Cash has always been an important component of a well-diversified portfolio. The cash portion of a portfolio helps preserve capital during market downturns and may act as a temporary hold until new investment opportunities become available. Maximize monthly income while preserving capital and liquidity by investing in high-interest deposit accounts.

As at June 28, 2024.

Designed for retail investors.

Commissions, trailing commissions, management fees and expenses all may be associated with exchange traded funds (ETFs) and mutual funds. Please read the prospectus before investing. The performance data provided assumes reinvestment of distributions only and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. ETF and mutual fund units are not covered by the Canadian Deposit Insurance Corporation or by any other government deposit insurer. There can be no assurances that the fund will be able to maintain its net asset value per unit at a constant amount or that the full amount of your investment in the fund will be returned to you. Past performance may not be repeated.
