HOW RISKY IS IT?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

Evolve has rated the volatility of this fund as **Low**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "Risk Factors" section of the fund's prospectus.

No guarantees

Like most mutual funds, this fund does not have any guarantees. You may not get back the amount of money you invest.

A WORD ABOUT TAX

In general, you’ll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Unhedged Class A Mutual Fund Units of the fund.

The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other classes, funds and investments that may be suitable for you at a lower cost.

1. Sales charges

Sales charge option	What you pay		How it works
	in per cent (%)	in dollars (\$)	
Initial sales charge	0% to 5% of the amount you buy	\$0 to \$50 on every \$1,000 you buy	You and your representative decide on the rate. The initial sales charge is deducted from the amount you buy. It goes into your representative's firm as a commission.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As at December 31, 2025, the fund's expenses were 1.57% of its value. This equals to \$15.70 for every \$1,000 invested.

This is the total of the fund's management fee (including the trailing commission), a fixed administration fee and fund costs. Evolve waived some of the fund's expenses. If it had not done so, the MER would have been higher.

More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and/or advice that your representative and/or their firm provide to you. Evolve pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment. The rate depends on the sales charge option you choose.

Trailing commission: 0.75% of the value of your investment each year. This equals \$7.50 each year for every \$1,000 invested.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

Fee	What you pay
Short-term trading fee	Up to 2% of the value of units you sell within 30 days of buying them in circumstances where the Manager determines that the trading activity represents market timing of excessive short-term trading. This fee goes to the fund.
Switch fee	Your representative's firm may charge you up to 2% of the value of units you switch to another Evolve Funds Group Inc. mutual fund. There is no fee payable to Evolve Funds Group Inc. for any switches of units.
Change fee	Your representative's firm may charge you up to 2% of the value of units you switch to another class of the fund.
