INVESTMENT OBJECTIVE

LEAD seeks to provide investors with long-term capital appreciation by investing primarily in a diversified mix of equity securities of companies located domestically or internationally that are determined to be leaders in sectors that stand to benefit from medium and long term economic trends.

PORTFOLIO MANAGER

Evolve will act as portfolio manager for LEAD and intends to implement this strategy across four sectors where clear trends are driving future growth. Evolve will use a selection process that combines quantitative techniques, fundamental analysis and risk management, with the ability to write covered call options on up to 33% of the portfolio securities, at its discretion. The level of covered call option writing may vary based on market volatility and other factors.
