\* For the period ending March 31, 2022. The indicated rates of return are the historical annual compound total returns net of fees (except for figures of one year or less, which are simple total returns) including changes in per unit value and reinvestment of all dividends or distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. The rates of return shown in the table are not intended to reflect future values of the ETF or returns on investment in the ETF. ETFs are not guaranteed, their values change frequently, and past performance may not be repeated.

\*\* Performance since inception on November 19, 2019.

## DISCLAIMER

Commissions, trailing commissions, management fees and expenses all may be associated with exchange traded funds (ETFs) and mutual funds. Please read the prospectus before investing. Mutual fund securities are not covered by the Canada Deposit Insurance Corporation or by any other government deposit insurer. There can be no assurances that the fund will be able to maintain its net asset value per security at a constant amount or that the full amount of your investment in the fund will be returned to you. Past performance may not be repeated. Investors should monitor their holdings, as frequently as daily, to ensure that they remain consistent with their investment strategies.
