INVESTMENT OBJECTIVE

EARN seeks to generate positive returns throughout the interest rate and economic cycles, firstly by allocating to different credit asset classes, and also through bottom-up individual security selection. EARN seeks to provide long term returns in excess of the 3 month U.S. dollar London Interbank Offered Rate ("LIBOR") by investing primarily in global debt securities of corporate issuers.

³ For the period ending June 30, 2021. The indicated rates of return are the historical annual compounded total returns net of fees (except for figures of one year or less, which are simple total returns) including changes in per unit value and reinvestment of all dividends or distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. The rates of return shown in the table are not intended to reflect future values of the ETF or returns on investment in the ETF. ETFs are not guaranteed, their values change frequently and past performance may not be repeated.
