U

INVESTMENT OBJECTIVES

Evolve S&P/TSX 60 CleanBeta™ Fund

SIXT seeks to provide long-term capital growth by replicating, net of fees and expenses, the performance of the S&P/TSX 60 Index while striving to offset the carbon footprint of the constituent securities in the portfolio.

Evolve S&P 500 CleanBeta™ Fund

FIVE seeks to provide long-term capital growth by replicating, net of fees and expenses, the performance of the S&P 500 Index while striving to offset the carbon footprint of the constituent securities in the portfolio.

The investment objectives of each Evolve Fund may not be changed except with the approval of its Unitholders. See “Unitholder Matters” for additional descriptions of the process for calling a meeting of Unitholders and the requirements of Unitholder approval.

THE INDEXES

S&P/TSX 60 Index

The S&P/TSX 60 Index is provided by S&P Dow Jones Indices LLC and is a market capitalization-weighted index of securities of its Constituent Issuers. The Index is comprised of 60 of the largest (by market capitalization) and most liquid constituents of the S&P/TSX Composite Index as determined by the Index Provider. Sectors are intended to reflect sector weights of the S&P/TSX Composite Index. The Index is generally rebalanced quarterly, with changes to the Constituent Issuers of the Index made only as required.

Further details regarding the Index are available on the Index Provider’s website at www.spdji.com.

S&P 500 Index

The S&P 500 includes 500 is provided by S&P Dow Jones Indices LLC and is a market capitalization-weighted index of securities of its Constituent Issuers. The S&P 500 includes 500 leading companies in leading industries of the U.S. economy. The S&P 500® is also the U.S. component of the S&P Global 1200.

Further details regarding the Index are available on the Index Provider's website at www.spdji.com.

Change in an Index

The Manager may, subject to any required Unitholder approval, change the Index tracked by an Evolve Fund, as applicable, to another widely-recognized index in order to provide investors with substantially the same exposure to the asset class to that which the applicable Evolve Fund is currently exposed. If the Manager changes an Index, or any index replacing such Index, the Manager will issue a press release identifying the new Index, describing its constituent securities and specifying the reasons for the change in the Index.

Termination of an Index

If an Index Provider ceases to calculate an Index or the Index License Agreement in respect of an Index is terminated, the Manager may: (i) terminate the applicable Evolve Fund on not less than 60 days' notice to Unitholders; (ii) change the investment objective of the applicable Evolve Fund or seek to replicate an alternative index (subject to any Unitholder approval in accordance with Canadian Securities Legislation); or (iii) make such other arrangements as the Manager considers appropriate and in the best interests of Unitholders of the Evolve Fund in the circumstances.

Use of the Indexes

The Manager and the applicable Evolve Funds are permitted to use the Indexes pursuant to the applicable Index License Agreement described under "Material Contracts". The Manager and the Evolve Funds do not accept responsibility for, or guarantee the accuracy and/or completeness of, the Indexes or any data included in the Indexes.

Rebalancing Events

Whenever an Index Provider rebalances or adjusts the Index, including by adding securities to or subtracting securities from the Index, or whenever the Manager determines that there should be a change to the representative sample of the Index, an Evolve Fund may acquire and/or dispose of the appropriate number of securities, either through the Designated Broker or Dealers in the open market.

If the rebalancing is done through the Designated Broker and if the value of all securities purchased by an Evolve Fund exceeds the value of all securities disposed of by the Evolve Fund as part of the rebalancing process, the Evolve Fund may issue to the Designated Broker Units with an aggregate NAV per Unit equal to the excess value or, in the alternative, may pay a cash amount equal to such excess amount. Conversely, if the value of all securities disposed of by an Evolve Fund exceeds the value of all securities acquired by the Evolve Fund, the Evolve Fund may receive the excess value in cash and will manage this cash.

Actions Affecting Constituent Issuers

From time to time, certain corporate or other actions may be taken or proposed by a Constituent Issuer or by a third party that could affect a Constituent Issuer of an Index. An example of such an action would be if a takeover bid or an issuer bid is made for a Constituent Security. In each such case, the Manager will determine, in its discretion, what steps, if any, the Evolve Fund will take to address the action. In exercising such discretion, the Manager will generally take those steps necessary to ensure that the Evolve Fund continues to seek to replicate, to the extent reasonably possible and before fees and expenses, the Index.

INVESTMENT STRATEGIES

In order to achieve their investment objective and to obtain direct or indirect exposure to the Constituent Securities of the applicable Index, each Evolve Fund may hold the Constituent Securities of the applicable Index in approximately the same proportion as they are reflected in the Index or may hold securities of one or more exchange traded funds that replicate the performance of the Index, or a subset of such Index. Each Evolve Fund will invest in its own portfolio comprised of various securities and instruments which may include, but are not limited to, equity and equity related securities. Equity related securities held by the Evolve Fund may include, but are not limited to, convertible debt, income trust units, single issuer equity options, preferred shares and warrants. If market conditions require, in order to preserve capital, an Evolve Fund may seek to invest a substantial portion of its assets in cash and cash equivalents.

Each Evolve Fund may, in certain circumstances and at the discretion of the Manager, employ a "sampling" strategy. Under a sampling strategy, an Evolve Fund may not hold all of the Constituent Securities that are included in the Index, but instead will hold a portfolio of securities selected by the Manager that closely matches the aggregate investment characteristics (e.g., market capitalization, industry sector, or weightings, etc.) of the securities included

in the Index. It is expected that the Manager may use this sampling methodology where it is difficult to acquire the necessary Constituent Securities of the Index, where the asset levels of the Evolve Fund do not allow for the holding of all of the Constituent Securities or where it is otherwise beneficial to the Evolve Fund to do so, including in circumstances determined by the Manager where it would be beneficial to do so in order to reduce the carbon footprint of the portfolio.

A CleanBeta™ Strategy

As part of each Evolve Fund’s socially responsible investing strategy, based on the carbon footprint determined by the Trucost (“**Trucost**”) Data Methodology Guide (Corporate Environmental Performance), available at www.trucost.com, the Manager on behalf of the Evolve Funds may employ a variety of strategies, including screening or purchasing and retiring carbon credits, as a means to neutralize the full carbon footprint of the Evolve Funds. Trucost calculates the carbon footprint of the Constituent Issuers of the applicable Index, at least annually. Trucost is a division of S&P Global.

At least initially, the Manager will strive to directly or indirectly purchase and concurrently retire a corresponding amount of carbon credits through registries acceptable to the Manager or directly from offset generators. The Manager, on behalf of the Evolve Funds, will purchase carbon credits that it believes satisfies the verification standards of widely recognized voluntary offset programs including the Gold Standard, the American Carbon Registry, the Climate Action Reserve, Verified Carbon Standard (Verra), the Plan Vivo System, CSA Group Registries or other such programs as the Manager may deem appropriate from time to time.

Trucost data contains quantitative information on the environmental performance of over 15,000 of the world’s largest listed companies, representing 95% of global market capitalization. Trucost data is associated with approximately 500 distinct industry sectors across over 100 environmental key performance indicators (KPIs). The data comes from a variety of sources, including company annual reports, direct disclosures, scientific literature, and a wide array of national, international, and industry databases, industry “top-down” data, as well as sector-specific “bottom-up” data.

Trucost follows a four-step research process comprised of the following: (i) researching the environmental and financial reporting of companies, (ii) standardizing reported data and correcting identified errors, (iii) completing environmental reporting gaps, and (iv) engaging with companies to verify their environmental performance profile.

Carbon credits paid for by the Evolve Fund will not become assets of the Evolve Fund, but will be retired immediately upon purchase. As each Evolve Fund will bear the full cost required to retire an amount of carbon credits determined by the Manager to be reasonable or necessary to achieve a carbon neutral portfolio, the performance returns of each Evolve Fund will necessarily be reduced by the actual costs incurred by the Evolve Fund in purchasing and retiring carbon credits. The size of the carbon footprint of the Constituent Issuers in the portfolio (and therefore the amount of carbon credits determined to be purchased by the Manager), as well as the actual prices available to the Evolve Funds in purchasing and retiring carbon credits, are expected to vary depending on the actual level of greenhouse gas emissions produced by Constituent Issuers from time to time in the portfolio, supply and demand of the carbon credits available in the market, and may also increase or decrease depending on a variety of others factors, including but not limited to, regulatory developments affecting the price or availability of carbon credits, an increase in greenhouse gas emissions emitted by Constituent Issuers included in the applicable Index (including as a result of an Index rebalancing), and other factors beyond the Manager’s control.

General Investment Strategies of the Evolve Funds

Generally, each Evolve Fund will invest in its own portfolio comprised of various securities and instruments which may include, but are not limited to, equity and equity related securities, futures contracts and exchange traded funds. Equity related securities may include, but are not limited to, ADRs, GDRs, convertible debt, income trust units, single issuer equity options, preferred shares and warrants. If market conditions require, in order to preserve capital, an Evolve Fund may seek to invest a substantial portion of its assets in cash and cash equivalents.

Investment in other Investment Funds

In accordance with applicable Canadian Securities Legislation, as part of its investment strategy and as an alternative to or in conjunction with investing in and holding securities directly, an Evolve Fund may invest in one or more other investment funds or exchange traded funds listed on a stock exchange in Canada or the United States that provides exposure to the performance of the relevant Index, or a subset of such Index (a “**Reference ETF**”). In such case, there shall be no management fees or incentive fees that are payable by an Evolve Fund that, to a reasonable person, would

duplicate a fee payable by the underlying investment fund or exchange traded fund for the same service. An Evolve Fund's allocation to investments in other investment funds or exchange traded funds, if any, will vary from time to time depending on the relative size and liquidity of the investment fund or exchange traded fund, and the ability of the Manager to identify appropriate investment funds or exchange traded funds that are consistent with the Evolve Fund's investment objectives and strategies. Securities Regulatory Authorities may allow certain exchange traded funds, such as the Evolve Funds, to exceed the normal investment concentration limits if required to allow such exchange traded funds to track the relevant Index. In accordance with the regulatory requirements, the applicable Evolve Funds may track the relevant Index in this manner.

Currency Hedging

The Units, other than the USD Unhedged Units, are denominated in Canadian dollars. The USD Unhedged Units are denominated in United States dollars.

In respect of Hedged ETF Units, the Manager will seek to hedge all or substantially all of the exposure that the portfolios of may have to foreign currencies back to the Canadian dollar.

In respect of the Unhedged ETF Units, the Evolve Fund will not hedge any foreign currency exposure back to the currency in which such class of Unhedged ETF Units are denominated.

Hedging currency exposure to reduce the impact of fluctuations in exchange rates is intended to reduce the direct exposure to foreign currency risk for Unitholders. Currency forward agreements, if any, will be entered into in compliance with NI 81-102 with financial institutions that have a "designated rating" as defined in NI 81-102. Currency forward agreements, if any, will be entered into in compliance with NI 81-102 with financial institutions that have a "designated rating" as defined in NI 81-102. The currency hedging mandate of an Evolve Fund applicable to the Units shall not be changed by the Manager without first obtaining approval of Unitholders of the applicable Evolve Fund.

Use of Derivatives

An Evolve Fund may use Derivatives from time to time for hedging or investment purposes. Any use of Derivatives by an Evolve Fund must be in compliance with NI 81-102 and other applicable derivatives legislation and must be consistent with the investment objective and investment strategies of that Evolve Fund.

Securities Lending

An Evolve Fund may, in compliance with NI 81-102, lend securities to securities borrowers that are acceptable to it pursuant to the terms of a Securities Lending Agreement under which: (i) the borrower will pay to the Evolve Fund a negotiated securities lending fee and will make compensation payments to the Evolve Fund equal to any distributions received by the borrower on the securities borrowed; (ii) the securities loans must qualify as "securities lending arrangements" for the purposes of the Tax Act; and (iii) the Evolve Fund will receive collateral. The applicable Lending Agent is responsible for the ongoing administration of the securities loans, including the obligation to mark-to-market the loaned securities and collateral on a daily basis, and ensuring that the collateral at least equals the required margin percentage as set out in the applicable Securities Lending Agreement. Any securities lending revenues, net of Lending Agent fees, taxes and, if applicable, rebate payments to borrowers for cash collateral, will be credited to the account of the Evolve Fund from which the securities were borrowed.

Cash Management

From time to time, an Evolve Fund may hold cash or cash equivalents. The Evolve Fund may hold this cash or invest it in money market instruments or securities of money market funds.

OVERVIEW OF THE SECTORS THAT THE EVOLVE FUNDS INVEST IN

Please see "Investment Objectives" and "Investment Strategies" for additional information on the sectors applicable to each Evolve Fund.

INVESTMENT RESTRICTIONS

The Evolve Funds are subject to certain investment restrictions and practices contained in securities legislation, including NI 81-102, which are designed in part to ensure that the investments of the Evolve Funds are diversified and

relatively liquid and to ensure its proper administration. A change to the fundamental investment objective of an Evolve Fund would require the approval of the Unitholders of that Evolve Fund. Please see “Unitholder Matters – Matters Requiring Unitholders Approval”.

Subject to the following, and any exemptive relief that has been or will be obtained, the Evolve Funds are managed in accordance with the investment restrictions and practices set out in the applicable securities legislation, including NI 81-102. See “Exemptions and Approvals”.

Tax Related Investment Restrictions

An Evolve Fund will not make an investment or conduct any activity that would be expected to result in the Evolve Fund failing to qualify as a “unit trust” or “mutual fund trust” within the meaning of the Tax Act.

FEES AND EXPENSES

This section details the fees and expenses that an investor may have to pay if the investor invests in the Evolve Funds. An investor may have to pay some of these fees and expenses directly. The Evolve Funds may have to pay some of these fees and expenses, which will therefore reduce the value of an investment in the Evolve Funds.

Fees and Expenses Payable by the Evolve Funds

Management Fees

Each Evolve Fund pays an annual management fee (the “**Management Fee**”) to the Manager for acting as trustee, manager and portfolio manager of the Evolve Fund equal to a percentage of the NAV of the Evolve Fund, calculated daily and payable monthly in arrears, plus applicable taxes, as follows:

Evolve Fund	Class of Units	Management Fee
SIXT	Unhedged ETF Units	0.20%
FIVE	Unhedged ETF Units	0.20%
	USD Unhedged ETF Units	0.20%
	Hedged ETF Units	0.20%

See “Organization and Management Details of the Evolve Fund – Manager – Duties and Services to be Provided by the Manager” for a description of the services provided by the Manager.

To encourage very large investments in an Evolve Fund by a particular Unitholder, the Manager may, at its discretion, agree to charge a reduced Management Fee for some Unitholders as compared to the Management Fee that the Manager would otherwise be entitled to receive from an Evolve Fund, provided that the difference between the fee otherwise chargeable and the reduced fee is distributed periodically by the Evolve Fund to the applicable Unitholders as a management fee distribution (the “**Management Fee Distributions**”). Any reduction will depend on a number of factors, including the amount invested, the NAV of the Evolve Fund and the expected amount of account activity. Management Fee Distributions will be paid first out of net income of the Evolve Fund, then out of capital gains of the Evolve Fund and thereafter out of capital. The tax consequences of a Management Fee Distribution will generally be borne by the Unitholder who receives the distribution. See “Income Tax Considerations – Taxation of Holders”.

Certain Operating Expenses

Other than Fund Costs (as defined below), in consideration for the payment by the Evolve Funds of a fixed administration fee (the “**Administration Fee**”) to the Manager with respect to each class, and subject to compliance with NI 81-102, the Manager pays for the following operating expenses of the Evolve Funds (“**Operating Expenses**”), including but not limited to: mailing and printing expenses for periodic reports to Unitholders; fees payable to the relevant Index Provider (if applicable), Registrar and Transfer Agent and Custodian; any reasonable out of pocket expenses incurred by the Manager or its agents in connection with their ongoing obligations to the Evolve Funds; IRC

committee member fees and expenses in connection with the IRC; expenses related to compliance with NI 81-107; fees and expenses relating to voting of proxies by a third party; insurance coverage for the members of the IRC; fees payable to the auditors and legal advisors of the Evolve Funds; regulatory filing, stock exchange and licensing fees (if applicable) and CDS fees; banking costs and interest with respect to any borrowing (if applicable); website maintenance costs; costs and expenses of complying with all applicable laws, regulations and policies, including expenses and costs incurred in connection with the continuous public filing requirements such as permitted prospectus preparation and filing expenses; and legal, accounting and audit fees and fees and expenses of the Trustee, Custodian and Manager which are incurred in respect of matters not in the normal course of the Evolve Funds' activities. The Administration Fee paid to the Manager by an Evolve Fund in respect of a class may, in any particular period, be less than or exceed the Operating Expenses that the Manager incurs for that class. The Manager is not obligated to pay any other expense, cost or fee, including those arising from new government or regulatory requirements relating to the foregoing expenses, costs and fees.

The Administration Fee is equal to a specified percentage of the NAV of each class of an Evolve Fund, calculated and paid in the same manner as the Management Fee for the Evolve Fund. The rate of the annual Administration Fee for each Evolve Fund is set out below.

Evolve Fund	Administration Fee
SIXT	0.15%
FIVE	0.15%

Fund Costs

The fund costs (“**Fund Costs**”) which are payable by the Evolve Funds include any taxes payable by the Evolve Funds to which the Evolve Funds may be subject, including income taxes, sales taxes (including GST/HST) and/or withholding taxes; expenditures incurred upon termination of the Evolve Funds; extraordinary expenses that the Evolve Funds may incur and all amounts paid on account of any indebtedness (if applicable); any expenses of insurance and costs of all suits or legal proceedings in connection with the Evolve Funds or the assets of the Evolve Funds or to protect the Unitholders, the Trustee, the Manager, and the directors, officers, employees or agents of any of them; any expenses of indemnification of the Trustee, the Unitholders, the Manager, and the directors, officers, employees or agents of any of them to the extent permitted under the Declaration of Trust; and expenses relating to the preparation, printing and mailing of information to Unitholders in connection with meetings of Unitholders. The Evolve Funds are also responsible for all commissions and other costs of portfolio transactions (including the costs of purchasing and retiring carbon credits considered necessary or desirable by the Manager in order to seek to achieve each Evolve Funds' investment objectives) and any extraordinary expenses of the Evolve Funds which may be incurred from time to time.

Each class of an Evolve Fund is responsible for its proportionate share of common Fund Costs of an Evolve Fund, in addition to the expenses it incurs alone (including, in the case of Hedged Units, the costs relating to currency hedging).

The Manager anticipates that, (i) based on the carbon footprint of the S&P TSX60 Index calculated by Trucost as at March 31, 2021, the costs that would have been incurred by SIXT to purchase and retire a sufficient amount of carbon credits would have been approximately 0.17% of NAV (based on an estimated 85.57 metric tons of CO₂e per \$1 million and an average price per carbon credit of US\$20 per ton of carbon), and (ii) based on the carbon footprint of the S&P 500 Index calculated by Trucost as at March 31, 2021, the costs that would have been incurred by FIVE to purchase and retire a sufficient amount of carbon credits would have been approximately 0.11% of NAV (based on an estimated 54.25 metric tons of CO₂e per \$1 million and an average price per carbon credit of US\$20 per ton of carbon), in each case, to fully neutralize the carbon footprint of the Constituent Issuers in the respective Indexes. The above is based on the Manager's estimate only, and actual costs to purchase and retire carbon credits in the future may be lower or higher than these estimates. The size of the carbon footprint of the Constituent Issuers in the portfolio (and therefore the amount of carbon credits determined to be purchased by the Manager), as well as the actual prices available to the Evolve Funds in purchasing and retiring carbon credits, are expected to vary depending on the actual level of greenhouse gas emissions produced by Constituent Issuers from time to time in the portfolio, supply and demand of the carbon credits available in the market, and may also increase or decrease depending on a variety of others factors, including but not limited to, regulatory developments affecting the price or availability of carbon credits, an increase in greenhouse gas emissions emitted by Constituent Issuers included in the applicable Index (including as a result of an Index rebalancing), and other factors beyond the Manager's control. If the purchase price

of carbon credits increases, the management expense ratio of the affected Evolve Fund is expected to increase by a corresponding amount.

Investments in Other Investment Funds

In the event that an Evolve Fund invests in one or more other investment funds listed on a stock exchange in Canada or the United States, there shall be no management fees or incentive fees that are payable by the Evolve Fund that, to a reasonable person, would duplicate a fee payable by the underlying investment fund for the same service.

Fees and Expenses Payable Directly by the Unitholders

Short-term Trading Fees

At the present time, the Manager is of the view that it is not necessary to impose any short-term trading restrictions on the ETF Units.

Other Charges

An amount as may be agreed to between the Manager and the Designated Broker or a Dealer may be charged to offset certain transaction costs associated with an issue, exchange or redemption of ETF Units. This charge does not apply to Unitholders who buy and sell their ETF Units through the facilities of the applicable Designated Exchange. See “Exchange and Redemption of ETF Units – Other ETF Unit Charges”.

RISK FACTORS

In addition to the considerations set out elsewhere in this prospectus, the following are certain considerations relating to an investment in Units that prospective investors should consider before purchasing such Units:

General Risks Relating to an Investment in the Evolve Funds

General Risks of Investments

The value of the underlying securities of an Evolve Fund, whether held directly or indirectly, may fluctuate in accordance with changes in the financial condition of the issuers of those underlying securities (particularly those that are more heavily weighted in a particular Index, if applicable), the condition of equity and currency markets generally and other factors. The identity and weighting of the Constituent Issuers and Constituent Securities in the applicable Index also change from time to time.

The risks inherent in investments in equity securities, whether held directly or indirectly, include the risk that the financial condition of the issuers of the securities may become impaired or that the general condition of the stock market may deteriorate (either of which may cause a decrease in the value of an Index, if applicable, and, as a result, a decrease in the value of the Units). Equity securities are susceptible to general stock market fluctuations and the financial condition of the issuer. These investor perceptions are based on various and unpredictable factors, including expectations regarding government, economic, monetary and fiscal policies, inflation and interest rates, economic expansion or contraction and global or regional political, economic and banking crises.

Asset Class Risk

The Constituent Securities, if applicable, and securities in the portfolio of an Evolve Fund may underperform the returns of other securities that track other countries, regions, industries, asset classes or sectors. Various asset classes tend to experience cycles of outperformance and underperformance in comparison to the general securities markets.

Issuer Risk

Performance of the Evolve Funds depends on the performance of the individual securities to which the Evolve Funds have exposure. Changes in the financial condition or credit rating of an issuer of those securities may cause the value of the securities to decline.

Risks relating to Measurement of the Carbon Footprint of Constituent Securities

Offsetting the carbon footprint of each Evolve Fund’s portfolio shall be conducted on the basis of the carbon footprint produced by the Trucost Data Methodology Guide (Corporate Environmental Performance), available at www.trucost.com. There can be no assurance that the greenhouse gas emissions produced by Constituent Issuers

included in the applicable Index will be maintained at historic levels, or will not increase substantially from year to year. The actual size of the carbon footprint of the Constituent Securities in the portfolio of an Evolve Fund (and therefore the amount of carbon credits determined to be purchased by the Manager on behalf of that Evolve Fund) may change from time to time, and may increase substantially on a relative basis to the market capitalization of the Index, which would adversely affect financial performance of the portfolio. The carbon footprint of each Constituent Issuer is calculated by Trucost at least annually but may not represent the actual carbon footprint of any Constituent Issuer at any particular point in time. The Evolve Fund and the Manager are wholly reliant on the methodology employed by Trucost to permit the Evolve Funds to seek to achieve their respective investment objective. If the purchase price of carbon credits increases, the management expense ratio of the affected Evolve Fund will increase by a corresponding amount.

Availability and Purchase Price of Carbon Credits

As each Evolve Fund will bear the full cost required to retire an amount of carbon credits determined by the Manager to be reasonable or necessary to achieve each Evolve Fund's investment objective, the performance returns of each Evolve Fund will necessarily be reduced by the actual costs incurred by the Evolve Fund in purchasing and retiring carbon credits. The Manager anticipates that, (i) based on the carbon footprint of the S&P TSX60 Index calculated by Trucost as at March 31, 2021, the costs that would have been incurred by SIXT to purchase and retire a sufficient amount of carbon credits would have been approximately 0.17% of NAV (based on an estimated 85.57 metric tons of CO₂e per \$1 million and an average price per carbon credit of US\$20 per ton of carbon), and (ii) based on the carbon footprint of the S&P 500 Index calculated by Trucost as at March 31, 2021, the costs that would have been incurred by FIVE to purchase and retire a sufficient amount of carbon credits would have been approximately 0.11% of NAV (based on an estimated 54.25 metric tons of CO₂e per \$1 million and an average price per carbon credit of US\$20 per ton of carbon), in each case, to fully neutralize the carbon footprint of the Constituent Issuers in the respective Indexes. The above is based on the Manager's estimate only, and actual costs to purchase and retire carbon credits in the future may be lower or higher than these estimates. The size of the carbon footprint of the Constituent Issuers in the portfolio (and therefore the amount of carbon credits determined to be purchased by the Manager), as well as the actual prices available to the Evolve Funds in purchasing and retiring carbon credits, are expected to vary depending on the actual level of greenhouse gas emissions produced by Constituent Issuers from time to time in the portfolio, supply and demand of the carbon credits available in the market, and may also increase or decrease depending on a variety of other factors, including but not limited to, regulatory developments affecting the price or availability of carbon credits, an increase in greenhouse gas emissions emitted by Constituent Issuers included in the applicable Index (including as a result of an Index rebalancing), and other factors beyond the Manager's control.

Reliance on participants in the Carbon Credit ecosystem

Carbon credits are issued only after specified verification reports and/or statements attesting to the accuracy of reported emission reductions have been approved and accepted by particular registries. Verification plays a critical role in upholding the integrity and quality of the data reported to both mandatory and voluntary greenhouse gas programs across the world, including those through which an Evolve Fund may directly or indirectly transact. Verification programs provide approved verification bodies with a standardized approach to the independent and rigorous verification of GHG emissions reductions and removals reported by project developers. The Evolve Funds and the Manager are wholly dependent on widely recognized verification and certification processes to ensure projects are real, verifiable and enforceable, minimize all risk of erroneously crediting or double counting of carbon credits, ensure projects meet minimum standardized eligibility requirements, ensure a fair and reasonable method for standardization and recognition, and ensure that projects comply with applicable protocols. The Evolve Funds and the Manager also rely on these registries and verification statements to attest to the legitimacy of the carbon credits purchased and retired by the Evolve Funds. Although the verification bodies are generally held accountable for the quality, independence and accuracy of their reports to the registries, the Evolve Funds and the Manager may have limited recourse in the event of negligence, bad-faith or misrepresentations made by these participants, including but not limited to offset generators, verification bodies and project developers.

Reliance on Key Personnel

Unitholders will be dependent on the abilities of the Manager to effectively manage the Evolve Funds in a manner consistent with their investment objectives, investment strategies and investment restrictions. There is no certainty that the individuals who are principally responsible for providing administration and portfolio management services to the Evolve Funds will continue to be employed by the Manager.

Trading Price of ETF Units

ETF Units may trade in the market at a premium or a discount to the NAV per Unit. There can be no assurance that ETF Units will trade at prices that reflect their NAV per Unit. The trading price of the ETF Units will fluctuate in accordance with changes in the Evolve Funds' NAV, as well as market supply and demand on the applicable Designated Exchange.

Fluctuations in NAV and NAV per Unit

The NAV and NAV per Unit of an Evolve Fund will vary according to, among other things, the value of the securities held by the Evolve Fund. The Manager and the Evolve Funds have no control over the factors that affect the value of the securities held by the Evolve Fund, including factors that affect the equity markets generally, such as general economic and political conditions, fluctuations in interest rates and factors unique to each issuer included in an Index, if applicable, such as changes in management, changes in strategic direction, achievement of strategic goals, mergers, acquisitions and divestitures, changes in distribution and dividend policies and other events.

Cease Trading of Securities Risk

If the securities of an issuer included in the portfolio of an Evolve Fund are cease-traded by order of the relevant Securities Regulatory Authority or are halted from trading by the relevant stock exchange, the applicable Evolve Fund may halt trading in its ETF Units or temporarily suspend redemptions. Accordingly, securities of an Evolve Fund bear the risk of cease trading orders against all issuers whose securities are included in its portfolio, not just one. If portfolio securities of the Evolve Funds are cease-traded by order of a Securities Regulatory Authority, if normal trading of such securities is suspended on the relevant exchange, or if for any reason it is likely there will be no closing bid price for such securities, the Evolve Funds may suspend the right to redeem Units, subject to any required prior regulatory approval. If the right to redeem Units is suspended for any reason, the Evolve Funds may return redemption requests to Unitholders who have submitted them. In respect of the ETF Units, if securities are cease-traded, they may not be delivered on an exchange of a PNU for a Basket of Securities until such time as the cease-trade order is lifted.

Concentration Risk

An Evolve Fund may have more of its net assets invested in one or more issuers and/or sectors than is typical or permitted for many investment funds. In these circumstances, the Evolve Fund may be affected more by the performance of individual issuers in its portfolio, with the result that the NAV of the Evolve Fund may be more volatile and may fluctuate more over short periods of time than the NAV of a more broadly diversified investment fund. In addition, this may increase the liquidity risk of the Evolve Fund which may, in turn, have an effect on the Evolve Funds' ability to satisfy redemption requests. This concentration risk will also be greater for Evolve Funds that seek to replicate the performance of an Index that is more concentrated and includes a smaller number of Constituent Issuers than an Evolve Fund that seeks to replicate the performance of a broader Index that includes a larger number of Constituent Issuers.

Currency Fluctuations Risk

As an Evolve Fund may be invested in securities traded in foreign currencies, the NAV of such Evolve Fund, when measured in Canadian dollars, will, to the extent this has not been hedged against, be affected by changes in the value of the foreign currency relative to the Canadian dollar.

Use of Derivatives

Each Evolve Fund may use Derivatives from time to time in accordance with NI 81-102 as described under "Investment Strategies". The use of Derivatives involves risks different from, and possibly greater than, the risks associated with investing directly in securities and other traditional investments. Risks associated with the use of Derivatives include: (i) there is no guarantee that hedging to reduce risk will not result in a loss or that there will be a gain; (ii) there is no guarantee that a market will exist when the Evolve Fund wants to complete the Derivative contract, which could prevent the Evolve Fund from reducing a loss or making a profit; (iii) securities exchanges may impose trading limits on options and futures contracts, and these limits may prevent the Evolve Fund from completing the Derivative contract; (iv) the Evolve Fund could experience a loss if the other party to the Derivative contract is unable to fulfill its obligations; (v) if the Evolve Fund has an open position in an option, a futures contract or a forward contract or a swap with a Dealer or Counterparty who goes bankrupt, the Evolve Fund could experience a loss and, for an open futures or forward contract or a swap, a loss of margin deposits with that Dealer or Counterparty; and (vi)

if a Derivative is based on a stock market index and trading is halted on a substantial number of stocks in the index or there is a change in the composition of the index, there could be an adverse effect on the Derivative.

Securities Lending Risk

The Evolve Funds are authorized to enter into securities lending, repurchase and reverse repurchase transactions in accordance with NI 81-102. In a securities lending transaction, an Evolve Fund lends its portfolio securities through an authorized agent to another party (often called a “**Counterparty**”) and receives a negotiated fee and a required percentage of acceptable collateral (equal to or greater than 102%). The following are some examples of the risks associated with securities lending transactions:

- when entering into securities lending transactions, an Evolve Fund is subject to the credit risk that the Counterparty may default under the agreement and the Evolve Fund would be forced to make a claim in order to recover its security, or its equivalent value;
- when recovering its security on default, an Evolve Fund could incur a loss if the value of the portfolio securities loaned (in a securities lending transaction) or sold (in a repurchase transaction) has increased in value relative to the value of the collateral held by the Evolve Fund; and
- similarly, an Evolve Fund could incur a loss if the value of the portfolio securities it has purchased (in a reverse repurchase transaction) decreases below the amount of cash paid by the Evolve Fund to the Counterparty.

The Evolve Funds may engage in securities lending from time to time. When engaging in securities lending, an Evolve Fund will receive collateral in excess of the value of the securities loaned, and although such collateral is marked to market, the Evolve Fund may be exposed to the risk of loss should a borrower default on its obligations to return the borrowed securities and the collateral is insufficient to reconstitute the portfolio of loaned securities.

Changes in Legislation

There can be no assurance that income tax, securities and other laws will not be changed in a manner that adversely affects the Evolve Funds or the Unitholders. There can be no assurance that Canadian federal income tax laws and the administrative policies and assessing practices of the CRA respecting the treatment of mutual fund trusts, SIFT trusts or an investment in a non-resident trust will not be changed in a manner that adversely affects the Evolve Funds or the Unitholders.

Taxation of the Evolve Funds

It is anticipated that each Evolve Fund will qualify, or will be deemed to qualify, at all times as a “mutual fund trust” within the meaning of the Tax Act. For an Evolve Fund to qualify as a “mutual fund trust”, it must comply on a continuous basis with certain requirements relating to the qualification of its Units for distribution to the public, the number of Unitholders of the Evolve Fund and the dispersal of ownership of a particular class of its Units. In addition, to qualify as a “mutual fund trust”, each Evolve Fund’s only undertaking must be the investing of its funds in property. While not free from doubt, the Manager’s view is that each Evolve Fund will satisfy this condition. However, no advance income tax ruling has been obtained in this regard and, accordingly, no assurances can be given that the Evolve Funds will satisfy this condition.

In addition, a trust will be deemed not to be a mutual fund trust if it is established or maintained primarily for the benefit of non-residents of Canada unless, at that time, all or substantially all of its property is property other than property that would be “taxable Canadian property” (if the definition of such term in the Tax Act were read without reference to paragraph (b) thereof). The law does not provide any means of rectifying a loss of mutual fund trust status if this requirement is not met. The Evolve Funds contain a restriction on the number of permitted non-resident Unitholders.

Each of the Evolve Funds is expected to meet all the requirements to qualify as a “mutual fund trust” for the purposes of the Tax Act before the 91st day after the end of its first taxation year (determined without regard to any taxation year-end that may be deemed to occur for other purposes under the rules in the Tax Act relating to “loss restriction events”). Assuming each of the Evolve Funds meets these requirements before such day, the Evolve Funds will each file an election to qualify as a mutual fund trust from its inception in 2021.

If an Evolve Fund does not qualify as a mutual fund trust or were to cease to so qualify, the income tax considerations as described under “Income Tax Considerations” would in some respects be materially and adversely different in respect of that Evolve Fund. For example, an Evolve Fund that does not qualify as a “mutual fund trust” within the

meaning of the Tax Act throughout a taxation year may be liable to pay alternative minimum tax and/or tax under Part XII.2 of the Tax Act, and would not be entitled to the Capital Gains Refund (as defined herein).

In addition, if an Evolve Fund does not qualify as a mutual fund trust, it may be subject to the “mark-to-market” rules under the Tax Act if more than 50% of the fair market value of the Units are held by “financial institutions”, within the meaning of the Tax Act. In that event, gains and losses of such Evolve Fund on property that is “mark-to-market property” for purposes of these rules will be fully included in/deducted from income on an annual mark-to-market basis.

A trust that becomes or ceases to be a financial institution for the above purposes will be deemed to have a year-end for tax purposes at such time, and will be deemed to have disposed of certain properties at their fair market value and to have reacquired them immediately thereafter. A trust that becomes or ceases to be a financial institution for the above purposes will be deemed to have a year-end for tax purposes at such time, and will be deemed to have disposed of certain properties at their fair market value and to have reacquired them immediately thereafter. A deemed taxation year-end would result in an unscheduled distribution of the Evolve Fund’s net income and net realized capital gains, if any, at such time to Unitholders so that the Evolve Fund is not liable for income tax on such amounts under Part I of the Tax Act. Please see “Income Tax Considerations – Taxation of Holders” for the tax consequences of an unscheduled or other distribution to Unitholders.

The tax treatment of gains and losses realized by each Evolve Fund will depend on whether such gains or losses are treated as being on income or capital account, as described in this paragraph. In determining its income for tax purposes, each Evolve Fund treats gains or losses realized on the disposition of portfolio securities held by it as capital gains and losses. In general, gains and losses realized by an Evolve Fund from Derivative transactions will be on income account except where such Derivatives are used to hedge portfolio securities held on capital account provided there is sufficient linkage, subject to the DFA Rules discussed below. Gains or losses in respect of foreign currency hedges entered into in respect of amounts invested in an Evolve Fund’s portfolio will constitute capital gains and capital losses to the Evolve Fund if the portfolio securities are capital property to the Evolve Fund and provided there is sufficient linkage. Designations with respect to each Evolve Fund’s income and capital gains will be made and reported to Unitholders on the foregoing basis. The CRA’s practice is not to grant advance income tax rulings on the characterization of items as capital gains or income and no advance income tax ruling has been requested or obtained. If these foregoing dispositions or transactions of an Evolve Fund are determined not to be on capital account (whether because of the DFA Rules discussed below or otherwise), the net income of the Evolve Fund for tax purposes and the taxable component of distributions to its Unitholders could increase. Any such redetermination by the CRA may result in an Evolve Fund being liable for unremitted withholding taxes on prior distributions made to its Unitholders who were not resident in Canada for purposes of the Tax Act at the time of the distribution. Such potential liability may reduce the NAV and NAV per Unit of that Evolve Fund.

The Tax Act contains rules (the “**DFA Rules**”) that target certain financial arrangements (described in the DFA Rules as “derivative forward agreements”) that seek to deliver a return based on an “underlying interest” (other than certain excluded underlying interests) for purposes of the DFA Rules. The DFA Rules are broad in scope and could apply to other agreements or transactions. If the DFA Rules were to apply in respect of any Derivatives utilized by an Evolve Fund, gains realized in respect of the property underlying such Derivatives could be treated as ordinary income rather than capital gains.

Pursuant to rules in the Tax Act, an Evolve Fund that experiences a “loss restriction event” (i) will be deemed to have a year-end for tax purposes (which would result in an unscheduled distribution of the Evolve Fund’s net income and net realized capital gains, if any, at such time to Unitholders so that the Evolve Fund is not liable for income tax on such amounts under Part I of the Tax Act), and (ii) will become subject to the loss restriction rules generally applicable to a corporation that experiences an acquisition of control, including a deemed realization of any unrealized capital losses and restrictions on its ability to carry forward losses. Generally, an Evolve Fund will be subject to a loss restriction event if a Unitholder becomes a “majority-interest beneficiary”, or a group of persons becomes a “majority-interest group of beneficiaries”, of the Evolve Fund, as those terms are defined in the affiliated persons rules contained in the Tax Act, with certain modifications. Generally, a majority-interest beneficiary of an Evolve Fund is a beneficiary in the income or capital, as the case may be, of the Evolve Fund whose beneficial interests, together with the beneficial interests of persons and partnerships with whom the beneficiary is affiliated, have a fair market value that is greater than 50% of the fair market value of all the interests in the income or capital, as the case may be, of the Evolve Fund. Please see “Income Tax Considerations – Taxation of Holders” for the tax consequences of an unscheduled or other distribution to Unitholders. Trusts that qualify as “investment funds” as defined in the rules in the Tax Act relating to

loss restriction events are generally excepted from the application of such rules. An “investment fund” for this purpose includes a trust that meets certain conditions, including satisfying certain of the conditions necessary to qualify as a “mutual fund trust” for purposes of the Tax Act, that the Evolve Fund’s limit its undertaking to the investing of its funds in property and complying with certain asset diversification requirements. If an Evolve Fund were not to qualify as an “investment fund”, it could potentially have a loss restriction event and thereby become subject to the related tax consequences described above.

The Tax Act contains rules (the “**SIFT Rules**”) concerning the taxation of publicly traded Canadian trusts and partnerships that own certain types of property defined as “non-portfolio property”. A trust that is subject to these rules is subject to trust level taxation, at rates comparable to those that apply to corporations, on the trust’s income earned from “non-portfolio property” to the extent that such income is distributed to its unitholders. If an Evolve Fund is subject to tax under the SIFT Rules, the after-tax return to its Unitholders could be reduced, particularly in the case of a Unitholder who is exempt from tax under the Tax Act or is a non-resident of Canada.

An Evolve Fund may invest in global equity securities. Many foreign countries preserve their right under domestic tax laws and applicable tax conventions with respect to taxes on income and on capital (“**Tax Treaties**”) to impose tax on dividends or distributions paid or credited to persons who are not resident in such countries. While the Evolve Funds intend to make investments in such a manner as to minimize the amount of foreign taxes incurred under foreign tax laws and subject to any applicable Tax Treaties, investments in global equity securities may subject the Evolve Funds to foreign taxes on dividends or distributions paid or credited to them or any gains realized on the disposition of such securities. Any foreign taxes incurred by an Evolve Fund will generally reduce the value of its portfolio. To the extent that such foreign tax paid by an Evolve Fund exceeds 15% of the amount included in the Evolve Fund’s income from such investments, such excess may generally be deducted by the Evolve Fund in computing its net income for the purposes of the Tax Act. To the extent that foreign tax paid does not exceed 15% of the amount included in an Evolve Fund’s income from such investments and has not been deducted in computing the Evolve Fund’s income and the Evolve Fund designates its income from a foreign source in respect of a Unitholder of the Evolve Fund, the Unitholder will, for the purposes of computing its foreign tax credits, be entitled to treat the Unitholder’s proportionate share of foreign taxes paid by the Evolve Fund in respect of such income as foreign taxes paid by the Unitholder. The availability of foreign tax credits to a Unitholder is subject to the detailed rules in the Tax Act.

Limited Operating History and Absence of an Active Market

The Evolve Funds are recently organized investment trusts with limited or no operating history as ETFs and limited operating history as mutual funds. Although the ETF Units of an Evolve Fund may be listed on the Designated Exchange, there is no assurance that an active public market for the ETF Units will develop or be sustained.

Cease Trading of Units

If Constituent Securities of an Index, if applicable, or issuers in the portfolio of an Evolve Fund are cease traded at any time by a Securities Regulatory Authority or other relevant regulator or stock exchange, the Manager may suspend the exchange or redemption of Units until such time as the transfer of the securities is permitted as described under “Purchases of Units – Suspension of Exchanges and Redemptions”. In addition, if Constituent Securities of an Index are cease traded, the applicable Evolve Funds may not be able to replicate the Index while such cease trade orders are in effect. As a result, when the Evolve Fund holds securities traded on an exchange or other organized market, the Evolve Fund bears the risk of cease trading orders against any Constituent Security held by the Evolve Fund or securities held in the Evolve Fund’s portfolio.

Cyber Security Risk

Cyber security risk is the risk of harm, loss and liability resulting from a failure or breach of information technology systems. Failures or breaches of the information technology systems (“**Cyber Security Incidents**”) can result from deliberate attacks or unintentional events and may arise from external or internal sources. Deliberate cyber attacks include, but are not limited to, gaining unauthorized access to digital systems (e.g. through “hacking” or malicious software coding) for purposes of misappropriating assets or sensitive information, corrupting data, equipment or systems, or causing operational disruption. Deliberate cyber attacks may also be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-service attacks on websites (i.e. efforts to make network services unavailable to intended users).

The primary risks to the Evolve Funds from the occurrence of a Cyber Security Incident include disruption in operations, reputational damage, disclosure of confidential information, the incurrence of regulatory penalties,

additional compliance costs associated with corrective measures and/or financial loss. Cyber Security Incidents of the Evolve Funds' third party service providers (e.g. administrators, transfer agents, custodians and sub-custodians) or issuers that the Evolve Funds invest in can also subject the Evolve Funds to many of the same risks associated with direct Cyber Security Incidents. The Evolve Funds and its Unitholders could be negatively impacted as a result.

Country Risk

An Evolve Fund that invests primarily in a specific region or country may be more volatile than a more geographically diversified fund, and will be strongly affected by the overall economic performance of that specific region or country. The Evolve Funds must continue to follow their investment objectives regardless of the economic performance of a specific region or country.

Market Disruptions Risk

War and occupation, terrorism and related geopolitical risks may in the future lead to increased short-term market volatility and may have adverse long-term effects on world economies and markets generally, including U.S., Canadian and other economies and securities markets. Recently the spread of coronavirus disease (COVID-19) has threatened a slowdown in the global economy and has caused volatility in global financial markets. Coronavirus disease or any other disease outbreak may adversely affect the performance of an Evolve Fund. The effects of future terrorist acts (or threats thereof), military action or similar unexpected disruptive events on the economies and securities markets of countries cannot be predicted. These events could also have an acute effect on individual issuers or related groups of issuers. These risks could also adversely affect securities markets, inflation and other factors relating to value of the portfolio of the Evolve Funds.

Upon the occurrence of a natural disaster such as flood, hurricane, or earthquake, or upon an incident of war, riot or civil unrest or disease outbreak, the impacted country may not efficiently and quickly recover from such event, which could have a materially adverse effect on borrowers and other developing economic enterprises in such country.

Sensitivity to Interest Rate Fluctuations

It is anticipated that the market value of Units and the value of the Constituent Securities or securities held in the portfolio of an Evolve Fund, as applicable, at any given time will be affected by the level of interest rates prevailing at such time. A rise in interest rates may have a negative effect on the market value of the Units. Unitholders who wish to redeem or sell their Units may, therefore, be exposed to the risk that the redemption price or sale price of the Units will be negatively affected by interest rate fluctuations.

No guarantees

An investment in an Evolve Fund is not guaranteed. Unlike bank accounts or guaranteed investment certificates (GICs), mutual fund securities are not covered by Canada Deposit Insurance Corporation or any other government deposit insurer.

Suspension of redemptions

Under exceptional circumstances, an Evolve Fund may suspend redemptions. See "Exchange and Redemption of ETF Units – Suspension of Exchanges and Redemptions".

Currency Hedging Risk

In respect of Hedged ETF Units, the Manager will seek to hedge all or substantially all direct foreign currency exposure by entering into currency forward contracts with financial institutions that have a "designated rating" as defined in NI 81-102. For regulatory and operational reasons, the Manager may not be able to fully hedge such foreign exposure at all times. Although there is no assurance that these currency forward contracts will be effective, the Manager expects these currency forward contracts to be substantially effective. However, some deviations from the returns of the applicable Index are expected to occur as a result of the costs, risks or other performance impacts of this currency hedging strategy.

The effectiveness of an Evolve Fund's currency hedging strategy will, in general, be affected by the volatility of the applicable Evolve Fund and the volatility of the Canadian dollar relative to the foreign currency. Increased volatility will generally reduce the effectiveness of the currency hedging strategy. The effectiveness of this currency hedging strategy may also be affected by any significant difference between the Canadian dollar and foreign currencies' interest rates.

In respect of the Unhedged ETF Units, an Evolve Fund will not hedge any foreign currency exposure back to the currency in which the Unhedged ETF Unit is denominated.

Depository Receipts Risk

An Evolve Fund may invest in depository receipts. Investment in ADRs and GDRs may be less liquid than the underlying shares in their primary trading market and GDRs, many of which are issued by companies in emerging markets, may be more volatile and less liquid than depository receipts issued by companies in more developed markets.

Exchange Rate Risk

Changes in foreign currency exchange rates may affect the NAV of an Evolve Fund to the extent it holds investments denominated in currencies other than the Canadian dollar. The Units, other than the USD Unhedged ETF Units, are Canadian dollar denominated. As a portion of an Evolve Fund's portfolio may be invested in securities traded in foreign currencies, the NAV, when measured in Canadian dollars, will, to the extent this has not been hedged against, be affected by changes in the value of the foreign currencies relative to the Canadian dollar.

Exchange Traded Funds Risk

An Evolve Fund may invest in exchange traded funds that seek to provide returns similar to the performance of a particular market index or industry sector index. Any such exchange traded fund may not achieve the same return as its benchmark market or industry sector index due to differences in the actual weightings of securities held in the fund versus the weightings in the relevant index and due to the operating and administrative expenses of the fund.

General Risks of Equity Investments

Holders of equity securities of an issuer incur more risk than holders of debt obligations of such issuer because shareholders, as owners of such issuer, have generally inferior rights to receive payments from such issuer in comparison with the rights of creditors of, or holders of debt obligations issued by, such issuer. Further, unlike debt securities, which typically have a stated principal amount payable at maturity (whose value, however, will be subject to market fluctuations prior thereto), equity securities have neither a fixed principal amount nor a maturity.

Distributions on the Units will generally depend upon the declaration of dividends or distributions on the Constituent Securities or securities held in the portfolio of an Evolve Fund, as applicable. The declaration of such dividends or distributions generally depends upon various factors, including the financial condition of the Constituent Issuers or issuers held in the portfolio of an Evolve Fund, as applicable, and general economic conditions. Therefore, there can be no assurance that the Constituent Issuers or issuers held in the portfolio of an Evolve Fund, as applicable, will pay dividends or distributions on Constituent Securities.

Index Calculation and Index Termination Risks

The relevant Index Provider calculates, determines and maintains the relevant Index. The Indexes were not created by the Index Providers for the purpose of the Evolve Funds. The Index Providers have the right to make adjustments to, or to cease to calculate, the Indexes without regard to the particular interests of the Manager, the Evolve Funds or the Unitholders.

If the computer or other facilities of the Index Providers or the TSX malfunction for any reason, calculation of value of the Indexes and the determination by the Manager of the Prescribed Number of Units and Baskets of Securities for the Evolve Funds may be delayed, and trading in Units may be suspended, for a period of time.

If the Index Providers cease to calculate the Indexes or the applicable Index License Agreement is terminated, the Manager may: (i) terminate the applicable Evolve Fund on not less than 60 days' notice to Unitholders; (ii) change the investment objective of the applicable Evolve Fund or seek to replicate generally an alternative index (subject to any Unitholder approval in accordance with Canadian Securities Legislation); or (iii) make such other arrangements as the Manager considers appropriate and in the best interests of Unitholders in the circumstances.

Index Investment and Passive Investment Strategies Risks

The value of an Index may fluctuate in accordance with the financial condition of the Constituent Issuers that are represented in the Index (particularly those that are more heavily weighted), the value of the securities generally and other factors.

If an Index is concentrated on one stock exchange, if that stock exchange is not open, the applicable Evolve Fund will be unable to determine the NAV per Unit and may be unable to satisfy redemption requests.

Because the investment objective of the applicable Evolve Fund is to replicate the performance of an Index, the Evolve Fund is not actively managed by traditional methods and the Manager will not attempt to take defensive positions in declining markets. Therefore, the adverse financial condition of a Constituent Issuer represented in the Index will not necessarily result in the elimination of exposure to its securities, whether direct or indirect, by the Evolve Fund unless the Constituent Securities are removed from the Index.

Index Replication and Tracking Error Risks

An Evolve Fund will not replicate exactly the performance of the applicable Index because the total return generated by the Units will be reduced by the management fee paid or payable by the Evolve Fund, the brokerage and commission costs incurred in acquiring and rebalancing the portfolio of securities held by the Evolve Fund and the other expenses paid or payable by the Evolve Fund, including costs associated with currency hedging. These fees and expenses are not included in the calculation of the performance of the applicable Index.

Deviations in the tracking of the applicable Index by an Evolve Fund could occur for a variety of other reasons. For example, where an Evolve Fund tenders securities under a successful takeover bid for less than all securities of a Constituent Issuer and the Constituent Issuer is not removed from the applicable Index, the Evolve Fund may be required to buy replacement securities at a purchase price that may be more than the takeover bid price due to timing variances.

It is also possible that an Evolve Fund may not fully replicate the performance of the applicable Index due to the temporary unavailability of certain Constituent Securities in the secondary market, the investment strategies and investment restrictions applicable to the Evolve Fund, including the use of a sampling methodology or due to other extraordinary circumstances.

As each Evolve Fund will bear the full cost required to retire an amount of carbon credits determined by the Manager to be reasonable or necessary to achieve a carbon neutral portfolio, the performance returns of each Evolve Fund will necessarily be reduced by the actual costs incurred by the Evolve Fund in purchasing and retiring carbon credits. The size of the carbon footprint of the Constituent Issuers in the portfolio (and therefore the amount of carbon credits determined to be purchased by the Manager), as well as the actual prices available to the Evolve Funds in purchasing and retiring carbon credits, are expected to vary depending on the actual level of greenhouse gas emissions produced by Constituent Issuers from time to time in the portfolio, supply and demand of the carbon credits available in the market, and may also increase or decrease depending on a variety of other factors, including but not limited to regulatory developments affecting the price or availability of carbon credits in the market and other factors beyond the control of the Manager. If the purchase price of carbon credits increases, the management expense ratio of the affected Evolve Fund will increase by a corresponding amount.

Large-Capitalization Issuer Risk

An Evolve Fund may invest a relatively large percentage of its assets in the securities of large-capitalization companies. As a result, the performance of the Evolve Fund may be adversely affected if securities of large-capitalization companies underperform securities of smaller-capitalization companies or the market as a whole. The securities of large-capitalization companies may be relatively mature compared to smaller companies and therefore subject to slower growth during times of economic expansion.

Rebalancing and Subscription Risk

Adjustments to Baskets of Securities held by an Evolve Fund to reflect rebalancing events, including adjustments to the applicable Index or as otherwise determined by the Manager, will depend on the ability of the Manager and the Designated Broker to perform their respective obligations under the designated broker agreement. If the Designated Broker fails to perform, the applicable Evolve Fund may be required to sell or purchase, as the case may be, Constituent Securities of the applicable Index in the market. If this happens, an Evolve Fund would incur additional transaction costs, which would cause the performance of the Evolve Fund to deviate more significantly from the performance of the Index than would otherwise be expected.

Adjustments to the Basket of Securities necessitated by a rebalancing event could affect the underlying market for the Constituent Securities of the applicable Index, which in turn would affect the value of that Index. Similarly, subscriptions for Units by the Designated Broker and Dealers may impact the market for the Constituent Securities of

the applicable Index, as the Designated Broker or the Dealer seeks to buy or to borrow the Constituent Securities to constitute the Baskets of Securities to be delivered to the Evolve Fund as payment for the Units to be issued.

Sampling Methodology Risk

An Evolve Fund may employ a sampling methodology or may hold an exchange traded fund that employs a sampling methodology. A sampling methodology involves seeking to replicate the performance of the applicable Index by holding a subset of the Constituent Securities or a portfolio of some or all of the Constituent Securities and other securities selected by the Manager such that the aggregate investment characteristics of the portfolio are reflective of the aggregate investment characteristics of, or a representative sample of, the Index. It is possible that the use of a sampling methodology may result in a greater deviation in performance relative to the applicable Index than a replication strategy in which only the Constituent Securities are held in the portfolio in approximately the same proportions as they are represented in the Index.

Sector Risk

Because the Constituent Securities of an Evolve Fund may be heavily concentrated in one specific sector or industry of the economy, the trading price of the Evolve Fund is expected to be more volatile than that of a fund with a more broadly diversified portfolio.

Underlying Funds Risk

An Evolve Fund may invest in exchange traded funds that seek to provide returns similar to the performance of a particular market index or industry sector index. Any such exchange traded fund may not achieve the same return as its benchmark market or industry sector index due to differences in the actual weightings of securities held in the fund versus the weightings in the relevant index and due to the operating and administrative expenses of the fund.

The securities of underlying funds in which an Evolve Fund invests, whether directly or indirectly, may trade below, at or above their respective NAVs per security. The NAV per security will fluctuate with changes in the market value of that investment fund's holdings. The trading prices of the securities of those investment funds will fluctuate in accordance with changes in the applicable fund's NAV per security, as well as market supply and demand on the stock exchanges on which those funds are listed.

If an Evolve Fund purchases a security of an underlying investment fund at a time when the market price of that security is at a premium to the NAV per security or sells a security at a time when the market price of that security is at a discount to the NAV per security, the Evolve Fund may sustain a loss.

Risk Ratings of the Evolve Funds

The investment risk level of each Evolve Fund is required to be determined in accordance with a standardized risk classification methodology that is based on the historical volatility of an Evolve Fund, as measured by the 10-year standard deviation of the returns of an Evolve Fund. As the Evolve Funds do not have at least 10 years of performance history, the Manager calculates the investment risk level of each Evolve Fund using a reference index that reasonably approximates the standard deviation of the Evolve Fund for the remainder of the 10-year period. Once the Evolve Funds have 10 years of performance history, the methodology will calculate the standard deviation of each Evolve Fund using the return history of the Evolve Fund rather than that of the reference index. The Evolve Funds are assigned an investment risk rating in one of the following categories: low, low to medium, medium, medium to high or high risk. There may be times when the classification methodology produces a result that the Manager believes is inappropriate in which case the Manager may re-classify an Evolve Fund to a higher risk level, if appropriate.

The following chart sets out a description of the reference index used for each Evolve Fund:

Evolve Fund	Reference Index
SIXT	S&P/TSX 60 Index
FIVE	S&P 500 Index

Unitholders should know that other types of risks, both measurable and non-measurable, exist. Also, just as historical performance may not be indicative of future returns, historical volatility may not be indicative of future volatility. The risk rating of each Evolve Fund is reviewed annually and any time it is no longer reasonable in the circumstances. A more detailed explanation of the risk classification methodology used to identify the risk rating of the Evolve Funds

is available on request, at no cost, by calling toll-free 1-844-370-4884 or by writing to Evolve Funds Group Inc., Scotia Plaza, 40 King Street West, Suite 3404, Toronto, ON M5H 3Y2.

DISTRIBUTION POLICY

Cash distributions of income, if any, on ETF Units will be payable periodically as set out in the table below by each of the Evolve Funds:

Evolve Fund	Frequency of Distributions, if any
Evolve S&P/TSX 60 CleanBeta™ Fund	Quarterly
Evolve S&P 500 CleanBeta™ Fund	Quarterly

The Evolve Funds will not have a fixed distribution amount. The amount and frequency of distributions, if any, will be based on the Manager's assessment of anticipated cash flow and anticipated expenses of the Evolve Funds from time to time. The date of any cash distribution of each Evolve Fund will be announced in advance by issuance of a press release. The Manager may, in its complete discretion, change the frequency of these distributions and any such change will be announced by issuance of a press release.

Depending on the underlying investments of an Evolve Fund, distributions on Units may consist of ordinary income, including foreign source income, sourced from foreign dividends, distributions received by the Evolve Fund and dividends from taxable Canadian corporations but may also include net realized capital gains, in any case, less the expenses of an Evolve Fund and may include returns of capital. To the extent that the expenses of an Evolve Fund exceed the income generated by such Evolve Fund in any applicable distribution period, it is not expected that a distribution for that period will be paid. Management Fee Distributions, if any, will be paid first out of the net income, then out of capital gains of an Evolve Fund and thereafter out of capital. The tax consequences of a Management Fee Distribution will generally be borne by the Unitholder who receives the distribution.

If, for any taxation year, after the ordinary distributions, if any, there would remain in an Evolve Fund additional net income or net realized capital gains, the Evolve Fund will, after December 15 but on or before December 31 of that calendar year, be required to pay or make payable such net income and net realized capital gains as one or more special year-end distributions to Unitholders as is necessary to ensure that the Evolve Fund will not be liable for income tax on such amounts under Part I of the Tax Act (after taking into account all available deductions, credits and refunds). Such special distributions may be paid in the form of Units of the applicable class of an Evolve Fund and/or cash. Any special distributions payable in Units of a class of an Evolve Fund will increase the aggregate adjusted cost base of a Unitholder's Units of such class. Immediately following payment of such a special distribution in Units of a class, the number of Units of such class held by a Unitholder will be automatically consolidated such that the number of Units of such class held by the Unitholder after such distribution will be equal to the number of Units of such class held by such Unitholder immediately prior to such distribution, except in the case of a non-resident Unitholder to the extent tax is required to be withheld in respect of the distribution.

The tax treatment to Unitholders of distributions is discussed under the heading "Income Tax Considerations".

Optional Distribution Reinvestment Plan for ETF Units

The Manager may adopt a distribution reinvestment plan in respect of the Evolve Funds under which cash distributions are used to purchase additional ETF Units and are credited to the participating Unitholder in accordance with the terms of such plan (a copy of which would be available through the Unitholder's broker or dealer). The following are the key terms of such a distribution reinvestment plan:

- Participation in a distribution reinvestment plan will be restricted to Unitholders who are residents of Canada for the purposes of the Tax Act or "Canadian partnerships" as defined in the Tax Act. Immediately upon becoming a non-resident of Canada or ceasing to be a Canadian partnership, a participating Unitholder will be required to notify his, her or its CDS Participant and terminate participation in the distribution reinvestment plan.

- A Unitholder who wishes to enrol in the distribution reinvestment plan as of a particular Distribution Record Date should notify his, her or its CDS Participant sufficiently in advance of that Distribution Record Date to allow the CDS Participant to notify CDS by 4:00 p.m. (Toronto time) on that Distribution Record Date.
- Distributions that participating Unitholders are due to receive will be used to purchase ETF Units on behalf of such Unitholder in the market.
- No fractional ETF Units will be delivered under a distribution reinvestment plan. Payment in cash for any remaining uninvested funds may be made in lieu of delivering fractional ETF Units by the plan agent to CDS or a CDS Participant, on a monthly or quarterly basis, as the case may be. Where applicable, CDS will, in turn, credit the participating Unitholder, via the applicable CDS Participant.

The automatic reinvestment of distributions under the distribution reinvestment plan does not relieve participating Unitholders of any income tax applicable to the distributions.

The tax treatment to Unitholders of reinvested distributions is discussed under the heading “Income Tax Considerations”.

Participating Unitholders will be able to terminate their participation in the distribution reinvestment plan as of a particular Distribution Record Date by notifying their CDS Participant by the prescribed cut-off time prior to the applicable Distribution Record Date. Beginning on the first distribution payment date after such notice is delivered, distributions to such Unitholders will be in cash. The form of termination notice will be available from CDS Participants and any expenses associated with the preparation and delivery of such termination notice will be for the account of the participating Unitholder exercising its rights to terminate participation in the distribution reinvestment plan. The Manager will be permitted to terminate the distribution reinvestment plan, in its sole discretion, upon not less than 30 days’ notice to participating Unitholders and the plan agent, subject to any required regulatory approval.

The Manager is permitted to amend, modify or suspend the distribution reinvestment plan, or add additional features including authorizing pre-authorized cash contributions or systematic withdrawals, at any time, in its sole discretion, provided that it complies with certain requirements, and gives notice of such amendment, modification or suspension to the participating Unitholders and the plan agent, subject to any required regulatory approval, which notice may be given by issuing a press release containing a summary description of the amendment or in any other manner that the Manager determines to be appropriate.

The Manager may from time to time adopt rules and regulations to facilitate the administration of the distribution reinvestment plan. The Manager reserves the right to regulate and interpret the distribution reinvestment plan as it deems necessary or desirable to ensure the efficient and equitable operation of the distribution reinvestment plan.

PURCHASES OF UNITS

Initial Investment in the Evolve Funds

The Evolve Funds will not issue Units to the public until subscriptions aggregating not less than \$500,000 have been received and accepted by the Evolve Fund from investors other than persons or companies related to the Manager or its affiliates.

Continuous Distribution

Units are being issued and sold on a continuous basis and there is no maximum number of Units that may be issued.

Designated Broker for ETF Units

All orders to purchase ETF Units directly from an Evolve Fund must be placed by the Designated Broker or Dealers. Each Evolve Fund reserves the absolute right to reject any subscription order placed by the Designated Broker and/or a Dealer. No fees will be payable by an Evolve Fund to the Designated Broker or a Dealer in connection with the issuance of ETF Units. On the issuance of ETF Units, the Manager may, at its discretion, charge an administrative fee to a Dealer or the Designated Broker to offset any expenses (including any applicable Designated Exchange additional listing fees) incurred in issuing the ETF Units.

On any Trading Day, the Designated Broker or a Dealer may place a subscription order for the PNU or integral multiple PNU of an Evolve Fund. If a subscription order is received by an Evolve Fund at or before the applicable cut-off time, or such other time prior to the Valuation Time on such Trading Day as the Manager may permit, and is

accepted by the Manager, the Evolve Fund will generally issue to the Dealer or Designated Broker the PNU (or an integral multiple thereof) within two Trading Days (or such later date as may be permitted) from the effective date of the subscription order. The Evolve Fund must receive payment for the ETF Units subscribed for within two Trading Days (or such later date as may be permitted) from the effective date of the subscription order. The effective date of a subscription order is the Trading Day on which the Valuation Time that applies to such subscription order takes place.

Unless the Manager shall otherwise agree or the Declaration of Trust shall otherwise provide, as payment for a PNU of an Evolve Fund, a Dealer or the Designated Broker must deliver subscription proceeds consisting of a Basket of Securities and cash in an amount sufficient so that the value of the Basket of Securities and cash delivered is equal to the NAV of the applicable PNU of the Evolve Fund determined at the Valuation Time on the effective date of the subscription order. The Manager may, in its complete discretion, instead accept subscription proceeds consisting of (i) cash only in an amount equal to the NAV of the applicable PNU of the Evolve Fund determined at the Valuation Time on the effective date of the subscription order, plus (ii) if applicable, associated costs and expenses that the Evolve Fund incurs or expects to incur in purchasing securities on the market with such cash proceeds.

The Manager may from time to time and, in any event not more than once quarterly, require the Designated Broker to subscribe for ETF Units of an Evolve Fund for cash in a dollar amount not to exceed 0.30% of the NAV of the Evolve Fund, or such other amount as may be agreed to by the Manager and the Designated Broker. The number of ETF Units issued will be the subscription amount divided by the NAV per ETF Unit next determined following the delivery by the Manager of a subscription notice to the Designated Broker. Payment for the ETF Units must be made by the Designated Broker by no later than the second Trading Day after the subscription notice has been delivered.

The Manager will, except when circumstances prevent it from doing so, disclose the number of ETF Units comprising a PNU for a particular Evolve Fund to applicable investors, the Designated Broker and Dealers following the close of business on each Trading Day. The Manager may, at its discretion, increase or decrease the applicable PNU from time to time.

Buying and Selling ETF Units of an Evolve Fund

The Evolve Funds issue Units on a continuous basis and there is no maximum number of Units that may be issued. The ETF Units of the Evolve Funds have been conditionally approved for listing on the Designated Exchange. Subject to satisfying the Designated Exchange's original listing requirements, the ETF Units will be listed on the Designated Exchange and investors will be able to buy or sell such Units on the Designated Exchange through registered brokers and dealers in the province or territory where the investor resides.

Special Considerations for Unitholders

The provisions of the so-called "early warning" requirements set out in Canadian Securities Legislation do not apply in connection with the acquisition of ETF Units. In addition, the Evolve Funds have obtained exemptive relief from the Securities Regulatory Authorities to permit Unitholders to acquire more than 20% of the ETF Units through purchases on the applicable Designated Exchange, without regard to the take-over bid requirements of Canadian Securities Legislation.

Special Circumstances

ETF Units may also be issued by an Evolve Fund to the Designated Broker in a number of special circumstances, including the following: (i) when the Manager has determined that the Evolve Fund should acquire Constituent Securities or portfolio securities, or other securities in connection with a rebalancing event as described under "Investment Strategies – Rebalancing Events"; and (ii) when cash redemptions of ETF Units occur as described below under "Exchange and Redemption of ETF Units – Redemption of ETF Units of an Evolve Fund for Cash", or the Evolve Fund otherwise has cash that the Manager wants to invest.

EXCHANGE AND REDEMPTION OF ETF UNITS

Exchange of ETF Units of an Evolve Fund at NAV per ETF Unit for Baskets of Securities and/or Cash

Unitholders may exchange the applicable PNU (or an integral multiple thereof) of an Evolve Fund on any Trading Day for Baskets of Securities and cash, subject to the requirement that a minimum PNU be exchanged. To effect an exchange of ETF Units, a Unitholder must submit an exchange request in the form and at the location prescribed by the applicable Evolve Fund from time to time at or before the applicable cut-off time on a Trading Day, or such other time prior to the Valuation Time on such Trading Day as the Manager may permit. The exchange price will be equal

to the NAV of each PNU tendered for exchange determined at the Valuation Time on the effective date of the exchange request, payable by delivery of a Basket of Securities (constituted as most recently published prior to the effective date of the exchange request) and cash. The ETF Units will be redeemed in the exchange. The Manager will also make available to Dealers and the Designated Broker the applicable PNU to redeem ETF Units on each Trading Day. The effective date of an exchange request is the Trading Day on which the Valuation Time that applies to such redemption request takes place.

Upon the request of a Unitholder, the Manager may, in its complete discretion, satisfy an exchange request by delivering cash only in an amount equal to the NAV of each PNU tendered for exchange determined at the Valuation Time on the effective date of the exchange request, provided that the Unitholder agrees to pay the costs and expenses that the Evolve Funds incur or expect to incur in selling securities on the market to obtain the necessary cash for exchange.

If an exchange request is not received by the applicable cut-off time, the exchange order will be effective only on the next Trading Day. Settlement of exchanges for Baskets of Securities and/or cash will generally be made by the second Trading Day after the effective day of the exchange request.

If Constituent Securities, portfolio securities or other securities in which an Evolve Fund has invested are cease-traded at any time by order of a Securities Regulatory Authority or other relevant regulator or stock exchange, the delivery of Baskets of Securities to a Unitholder, Dealer or the Designated Broker on an exchange in the PNU may be postponed until such time as the transfer of the Baskets of Securities is permitted by law.

As described under “Book-Entry Only System”, registration of interests in, and transfers of, ETF Units will be made only through the book-entry only system of CDS. The redemption rights described below must be exercised through the CDS Participant through which the owner holds ETF Units. Beneficial owners of ETF Units should ensure that they provide redemption instructions to the CDS Participant through which they hold such ETF Units sufficiently in advance of the cut-off times described below to allow such CDS Participant to notify CDS and for CDS to notify the Manager prior to the relevant cut-off time.

Redemption of ETF Units of an Evolve Fund for Cash

On any Trading Day, Unitholders of an Evolve Fund may redeem (i) ETF Units for cash at a redemption price per ETF Unit equal to 95% of the closing price for the ETF Units on the applicable Designated Exchange, on the effective day of the redemption, subject to a maximum redemption price per ETF Unit equal to the NAV per ETF Unit on the effective day of redemption, less any applicable administrative fee determined by the Manager, in its sole discretion, from time to time, or (ii) a PNU of an Evolve Fund or an integral multiple PNU of an Evolve Fund for cash equal to the NAV of that number of ETF Units, less any applicable administrative fee determined by the Manager, in its sole discretion, from time to time. Because Unitholders will generally be able to sell ETF Units at the market price on the applicable Designated Exchange through a registered broker or dealer subject only to customary brokerage commissions, Unitholders are advised to consult their brokers, dealers or investment advisors before redeeming such ETF Units for cash. No fees or expenses are paid by Unitholders to the Manager or any Evolve Fund in connection with selling ETF Units on the applicable Designated Exchange.

In order for a cash redemption to be effective on a Trading Day, a cash redemption request with respect to the applicable Evolve Fund must be delivered to the Manager in the form and at the location prescribed by the Manager from time to time at or before the applicable cut-off time on such Trading Day. Any cash redemption request received after such time will be effective only on the next Trading Day. Where possible, payment of the redemption price will be made by no later than the second Trading Day after the effective day of the redemption. The cash redemption request forms may be obtained from any registered broker or Dealer.

Unitholders that have delivered a redemption request prior to the Distribution Record Date for any distribution will not be entitled to receive that distribution.

In connection with the redemption of ETF Units of an Evolve Fund, the Evolve Fund will generally dispose of securities or other financial instruments.

Suspension of Exchanges and Redemptions

The Manager may suspend the exchange or redemption of ETF Units or payment of redemption proceeds of an Evolve Fund: (i) during any period when normal trading is suspended on a stock exchange or other market on which securities owned by the Evolve Fund are listed and traded, if these securities represent more than 50% by value or underlying

market exposure of the total assets of the Evolve Fund, without allowance for liabilities, and if these securities are not traded on any other exchange that represents a reasonably practical alternative for the Evolve Fund; or (ii) with the prior permission of the Securities Regulatory Authorities where required, for any period not exceeding 30 days during which the Manager determines that conditions exist which render impractical the sale of assets of the Evolve Fund or which impair the ability of the Custodian to determine the value of the assets of the Evolve Fund. The suspension may apply to all requests for exchange or redemption received prior to the suspension but as to which payment has not been made, as well as to all requests received while the suspension is in effect. All Unitholders making such requests shall be advised by the Manager of the suspension and that the exchange or redemption will be effected at a price determined on the first Valuation Date following the termination of the suspension. All such Unitholders shall have and shall be advised that they have the right to withdraw their requests for exchange or redemption. The suspension shall terminate in any event on the first day on which the condition giving rise to the suspension has ceased to exist, provided that no other condition under which a suspension is authorized then exists. To the extent not inconsistent with official rules and regulations promulgated by any government body having jurisdiction over an Evolve Fund, any declaration of suspension made by the Manager shall be conclusive.

Other ETF Unit Charges

An amount as may be agreed to between the Manager and the Designated Broker or a Dealer of ETF Units may be charged to offset certain transaction costs associated with an issue, exchange or redemption of ETF Units. This charge does not apply to Unitholders who buy and sell their ETF Units through the facilities of the applicable Designated Exchange.

Allocations of Capital Gains to Redeeming or Exchanging Unitholders

Pursuant to the Declaration of Trust, an Evolve Fund may allocate and designate as payable any capital gains realized by the Evolve Fund as a result of any disposition of property of the Evolve Fund undertaken to permit or facilitate the redemption or exchange of ETF Units to a Unitholder whose ETF Units are being redeemed or exchanged. In addition, each Evolve Fund has the authority to distribute, allocate and designate any capital gains of the Evolve Fund to a Unitholder of the Evolve Fund who has redeemed or exchanged ETF Units of the Evolve Fund during a year in an amount equal to the Unitholder's share, at the time of redemption or exchange, of the Evolve Fund's capital gains for the year. Any such allocations and designations will reduce the redemption price otherwise payable to the redeeming or exchanging Unitholder. Provided that certain Tax Amendments are enacted as proposed, and once such Tax Amendments come into effect, an amount so allocated and designated to a redeeming or exchanging Unitholder will only be deductible to an Evolve Fund to the extent of the gain that would otherwise be realized by the Unitholder on the redemption or exchange of ETF Units. As currently proposed, such Tax Amendments would apply to an Evolve Fund for each taxation year of the Evolve Fund that begins after December 15, 2021.

Book-Entry Only System

Registration of interests in, and transfers of, ETF Units will be made only through the book-entry only system of CDS. ETF Units must be purchased, transferred and surrendered for redemption only through a CDS Participant. All rights of an owner of ETF Units must be exercised through, and all payments or other property to which such owner is entitled will be made or delivered by, CDS or the CDS Participant through which the owner holds such ETF Units. Upon buying ETF Units, the owner will receive only the customary confirmation. References in this prospectus to a holder of ETF Units means, unless the context otherwise requires, the owner of the beneficial interest of such ETF Units.

Neither an Evolve Fund nor the Manager will have any liability for: (i) records maintained by CDS relating to the beneficial interests in ETF Units or the book entry accounts maintained by CDS; (ii) maintaining, supervising or reviewing any records relating to such beneficial ownership interests; or (iii) any advice or representation made or given by CDS and made or given with respect to the rules and regulations of CDS or any action taken by CDS or at the direction of the CDS Participants.

The ability of a beneficial owner of ETF Units to pledge such ETF Units or otherwise take action with respect to such owner's interest in such ETF Units (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

An Evolve Fund has the option to terminate registration of ETF Units through the book-entry only system in which case certificates for ETF Units in fully registered form will be issued to beneficial owners of such ETF Units or to their nominees.

Short-term Trading

At this time, the Manager does not believe that it is necessary to impose any short-term trading restrictions on the ETF Units at this time as: (i) the ETF Units are generally traded by investors on an exchange in the secondary market in the same way as listed securities; and (ii) the few transactions involving ETF Units that do not occur on the secondary market involve the Designated Broker and/or Dealers, who can only purchase or redeem ETF Units in a PNU and on whom the Manager may impose an administrative fee. The administrative fee is intended to compensate an Evolve Fund for any costs and expenses incurred by the Evolve Fund in order to fund the redemption of ETF Units.

INCOME TAX CONSIDERATIONS

The following is, as of the date hereof, a summary of the principal Canadian federal income tax considerations under the Tax Act generally applicable to the acquisition, holding and disposition of Units of an Evolve Fund by a Unitholder who acquires Units of an Evolve Fund pursuant to this prospectus. This summary only applies to a prospective Unitholder of an Evolve Fund who is an individual (other than a trust) resident in Canada for purposes of the Tax Act who deals at arm's length with the Evolve Fund, the Designated Broker and the Dealers and is not affiliated with the Evolve Fund, the Designated Broker or any Dealer and who holds Units as capital property (a "**Holder**").

Generally, Units of an Evolve Fund will be considered to be capital property to a Holder provided that the Holder does not hold such Units in the course of carrying on a business of buying and selling securities and has not acquired them in one or more transactions considered to be an adventure or concern in the nature of trade. Provided that an Evolve Fund qualifies as a "mutual fund trust" for purposes of the Tax Act, certain Holders who might not otherwise be considered to hold Units of the Evolve Fund as capital property may, in certain circumstances, be entitled to have such Units and all other "Canadian securities" owned or subsequently acquired by them treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act. This summary does not apply to a Holder who has entered or will enter into a "derivative forward agreement" as that term is defined in the Tax Act with respect to the Units.

This summary is based on the assumptions that (i) neither of the Evolve Funds will be subject to the tax for "SIFT trusts" for purposes of the Tax Act, (ii) none of the issuers of the securities in the portfolio of an Evolve Fund will be foreign affiliates of the Evolve Fund or of any Holder, (iii) none of the securities in the portfolio of an Evolve Fund will be a "tax shelter investment" within the meaning of section 143.2 of the Tax Act, (iv) neither of the Evolve Funds will enter into any arrangement where the result is a dividend rental arrangement for purposes of the Tax Act, and (v) none of the securities in the portfolio of an Evolve Fund will be an offshore investment fund property (or an interest in a partnership that holds such property) that would require the Evolve Fund (or the partnership) to include significant amounts in the Evolve Fund's (or the partnership's) income pursuant to section 94.1 of the Tax Act, or an interest in a trust (or a partnership which holds such an interest) which would require the Evolve Fund (or the partnership) to report significant amounts of income in connection with such interest pursuant to the rules in section 94.2 of the Tax Act, or an interest in a non-resident trust other than an "exempt foreign trust" (or a partnership which holds such interest).

This summary also assumes that each Evolve Fund will comply with its investment restrictions.

This summary is based on the facts described herein, the current provisions of the Tax Act and an understanding of the current publicly available administrative policies and assessing practices of the CRA published in writing prior to the date hereof. This summary takes into account the Tax Amendments. This description is not exhaustive of all Canadian federal income tax consequences and does not take into account or anticipate changes in the law or in administrative policy or assessing practice, whether by legislative, governmental or judicial action other than the Tax Amendments in their present form, nor does it take into account provincial, territorial or foreign tax considerations which may differ significantly from those discussed herein. There can be no assurance that the Tax Amendments, or the proposed amendments to the Tax Act released on April 28, 2021 referenced below, will be enacted in the form publicly announced, or at all.

This summary is not exhaustive of all possible Canadian federal income tax considerations applicable to an investment in Units. This summary does not address the deductibility of interest on any funds borrowed by a Holder to purchase Units. The income and other tax consequences of investing in Units will vary depending on an investor's particular circumstances including the province or territory in which the investor resides or carries on business. Accordingly, this summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any holder of Units. Prospective investors should consult their own tax advisors with respect to the income tax consequences to them of an acquisition of Units based on their particular circumstances.

A Holder will be required to compute all amounts, including the adjusted cost base of USD Unhedged ETF Units and proceeds of disposition, in Canadian dollars in accordance with the detailed rules in the Tax Act.

Status of the Evolve Funds

This summary assumes that each Evolve Fund will qualify or will be deemed to qualify at all times as a “mutual fund trust” within the meaning of the Tax Act. See “Risk Factors - General Risks Relating to an Investment in the Evolve Funds - Taxation of the Evolve Funds”.

To qualify as a mutual fund trust (i) an Evolve Fund must be a Canadian resident “unit trust” for purposes of the Tax Act, (ii) the only undertaking of the Evolve Fund must be (a) the investing of its funds in property (other than real property or interests in real property or an immovable or a real right in an immovable), (b) the acquiring, holding, maintaining, improving, leasing or managing of any real property (or interest in real property) or of any immovable (or real right in immovables) that is capital property of the Evolve Fund, or (c) any combination of the activities described in (a) and (b), and (iii) the Evolve Fund must comply with certain minimum requirements respecting the ownership and dispersal of a particular class of Units (the “**Minimum Distribution Requirements**”). In addition, in order to qualify as a mutual fund trust, an Evolve Fund cannot at any time reasonably be considered to have been established and/or maintained primarily for the benefit of non-residents unless, at that time, substantially all of its property consists of property other than property that would be “taxable Canadian property” within the meaning of the Tax Act (if the definition of such term were read without reference to paragraph (b) of that definition).

In this connection, (i) the Manager intends to cause each Evolve Fund to qualify as a unit trust throughout the life of the Evolve Fund, (ii) the Manager's view is that each Evolve Fund's undertaking will conform with the restrictions for mutual fund trusts, and (iii) the Manager intends to file the necessary election so that each Evolve Fund will qualify as a mutual fund trust from its inception in 2021 and the Manager has no reason to believe that each Evolve Fund will not comply with the Minimum Distribution Requirements before the 91st day after the end of its first taxation year (determined without regard to any taxation year-end that may be deemed to occur for other purposes under the rules in the Tax Act relating to “loss restriction events”) and at all times thereafter, thereby permitting the filing by each Evolve Fund of such election.

If an Evolve Fund were not to qualify or be deemed to qualify as a mutual fund trust at all times, the income tax considerations described below would, in some respects, be materially and adversely different in respect of that Evolve Fund, than would be the case if it were a mutual fund trust.

Provided that the Units are listed on a “designated stock exchange” within the meaning of the Tax Act (which includes the Designated Exchange), Units will be qualified investments under the Tax Act for a trust governed by an RRSP, a RRIF, a DPSP, an RDSP, an RESP or a TFSA (the “Plans”). See “Income Tax Considerations – Taxation of Registered Plans” for the consequences of holding Units in Plans.

Taxation of the Evolve Funds

Each Evolve Fund will elect to have a taxation year that ends on December 15 of each calendar year. An Evolve Fund must pay tax on its net income (including net realized taxable capital gains) for a taxation year, less the portion thereof that it deducts in respect of the amount paid or payable to its Unitholders in the calendar year in which the taxation year ends. An amount will be considered to be payable to a Unitholder of an Evolve Fund in a calendar year if it is paid to the Unitholder in that year by the Evolve Fund or if the Unitholder is entitled in that year to enforce payment of the amount. The Declaration of Trust requires that sufficient amounts be paid or made payable each year so that no Evolve Fund is liable for any non-refundable income tax under Part I of the Tax Act.

An Evolve Fund will be required to include in its income for each taxation year any dividends received (or deemed to be received) by it in such year on a security held in its portfolio.

To the extent an Evolve Fund holds trust units issued by a trust resident in Canada that is not at any time in the relevant taxation year a “SIFT trust” and held as capital property for purposes of the Tax Act, the Evolve Fund will be required to include in the calculation of its income for a taxation year the net income, including net taxable capital gains, paid or payable to the Evolve Fund by such trust in the calendar year in which that taxation year ends, notwithstanding that certain of such amounts may be reinvested in additional units of the trust. Provided that appropriate designations are made by such trust, net taxable capital gains realized by the trust, foreign source income of the trust and taxable dividends from taxable Canadian corporations received by the trust that are paid or payable by the trust to the Evolve Fund will effectively retain their character in the hands of the Evolve Fund. The Evolve Fund will be required to reduce the adjusted cost base of units of such trust by any amount paid or payable by the trust to the Evolve Fund except to the extent that the amount was included in calculating the income of the Evolve Fund or was the Evolve Fund’s share of the non-taxable portion of capital gains of the trust, the taxable portion of which was designated in respect of the Evolve Fund. If the adjusted cost base to the Evolve Fund of such units becomes a negative amount at any time in a taxation year of the Evolve Fund, that negative amount will be deemed to be a capital gain realized by the Evolve Fund in that taxation year and the Evolve Fund’s adjusted cost base of such units will be increased by the amount of such deemed capital gain to zero.

Each issuer in an Evolve Fund’s portfolio that is a “SIFT trust” (which will generally include Canadian resident income trusts, other than certain REITs, the units of which are listed or traded on a stock exchange or other public market) will be subject to a special tax in respect of (i) income from business carried on in Canada, and (ii) certain income and capital gains in respect of “non-portfolio properties” (collectively, “**Non-Portfolio Income**”). Non-Portfolio Income that is distributed by a SIFT trust to its unitholders will be taxed at a rate that is equivalent to the federal general corporate tax rate plus a prescribed amount on account of provincial tax. Non-Portfolio Income that becomes payable by an issuer that is a SIFT trust will generally be taxed as though it were a taxable dividend from a taxable Canadian corporation and will be deemed to be an “eligible dividend” eligible for the enhanced gross-up and tax credit rules.

In general, an Evolve Fund will realize a capital gain (or capital loss) upon the actual or deemed disposition of a security included in its portfolio to the extent the proceeds of disposition net of any reasonable costs of disposition exceed (or are less than) the adjusted cost base of such security unless the Evolve Fund were considered to be trading or dealing in securities or otherwise carrying on a business of buying and selling securities or the Evolve Fund has acquired the security in a transaction or transactions considered to be an adventure or concern in the nature of trade. Each Evolve Fund will purchase the securities in its portfolio with the objective of receiving dividends and other distributions thereon, and will take the position that gains and losses realized on the disposition of its securities are capital gains and capital losses. Each Evolve Fund will make an election under subsection 39(4) of the Tax Act, if applicable, so that all securities held by the Evolve Fund that are “Canadian securities” (as defined in the Tax Act) will be deemed to be capital property to the Evolve Fund.

Each Evolve Fund will be entitled for each taxation year throughout which it is a mutual fund trust for purposes of the Tax Act to reduce (or receive a refund in respect of) its liability, if any, for tax on its net realized capital gains by an amount determined under the Tax Act based on the redemptions of Units during the year (the “**Capital Gains Refund**”). The Capital Gains Refund in a particular taxation year may not completely offset the tax liability of the Evolve Fund for such taxation year which may arise upon the sale or other disposition of securities included in the portfolio in connection with the redemption of Units.

In general, gains and losses realized by an Evolve Fund from Derivative transactions will be on income account except where such Derivatives are used to hedge portfolio securities held on capital account provided there is sufficient linkage, subject to the DFA Rules discussed below, and such gains and losses will be recognized for tax purposes at the time they are realized by the Evolve Fund.

A loss realized by an Evolve Fund on a disposition of capital property will be a suspended loss for purposes of the Tax Act if the Evolve Fund, or a person affiliated with the Evolve Fund, acquires a property (a “**Substituted Property**”) that is the same as or identical to the property disposed of, within 30 days before and 30 days after the disposition and the Evolve Fund, or a person affiliated with the Evolve Fund, owns the Substituted Property 30 days after the original disposition. If a loss is suspended, an Evolve Fund cannot deduct the loss from the Evolve Fund’s capital gains until the Substituted Property is disposed of and is not reacquired by the Evolve Fund, or a person affiliated with the Evolve Fund, within 30 days before and after the disposition.

An Evolve Fund may enter into transactions denominated in currencies other than the Canadian dollar including the acquisition of securities in its portfolio. The cost and proceeds of disposition of securities, dividends, distributions and all other amounts will be determined for the purposes of the Tax Act in Canadian dollars using the appropriate

exchange rates determined in accordance with the detailed rules in the Tax Act in that regard. The amount of income, gains and losses realized by an Evolve Fund may be affected by fluctuations in the value of other currencies relative to the Canadian dollar. Gains or losses in respect of currency hedges entered into in respect of amounts invested in the portfolio of an Evolve Fund will constitute capital gains and capital losses to the Evolve Fund if the securities in the Evolve Fund's portfolio are capital property to the Evolve Fund and provided there is sufficient linkage.

The DFA Rules target certain financial arrangements (described in the DFA Rules as "derivative forward agreements") that seek to deliver a return based on an "underlying interest" (other than certain excluded underlying interests) for purposes of the DFA Rules. The DFA Rules are broad in scope and could apply to other agreements or transactions. If the DFA Rules were to apply in respect of any Derivatives to be utilized by an Evolve Fund, gains realized in respect of the property underlying such Derivatives could be treated as ordinary income rather than capital gains.

An Evolve Fund may derive income or gains from investments in countries other than Canada, and as a result, may be liable to pay income or profits tax to such countries. To the extent that such foreign tax paid by an Evolve Fund exceeds 15% of the amount included in the Evolve Fund's income from such investments, such excess may generally be deducted by the Evolve Fund in computing its net income for the purposes of the Tax Act. To the extent that such foreign tax paid does not exceed 15% of the amount included in the Evolve Fund's income from such investments and has not been deducted in computing the Evolve Fund's income, the Evolve Fund may designate in respect of a Holder a portion of its foreign source income that can reasonably be considered to be part of the Evolve Fund's income distributed to such Holder so that such income and a portion of the foreign tax paid by the Evolve Fund may be regarded as foreign source income of, and foreign tax paid by, the Holder for the purposes of the foreign tax credit provisions of the Tax Act.

An Evolve Fund will be entitled to deduct an amount equal to the reasonable expenses that it incurs in the course of issuing Units. Such issue expenses paid by the Evolve Fund and not reimbursed will be deductible by the Evolve Fund ratably over a five-year period subject to reduction in any taxation year which is less than 365 days. In computing its income under the Tax Act, an Evolve Fund may deduct reasonable administrative and other expenses incurred to earn income. Each Evolve Fund intends to take the position that the cost of purchasing and retiring carbon credits is not an expense that can be deducted in computing its income, nor will such cost be reflected in the cost of its portfolio securities or otherwise reduce the Evolve Fund's capital gain on the disposition of any of its portfolio securities.

Losses incurred by an Evolve Fund in a taxation year cannot be allocated to Holders, but may be deducted by the Evolve Fund in future years in accordance with the Tax Act.

Taxation of Holders

A Holder will generally be required to include in computing income for a particular taxation year of the Holder such portion of the net income of an Evolve Fund, including the taxable portion of any net realized capital gains, as is paid or becomes payable to the Holder by the Evolve Fund in that particular taxation year (whether in cash, in Units of the applicable class or reinvested in additional Units or whether as a Management Fee Distribution). Amounts paid or payable by an Evolve Fund to a Holder after December 15 and before the end of the calendar year are deemed to have been paid or become payable to the Holder on December 15.

Under the Tax Act, each Evolve Fund is permitted to deduct in computing its income for a taxation year an amount that is less than the amount of its distributions of income for the calendar year to the extent necessary to enable the Evolve Fund to use, in that taxation year, losses from prior years without affecting the ability of the Evolve Fund to distribute its income annually. In such circumstances, the amount distributed to a Holder of an Evolve Fund but not deducted by the Evolve Fund will not be included in the Holder's income. However, the adjusted cost base of the Holder's Units of the Evolve Fund will be reduced by such amount. The non-taxable portion of an Evolve Fund's net realized capital gains for a taxation year, the taxable portion of which was designated in respect of a Holder for the taxation year, that is paid or becomes payable to the Holder for the year will not be included in computing the Holder's income for the year. Any other amount in excess of a Holder's share of the net income of an Evolve Fund for a taxation year that is paid or becomes payable to the Holder for the year (i.e. returns of capital) will not generally be included in the Holder's income for the year, but will reduce the adjusted cost base of the Holder's Units of the Evolve Fund. To the extent that the adjusted cost base of a Unit to a Holder would otherwise be a negative amount, the negative amount will be deemed to be a capital gain and the adjusted cost base of the Unit to the Holder will be increased by the amount of such deemed capital gain to zero.

Provided that appropriate designations are made by an Evolve Fund, such portion of the net realized taxable capital gains of the Evolve Fund, the taxable dividends received or deemed to be received by the Evolve Fund on shares of

taxable Canadian corporations and foreign source income of the Evolve Fund as is paid or becomes payable to a Holder will effectively retain its character and be treated as such in the hands of the Holder for purposes of the Tax Act. To the extent that amounts are designated as taxable dividends from taxable Canadian corporations, the gross-up and dividend tax credit rules will apply. Where an Evolve Fund makes designations in respect of its foreign source income, for the purpose of computing any foreign tax credit that may be available to a Holder, the Holder will generally be deemed to have paid as tax to the government of a foreign country that portion of taxes paid by the Evolve Fund to that country that is equal to the Holder's share of the Evolve Fund's income from sources in that country.

Any loss of an Evolve Fund for purposes of the Tax Act cannot be allocated to, and cannot be treated as a loss of, a Holder.

On the disposition or deemed disposition of a Unit of an Evolve Fund, including on a redemption, a Holder will realize a capital gain (or capital loss) to the extent that the Holder's proceeds of disposition (other than any amount payable by the Evolve Fund which represents capital gains allocated and designated to the redeeming Holder), net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of the Unit. For the purpose of determining the adjusted cost base of a Holder's Units of a particular class of an Evolve Fund, when additional Units of that class of the Evolve Fund are acquired by the Holder (as a result of a distribution by the Evolve Fund in the form of Units, a reinvestment in Units of the Evolve Fund pursuant to the distribution reinvestment plan or otherwise), the cost of the newly acquired Units of that class will be averaged with the adjusted cost base of all Units of the same class of the Evolve Fund owned by the Holder as capital property immediately before that time. For this purpose, the cost of Units that have been issued on a distribution will generally be equal to the amount of the distribution. A consolidation of Units of an Evolve Fund following a distribution paid in the form of additional Units of the Evolve Fund as described under "Distribution Policy" will not be regarded as a disposition of Units and will not affect the aggregate adjusted cost base to a Holder. Any additional Units acquired by a Holder on the reinvestment of distributions will generally have a cost equal to the amount reinvested.

In the case of an exchange of ETF Units of an Evolve Fund for a Basket of Securities, a Holder's proceeds of disposition of the ETF Units would generally be equal to the aggregate of the fair market value of the distributed property and the amount of any cash received, less any capital gain realized by the Evolve Fund on the disposition of such distributed property. The cost to a Holder of any property received from the Evolve Fund upon the exchange will generally be equal to the fair market value of such property at the time of the distribution. In the case of an exchange of ETF Units for a Basket of Securities, the investor may receive securities that may or may not be qualified investments under the Tax Act for Plans. If such securities are not qualified investments for Plans, such Plans (and, in the case of certain Plans, the annuitants, beneficiaries or subscribers thereunder or holders thereof) may be subject to adverse tax consequences. Investors should consult their own tax counsel for advice on whether or not such securities would be qualified investments for Plans.

Pursuant to the Declaration of Trust, an Evolve Fund may allocate and designate as payable any capital gains realized by the Evolve Fund as a result of any disposition of property of the Evolve Fund undertaken to permit or facilitate the redemption or exchange of Units of the Evolve Fund to a Holder whose Units are being redeemed or exchanged. In addition, each Evolve Fund has the authority to distribute, allocate and designate any capital gains of the Evolve Fund to a Holder who has redeemed or exchanged Units of the Evolve Fund during a year in an amount equal to the Holder's share, at the time of redemption or exchange, of the Evolve Fund's capital gains for the year. Any such allocations and designations will reduce the redemption price otherwise payable to the Holder and therefore the Holder's proceeds of disposition. Provided that certain Tax Amendments are enacted as proposed, and once such Tax Amendments come into effect, an amount so allocated and designated to a redeeming or exchanging Unitholder will only be deductible to the applicable Evolve Fund to the extent of the gain that would otherwise be realized by the Unitholder on the redemption or exchange of Units. Pursuant to proposed amendments to the Tax Act released on April 28, 2021, such Tax Amendments would apply to an Evolve Fund for each taxation year of the Evolve Fund that begins after December 15, 2021.

In general, one-half of any capital gain (a "**taxable capital gain**") realized by a Holder on the disposition of Units of an Evolve Fund or a taxable capital gain designated by the Evolve Fund in respect of the Holder for a taxation year of the Holder will be included in computing the Holder's income for that year and one-half of any capital loss (an "**allowable capital loss**") realized by the Holder in a taxation year of the Holder generally must be deducted from taxable capital gains realized by the Holder in the taxation year or designated by the Evolve Fund in respect of the Holder for the taxation year in accordance with the detailed provisions of the Tax Act. Allowable capital losses for a taxation year in excess of taxable capital gains for that taxation year may be carried back and deducted in any of the

three preceding taxation years or carried forward and deducted in any subsequent taxation year against taxable capital gains in accordance with the provisions of the Tax Act.

Amounts designated by an Evolve Fund to a Holder of the Evolve Fund as taxable capital gains or dividends from taxable Canadian corporations, and taxable capital gains realized on the disposition of Units of an Evolve Fund may increase the Holder's liability, if any, for alternative minimum tax.

Taxation of Registered Plans

Distributions received by Plans on Units and capital gains realized by Plans on the disposition of Units are generally not taxable under Part I of the Tax Act provided the Units are "qualified investments" for the Plan for purposes of the Tax Act.

Holders should consult with their own advisors regarding the tax implications of establishing, amending, terminating or withdrawing amounts from a Plan.

Notwithstanding the foregoing, the holder of a TFSA or RDSP, the annuitant of an RRSP or RRIF or the subscriber of an RESP will be subject to a penalty tax in respect of Units held by such Plan if such Units are a "prohibited investment" for such Plan for the purposes of the Tax Act. The Units of an Evolve Fund will not be a "prohibited investment" for a trust governed by such a Plan unless the holder of the TFSA or RDSP, the annuitant of the RRSP or RRIF or the subscriber of the RESP, as applicable, (i) does not deal at arm's length with the Evolve Fund for purposes of the Tax Act, or (ii) has a "significant interest" as defined in the Tax Act in the Evolve Fund. Generally, a holder, annuitant or subscriber, as the case may be, will not have a significant interest in an Evolve Fund unless the holder, annuitant or subscriber, as the case may be, owns interests as a beneficiary under the Evolve Fund that have a fair market value of 10% or more of the fair market value of the interests of all beneficiaries under the Evolve Fund, either alone or together with persons and partnerships with which the holder, annuitant or subscriber, as the case may be, does not deal at arm's length. In addition, the Units will not be a prohibited investment if such Units are "excluded property" as defined in the Tax Act for a trust governed by a TFSA, RDSP, RRSP, RRIF or RESP.

Holders, annuitants or subscribers should consult their own tax advisors with respect to whether Units of an Evolve Fund would be prohibited investments, including with respect to whether such Units would be excluded property.

Tax Implications of the Evolve Funds' Distribution Policy

The NAV per Unit of an Evolve Fund will, in part, reflect any income and gains of the Evolve Fund that have accrued or have been realized, but have not been made payable at the time Units of the Evolve Fund were acquired. Accordingly, a Holder of an Evolve Fund who acquires Units, including on a distribution of Units or on a reinvestment in Units, may become taxable on the Holder's share of such income and gains of the Evolve Fund. In particular, an investor who acquires Units at any time in the year but prior to a distribution being paid or made payable will have to pay tax on the entire distribution (to the extent it is a taxable distribution) notwithstanding that such amounts may have been reflected in the price paid by the Holder for the Units. Further, where a Holder acquires Units in a calendar year after December 15 of such year, such Holder may become taxable on income earned or capital gains realized in the taxation year ending on December 15 of such calendar year but that had not been made payable before the Units were acquired.

Where an Evolve Fund realizes a capital gain on the disposition of assets to fund the redemption price for Units tendered for redemption during a year, such capital gains may be allocated or designated to Unitholders who hold Units of the applicable Evolve Fund at the end of the year rather than to the redeeming Unitholders.

ORGANIZATION AND MANAGEMENT DETAILS OF THE EVOLVE FUNDS

Manager

EFG is the trustee, manager, promoter and portfolio manager of the Evolve Funds and will be responsible for the administration of the Evolve Funds. The Manager is registered as an investment fund manager and portfolio manager with the applicable Securities Regulatory Authorities in Canada. The registered office of the Evolve Fund and the Manager is located at Scotia Plaza, 40 King Street West, Suite 3404, Toronto, ON M5H 3Y2.

The Manager performs or arranges for the performance of management services for the Evolve Funds and is responsible for the administration of the Evolve Funds. The Manager is entitled to fees for its services as manager

under the Declaration of Trust as described under “Fees and Expenses” and will be reimbursed for all reasonable costs and expenses incurred by the Manager on behalf of the Evolve Funds.

Duties and Services to be provided by the Manager

Pursuant to the Declaration of Trust, the Manager has full authority and responsibility to manage and direct the business and affairs of the Evolve Funds, to make all decisions regarding the business of the Evolve Funds and to bind the Evolve Funds. The Manager may delegate certain of its powers to third parties where, in the discretion of the Manager, it would be in the best interests of the Evolve Funds to do so.

The Manager is responsible for providing, or causing to be provided, management, administrative and portfolio advisory and investment management services to the Evolve Fund. The Manager’s duties include, without limitation:

- (i) negotiating contracts with certain third-party service providers, including but not limited to investment managers, sub-advisors, custodians, registrars, transfer agents, auditors and printers;
- (ii) authorizing the payment of operating expenses incurred on behalf of the Evolve Funds;
- (iii) maintaining accounting records;
- (iv) preparing the reports to Unitholders and to the applicable Securities Regulatory Authorities;
- (v) calculating the amount and determining the frequency of distributions by the Evolve Funds;
- (vi) preparing financial statements, income tax returns and financial and accounting information as required;
- (vii) ensuring that Unitholders are provided with financial statements and other reports as are required from time to time by applicable law;
- (viii) ensuring that the Evolve Funds comply with all other regulatory requirements including continuous disclosure obligations under applicable securities laws;
- (ix) administering purchases, redemptions and other transactions in Units;
- (x) arranging for any payments required upon termination of the Evolve Funds;
- (xi) dealing and communicating with Unitholders;
- (xii) providing office facilities and personnel to carry out these services, if not otherwise furnished by any other service provider to the Evolve Funds;
- (xiii) monitoring the investment strategy of each Evolve Fund to ensure that each Evolve Fund complies with its investment objective, investment strategies and investment restrictions and practices; and
- (xiv) facilitating the execution of orders and investment recommendations provided by sub-advisors where required.

The Manager is required to exercise its powers and discharge its duties honestly, in good faith and in the best interests of the Unitholders of the Evolve Funds, and to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. The Declaration of Trust provides that the Manager will not be liable to an Evolve Fund or to any Unitholder or any other person for any loss or damage relating to any matter regarding that Evolve Fund, including any loss or diminution of value of the assets of the Evolve Fund if it has satisfied its standard of care set forth above.

The administration and management services of the Manager under the Declaration of Trust are not exclusive and nothing in the Declaration of Trust prevents the Manager from providing similar administrative and management services to other investment funds and other clients (whether or not their investment objectives and policies are similar to those of the Evolve Funds) or from engaging in other activities.

The Manager and each of its directors, officers, employees and agents may be indemnified out of the assets of the applicable Evolve Fund from and against all claims whatsoever, including costs, charges and expenses in connection therewith, brought, commenced or prosecuted against it for or in respect of any act, deed, matter or thing whatsoever made, done or omitted in or in relation to the execution of its duties to the applicable Evolve Fund as long as the person acted honestly and in good faith with a view to the best interests of the Evolve Fund.

The Manager may resign upon 90 days' prior written notice to the Trustee or upon such lesser notice period as the Trustee may accept. The Manager may also be removed by the Trustee on at least 90 days' written notice to the Manager. The Manager is deemed to have resigned if the Manager ceases to (i) be resident in Canada for the purposes of the Tax Act; or (ii) carry out its functions of managing the Evolve Funds in Canada. The Trustee shall make every effort to select and appoint a successor manager prior to the effective date of the Manager's resignation.

Brokerage Arrangements

The Manager may utilize various brokers to effect securities transactions on behalf of the Evolve Funds. These brokers may directly provide the Manager with research and related services, in addition to executing transactions. Although each Evolve Fund may not benefit equally from each research and related service received from a broker, the Manager will endeavour to ensure that all of the Evolve Funds receive an equitable benefit over time. The Manager will monitor and evaluate the execution performance of its brokers with a view to determining whether steps should be taken to improve the quality of trade execution. When determining whether a broker should be added to the Manager's list of approved brokers, there are numerous factors that are considered including transaction cost, value of research, type and size of an order, speed and certainty of execution, responsiveness and trade matching quality.

Approved brokers will be monitored on a regular basis to ensure that the value of the goods and services, as outlined above, provides a reasonable benefit as compared to the amount of brokerage commissions paid for the goods and services.

Conflicts of Interest

The administration, management and investment advisory services of the Manager are not exclusive and nothing in the Declaration of Trust prevents the Manager from providing similar services to other investment funds and other clients (whether or not their investment objectives and policies are similar to those of the Evolve Funds) or from engaging in other activities.

Investments in securities purchased by the Manager on behalf of an Evolve Fund and other investment funds managed by the Manager will be allocated to the Evolve Fund and such other investment funds on a fair and equitable basis according to the size of the order and the applicable investment restrictions and policies of the Evolve Funds and the other investment funds.

When it is determined that it would be appropriate for the Evolve Funds and one or more other investment accounts managed by the Manager or its affiliates to participate in an investment opportunity, the Manager will seek to make such investments for all of the participating investment accounts, including the Evolve Funds, on an equitable basis, taking into account such factors as the relative amounts of capital available for new investments and the investment programs and portfolio positions of the Evolve Funds and the affiliated entities for which participation is appropriate. Orders may be combined for all such accounts, and if any order is not filled at the same price, they may be allocated on an average price basis. Similarly, if an investment for the account of more than one account cannot be fully executed under prevailing market conditions, investments may be allocated among the different accounts on a basis which the Manager or its affiliates consider equitable. The Manager may recommend that the Evolve Funds sell a security, while not recommending such sale for other accounts in order to enable the Evolve Funds to have sufficient liquidity to honor Unitholders' repurchase requests.

The Declaration of Trust acknowledges that the Manager may provide services to the Evolve Funds in other capacities, provided that the terms of any such arrangement are no less favourable to the Evolve Funds than those that would be obtained from parties that are at arm's length for comparable services.

The Manager may at times have interests that differ from the interests of the Unitholders. Where the Manager or its affiliates otherwise perceive in the course of business, that they are or may be in a material conflict of interest position, the matter will be referred to the IRC. The IRC will consider all matters referred to it and provide its recommendations to the Manager as soon as possible. In evaluating these conflicts of interest, potential investors should be aware that the Manager has a responsibility to the Unitholders to exercise good faith and fairness in all dealings affecting the Evolve Funds. In the event that a Unitholder believes that the Manager has violated its duty to such Unitholder, the Unitholder may seek relief for itself or on behalf of an Evolve Fund to recover damages from or to require an accounting by the Manager. Unitholders should be aware that the performance by the Manager of its responsibilities

to an Evolve Fund will be measured in accordance with (i) the provisions of the agreement by which the Manager and has been appointed to its position with the Evolve Fund; and (ii) applicable laws.

Neither the Designated Broker nor any Dealer has been involved in the preparation of this prospectus or has performed any review of the contents of this prospectus and, as such, the Designated Broker and the Dealers do not perform many of the usual underwriting activities in connection with the distribution by the Evolve Funds of its Units under this prospectus. Units of an Evolve Fund do not represent an interest or an obligation of the Designated Broker, any Dealer or any affiliate thereof and a Unitholder does not have any recourse against any such parties in respect of amounts payable by an Evolve Fund to the Designated Broker or applicable Dealers.

A registered dealer acts as the Designated Broker and one or more registered dealers acts or may act as a Dealer and/or a market maker. These relationships may create actual or perceived conflicts of interest that investors should consider in relation to an investment in an Evolve Fund. In particular, by virtue of these relationships, these registered dealers may profit from the sale and trading of Units. The Designated Broker, as market maker of an Evolve Fund in the secondary market, may therefore have economic interests that differ from, and may be adverse to, those of Unitholders. Any such registered dealer and its affiliates may, at present or in the future, engage in business with an Evolve Fund, with the issuers of securities making up the investment portfolio of an Evolve Fund or with the Manager or any funds sponsored by the Manager or its affiliates, including by making loans, entering into Derivative transactions or providing advisory or agency services to the Manager or its affiliates. In addition, the relationship between any such registered dealer and its affiliates and the Manager and its affiliates may extend to other activities, such as being part of a distribution syndicate for other funds sponsored by the Manager or its affiliates.

See also “Other Material Facts”.

Independent Review Committee

As required by NI 81-107, the Manager has established an IRC to review all conflicts of interest matters identified and referred to the IRC by the Manager relating to the Evolve Funds. The IRC reviews and gives its approval or recommendations as to the conflict of interests matters referred to it. A conflict of interest matter is a situation where a reasonable person would consider the Manager or an entity related to the Manager to have an interest that conflicts with the Manager’s ability to act in good faith and in the best interest of the Evolve Funds. The IRC is also required to approve certain reorganizations involving the Evolve Funds and any change of the auditors of the Evolve Funds.

The IRC is made up of members who are independent. The Manager considers that an individual is independent if the individual is not a director, officer or employee of any of the Manager or an affiliate of the Manager for at least 5 years. In addition, the individual must be independent of management and free from any interest and any business or other relationship that could, or could reasonably be perceived to, materially interfere with the individual’s ability to act with the view to the best interest of the Evolve Funds.

The members of the IRC are Kevin Drynan (Chair), Rod McIsaac and Mark Leung.

The IRC has a written charter that sets out its powers, duties and responsibilities. Additionally, pursuant to NI 81-107, the IRC assesses, at least annually, the adequacy and effectiveness of the following: the Manager’s policies and procedures regarding conflict of interest matters; any standing instructions that the IRC gave to the Manager for conflict of interest matters related to the Evolve Funds; the compliance of the Manager and each Evolve Fund with any conditions imposed by the IRC on a recommendation or approval it has provided to the Manager; the independence and compensation of its members; the IRC’s effectiveness as a committee; and the contribution of each member to the IRC.

The IRC prepares a report for Unitholders, at least annually, of its activities. Such report is made available on the Manager’s website at www.evolvefunds.com or, at the request of a Unitholder and at no cost, by calling the Manager at (416)-214-4884 or toll-free at 1-844-370-4884 or by sending an email request to info@evolvefunds.com.

The members of the IRC are paid an annual fee for serving on the IRC of the investment funds in the EFG family of funds. Each investment fund, including the Evolve Funds, is responsible for a portion of that fee, which is allocated by the Manager among the various funds. Currently, annual fees are payable to the following members of the IRC as follows: Kevin Drynan (Chair, \$8,000), Rod McIsaac (\$6,000) and Mark Leung (\$6,000). In addition to the annual fee, each IRC member will receive an additional \$2,000 for each additional meeting held after the first two meetings in any year.

The investment funds in the EFG family of funds all share the same IRC. Fees and expenses of the IRC are borne and shared by all of the investment funds in the EFG family of funds.

Trustee

Pursuant to the Declaration of Trust, the Manager is also the trustee of the Evolve Funds. The Trustee may resign upon 90 days' notice to Unitholders and the Manager. The Trustee must be removed if the Trustee ceases to (i) be resident in Canada for purposes of the Tax Act; (ii) carry out its function of managing the Evolve Funds in Canada; or (iii) exercise the main powers and discretions of the Trustee in respect of the Evolve Funds in Canada. If the Trustee resigns or if it becomes incapable of acting as trustee, the Trustee may appoint a successor trustee prior to its resignation, and its resignation shall become effective upon the acceptance of such appointment by its successor. If no successor has been appointed within 90 days after the Trustee has provided the Manager with 90 days' notice of its intention to resign, the Evolve Funds will be terminated, and the property of the Evolve Funds shall be distributed in accordance with the terms of the Declaration of Trust.

The Declaration of Trust provides that the Trustee shall act honestly, in good faith and in the best interests of each Evolve Fund and shall perform its duties to the standard of care that a reasonably prudent person would exercise in the circumstances. In addition, the Declaration of Trust contains other customary provisions limiting the liability of the Trustee and indemnifying the Trustee in respect of certain liabilities incurred by it in carrying out the Trustee's duties.

At any time during which the Manager is the trustee, the Manager will receive no fee in respect of the provision of services as trustee.

Custodian

CIBC Mellon Trust Company, at its principal office in Toronto, Ontario, is custodian of the assets of the Evolve Funds pursuant to the Custodian Agreement. The Custodian has appointed qualified foreign sub-custodians in each jurisdiction in which the Evolve Funds have securities. The Manager or the Custodian may terminate the Custodian Agreement at any time upon ninety (90) days' written notice.

The Custodian is entitled to receive fees from the Manager as described under "Fees and Expenses" and to be reimbursed for all expenses and liabilities that are properly incurred by the Custodian in connection with the activities of the Evolve Funds.

Auditors

The auditors of the Evolve Funds are Ernst & Young LLP located at its principal offices in Toronto, Ontario. The auditors of the Evolve Funds may not be changed unless the IRC has approved the change and Unitholders have received at least 60 days' notice before the effective date of the change, or as otherwise required by Canadian Securities Legislation.

Registrar and Transfer Agent

TSX Trust Company, at its principal offices in Toronto, Ontario, is the Registrar and Transfer Agent for the Evolve Funds pursuant to registrar and transfer agency agreements entered into as of the date of the initial issuance of ETF Units of each Evolve Fund.

Fund Administrator

CIBC Mellon Global Securities Services Company, at its principal offices in Toronto, Ontario, is the Fund Administrator. The Fund Administrator is responsible for certain aspects of the day-to-day administration of the Evolve Fund, including NAV calculations, accounting for net income and net realized capital gains of the Evolve Fund and maintaining books and records with respect to the Evolve Fund.

Lending Agent

The Bank of New York Mellon may act as the securities lending agent the Evolve Funds pursuant to a securities lending authorization agreement (a "**Securities Lending Agreement**") to be entered into between the Lending Agent, EFG, in its capacity as manager of the applicable Evolve Fund, and the Lending Agent. The Lending Agent is not an affiliate or associate of the Manager. The Manager or the Lending Agent may terminate the Securities Lending Agreement upon thirty (30) days' written notice to the other parties at any time.

Under the applicable Securities Lending Agreement, the collateral posted by a securities borrower to the applicable Evolve Fund will be required to have an aggregate value of not less than 102% of the market value of the loaned securities. In addition to the collateral held by the applicable Evolve Fund, the Evolve Fund will also benefit from a borrower default indemnity provided by the Lending Agent. The Lending Agent's indemnity will provide for the replacement of a number of securities equal to the number of unreturned loaned securities.

Promoter

The Manager has taken the initiative in founding and organizing the Evolve Funds and is, accordingly, the promoter of the Evolve Funds within the meaning of securities legislation of certain provinces and territories of Canada. The Manager, in its capacity as manager of the Evolve Funds, receives compensation from the Evolve Fund. See "Fees and Expenses".

FUND GOVERNANCE

The Manager, in its capacity as trustee of the Evolve Funds, has overall responsibility for the management of the Evolve Funds.

Policies, procedures, practices and guidelines

As manager of the Evolve Funds, the Manager is responsible for the day-to-day management, administration and operation of the Evolve Funds.

The Manager has established appropriate policies, procedures, practices and guidelines to ensure the proper management of the Evolve Funds, including as required by NI 81-107, policies and procedures relating to conflicts of interest. The systems used by the Manager in relation to the Evolve Funds monitor and manage the business and sales practices, risk and internal conflicts of interest relating to the Evolve Funds, while ensuring compliance with applicable regulatory, compliance and corporate requirements. The Manager's personnel responsible for compliance, together with management of the Evolve Funds, ensure that these policies, procedures, practices and guidelines are communicated from time to time to all relevant persons and are updated as necessary (including the systems referred to above) to reflect changing circumstances. The Manager also monitors the application of all such policies, procedures, practices and guidelines to ensure their continuing effectiveness.

Compliance with the investment practices and investment restrictions mandated by securities legislation is monitored by the Manager on a regular basis.

The Manager has also developed a personal trading policy for employees (the "**Policy**") which is designed to prevent potential, perceived or actual conflicts between the interests of the Manager and its staff and the interests of clients and the Evolve Funds. Under the policy, certain of the Manager's personnel are required to pre-clear certain personal securities transactions in order to ensure that those trades do not conflict with the best interests of the Evolve Funds and have not been offered to the person because of the position they hold with the Manager. The Manager has also adopted the basic principles set out in the Code of Ethics on Personal Investing established by The Investment Funds Institute of Canada.

CALCULATION OF NET ASSET VALUE

The NAV and NAV per Unit of a class of Units of an Evolve Fund are calculated by the Fund Administrator as of the Valuation Time on each Valuation Date. The NAV of a class of Units of an Evolve Fund on a particular date is equal to the aggregate value of the assets of the Evolve Fund attributable to that class less the aggregate value of the liabilities of the Evolve Fund attributable to that class, including any accrued management and administration fees and any income, net realized capital gains or other amounts payable to Unitholders on or before such date, expressed in Canadian dollars. The NAV per Unit of a class of Units on any day is obtained by dividing the NAV of an Evolve Fund attributable to that class on such day by the applicable number of Units of that class of the Evolve Fund then outstanding.

Valuation Policies and Procedures of the Evolve Funds

In determining the NAV of each Evolve Fund at any time, the Fund Administrator uses the following valuation principles:

- a) cash on hand or on deposit, bills, demand notes, accounts receivable, prepaid expenses, cash dividends received or receivable and interest accrued and not yet received, shall be deemed to be the face value thereof unless the Manager has determined that any such deposit, bill, demand note, account receivable, prepaid expense, cash dividend received or receivable or interest is not worth the full face value, in which event the value thereof shall be deemed to be such value as the Manager determines to be reasonable;
- b) bonds, debentures, notes, money market instruments and other obligations shall be valued by taking the average of the most recently available bid and asked quotations at the Valuation Time on the Valuation Date;
- c) loans shall be valued at the Valuation Time on the Valuation Date in the following manner:
 - (i) the bid-side quote determined by any of Loan Pricing Corporation, MarkIt Partners or any other nationally recognized loan pricing service selected by the Manager, as applicable; or
 - (ii) if such quote described in clause (i) above is not available, the average of the bid-side quotes determined by the Manager, as applicable, from three independent broker-dealers active in the trading of such asset; or (A) if only two such bids can be obtained, the average of the bid-side quotes of such two bids; or (B) if only one such bid can be obtained, such bid; or
 - (iii) if such quote or bid described in clauses (i) and (ii) above are not available, the value of such loan (expressed as a percentage of par) shall be the value assigned by the Manager based on its best estimate of fair value, taking into consideration all relevant factors, including, but not limited to, the earnings and cash flow of the applicable obligor, comparable loans and/or obligors in the market, credit ratings and/or market credit spreads, interest rate levels, liquidity levels and position concentration levels;
- d) any security which is listed or dealt in upon a stock exchange shall be valued at its current market value;
- e) any security which is not listed or dealt in upon a stock exchange shall be valued at the most recently available sale price on the Valuation Date, or if such sale price is unavailable, the average of the bid and asked quotations immediately prior to the Valuation Time on the Valuation Date shall be used;
- f) restricted securities shall be valued at the lesser of:
 - (i) the value thereof based on reported quotations in common use; and
 - (ii) that percentage of the market value of securities of the same class, the trading of which is not restricted or limited by reason of any representation, undertaking or agreement or by law, equal to the percentage that the Evolve Fund's acquisition cost was of the market value of such securities at the time of acquisition, as applicable, provided that a gradual taking into account of the actual value of the securities may be made where the date on which the restrictions will be lifted is known;
- g) purchased or written clearing corporation options, options on futures, over-the-counter options, debt-like securities and listed warrants shall be valued at the current market value thereof;
- h) where a covered clearing corporation option, option on futures or over-the-counter option is written, the premium received by the Evolve Fund shall be reflected as a deferred credit which shall be valued at an amount equal to the current market value of the clearing corporation option, option on futures or over-the-counter option that would have the effect of closing the position. Any difference resulting from revaluation shall be treated as an unrealized gain or loss on investment. The deferred credit shall be deducted in arriving at the NAV. The securities, if any, which are the subject of a written clearing corporation option or over-the-counter option shall be valued at their current market value;
- i) the value of a futures contract, forward contract or other Derivatives, such as swap contracts or options on financial futures, shall be the gain or loss with respect thereto that would be realized if, at the Valuation Time, the position in the futures contract, or the forward contract, as the case may be, were to be closed out in accordance with its terms, unless "daily limits" are in effect, in which case fair value shall be based on the current market value of the underlying interest;
- j) margin paid or deposited in respect of futures contracts and forward contracts shall be reflected as an account receivable and margin consisting of assets other than cash shall be noted as held as margin;

- k) translating amounts in a foreign currency to Canadian currency shall be based on the rate of exchange in effect on the applicable Valuation Date, as quoted by a recognized source, at the Manager's sole discretion;
- l) if any Valuation Date is not a business day in any jurisdiction which is relevant for the purposes of valuing investments of the Evolve Funds, the prices or quotations as of the preceding business day in such jurisdiction shall be used for the purposes of such valuation;
- m) any security purchased, the purchase price of which has not been paid, shall be included for valuation purposes as a security held, and the purchase price, including brokers' commissions and other expenses, shall be treated as a liability of the Evolve Fund;
- n) any security sold, but not delivered, pending receipt of the proceeds, shall be excluded for valuation purposes as a security held, and the selling price, net of brokers' commissions and other expenses, shall be treated as an asset of the Evolve Fund; and
- o) if any investment cannot be valued under the foregoing rules or if the foregoing rules are at any time considered by the Manager to be inappropriate under the circumstances, then notwithstanding the foregoing rules, the Manager shall make such valuation as it considers fair and reasonable.

Unless otherwise indicated, for purposes hereof, "current market value" means the most recently available sale price applicable to the relevant security on the principal exchange on which it is traded immediately preceding the Valuation Time on the Valuation Date, provided that, if no sale has taken place on a Valuation Date, the average of the bid and asked quotations immediately prior to the Valuation Time on the Valuation Date shall be used.

For the purposes of the foregoing valuation policies, quotations may be obtained from any report in common use, or from a reputable broker or other financial institutions, provided always that the Manager shall retain sole discretion to use such information and methods as it deems to be necessary or desirable for valuing the assets of the Evolve Funds, including the use of a formula computation.

If any investment cannot be valued under the foregoing rules or if the foregoing rules are at any time considered by the Manager to be inappropriate under the circumstances, then notwithstanding the foregoing rules, the Manager shall make such valuation as it considers fair and reasonable under the circumstances and, if there is an industry practice, in a manner consistent with such industry practice for valuing such investment.

Pursuant to NI 81-106, investment funds calculate their NAV using fair value for purposes of securityholder transactions. The Manager considers the policies above to result in fair valuation of the securities held by the Evolve Funds in accordance with NI 81-106 and such policies have been approved by the Board of Directors of the Manager. Net assets of the Evolve Funds will continue to be calculated in accordance with the rules and policies of the Canadian Securities Administrators or any exemption therefrom that the Evolve Funds may obtain.

Although the purchases and redemptions of Units are recorded on a class basis, the assets attributable to all of the classes or series of the Evolve Fund are pooled to create one fund for investment purposes. Each class or series pays its proportionate share of Fund Costs in addition to its Management Fee and Administration Fee. The difference in Fund Costs, Management Fees and Administration Fees between each class means that each class has a different NAV per Unit.

Reporting of Net Asset Value

The Manager will publish the NAV and NAV per Unit for the Evolve Fund following the Valuation Time on the Valuation Date on its website at www.evolvefunds.com. This information will be available at no cost to the public.

ATTRIBUTES OF THE SECURITIES

Description of the Securities Distributed

Each Evolve Fund is divided into multiple classes of Units and each class of Units is divided into Units of participation of equal value. Each Evolve Fund is offering the following Units:

Evolve Fund	ETF Units
----------------	-----------

	Unhedged ETF Units (CAD\$)	USD Unhedged ETF Units (US\$)	Hedged Units (CAD\$)	ETF
SIXT	✓			
FIVE	✓	✓	✓	

All Units of each class of an Evolve Fund have equal rights and privileges. The interest of each Unitholder in an Evolve Fund is shown by how many Units are registered in the name of such Unitholder. There is no fixed issue price. No Unit of a class of an Evolve Fund has any preference or priority over another Unit of the same class of that Evolve Fund.

On December 16, 2004, the *Trust Beneficiaries' Liability Act, 2004* (Ontario) came into force. This statute provides that holders of units of a trust are not, as beneficiaries, liable for any default, obligation or liability of the trust if, when the default occurs or the liability arises: (i) the trust is a reporting issuer under the *Securities Act* (Ontario); and (ii) the trust is governed by the laws of the Province of Ontario. Each Evolve Fund is a reporting issuer under the *Securities Act* (Ontario) and each Evolve Fund is governed by the laws of Ontario by virtue of the provisions of the Declaration of Trust.

Certain Provisions of the Units

Each Unit entitles the holder thereof to one vote at meetings of Unitholders and to participate equally with all other Units of the same class of the Evolve Fund with respect to all payments made to Unitholders, other than Management Fee Distributions, including distributions of net income and net realized capital gains and, on liquidation, to participate equally in the net assets of the Evolve Fund remaining after satisfaction of any outstanding liabilities that are attributable to the Units of that class of the Evolve Fund. Notwithstanding the foregoing, an Evolve Fund may allocate and designate as payable certain capital gains to a Unitholder whose Units are being redeemed or exchanged as described under “Exchange and Redemption of ETF Units – Allocations of Capital Gains to Redeeming or Exchanging Unitholders”. All Units will be fully paid, with no liability for future assessments, when issued and will not be transferable except by operation of law. Unitholders are entitled to require the Evolve Fund to redeem their Units as outlined under “Exchange and Redemption of ETF Units – Redemption of ETF Units of an Evolve Fund for Cash”.

Exchange of ETF Units for Baskets of Securities

As set out under “Exchange and Redemption of ETF Units – Exchange of ETF Units of an Evolve Fund at NAV per ETF Unit for Baskets of Securities and/or Cash”, Unitholders may exchange the applicable PNU (or an integral multiple thereof) of an Evolve Fund on any Trading Day for Baskets of Securities and/or cash, subject to the requirement that a minimum PNU be exchanged.

Redemptions of ETF Units for Cash

On any Trading Day, Unitholders may redeem ETF Units of any Evolve Fund for cash at a redemption price per ETF Unit equal to 95% of the closing price of the applicable Units on the applicable Designated Exchange, on the effective day of redemption, subject to a maximum redemption price per ETF Unit equal to the NAV per ETF Unit on the effective day of redemption, less any applicable administrative fee determined by the Manager, in its sole discretion, from time to time. Because Unitholders will generally be able to sell ETF Units at the market price on the applicable Designated Exchange, through a registered broker or dealer subject only to customary brokerage commissions, Unitholders are advised to consult their brokers, dealers or investment advisers before redeeming their ETF Units for cash.

Modification of Terms

All rights attached to the Units may only be modified, amended or varied in accordance with the terms of the Declaration of Trust. See “Unitholder Matters – Amendments to the Declaration of Trust”.

The Manager may amend the Declaration of Trust from time to time to redesignate the name of an Evolve Fund or to create a new class or series of units of an Evolve Fund without notice to existing Unitholders.

Voting Rights in the Portfolio Securities

Holders of Units will not have any voting rights in respect of the securities in an Evolve Fund's portfolio.

UNITHOLDER MATTERS

Meetings of Unitholders

Meetings of Unitholders of an Evolve Fund will be held if called by the Manager or upon the written request to the Manager of Unitholders of the Evolve Fund holding not less than 25% of the then outstanding Units of the Evolve Fund.

Matters Requiring Unitholder Approval

NI 81-102 requires a meeting of Unitholders of an Evolve Fund to be called to approve certain changes as follows:

- (i) the basis of the calculation of a fee or expense that is charged to the Evolve Fund or its Unitholders is changed in a way that could result in an increase in charges to the Evolve Fund or to its Unitholders, except where (a) the Evolve Fund is at arm's length with the person or company charging the fee; and (b) the Unitholders have received at least 60 days' notice before the effective date of the change;
- (ii) a fee or expense, to be charged to the Evolve Fund or directly to its Unitholders by the Evolve Fund or the Manager in connection with the holding of Units that could result in an increase in charges to the Evolve Fund or its Unitholders, is introduced;
- (iii) the Manager is changed, unless the new manager of the Evolve Fund is an affiliate of the Manager;
- (iv) the fundamental investment objective of the Evolve Fund is changed;
- (v) the Evolve Fund decreases the frequency of the calculation of its NAV per Unit;
- (vi) other than a Permitted Merger (as defined below) for which Unitholder approval is not required, the Evolve Fund undertakes a reorganization with, or transfers its assets to, another mutual fund, if the Evolve Fund ceases to continue after the reorganization or transfer of assets and the transaction results in the Unitholders becoming securityholders in the other mutual fund;
- (vii) the Evolve Fund undertakes a reorganization with, or acquires assets from, another mutual fund, if the Evolve Fund continues after the reorganization or acquisition of assets, the transaction results in the securityholders of the other mutual fund becoming Unitholders, and the transaction would be a material change to the Evolve Fund; or
- (viii) any matter which is required by the constitutive documents of the Evolve Fund, by the laws applicable to the Evolve Fund or by any agreement to be submitted to a vote of the Unitholders.

In addition, the auditors of an Evolve Fund may not be changed unless the IRC of the Evolve Fund has approved the change and Unitholders have received at least 60 days' notice before the effective date of the change.

Approval of Unitholders of any such matter will be given if a majority of the votes cast at a meeting of Unitholders duly called and held for the purpose of considering the same approve the related resolution.

Amendments to the Declaration of Trust

The Trustee may amend the Declaration of Trust from time to time but may not, without the approval of a majority of the votes of Unitholders of the Evolve Fund voting at a meeting of Unitholders duly called for such purpose, make any amendment relating to any matter in respect of which NI 81-102 requires a meeting, as set out above, or any amendment that will adversely affect the voting rights of Unitholders. All Unitholders of an Evolve Fund shall be bound by an amendment affecting the Evolve Fund from the effective date of the amendment.

Permitted Mergers

An Evolve Fund may, without Unitholder approval, enter into a merger or other similar transaction (a "**Permitted Merger**") that has the effect of combining that Evolve Fund with any other investment fund or funds that have investment objectives, valuation procedures and fee structures that are similar to the Evolve Fund, subject to:

- (i) approval of the merger by the IRC;

- (ii) compliance with certain merger pre-approval conditions set out in NI 81-102; and
- (iii) written notice being sent to Unitholders at least 60 days before the effective date of the merger.

In connection with a Permitted Merger, the merging funds will be valued at their respective NAVs and Unitholders of the Evolve Fund will be offered the right to redeem their Units for cash at the applicable NAV per Unit.

Accounting and Reporting to Unitholders

The fiscal year-end of the Evolve Funds is December 31. The Evolve Funds will deliver or make available to Unitholders: (i) audited annual financial statements; (ii) unaudited interim financial statements; and (iii) annual and interim management reports of fund performance. Such documents are, or will be, incorporated by reference into, and form an integral part of, this prospectus. See “Documents Incorporated by Reference”.

Each Unitholder will also be mailed annually, by his, her or its broker, as and when required under applicable law, information necessary to enable such Unitholder to complete an income tax return with respect to amounts paid or payable by each Evolve Fund owned by such Unitholder in respect of the preceding taxation year of such Evolve Fund. Neither the Manager nor the Registrar and Transfer Agent is responsible for tracking the adjusted cost base of a Unitholder’s Units. Unitholders should consult with their tax or investment adviser in respect of how to compute the adjusted cost base of their Units and in particular how distributions made by the Evolve Fund to a Unitholder affect the Unitholder’s tax position. See “Income Tax Considerations”.

The Manager will ensure that each Evolve Fund complies with all applicable reporting and administrative requirements. The Manager will also ensure that adequate books and records are kept reflecting the activities of each Evolve Fund. A Unitholder or his, her or its duly authorized representative has the right to examine the books and records of the applicable Evolve Fund during normal business hours at the offices of the Fund Administrator. Notwithstanding the foregoing, a Unitholder shall not have access to any information that, in the opinion of the Manager, should be kept confidential in the interests of the Evolve Funds.

International Information Reporting

The Tax Act includes provisions which implement the Organization for Economic Co-operation and Development Common Reporting Standard and the Canada-United States Enhanced Tax Information Exchange Agreement (the “**International Information Exchange Legislation**”). Pursuant to the International Information Exchange Legislation, certain “Canadian financial institutions” (as defined in the International Information Exchange Legislation) are required to have procedures in place, in general terms, to identify accounts held by residents of foreign countries or by certain entities organized in, or the “controlling persons” of which are resident in, a foreign country (or, in the case of the U.S., of which the holder or any such controlling person is a citizen or resident, including U.S. persons not residing in the U.S.) and to report required information to the CRA. Under the International Information Exchange Legislation, Unitholders may be required to provide certain information including citizenship, tax residence and tax identification numbers, which information may be required to be reported to the CRA unless the investment is held within a Plan (as defined in the section entitled “Income Tax Considerations – Taxation of Registered Plans”). Such information is exchanged by the CRA on a reciprocal, bilateral basis with the countries in which the account holder or any such controlling person is resident (or of which such holder or person is a citizen or resident, where applicable), where such countries (including the U.S.) have agreed to a bilateral information exchange with Canada to which the International Information Exchange Legislation applies.

TERMINATION OF THE EVOLVE FUNDS

An Evolve Fund may be terminated by the Manager on at least sixty (60) days’ notice to Unitholders of such termination and the Manager will issue a press release in advance thereof. The Manager may also terminate an Evolve Fund if the Trustee resigns or becomes incapable of acting and is not replaced or if the applicable Index Provider ceases to calculate the applicable Index or the applicable License Agreement in respect of the applicable Index is terminated. The rights of Unitholders to exchange and redeem Units described “Exchange and Redemption of ETF Units” will cease as and from the date of termination of that Evolve Fund.

The Trustee shall be entitled to retain out of any assets of an Evolve Fund, at the date of termination of the Evolve Fund, full provision for all costs, charges, expenses, claims and demands incurred or believed by the Trustee to be due or to become due in connection with or arising out of the termination of the Evolve Fund and the distribution of its assets to the Unitholders of the Evolve Fund. Out of the moneys so retained, the Trustee is entitled to be indemnified

and saved harmless against all costs, charges, expenses, claims and demands. Upon such termination, the Constituent Securities or portfolio securities, cash and other assets remaining after paying or providing for all liabilities and obligations of the Evolve Fund shall be distributed *pro rata* based on NAV among the Unitholders.

PLAN OF DISTRIBUTION

Units are being offered for sale on a continuous basis by this prospectus and there is no maximum number of Units that may be issued. The Units shall be offered for sale at a price equal to the NAV of such class of Units determined at the Valuation Time on the effective date of the subscription order.

Non-Resident Unitholders

At no time may (i) non-residents of Canada, (ii) partnerships that are not Canadian partnerships or (iii) a combination of non-residents of Canada and such partnerships (all as defined in the Tax Act) be the beneficial owners of a majority of the Units of an Evolve Fund (on either a number of Units or fair market value basis) and the Manager shall inform the Registrar and Transfer Agent of each Evolve Fund of this restriction. The Manager may require declarations as to the jurisdictions in which a beneficial owner of Units is resident and, if a partnership, its status as a Canadian partnership. If the Manager becomes aware, as a result of requiring such declarations as to beneficial ownership or otherwise, that the beneficial owners of 40% of the Units of an Evolve Fund then outstanding (on either a number of Units or fair market value basis) are, or may be, non-residents and/or partnerships that are not Canadian partnerships, or that such a situation is imminent, the Manager may make a public announcement thereof. If the Manager determines that more than 40% of the Units of an Evolve Fund (on either a number of Units or fair market value basis) are beneficially held by non-residents and/or partnerships that are not Canadian partnerships, the Manager may send a notice to such non-residents and/or partnerships, chosen in inverse order to the order of acquisition or in such manner as the Manager may consider equitable and practicable, requiring them to sell their Units or a portion thereof within a specified period of not less than 30 days. If the Unitholders receiving such notice have not sold the specified number of Units or provided the Manager with satisfactory evidence that they are not non-residents or partnerships other than Canadian partnerships within such period, the Manager may on behalf of such Unitholders sell such Units and, in the interim, shall suspend the voting and distribution rights attached to such Units. Upon such sale, the affected holders shall cease to be beneficial holders of Units and their rights shall be limited to receiving the net proceeds of sale of such Units.

Notwithstanding the foregoing, the Manager may determine not to take any of the actions described above if the Manager has been advised by legal counsel that the failure to take any of such actions would not adversely impact the status of an Evolve Fund as a mutual fund trust for purposes of the Tax Act or, alternatively, may take such other action or actions as may be necessary to maintain the status of an Evolve Fund as a mutual fund trust for purposes of the Tax Act.

RELATIONSHIP BETWEEN THE EVOLVE FUNDS AND THE DEALERS

The Manager, on behalf of an Evolve Fund, may enter into various agreements with registered dealers (that may or may not be the Designated Broker) pursuant to which the Dealers may subscribe for ETF Units of the Evolve Fund as described under “Purchases of Units”.

No Designated Broker or Dealer has been involved in the preparation of this prospectus or has performed any review of the contents of this prospectus and, as such, the Designated Broker and the Dealers do not perform many of the usual underwriting activities in connection with the distribution by the Evolve Funds of their Units under this prospectus. ETF Units of an Evolve Fund do not represent an interest or an obligation of the applicable Designated Broker, any Dealer or any affiliate thereof and a Unitholder does not have any recourse against any such parties in respect of amounts payable by an Evolve Fund to the Designated Broker or applicable Dealers. See “Organization and Management Details of the Evolve Funds – Conflicts of Interest”.

PRINCIPAL HOLDERS OF UNITS

CDS & Co., the nominee of CDS, is the registered owner of the Units of the Evolve Funds, which it holds for various brokers and other persons on behalf of their clients and others. From time to time, a Designated Broker, Dealer, Evolve Fund or another investment fund managed by the Manager or an affiliate thereof, may beneficially own, directly or indirectly, more than 10% of the Units of an Evolve Fund.

PROXY VOTING DISCLOSURE FOR PORTFOLIO SECURITIES HELD

The Manager has established policies and procedures with respect to the voting of proxies received from issuers of securities held in an Evolve Fund's portfolio. The Manager's Proxy Voting Policy provides that the Manager will vote (or refrain from voting) proxies for each Evolve Fund for which it has voting power in the best economic interests of the Evolve Fund. The Proxy Voting Policy is not exhaustive and due to the variety of proxy voting issues that the Manager may be required to consider, are intended only to provide guidance and are not intended to dictate how proxies are to be voted in each instance. The Manager may depart from the Proxy Voting Policy in order to avoid voting decisions that may be contrary to the best interests of the Evolve Funds.

The Manager will publish these records on an annual basis on the Evolve Funds' website at www.evolvefunds.com. Each Evolve Fund's proxy voting record for the annual period from July 1 to June 30 will be available at any time after August 31 following the end of that annual period, to any Unitholder on request, at no cost, and will also be available at www.evolvefunds.com.

MATERIAL CONTRACTS

The only contracts material to the Evolve Funds are the Declaration of Trust, Custodian Agreement and Index License Agreements.

Copies of these agreements may be examined at the head office of the Manager at Scotia Plaza, 40 King Street West, Suite 3404, Toronto, ON M5H 3Y2.

LEGAL AND ADMINISTRATIVE PROCEEDINGS

The Evolve Funds are not involved in any legal proceedings, nor is the Manager aware of existing or pending legal or arbitration proceedings involving the Evolve Funds.

EXPERTS

The auditors of the Evolve Funds, Ernst & Young LLP, Chartered Professional Accountants, Licensed Public Accountants have consented to the use of their report dated April 28, 2021 to the Unitholders of the Evolve Funds. Ernst & Young LLP has advised that it is independent with respect to the Evolve Funds within the meaning of the Rules of Professional Conduct of the Chartered Professional Accountants of Ontario.

EXEMPTIONS AND APPROVALS

The Manager, on behalf of the Evolve Funds, has obtained exemptive relief from the Securities Regulatory Authorities:

- (a) to permit a Unitholder to acquire more than 20% of the Units through purchases on the applicable Designated Exchange, without regard to the takeover bid requirements of applicable Canadian Securities Legislation. See "Purchases of Units – Special Considerations for Unitholders"; and
- (b) to relieve the Evolve Funds from the requirement that a prospectus contain a certificate of the underwriters.

Index Provider Disclaimers

EFG has entered into an agreement (the "**Index License Agreement**") with S&P under which EFG has the right, on and subject to the terms of the Index License Agreement to use the Indexes as a basis for determining the composition of the Evolve Fund and to use certain trademarks of S&P in connection with the Evolve Fund. The Index License Agreement will expire in three years in accordance with the terms of the Index License Agreement, subject to extension or earlier termination in certain limited circumstances. The terms of the Index License Agreement provide that it may be amended or terminated without the consent of the Unitholders of the Evolve Fund. If the Index License Agreement is terminated for any reason, EFG will no longer be able to operate the Evolve Fund based on the Index.

Under the terms of the Index License Agreement, the Manager has agreed to include the following language in this prospectus:

The S&P 500® Index is a product of S&P Dow Jones Indices LLC or its affiliates (“**SPDJI**”) and has been licensed for use by the Evolve Funds. The S&P/TSX 60 Index is a product of SPDJI and TSX, Inc., and has been licensed for use by the Evolve Funds.

PURCHASERS’ STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase exchange traded mutual fund securities within 48 hours after the receipt of a confirmation of a purchase of such securities. In several of the provinces and territories of Canada, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or

damages if the prospectus and any amendment contains a misrepresentation, or for non-delivery of the ETF Facts, provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory.

The purchaser should refer to the applicable provisions of the securities legislation of the province or territory for the particulars of these rights or should consult with a legal adviser.

INDEPENDENT AUDITOR'S REPORT

To the Unitholder and Manager of
 Evolve S&P/TSX 60 CleanBeta™ Fund
 Evolve S&P 500 CleanBeta™ Fund
 (the “**Evolve Funds**”)

Opinion

We have audited the financial statement of each of the Evolve Funds, which comprises the statement of financial position as at April 28, 2021, and notes to the financial statement, including a summary of significant accounting policies.

In our opinion, the accompanying financial statement of each of the Evolve Funds presents fairly, in all material respects, the financial position of the Evolve Funds as at April 28, 2021 in accordance with those requirements of International Financial Reporting Standards (IFRSs) relevant to preparing such financial statement.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statement* section of our report. We are independent of the Evolve Funds in accordance with the ethical requirements that are relevant to our audit of the financial statement in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with those requirements of IFRSs relevant to preparing such financial statement, and for such internal control as management determines is necessary to enable the preparation of a financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is responsible for assessing each Evolve Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate an Evolve Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing each Evolve Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether each financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of a financial statement.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of each financial statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Evolve Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on each Evolve Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause an Evolve Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of each financial statement, including the disclosures, and whether each financial statement represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements

April 28, 2021

1. General Information

The Evolve Funds are each an exchange traded mutual fund established under the laws of the Province of Ontario, pursuant to the terms of the Declaration of Trust. The Evolve Funds are each a mutual fund under the securities legislation of the provinces and territories of Canada. Evolve Funds Group Inc. is the promoter, trustee, manager and investment manager of the Evolve Funds and is responsible for the administration of the Evolve Funds.

The principal office of the Evolve Funds and Evolve Funds Group Inc. is located at Scotia Plaza, 40 King Street West, Suite 3404, Toronto, ON M5H 3Y2.

The financial statement as at April 28, 2021 was authorized for issue by the Manager on April 28, 2021.

2. Summary of Significant Accounting Policies

The principal accounting policies applied in the preparation of the financial statement are set out below.

2.1 Basis of Preparation

The financial statements of the Evolve Funds have been prepared in accordance with International Financial Reporting Standards (IFRS), as issued by the International Accounting Standards Board (IASB), relevant to preparing statements of financial position. The financial statements of the Evolve Funds have been prepared under the historical cost convention.

2.2 Functional and Presentation Currency

The financial statements of the Evolve Funds are presented in Canadian dollars, which is the functional and presentation currency of the Evolve Funds.

2.3 Financial Instruments

The Evolve Funds recognize financial instruments at fair value upon initial recognition, plus transaction costs in the case of financial instruments measured at amortized cost. Regular way purchases and sales of financial assets are recognized at their trade date.

Cash comprises amounts held in trust with the legal counsel of the Evolve Funds and is stated at fair value.

2.4 Redeemable Units

The Evolve Funds are authorized to issue an unlimited number of classes and series redeemable, transferable units, each of which represents an undivided interest in the net assets of that class of the Evolve Fund (the “Units”). The Units are classified as financial liabilities in accordance with the requirements of International Accounting Standard 32, Financial Instruments: Presentation.

3. Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The carrying values of cash and the obligation of the Evolve Funds for net assets attributable to holders of redeemable units approximate their fair values due to their short-term nature.

4. **Risks associated with financial instruments**

The Evolve Funds' overall risk management program seeks to maximize the returns derived for the level of risk to which the Evolve Funds are exposed and seek to minimize potential adverse effects on the Evolve Funds' financial performance.

4.1 *Credit risk*

The Evolve Funds are exposed to credit risk, which is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. As at April 28, 2021, the credit risk is considered limited as the cash balance was held in trust by counsel to the Evolve Funds.

4.2 *Liquidity risk*

Liquidity risk is the risk that the Evolve Funds will encounter difficulty in meeting obligations associated with financial liabilities. The Evolve Funds maintain sufficient cash on hand to fund anticipated redemptions.

5. **Capital Risk Management**

The capital of the Evolve Funds is represented by the net assets attributable to holders of Units. The amount of net assets attributable to holders of redeemable units can change.

6. **Authorized units**

The Evolve Funds are authorized to issue an unlimited number of redeemable, transferable Units, each of which represents an undivided interest in the net assets of the Evolve Fund.

Each Unit entitles the owner to one vote at meetings of Unitholders and is entitled to participate equally with all other Units with respect to all payments made to Unitholders, other than management fee distributions, including distributions of net income and net realized capital gains and, on liquidation, to participate equally in the net assets of the Evolve Funds remaining after satisfaction of any outstanding liabilities that are attributable to Units. All Units are fully paid, with no liability for future assessments, when issued and will not be transferable except by operation of law.

In accordance with the objectives outlined in Note 1 and the risk management policies in Note 4, the Evolve Funds endeavour to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemptions.

The Manager has initially purchased one Unit of each class of each ETF Unit of each Evolve Fund.

7. **Management Fees and other expenses**

Each Evolve Fund pays an annual management fee (the "**Management Fee**") to the Manager for acting as trustee, manager and portfolio manager of the Evolve Fund equal to a percentage of the NAV of the Evolve Fund, calculated daily and payable monthly in arrears, plus applicable taxes, as follows:

Evolve Fund	Class of Units	Management Fee
SIXT	Unhedged ETF Units	0.20%
FIVE	Unhedged ETF Units	0.20%
	USD Unhedged ETF Units	0.20%
	Hedged ETF Units	0.20%

To encourage very large investments in an Evolve Fund by a particular Unitholder, the Manager may, at its discretion, agree to charge a reduced Management Fee for some Unitholders as compared to the Management Fee that the Manager would otherwise be entitled to receive from an Evolve Fund, provided that the difference between the fee otherwise chargeable and the reduced fee is distributed periodically by the Evolve Fund to the applicable Unitholders as a management fee distribution (the “**Management Fee Distributions**”). Any reduction will depend on a number of factors, including the amount invested, the NAV of the Evolve Fund and the expected amount of account activity. Management Fee Distributions will be paid first out of net income of the Evolve Fund, then out of capital gains of the Evolve Fund and thereafter out of capital. The tax consequences of a Management Fee Distribution will generally be borne by the Unitholder who receives the distribution.

Certain Operating Expenses

Other than Fund Costs (as defined below), in consideration for the payment by the Evolve Funds of a fixed administration fee (the “**Administration Fee**”) to the Manager with respect to each class, and subject to compliance with NI 81-102, the Manager pays for the following operating expenses of the Evolve Funds (“**Operating Expenses**”), including but not limited to: mailing and printing expenses for periodic reports to Unitholders; fees payable to the relevant Index Provider (if applicable), Registrar and Transfer Agent and Custodian; any reasonable out of pocket expenses incurred by the Manager or its agents in connection with their ongoing obligations to the Evolve Funds; IRC committee member fees and expenses in connection with the IRC; expenses related to compliance with NI 81-107; fees and expenses relating to voting of proxies by a third party; insurance coverage for the members of the IRC; fees payable to the auditors and legal advisors of the Evolve Funds; regulatory filing, stock exchange and licensing fees (if applicable) and CDS fees; banking costs and interest with respect to any borrowing (if applicable); website maintenance costs; costs and expenses of complying with all applicable laws, regulations and policies, including expenses and costs incurred in connection with the continuous public filing requirements such as permitted prospectus preparation and filing expenses; and legal, accounting and audit fees and fees and expenses of the Trustee, Custodian and Manager which are incurred in respect of matters not in the normal course of the Evolve Funds’ activities. The Administration Fee paid to the Manager by an Evolve Fund in respect of a class may, in any particular period, be less than or exceed the Operating Expenses that the Manager incurs for that class. The Manager is not obligated to pay any other expense, cost or fee, including those arising from new government or regulatory requirements relating to the foregoing expenses, costs and fees.

The Administration Fee is equal to a specified percentage of the NAV of each class of an Evolve Fund, calculated and paid in the same manner as the Management Fee for the Evolve Fund. The rate of the annual Administration Fee for each Evolve Fund is set out below.

Evolve Fund	Administration Fee
SIXT	0.15%
FIVE	0.15%

The fund costs (“**Fund Costs**”) which are payable by the Evolve Funds include any taxes payable by the Evolve Funds to which the Evolve Funds may be subject, including income taxes, sales taxes (including GST/HST) and/or withholding taxes; expenditures incurred upon termination of the Evolve Funds; extraordinary expenses that the Evolve Funds may incur and all amounts paid on account of any indebtedness (if applicable); any expenses of insurance and costs of all suits or legal proceedings in connection with the Evolve Funds or the assets of the Evolve Funds or to protect the Unitholders, the Trustee, the Manager, and the directors, officers, employees or agents of any of them; any expenses of indemnification of the Trustee, the Unitholders, the Manager, and the directors, officers, employees or agents of any of them to the extent permitted under the Declaration of Trust; and expenses relating to the preparation, printing and mailing of information to Unitholders in connection with meetings of Unitholders. The Evolve Funds are also responsible for all commissions and other costs of portfolio transactions (including the costs of purchasing and retiring carbon credits considered necessary or desirable by the Manager in order to seek to achieve each

Evolve Funds' investment objectives) and any extraordinary expenses of the Evolve Funds which may be incurred from time to time.

Each class of an Evolve Fund is responsible for its proportionate share of common Fund Costs of an Evolve Fund, in addition to the expenses it incurs alone (including, in the case of Hedged Units, the costs relating to currency hedging).
